His Lost Mate (The Ward Wolf Pack Novella Series, Book 1)

Isabell Palmer, a journalist and survivalist, travels north from her home in Anchorage to spend four days on a solo hike. She hires Ward Air & Transportation to fly her into the remote location to start her journey, taking photos and gathering information for her article on backpacking locations in the state. She doesn't expect to be thrust into the world of the paranormal. Nash immediately notices the female, but the need to keep his family's secret safe outweighs the desire for a mate. Until the night he loses control, revealing himself to Isabell. When the truth comes out, will she run far away or stay with him even though they live in fear of being hunted at every turn?

A profound desire to change his fate invokes a mystical force that sends her back to 1957 to "make things right." What Callie doesn't expect is her meddling to make everything worse...much worse. Joey may be glad to be alive, but not everyone welcomes her presence. Especially not Joey's glamorous fiancée, who has her own plans for his future. Every second Callie spends in the past she's altering much more than Joey's fate. She's changing the lives of everyone around her. And she's growing closer to Joey by the minute. If Callie can't find a way back to her own time soon, she may lose more than a college education and the career she's always wanted. She may lose her heart to a boy she can't have."

Lost Without You

Trevor In most packs, an Omega, even one who couldn't breed, was treasured and would be revered and protected; not cast aside, but our pack was not like most packs, and I was not like most Omegas. I was human, so I understood why I was being sent to the auction. I didn't like it, but I understood it. Even if there had been affection for me, even if they had been willing to keep me as a pet (neither of these was the case, but an Omega could dream), Cal couldn't afford not to sell me. Clint Omegas were hard to come by worldwide. While I would have preferred to mate for love, it didn't seem that it was in the cards for me. I had taken over as pack Alpha five years earlier, and it was high time that I started adding to the pack population. Granted my pack is run less rigidly than some; the Betas in my pack are not just allowed to breed but actively encouraged to. Unfortunately, only a small number of Beta females are fertile enough to get pregnant, and I'll be damned if I am going to hump my way through the pack until I find the ones who are. Which brought me full circle to why I was standing in line to pick up the bidding paddle at the auction house. Less, even, than a marriage of convenience, purchasing an Omega at the auction was more of a long-term service contract; a means to an end, so what was an Alpha to do when he found his soul mate on the auction block?

Love Not at First Sight

The sunlit rails gleamed like dark mercury, arteries branching out silver from the switch points; the old telegraph poles were shaggy with kudzu and Virginia creeper and, above them, rose the water tower, its surface all washed out by the sun. Harriet, cautiously, stepped towards it in the weedy clearing. Around and around it she walked, around the rusted metal legs. One day is never, ever discussed by the Cleve family. The day that nine-year-old Robin was found hanging by the neck from a tree in their front garden. Twelve years later the family are no nearer to uncovering the truth of what happened to him. Inspired by Houdini and Robert Louis Stevenson, twelve-year-old Harriet sets out to find her brother's murderer – and punish him. But what starts out as a child's game soon becomes a dangerous journey into the menacing underworld of a small Mississippi town.

She's a marketing extraordinaire by day, and a podcast host by night. She's also a devoted daughter, a funny and caregiving auntie to her sister's daughter. But, the one thing she is not, is a wife to a loving husband and she's beginning to think that could never happen because she's entirely too opinionated for most men. One night on her live podcast, she experienced a challenging caller who seemed to aggravate her more than a little, and Zola wondered who was more opinionated. Zola or the caller?Khalil Berry was a bit of a nerd growing up, and as a result, also a bit of a late bloomer. Time not spent with girls allowed him to stick with books. His big brain landed him many opportunities and by his mid-twenties, he'd amassed a fortune from his software apps. The latest app he's developing requires more hands on research and he decides to do the research himself. First stop, listening to a podcast by a woman talking about women; a topic he was beginning to learn more about since his money seems attracts them all the time. The task was simple, listen and take notes. But, her voice is too melodic and her words, well, let's just say she didn't know what she was talking about as far as he was concerned. So he calls in to correct her.

Before We Were Strangers

Death: a word Mia Baron was all too familiar with since the murder of her parents when she was a young girl. Her drive for vengeance was the reason she became a Death Dealer—a soul guide through the spirit realm—signing her life away in her own blood. Pain forged a concrete wall around her heart and no one or nothing would ever penetrate it...until she got what she desired most—revenge. Deacon Gage craves justice for his own horrific tragedy that forced him into the same life Mia chose, with the same promise of vengeance dangling just out of reach. His expert training makes him an Elite—one of the few Death Dealers to ever achieve such a status—and no one can shift his focus from the blood he seeks. But when the two are partnered for yet another job and a heart-shattering case rips open Mia's heart, Deacon realizes he's the only one who can save her...at a price that might be too much to pay: opening his heart to her. The clock is ticking and her life hangs on the balance of whether he can truly let go or will hold onto his desire for blood.

The Greatest Novels & Stories

An Elin Hilderbrand Entertainment Weekly Summer Reading Pick “The book-equivalent of a perfect first date... Highly highly recommend.” —Elin Hilderbrand, #1 New York Times bestselling author “A heady kaleidoscope of romance, heartbreak, and healing that’s both rich in insight and enchantingly funny.” —Fiona Davis, New York Times bestselling author The author of the “emotional, hilarious, and thought-provoking” (People) novel The Bucket List returns with a witty and heartfelt romantic comedy featuring a wedding planner, her unexpected business partner, and their coworkers in a series of linked love stories—perfect for fans of Christina Lauren and Casey McQuiston. For the past twenty years, Liv and Eliot Goldenhorn have run In Love in New York, Brooklyn’s beloved wedding-planning business. When Eliot dies unexpectedly, he even more unexpectedly leaves half of the business to his younger, blonder girlfriend, Savannah. Liv and Savannah are not a match made in heaven, to say the least. But what starts as a personal and professional nightmare transforms into something even savvy, cynical Liv Goldenhorn couldn’t begin to imagine. It Had to Be You cleverly unites Liv, Savannah, and couples as diverse and unique as New York City itself, in a joyous Love-Actually-style braided narrative. The result is a smart, modern love story that truly speaks to our times. Second chances, secret romance, and steamy soul mates are front and center in this sexy, tender, and utterly charming rom-com.

Reunited

"Short Stories and Novellas" is an experiment in form and structure that seeks to glean beauty and continuity out of the rhythms inherent in the patterns of our unique and individual experiences and methods of finding understanding in what we read. The short stories and novellas could be the lives of the lovers that the distinctive voice of what could be a narrator-- or not-- patterns into songlike rhythms or they could represent a hint as to how we are to understand this work of fiction and ultimately the varying experiences composing our own lives. Whether "Short Stories and Novellas" is Fiction, Memoir, Philosophy, or Religion seems to matter less than that it is a poetic effort. And as such we are at a point where we can either entirely dismiss such efforts at turning our worlds upside down or we can submit to the quest put forward of letting beauty finally speak for itself in the midst of chaos.

It Had to Be You

The Trueba family embodies strong feelings. This family saga starts at the beginning of the 20th century and continues through the assassination of Allende in 1973.

Short Stories and Novellas

A sexy, sleek-tailed monster. Zantu has evaded the mate-bond for thirty-five years, dodging promiscuous mermaids with vile intents. Unlike mermaids, mermen bond for life, and Zantu refuses to accept the heartbreak most mermen die of. That is, until the glint of gold catches his eye, and a simple salvage mission turns to passion. Now he's bonded to a human. A woman looking for a reason to live. Briana thinks her life is over after the loss of her child. Instead, she falls into the arms of a merman who is anything but cold-blooded. He's wild, seductive, and sets her blood on fire every time he touches her, and soon she begins to need him for more than his magic to breathe underwater. He might just give her a new purpose. But as dangers encroach from every side, Zantu must choose; keep his new mate at his side or keep her safe. Either way, he's sure he'll end up with a broken heart. Reader Promise: Spicy love scenes, dangerous mermaids, and sexy merman secrets. Guaranteed HEA with no cliffhangers. This fantasy romance is intended for mature audiences.

The House of the Spirits

Leda is a middle-aged divorcée devoted to her work as an English teacher and to her two children. When her daughters leave home to be with their father in Canada, Leda anticipates a period of loneliness and longing. Instead, slightly embarrassed by the sensation, she feels liberated, as if her life has become lighter, easier. She decides to take a holiday by the sea, in a small coastal town in southern Italy. But after a few days of calm and quiet, things begin to take a menacing turn. Leda encounters a family whose brash presence proves unsettling, at times even threatening. When a small, seemingly meaningless, event occurs, Leda is overwhelmed by memories of the difficult and unconventional choices she made as a mother and their consequences for herself and her family. The seemingly serene tale of a woman's pleasant rediscovery of herself soon becomes the story of a ferocious confrontation with an unsettled past. Following the extraordinary success of *The Days of Abandonment*, Elena Ferrante's new novel explores the conflicting emotions that tie us to our children. This candid fiction represents her most compelling and perceptive meditation on womanhood and motherhood thus far.
