The Romance Chronicles Bundle (Books 1, 2, and 3)

A bundle of books #1 (LOVE LIKE THIS), #2 (LOVE LIKE THAT) and #3 (LOVE LIKE OURS) in Sophie Loves's The Romance Chronicles series. This bundle offers books #1, #2, and #3 in one convenient file, with over 200,000 words of reading. In LOVE LIKE THIS, Keira Swanson, 28, lands her dream job at Viatorum, a slick magazine in New York City, as an aspiring travel writer. But their culture is brutal, her boss is a monster, and she doesn't know if she can last for long. That changes when Keira, by a fluke, is handed a coveted assignment and given her big chance: to travel to Ireland for 30 days, witness the legendary Lisdoonvarna festival of love, and to debunk the myth that true love exists. Keira, cynical herself and in a rocky place with her long-term boyfriend, is all too happy to oblige. But when Keira falls in love with Ireland and meets her Irish tour guide, who just may be the man of her dreams, she is no longer sure of anything. In LOVE LIKE THAT, Keira Swanson returns to New York, her head spinning from her Ireland trip and still madly in love with Shane. But when a surprise event comes between them, their relationship may have to end. Keira is a star at her magazine, though, and they give her their next plum assignment: to travel to Italy for 30 days and discover what the Italian secret is to love. Keira, still reeling from her Ireland trip, finds her high expectations for Italy dashed, as nothing at first goes as was planned. In her whirlwind trip through Italy, spanning Naples, the Amalfi Coast, Capri, Rome, Verona, Venice and Florence, Keira begins to wonder if the Italians really do hold a secret to love. That is, until she meets her new tour guide—and everything she thought she knew is turned on its head. In LOVE LIKE OURS, Keira Swanson, returns to New York City, this time with Cristiano in tow. Having him in New York, and having him meet her family, is culture shock for them both. Keira is soon assigned a new article, her most important yet: a 30 day trip to Paris—with Cristiano in tow. Her assignment: to find out if their love can last in a foreign country, on new ground for them both. As Keira and Cristiano take the romantic trip of a lifetime to Paris, they find their love tested in unexpected ways. When a surprise twist comes their way, everything changes. Can their love withstand it? A whirlwind romantic comedy that is

as profound as it is funny, THE ROMANCE CHRONICLES will make you laugh, cry, and will keep you turning pages late into the night—and will make you fall in love with romance all over again.

Can Love Last?: The Fate of Romance over Time

"A beautiful and brilliant reexamination of love and its perils."—Barbara Fisher, Boston Globe Common wisdom has it that love is fragile, but leading psychoanalyst Stephen A. Mitchell argues that romance doesn't actually diminish in long-term relationships—it becomes increasingly dangerous. What we regard as the transience of love is really risk management. Mitchell shows that love can endure, if only we become aware of our self-destructive efforts to protect ourselves from its risks. "Those who read this book will love more wisely because of it."—Andrew Solomon, author of *The Noonday Demon* "[A] work on romance that is rich and multi-layered."—Publishers Weekly "Cheerful, open, and humane—you'd definitely have wanted him as your analyst."—Judith Shulevitz, *The New York Times Book Review* "[T]houghtful, compassionate, and profoundly optimistic."—JoAnn Gutin, Salon.com

intriguing as Zander. The cruise is supposed to be a fresh start for Zander and an opportunity to expand his freelance photography business. It also marks the one year anniversary of his fiancée's death. Let me list the reasons why we cannot be together... He is ten years older than me. He is practically family. And he is also my father's business associate. Amelia Edwards, the daughter of mogul Lex Edwards, is beginning her adult life. Away from home, she's studying law at Yale and has the freedom of doing whatever she pleases without her controlling father watching her every move. Family always comes first in the Edwards' household. So, when her aunt insists Amelia visit her son, Will Romano, she does so out of obligation. The last time she saw him was years ago. But how terrible could it be? They had spent countless summers together, and her parents often referred to him as a son. What she didn't expect was a devastatingly sexy man--that is, if you can see past his cocky behavior. Will is an arrogant CEO with only one thing on his mind--becoming the next billionaire. The rules are simple--they need to keep the affair hidden from their families. Everything goes smoothly until Will is offered something he can't refuse. Lex Edwards is going to make Will a billionaire, and all he needs to do is give up the one thing money can't buy...

The Trouble With Love

Take a dashing hero with a heart of gold and a mullet of awesome. Add a heroine with a bustle and the will to kick major butt. Then include enough contrivances to keep them fighting while getting them alone and possibly without key pieces of clothing, and what do you have? A romance novel. What else? Enough lessons about life, love, and everything in between to help you with your own happily-ever-after. Lessons like... •Romance means believing you are worthy of a happy ending •Learning to tell the prince from the frog •Real-life romance is still alive and kicking •No matter how bad it is, at least you haven't been kidnapped by a Scottish duke (probably) Sarah Wendell is cofounder of one of the top romance blogs, SmartBitchesTrashyBooks.com.

Everything I Know about Love I Learned from Romance Novels

Long before clinch covers and bodice rippers, romance novels had a bad reputation as the lowbrow lit of desperate housewives and hopeless spinsters. But why were these books--the escape and entertainment of choice for millions of women--singled out for scorn and shame? *Dangerous Books for Girls* examines the secret history of the genre's bad reputation--from the "damned mob of scribbling women" in the nineteenth century to the sexy mass-market paperbacks of the twentieth century--and shows how romance novels have inspired and empowered generations of women to dream big, refuse to settle, and believe they're worth it. For every woman who has ever hidden the cover of a romance--and every woman who has been curious about those "Fabio books"--*Dangerous Books For Girls* shows why there's no room for guilt when reading for pleasure.

Shatter Me (Shatter Me)

The first in a spicy and unforgettable rom-com duology from #1 New York Times bestseller and tik tok favorite Tessa Bailey, in which a Hollywood "It Girl" is cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn't belong. Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar... in Washington. Piper hasn't even been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won't last a week outside of Beverly Hills. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She's determined to show her stepfather--and the hot, grumpy local--that she's more than a pretty face.

Except it's a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already caught her heart. The Love Hypothesis

In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous

neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).
