Theirs was a love to last forever. If only they could remember it. Anna Harper has no memory of her old life. Or even of yesterday. She's alone, pregnant, and in a foreign country, but none of those things will stop her from investigating the mystery of her unusual ailment. She's determined to explore every clue, whether it be a whisky company that bears her name, or a handsome man who shares her problem. Smith. Whisky. Newcastle. With his mind wiped by a pernicious potion, Quinn remembers little beyond those few words. All he knows is that he's captivated by the outspoken dark-haired beauty searching for answers. And he'll do all he can to protect her from the enemies bent on stopping her. As Anna and Quinn join forces to unravel pieces of their past, they uncover a tangled web of deception and betrayal. Only Anna's keen insight and Quinn's steadfast spirit can lead them to the truth. And only the yearning of their two hearts can revive the love their minds have forgotten.

Writer's Guide to Book Editors, Publishers, and Literary Agents, 1998-1999

Unlucky in love Jo is dragged along to see a clairvoyant by her two coupled-up best friends, and is told that there's only one boy for her. The trouble is, the last time she saw him was in a past life, when she worked as a governess to his younger brother. The clairvoyant tells her that as she is back in this life, so is he, and she must find him if she is ever to know true happiness and love. Jo doesn't believe a word of it - but then a series of events begin to change her mind. Could her one true love really be out there? In her quest to find the One, she visits psychics and cemeteries - but will she even be able to recognize her soul-mate when she finds him? Or is she destined to continue looking for love for all of time?

Writer's Guide to Book Editors, Publishers, and Literary Agents, 1997-1998

She hated him. At least that's what she thought, but then fate decided to have a go at her. She found herself tossed about in a destiny neither could control. They were victims of circumstances that tore apart their hearts and completely changed their way of thinking. They were thrust together with no regard for what feelings they had. Four friends find themselves trying to right what should have never been, to right the wrongs they had no control over.

Insider's Guide to Book Editors, Publishers, and Literary Agents, 1996-1997

When it comes to love, the feeling can be instant. Or, it can be excruciatingly slow. Obvious to everyone except the two people falling headfirst into it. Terrell and Alicia are friends-in-law, brought together only by Terrell's now defunct relationship with Alicia's best friend Nicole. They are both faithful and giving, susceptible and sensible. With so much in common, how long will it be before they stop looking at others and finally see each other?

Love at Second Sight

Special Forces Sergeant Dax Holloway crawled out of the Taliban's clutches barely alive. His captors took more than his sight. They took his humanity. Second Sight is his only refuge. The most elite investigative firm in the country-built from the rubble of his former life-gives him purpose in a world he can no longer see. Evianna Archer's life makes sense. A brilliant coder, she's poised to be the next darling of the tech world-heading up a project that will redefine home security. Until one moment changes everything. Her life in chaos, she turns to Dax for protection. He's everything she shouldn't want, shouldn't need, shouldn't trust. But she's drawn to him. When they uncover a shocking secret, Dax must make a choice. Stay broken? Or risk his heart-and his life-for the woman who chases all his dark shadows away? Second Sight is a slow burn military romantic thriller. All books in the Away From Keyboard Series are standalone romances featuring a different couple, but past couples and characters play active roles in future books.

Emily Henry will adore. Sixteen years ago, a teenaged Will Sterling saw—or rather, heard—the girl of his dreams. Standing beneath an apartment building balcony, he shared a perfect moment with a lovely, warm-voiced stranger. It's a memory that's never faded, though he's put so much of his past behind him. Now an unexpected inheritance has brought Will back to that same address, where he plans to offload his new property and get back to his regular life as an overworked doctor. Instead, he encounters a woman, two balconies above, who's uncannily familiar . . . No matter how surprised Nora Clarke is by her reaction to handsome, curious Will, or the whispered pre-dawn conversations they share, she won't let his plans ruin her quirky, close-knit building. Bound by her loyalty to her adored grandmother, she sets out to foil his efforts with a little light sabotage. But beneath the surface of their feud is an undeniable connection. A balcony, a star-crossed couple, a fateful meeting—maybe it's the kind of story that can't work out in the end. Or maybe, it's the perfect second chance . . .

Explosive Encounter

In his comprehensive study of love in James Joyce's writings, DeVault shows that Joyce frequently ties his characters' personal and political pursuits to their ability to affirm both their loved ones and their fellow Dubliners. For Joyce, love for others need not compromise one's personal desires, but rather offers the possibility of a broader social compassion that creates a more progressive body politic.

Mervyn Peake has been acclaimed as an author of fantasy and as an illustrator, but as yet has received little attention from literary critics. This book is the first to analyse all of Peake's works of fiction, including his two picture story books and novella as well as the Gormenghast series and Mr Pye. Alice Mills pinpoints the fictional quirks that render Mervyn Peake such a memorable fantasy writer, examining his literary works from Jungian, Freudian, Kristevan and post-Jungian perspectives. Stuckness in the Fiction of Mervyn Peake will be of interest to fantasy lovers and students of fantasy as a genre, as well as those exploring the psychoanalysis of literary texts.

New York Magazine

In *Lucy Hutchinson and the English Revolution*, Claire Gheeraert-Graffeuille explores Lucy Hutchinson's historical writings and the *Memoirs of the Life of Colonel Hutchinson*, which, although composed between 1664 and 1667, were first published in 1806. The *Memoirs* were a best-seller in the nineteenth century, but largely fell into oblivion in the twentieth century. They were rediscovered in the late 1980s by historians and literary scholars interested in women's writing, the emerging culture of republicanism, and dissent. By approaching the *Memoirs* through the prism of history and form, this book challenges the widely-held assumption that early modern women did not - and could not - write the history of wars, a field that was supposedly gendered as masculine. On the contrary, Gheeraert-Graffeuille shows that Lucy Hutchinson, a reader of ancient history and an outstanding Latinist, was a historian of the English Revolution, to be ranked alongside Richard Baxter, Edmund Ludlow, and Edward Hyde.

Who would have guessed that four minutes could change everything? Imagine if she hadn't forgotten the book. Or if there hadn't been traffic on the expressway. Or if she hadn't fumbled the coins for the toll. What if she'd run just that little bit faster and caught the flight she was supposed to be on. Would it have been something else - the weather over the Atlantic or a fault with the plane? Hadley isn't sure if she believes in destiny or fate but, on what is potentially the worst day of each of their lives, it's the quirks of timing and chance events that mean Hadley meets Oliver... Set over a 24-hour-period, Hadley and Oliver's story will make you believe that true love finds you when you're least expecting it.

Behind the Shadows of My Destiny

His eyes were as red as fire, and his teeth were as sharp as razors. His wings stretched wide and covered me, while his long black nails sank deeply into my flesh. He stared closely at me as his face turned into the form of a rushing lion. He leaned in closer and closer and whispered in a deep voice, "I am here to destroy you!" I kicked and squirmed from side to side, trying to get away, but I couldn't. His huge wings overtook me. I knew giving up was not an option, but I did not know how to continue fighting. It seemed as if he was stronger than I would ever be. As I laid there staring death in the eyes, thinking about how bad I wanted to be free, I began wanting to be free. I knew I had to think fast, so I thought about being free in my heart and in my mind. Then suddenly his wings released me. After he released me, he flew away as a panther would leave his prey. "What would I have done if the big black shadow had gotten me?"

Close Encounters Beyond Shadows

Out of the Shadows reflects a time in my life when, struggling with depression, I found the capacity to drift through each day by writing about my visions of life with the internal conflict of hiding my emotions from family and friends, hiding this inner turmoil consuming my thoughts and my outward smiles and bright eyes facade for others to see. My poems in my first collection, Behind the Shadows, are fictional, created by an empathy for the human condition of many different issues of social unrest in the world. The depression I experienced heightened my emotions, allowing me to create such poems as I Still Wonder Why, which is about a child in foster care, bouncing from one home to another, wondering why he was taken away from his parents. New-Found Sense depicts someone who recently lost her sight and is now realizing how keen her other senses are in helping her see with a new-found vision. My second collection, Into the Light, was inspired by the love and devotion of my husband of forty-five years, James, and that of my family and friends. Look Back and Smile reflects the inner thoughts of a bride as she walks down the aisle, conversing with her mom and dad to be comforted, knowing how much her new groom will take care of her and love her. And Then There Were Three is a conversation between a pregnant woman about to give birth and her child still yet to be born. I wrote this poem seven years before I had my first child! I share my poems with anyone who has had loss and love, who has cried and laughed, and mourned and rejoiced in their lives. May you be inspired to know that even at your darkest moments, you, too, can come out of the shadows.

The God of War, Nergal. He refuses to bow—refuses my sovereignty over life. The arrogance! He makes a mockery of the Underworld. If only he would bend. If only those jade green eyes didn't tempt my heart and see into my very soul. If only... No! I cannot allow his insult to go unanswered. He will bow at my feet, or the armies of the dead will rise and consume the living. By the darkness, I swear. Fans of Hades and Persephone will love this mythological retelling of the Marriage of Ereshkigal and Nergal from ancient

Sumerian Mythology. This unlikely pair weaves a stirring tale of magic, longing, betrayal, lust, and love. The Last Shadow Knight

When is the pen mightier than the sword? The pen became my weapon of choice to battle against life. I have gone from one traumatic event to the next and I will admit I have reached the tower on more than one occasion. I am still here and throughout this book I would like to share my experiences, my thoughts and my actions also how contradictory it is that I have become the person that I am to this very day. Poetry is not a dying art, it just needs to be revived back into general society. People either as confident as they seem or they think they are, will at some point in their lives need reassurance, understanding, empathy, sympathy and most importantly, the love of another human being. We all need to know that no matter how bad things seem, keep hold because not all hope is not lost in life, but instead a mere hurdle in the way that will eventually be removed upon finding resolve. The introduction is actual factors of my life and the poetry I have wrote was my way of surviving.

Chosen of the Shadows (The Fairy Code Book #2)

In SAVED (Book #1 of the Shadow Vampires), Keira and Amanda, twins, move with their family to a new town, and start their senior year at a new high school. But though they are twins, the girls have different fates. Amanda, beautiful, popular, is sought out by everyone. Keira, who has always lived in Amanda's shadow, is smaller, awkward, different. Even her mother, who is so close to Amanda, doesn't know what to make of her other daughter. Keira turns to books, and to her journal, for solace, and to find out about other worlds. Amanda makes friends easily at the new school, and quickly finds a boyfriend, while Keira is left alone, an outsider. But very quickly, it is clear that something strange is going on in Everstock. The town and the school are very divided. The popular, rich kids act as if they own the school and have nothing to do with the other kids, who are poorer and live in a different part of town. Not only are the kids meaner here, but an unknown infection has gripped the town, with more and more people going to the hospital. Something here is terribly wrong. But things change suddenly, as there is a terrible accident involving the twins. Not only are Keira and Amanda's lives changed forever, but a new dimension of life begins to open to Keira. As Keira recovers, she begins to change in ways she can't expect, receiving new and mysterious powers that no one can possibly understand. At the same time, a gorgeous, mysterious new boy, Cooper, appears at the school, who grips her imagination, and who refuses to tell her what secret he is hiding. As Keira and Cooper grow closer to each other, it soon

becomes apparent that destiny has brought them together and that they may each have to sacrifice it all if they want to stay together

An Ace and His Angel

This story was written by Herbert Brooks Hatch, Jr., one of America's living Fighter Pilot Aces from World War II. Hatch flew a P-38 with the 71st Fighter Squadron, 1st Fighter Group, out of Salsola, Italy. Except for a brief deployment to Corsica to cover the invasion of Southern France, he flew his 59 missions out of Foggia #3. He earned the Distinguished Flying Cross and the Air Medal with 11 Oak Leaf Clusters. In his first book, *An Ace and His Angel: Memoirs of a WWII Fighter Pilot*, Hatch writes of the heroes and hardships endured by veterans of the Army Air Force.

An Ace and His Angel

Classic Boston noir thriller from global bestseller, the late, great Robert B. Parker - one of contemporary crime fiction's most popular, enduring and acclaimed authors 'I spotted the girl even before she knocked on my door.' Mattie Sullivan has approached Spenser for help, asking him to find her mother's killer. But her mother was killed some four years back; and a local man, Mickey Green, was convicted of her murder that very same year. Mattie is not Spenser's typical client. For a start, she's just fourteen. Nor is her request a typical one - to take a case that's already been solved. But this kid is wiser than her years. And this case is less clear-cut, and far more dangerous, than it appears. 'One of the great series in the history of the American detective story' New York Times

The General Zapped an Angel

"Thirty-second street in Chicago--a Chicano community peaceful on a warm summer night, residents socializing, children playing. Thirty-second street in Chicago--a Chicano community with gang warfare ready to explode at any time. Sociologist Ruth Horowitz takes us to the heart of this world, a world characterized by opposing sets of values. On one hand residents believe in hard work, education, family ties, and the American dream of success. On the other hand gang members are preoccupied with fighting to maintain their personal and family honor. Horowitz gives us an inside look into this world..." - Back cover.

The Spirit of Prophecy: The great controversy between Christ and His angels and Satan and his angels

Water, already a scarce resource, is treated as though it were plentiful and free. The task of supplying enough water of the required quality to growing populations is straining authorities and governments to the limit as the economic and environmental costs of new supply sources escalate and wasteful supply, delivery and consumption systems persist. *Managing Water as an Economic Resource* argues that the root of the crisis is the failure of suppliers and consumers to treat water as a scarce commodity with an economic value. James Winpenny evaluates policies for the improved management of existing demand,

and draws on case studies from different countries as he discusses how policies could be implemented to treat water as an economic good conferring major economic, financial and environmental benefits.

Oahspe, a New Bible in the Words of Jehovih and His Angel Embassadors

The 21st Century brings all new rules. Entrepreneurs are challenging conventional wisdom and thinking outside the box. One of the first challenges involves challenging the assumption that a business has to be big to be successful. While most of the 20th century heralded big businesses, it is clear that businesses no longer have to be big to do big business. Now it is possible for a handful of people to operate a global business from virtually any place on the planet. Today, the keyboard has overtaken the boardroom. Financial markets, alliances, and joint ventures have eliminated the need for entrepreneurs to put up substantial capital investments. Today's businesses are driven by ideas, innovation, and execution. This book will show entrepreneurs and business leaders will provide CEOs and entrepreneurs with the tools that they will need to become leaders in their market.

Robert B. Parker's Lullaby (A Spenser Mystery)

They deliver more capital to entrepreneurs than any other source. And they often receive an incredible return on their investments. They're angel investors, some of the most important--and least understood--players in business today. The United States has close to three million angels, whose investments in startups exceed \$60 billion per year. Some of our most successful companies were funded by angels--companies like Ford, AOL, and Amazon.com. But until now, little has been written about these angels, due in part to their preference for anonymity. Angel Investors provides an inside look at who these angels are and how they operate. It also shows would-be angels and entrepreneurs how best to find each other. To learn more about this book, visit its website.

This book fills the widening gap in multicultural literature by providing specific culture-centered interventions. The first section of the text highlights culturally based interventions. The second section focuses on the treatment of Culture-Bound Syndromes (CBS). Culture-Bound Syndromes are defined as recurrent, locality specific behavior patterns that are observed only in certain cultural environments. The third section, clinical and training implications, includes a chapter describing how training will need to be reconceptualized in order to promote counselors who are effective with a wide range of clients.

Angel Investing

Africa in Europe goes beyond the still-dominant American and transatlantic focus of diaspora studies, examining the experiences of black and white Africans, Afro-Caribbeans, and African Americans in Western Europe, Britain, and the former Soviet Union from the end of the nineteenth century to the beginning of the twenty-first. Exploring a huge range of border-crossing experiences across and within Africa and Europe, it examines topics such as ethnic and cultural boundaries, working across the color line, and the limits of solidarity. With contributions from scholars in social history, art history, anthropology, cultural studies, and literary studies, as well from a novelist and a filmmaker, it offers a broad look at the intersection of Africa and Europe at all levels, from family and community to culture and politics.

The Angel's Crime

At the age of 63, in August 2008, the author withdrew from the practice of law to go back to Kindergarten and observe his wife, Karen, commence her 33rd consecutive year teaching Kindergarten in Room 1 at Grover Beach Elementary School and where, over the next three years, until her retirement in June of 2011, he confirmed her beatific nature, the majesty of her teaching and the beauty of the angels in her care. The one hundred and eighty-four stories in this book are a tribute to a magnificent teacher and her little angels. WHERE ABRAHAM LINCOLN DIED In the week of, and before, Abraham Lincoln's birthday, Karen gave the angels a brief synopsis of the life and importance of Abraham Lincoln, to help explain why he is so revered in American life and forever remembered by the glorious Lincoln Memorial and the national day of celebration to honor his birth. She told them about his childhood in a log cabin; his love of learning, reading by the flickering light of a candle; his prowess as a rail splitter; his exceptional ability as a lawyer; how he became president of the United States; how his leadership won the Civil War; how he freed the slaves; his indelible speeches at Gettysburg and at the second inaugural; and how he was killed just after the war had ended, shot by John Wilkes Booth at Ford's Theatre in Washington, DC. Immediately after Karen finished, an inattentive angel asked: Is he still alive? Another angel spontaneously responded: He died at the movies.

Africa in Europe

This early work by Jerome K. Jerome was originally published in 1904 and we are now republishing it with a brand new introductory biography. 'The Angel and the Author and Others' is a collection of short stories, including 'Literature and the Middle Classes', 'Man and His Master', 'If Only We Had Not Lost Our Tails!', and many more. Jerome Klapka Jerome was born in Walsall, England in 1859. Both his parents died while he was in his early teens, and he was forced to quit school to support himself. In 1889, Jerome published his most successful and best-remembered work, 'Three Men in a Boat'. Featuring himself and two of his friends encountering humorous situations while floating down the Thames in a small boat, the book was an instant success, and has never been out of print. In fact,

its popularity was such that the number of registered Thames boats went up fifty percent in the year following its publication.
