The Truth About Love: How to Find It, Keep It, and Let It Go With Jay Shetty | Mel Robbins Podcast - The Truth About Love: How to Find It, Keep It, and Let It Go With Jay Shetty | Mel Robbins Podcast by Mel Robbins 412,806 views 1 year ago 1 hour, 11 minutes - In this episode, you and I are getting a #masterclass on the topic of #**love**,. And it's not what you think. This is not an episode about ...

Intro

Hear Jay's 3-part definition of love I'd never heard that is so spot on.

According to research, this is how many hours you need to spend to make a casual friend, a good friend, and a great friend.

Are you doing this with your partner? Jay says that's not love.

Okay wow, here's where I realize I'm not doing something for my husband, Chris, that I should be doing.

If your relationship is new, be careful you don't do this.

Why do we chase relationships in order to feel worthy?

Rule #1 for finding love.

What research shows will happen if you enter a relationship simply because you're afraid of being alone.

Here's why you keep dating the same kind of person over and over.

One simple exercise you can do today to start building a healthy relationship.

Jay leads us through a powerful meditation.

There are four phases of love: hear them unpacked and explained.

Dating someone new? Then you need to know about both the "halo effect" and the "context effect."

Jay's best piece of advice if you want that new relationship to last.

Here's Jay's Rule #4 of love and why it's my favorite.

Is someone caring for you or controlling you? Here's how to tell.

What you might be doing in your relationship that's hurting it.

Here's what I disagreed with Jay about.

What is the purpose of love in your life? Jay answers.

This Lie Can Keep You From Living Generously - This Lie Can Keep You From Living Generously by BibleProject 1,244,945 views 4 years ago 5 minutes, 12 seconds - In the story of the Bible, God is depicted as a generous host who provides for the needs of his guests. However, humans **live**, from ...

This episode presents the usage-**based**, model of **language**, in ...

Intro

Language is grounded in domain- general cognitive processes

The synchronic analysis of grammar cannot be separated from diachrony

Frequency is an important determinant of language change

Linguistic categories are based on concrete tokens

Syntactic structure is lexically specific

Grammatical categories are gradient

Constituent structure is determined by chunking

Constructions are polysemous

Linguistic productivity involves analogy, rather than rules

Language universals are dynamic and probabilistic, not absolute

Steps to successful communication for young learners - Steps to successful communication for young learners by Cambridge University Press ELT 37,079 views 7 years ago 49 minutes - Successful **communication**, is key to a successful future for our young learners – **in**, a social and an academic context. Susannah ...

Why do young learners need to communicate?

To succeed in an academic context

Communication is an important 21 Century Skill Speaking is an integral part of communication

What barriers prevent young learners from speaking effectively?

Not knowing the language to use.

Not having enough chances to use the language.

Not having anything meaningful to say

The Affective Filter What is it?

The Affective Filter is important!

Anxiety

Low self esteem/Lack of self confidence

Boredom / Annoyance

Alienation

How can we help students overcome barriers to effective speaking? We can help them have a low affective filter in class

1: Make the classroom a safe place . Make speaking voluntary

3. Foster collaboration not competition

Build confidence with carefully graded language

Variety is the spice of life

Create lots of opportunities for speaking activities

Simple spot the difference activities

Guessing games

Encourage meaningful expression with personalised tasks

Interactive question 4 What social and academic interactions might students encounter in class?

Help your students develop two types of language skills

Correct grammar and pronunciation problems early on in drill activities or as you're monitoring pair and group work activities in the early stages.

Don't interrupt or stop the flow of fluency activities. Allow students to finish and then make corrections

Speaking plays a key role in communication To be effective speakers, students need language input, lots of opportunities to use the language plus something worth talking about

If we can encourage them to take steps to successful communication, we have given them the key to a successful life
