Michael got a little upset

The girl entered the office

The girl replied

Michael rejoiced

She didnt see the wallet

I dont want to call the police

The worst thing about the company

You should be the CEO

Michael summoned a lawyer

I didnt know what to do

I already got my financial aid

I refused to sign it

I have to stop him

Michael interrupted the lawyer

The date went great

Im going on a date with a girl

I finally met a decent girl

I need to fire him urgently

Not today

Dont ask me

The son asked

The father replied calmly

What happened to Valerie

The man suddenly said

Michael was getting very nervous

Holding out his hand to Valerie

Is that why

I have a right to know

You still have to educate your grandchildren

You're fully recovered now

A stunning Dr Watson thriller perfect for all fans of Sherlock. The year is 1917 and Doctor John Watson is held in a notorious POW camp deep in enemy Germany, there as Medical Officer for the British prisoners. With the Allied blockade, food is perilously short in the camp and when a new prisoner is murdered all assume the poor chap was killed for his Red Cross parcel. Watson, though, isn't so sure. Something isn't quite what it seems and a creeping feeling of unease tells Watson there is more to this than meets the eye. And when an escape plot is apparently uncovered in his hut and he is sent to solitary confinement, he knows he has touched a nerve. If Watson is to reveal the heinous crimes that have occurred at the camp, he must escape before he is silenced for good. All he needs is some long-distance help from his old friend, Sherlock Holmes... 'Robert Ryan is the key heir apparent to Conan Doyle' Barry Forshaw, Financial Times

A Study in Murder

USA Today bestselling author A mystery author is charged with murder—and the plot thickens faster than anyone can turn the pages—in this new series debut, perfect for fans of Rhys Bowen and Ellery Adams Bath, England, 1890. Mystery author Lady Amy Lovell receives an anonymous letter containing shocking news: her fiancé, Mr. Ronald St. Vincent, has been dabbling in something illegal, which causes her to promptly break their engagement. Two evenings later, as Lady Amy awaits a visit from Lord William Wethington, fellow member of the Bath Mystery Book Club, her former fiancé makes an unexpected and most unwelcome appearance at her house. She promptly sends him to the library to cool his heels but later discovers the room seemingly empty—until she stumbles upon a dead Mr. St. Vincent with a knife in his chest. Lord Wethington arrives to find Lady Amy screaming and sends for the police, but the Bobbies immediately assume that she is the killer. Desperate to clear her name, Lady Amy and Lord Wethington launch their own investigation—and stir up a hornet's nest of suspects, from the gardener who served time in prison for murder to a vengeful woman who was spurned by St. Vincent before he proposed to Lady Amy. Can they close the book on the case before the real killer gets away with murder?

Murder She Wrote

This book explores the inter-relationships between Agatha Christie and her works to seek the wholeness in the Christie experience. The authors perceive an integration in personal experience and moral and aesthetic values between the woman and her art.

The Study of Murder

Drawing on a selection of the best British and American detective fiction past and present, Lehman takes readers on a probing investigation of why men and women of all educational and social backgrounds are continually fascinated by the murder mystery.

The Perfect Murder

"What connects the Romantic essays of Thomas De Quincey and the violent cinema of Brian De Palma? Or the "beautiful" suicides of Hedda Gabler and Yukio Mishima? Or the shootings of John Lennon and Ronald Reagan? In *The Aesthetics of Murder*, Joel Black explores the sometimes gruesome interplay between life and art, between actual violence and images of violence in a variety of literary texts, paintings, and films. Rather than exclude murder from critical consideration by dismissing it as a crime, Black urges us to ponder the killer's artistic role -- and our own experience as audience, witness, or voyeur. Black examines murder as a recurring, obsessive theme in the Romantic tradition, approaching the subject from an aesthetic rather than a moral, psychological, or philosophical perspective. And he brings into his discussion contemporary instances of sensational murders and assassinations, treating these as mimetic or cathartic activities in their own right. Combining historical documentation with theoretical insights, Black shows that the possibilities of representing violence -- and of experiencing it -- as art were recognized early in the nineteenth century as logical extensions of Romantic theories of the sublime. Since then, both traditional art forms and the modern mass media have contributed to the growing aestheticization of daily experience -- including murder, suicide, and terrorism." -- Book cover.

The Aesthetics of Murder

The bestselling investigation of one of Northern Ireland's most brutal and infamous murder cases 'Makes for gripping but altogether terrifying reading' *Washington Times* 'Dillon is recommended reading for anyone wishing to understand the complexities of British-Irish politics. He stands alone as one of the most creative writers of our time' *Irish Times* _____ 'This was the ultimate way to kill a man.' In the 1970s, in some of the most violent days of the Troubles in Northern Ireland, a group of Protestant paramilitaries embarked on a spree of indiscriminate murder which left thirty Catholics dead in the Shankill area of Belfast. Their leader was Lenny Murphy: a fanatical Unionist whose Catholic-sounding surname had led to his persecution as a child, Murphy swore revenge on all Catholics, and with his gang wreaked havoc onto an already fractured city. Not for the squeamish, *The Shankill Butchers* is a horrifying and detailed account of one of the most brutal series of murders in British legal history - a phenomenon whose real nature has been obscured by the troubled and violent context from which it sprang.

The Shankill Butchers

June 1946. London, England. A murdered man. A mysterious woman. A note in another language. Irene Holmes, daughter of the long-retired Sherlock Holmes, used her unique talents of deduction and observation to assist her childhood friend Detective Eddy Lestrade with his cases during the war. With the war over, Eddy keeps her on as a consultant, finding her essential to solving crimes. During one of these cases, Irene meets Joe, a man who finds her instantly intriguing and has enough opinions of his own to keep up with her challenging personality. When Eddy requests her help on a perplexing murder case, Irene drags Joe along as her assistant. Using many of her father's lessons, they traverse post-war London, determined to find the killer before he strikes again.

A Study in Scarlet

Deep in England's green and pleasant land something evil lurks... Dr John Watson, Sherlock Holmes' stalwart companion, is back home, fresh from his time in the trenches of Flanders Fields. The horrors of war weigh heavy on his mind, and now his task is to help rehabilitate soldiers suffering from the crippling effects of shell-shock. But the war is not yet over and in one corner of England lies a secret, one that the establishment is determined to keep under wraps. For in the woodlands of the lush countryside, the

government is building the secret weapon which will win the war for Britain. Here, they are developing the land ship - never-before-seen 'tanks' which the army is convinced will end the stalemate on the Western Front. But then disaster strikes. After a training exercise in one of the tanks, eight men are mysteriously struck down, seven of them dead. There is just the one survivor, and he's not talking. It is clear something is horribly wrong, and the army calls in the only man who will know how to solve the mystery: Dr John Watson. Praise for *The Dead Can Wait*: 'The Dead Can Wait is in no sense pastiche, but a seriously good, very readable, well-researched novel incorporating the First World War, detection and espionage' *The Times* 'In a year when there are going to be thousands of books about WWI published, this will be one of the first, and I am prepared to bet, one of the best. It's a cracking, fulfilling, utterly satisfying read and you should get a copy now...' Manda Scott Praise for *Dead Man's Land*: 'A hugely powerful depiction of wartime horror, a cunning murder mystery and a brilliant re-invention of Dr John Watson. Conan Doyle would most definitely approve!' Mark Billingham

A Study in Victory Red

'Highly original and elegantly-written ... The first of what promises to be a distinguished series.' P.D. James *Death is not a rehearsal...* It's March 1934, and Golden Age crime writer Josephine Tey is travelling from Scotland to London to celebrate what should be the triumphant final week of her celebrated play, *Richard of Bordeaux*. However, a seemingly senseless murder puts her reputation, and even her life, under threat. *An Expert in Murder* is both a tribute to one of the most enduringly popular writers of crime and an atmospheric detective novel in its own right.

The Dead Can Wait

Writing rivals clash, but when her ex-husband ends up dead and he is a suspect, they must join forces. Widower Mark Watkins and divorcee Sheryl Homes have written successful books featuring the great detective, Sherlock Holmes, and are fans of each other's work. When the pair finally meet at a mystery conference, they argue and create a scene. However, when Homes's ex-husband is murdered, they are both brought in for questioning and Mark is a suspect. They decide to work together using Holmesian techniques to solve the crime. But, as the body count rises, the writers end up deeper in trouble with no solution in sight. They also discover a mutual attraction and sparks begin to fly. Can they find the killer and stay out of jail? Is their new found passion for each other real and lasting? If you enjoy a puzzle with a developing passion mixed with a bit of comedy, you will love this romantic mystery by husband and wife team, Debra Snow and Arjay Lewis. Get *A Study In Murder* and fall in love with this mystery today!

An Expert in Murder

The subject of murder has always held a particular fascination for us. But, since at least the nineteenth century, we have seen the murderer as different from the ordinary citizen—a special individual, like an artist or a genius, who exists apart from the moral majority, a sovereign self who obeys only the destructive urge, sometimes even commanding cult followings. In contemporary culture, we continue to believe that there is something different and exceptional about killers, but is the murderer such a distinctive type? Are they degenerate beasts or supermen as they have been depicted on the page and the screen? Or are murderers something else entirely? In *The Subject of Murder*, Lisa Downing explores the ways in which the figure of the murderer has been made to signify a specific kind of social subject in Western modernity. Drawing on the work of Foucault in her studies of the lives and crimes of killers in Europe and the United States, Downing interrogates the meanings of media and texts produced about and by murderers. Upending the usual treatment of murderers as isolated figures or exceptional individuals, Downing argues that they are ordinary people, reflections of our society at the intersections of gender, agency, desire, and violence.

A Study In Murder: A Homes & Watkins Romantic Mystery

Included among these are descriptions of the main features of the reports and the various stages in their compilation, examples and methodology of presentation of the killings, and comparisons of reporting procedures and totals of victims shot by each of the four Einsatzgruppen. The study begins by noting the post-war discovery of the reports and then assumes a roughly chronological sequence in its overall treatment. An outline of the major National Socialist agencies and general reporting practices before the war is followed by the events of the war as reflected in the reports. Then the postwar "life" of the

reports is examined with particular reference to their use as legal evidence at Nuremberg as well as a consideration of their reliability as historical source material.

The Subject of Murder

On a school trip to London that includes her ex-boyfriend and his new girlfriend, Kim meets risk-taker Nicki, who proposes a diabolical deal.

A Study in Scarlet

Murder by the Book? is a thorough - and thoroughly enjoyable - look at the blossoming genre of the feminist crime novel in Britain and the United States. Sally Munt asks why the form has proved so attractive as a vehicle for oppositional politics; whether the pleasures of detective fiction can be truly transgressive; and when exactly it was that the dyke detective appeared as the new super-hero for today. Along the way Munt poses some critical questions about the relations between fiction and activism, politics and representations, the writer and the reader. This will be an enticing book both for addicts of the genre and for teachers and their students.

Messages of Murder

Jane tells the spectral story of the life and death of Maggie Nelson's aunt Jane, who was murdered in 1969 while a first-year law student at the University of Michigan. Though officially unsolved, Jane's murder was apparently the third in a series of seven brutal rape-murders in the area between 1967 and 1969. Nelson was born a few years after Jane's death, and the narrative is suffused with the long shadow her murder cast over both the family and her psyche. Jane explores the nature of this haunting incident via a collage of poetry, prose, dream-accounts, and documentary sources, including local and national newspapers, related "true crime" books such as *The Michigan Murders* and *Killer Among Us*, and fragments from Jane's own diaries written when she was 13 and 21. Its eight sections cover Jane's childhood and early adulthood, her murder and its investigation, the direct and diffuse effect of her death on Nelson's girlhood and sisterhood, and a trip to Michigan Nelson took with her mother (Jane's sister) to retrace the path of Jane's final hours.

You Owe Me a Murder

When her friend and fellow murder mystery book group member Carlene drops dead after drinking cyanide-spiked tea, Hazel Rose investigates Carlene's past, which she took great pains to hide, in search of a motive for murder.

Murder by the Book?

'Deftly entertaining ... satisfyingly pushes all the requisite Agatha Christie-style buttons' Barry Forshaw, *The Independent* *DEATH IN PARADISE* is one of BBC One's most popular series which averages 9 million viewers.

Jane

Where better to get away with murder than a place where thousands are dying every day? Deep in the trenches of Flanders Fields, men are dying in their thousands every day. So one more death shouldn't be a surprise. But then a body turns up with bizarre injuries, and Sherlock Holmes' former sidekick Dr John Watson - unable to fight for his country due to injury but able to serve it through his medical expertise - finds his suspicions raised. The face has a blue-ish tinge, the jaw is clamped shut in a terrible rictus and the eyes are almost popping out of his head, as if the man had seen unimaginable horror. Something is terribly wrong. But this is just the beginning. Soon more bodies appear, and Watson must discover who is the killer in the trenches. Who can he trust? Who is the enemy? And can he find the perpetrator before he kills again? Surrounded by unimaginable carnage, amidst a conflict that's ripping the world apart, Watson must for once step out of the shadows and into the limelight if he's to solve the mystery behind the inexplicable deaths. 'A vivid account of life in the trenches...this is a genuinely fascinating and finely researched piece of war fiction' *Daily Express* 'A hugely powerful depiction of wartime horror, a cunning murder mystery and a brilliant re-invention of Dr John Watson. Conan Doyle would most definitely approve!' Mark Billingham

Dead Man's Land

SHE PLANNED HER OWN FUNERAL. BUT DID SHE ARRANGE HER OWN MURDER? New York Times bestselling author of Magpie Murders and Moriarty, Anthony Horowitz has yet again brilliantly reinvented the classic crime novel, this time writing a fictional version of himself as the Watson to a modern-day Holmes. One bright spring morning in London, Diana Cowper – the wealthy mother of a famous actor - enters a funeral parlor. She is there to plan her own service. Six hours later she is found dead, strangled with a curtain cord in her own home. Enter disgraced police detective Daniel Hawthorne, a brilliant, eccentric investigator who's as quick with an insult as he is to crack a case. Hawthorne needs a ghost writer to document his life; a Watson to his Holmes. He chooses Anthony Horowitz. Drawn in against his will, Horowitz soon finds himself at the center of a story he cannot control. Hawthorne is brusque, temperamental and annoying but even so his latest case with its many twists and turns proves irresistible. The writer and the detective form an unusual partnership. At the same time, it soon becomes clear that Hawthorne is hiding some dark secrets of his own. A masterful and tricky mystery that springs many surprises, *The Word is Murder* is Anthony Horowitz at his very best.

The Murder Book

THE INTERPRETATION OF MURDER is an inventive tour de force inspired by Sigmund Freud's 1909 visit to America, accompanied by protégé and rival Carl Jung. When a wealthy young debutante is discovered bound, whipped and strangled in a luxurious apartment overlooking the city, and another society beauty narrowly escapes the same fate, the mayor of New York calls upon Freud to use his revolutionary new ideas to help the surviving victim recover her memory of the attack, and solve the crime. But nothing about the attacks - or about the surviving victim, Nora - is quite as it seems. And there are those in very high places determined to stop the truth coming out, and Freud's startling theories taking root on American soil.

Murder

"We are a trading community, a commercial people. Murder is doubtless a very shocking offence, nevertheless as what is done is not to be undone, let us make our money out of it." Punch.

The Word Is Murder

A Study in Scarlet is a detective mystery novel written by Sir Arthur Conan Doyle, which was first published in 1887. It is the first story to feature the character of Sherlock Holmes, who would later become one of the most famous and iconic literary detective characters, with long-lasting interest and appeal. The book's title derives from a speech given by Holmes to his companion Doctor Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

It is the first story to feature the character of Sherlock Holmes, who would later become one of the most famous and iconic literary detective characters, with long-lasting interest and appeal. The book's title derives from a speech given by Holmes to his companion Doctor Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

The Invention of Murder: How the Victorians Revelled in Death and Detection and Created Modern Crime

A Study in Scarlet is a detective mystery novel written by Sir Arthur Conan Doyle, introducing his new characters, "consulting detective" Sherlock Holmes and his friend and chronicler, Dr. John Watson, who later became two of the most famous characters in literature. Conan Doyle wrote the story in 1886, and it was published the following year. The book's title derives from a speech given by Holmes to Doctor Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

Murder by Witchcraft

Shortlisted for the Booker Prize and an international bestseller: a brilliant meditation on truth, power, and (in)sanity. A BBC Radio 4 Book Club pick The year is 1869. A brutal triple murder in a remote community in the Scottish Highlands leads to the arrest of a young man by the name of Roderick Macrae. A memoir written by the accused makes it clear that he is guilty, but it falls to the country's finest legal and psychiatric minds to uncover what drove him to commit such merciless acts of violence. Was he insane? Only the persuasive powers of his advocate stand between Macrae and the gallows. Graeme Macrae Burnet tells an irresistible and original story about the provisional nature of truth, even when the facts seem clear. His Bloody Project is a mesmerising literary thriller set in an unforgiving landscape where the exercise of power is arbitrary.

A Study in Scarlet

Daisy and Hazel return to their beloved Deepdean School for Girls only for a murder to put the school under threat of closure in this gripping eighth novel of the Murder Most Unladylike series. Daisy and Hazel are finally back at Deepdean, and the school is preparing for a most exciting fiftieth anniversary celebration. Plans for a weekend of festivities are in full swing. But in the detectives' long absence, Deepdean has changed. Daisy has lost her popularity crown to a fascinating new girl, and many of the Detective Society's old allies are now their sworn enemies. Then the girls witness a shocking incident in the woods close by—a crime that they're sure is linked to the anniversary. As parents and alumni descend upon Deepdean, decades-old grudges, rivalries, and secrets begin to surface, and soon Deepdean's future is at stake. Can the girls solve the case and save their home?

A Study in Scarlet

A study of criminal homicide in America from precolonial times to the present, drawing on accounts of witnesses, official documents, physical remains, and private papers to reconstruct representative cases of the past and look for broader trends. Investigates why murder rates go up or down at different periods, how the justice system has dealt with murder, and the roles of economic difference, family structure, and media, seeking to explain why postindustrial America has the highest murder rate in the developed world. A Study in Scarlet - (illustrated)

One of BuzzFeed's best YA books of 2021! Perfect for fans of the Lady Janies and Stalking Jack the Ripper, the first book in the Jane Austen Murder Mysteries trilogy is a clever retelling of Pride and Prejudice that reimagines the iconic settings, characters, and romances in a thrilling and high-stakes whodunit. When a scandalous murder shocks London high society, seventeen-year-old aspiring lawyer Lizzie Bennet seizes the opportunity to prove herself, despite the interference of Mr. Fitzwilliam Darcy, the stern young heir to the prestigious firm Pemberley Associates. Convinced the authorities have imprisoned the wrong person, Lizzie vows to solve the murder on her own. But as the case—and her

feelings for Darcy—become more complicated, Lizzie discovers that her dream job could make her happy, but it might also get her killed. Three of Jane Austen's classic novels receive a murder mystery makeover in this romantic and thrilling three-book series that's perfect for fans of *The Lady's Guide to Petticoats and Piracy*. *Pride and Premeditation* is followed by *Sense and Second-Degree Murder*, in which aspiring scientist Elinor Dashwood and her sister Marianne, a budding detective, work together to solve the mystery of their father's murder.

His Bloody Project

Murder at Wrotham Hill takes the killing in October 1946 of Dagmar Petrzywalski as the catalyst for a compelling and unique meditation on murder and fate. Dagmar, a gentle, eccentric spinster, was the embodiment of Austerity Britain's prudence and thrift. Her murderer Harold Hagger's litany of petty crimes, abandoned wives, sloughed-off identities and desertion was its opposite. The texture of their lives and the impression their experiences made on their characters fated their meeting on that bleak autumn morning - and determined the manner in which both would meet their death. Featuring England's first celebrity policeman, Fabian of the Yard, the celebrated forensic scientist, Keith Simpson, and history's most famous and dedicated hangman, Albert Pierrepoint, this is a gripping and deeply moving book.

Killing No Murder

JUST PRAY YOU'RE NOT NEXT . . . The page-turning new Detective Jane Tennison thriller from the Queen of Crime Drama, Lynda La Plante - now available in hardback, eBook and audiobook.

_____ A coffin is dug up by builders in the grounds of an historic convent - inside is the body of a young nun. In a city as old as London, the discovery is hardly surprising. But when scratch marks are found on the inside of the coffin lid, Detective Jane Tennison believes she has unearthed a mystery far darker than any she's investigated before. However, not everyone agrees. Tennison's superiors dismiss it as an historic cold case, and the Church seems desperate to conceal the facts from the investigation. It's clear that someone is hiding the truth, and perhaps even the killer. Tennison must pray she can find both - before they are buried forever . . . In *Unholy Murder*, Tennison must lift the lid on the most chilling murder case of her career. _____ **PRAISE FOR LYNDA LA PLANTE:** 'The UK's most celebrated female crime author' - DAILY MAIL 'Compelling, clever, and utterly riveting' - RACHEL ABBOTT 'Lynda La Plante practically invented the thriller' - KARIN SLAUGHTER 'Tough, brilliant and damaged, [Tennison] shook up the genre forever by showing a female detective overcoming sexism and adversity to reach the top' - DAILY EXPRESS
