Shakespeare's Christmas

A must-read mystery from the bestselling author of the Sookie Stackhouse series. A Lily Bard Mystery: 3 Lily Bard has worked hard to leave her old life behind. So she's uneasy about returning to her home town for her sister's Christmas Eve wedding. And with good reason. Violence waits in Bartley - the town's doctor and nurse have been bludgeoned to death - and Lily's detective boyfriend finds himself in Bartley on the heels of an eight-year-old kidnapping case. It just might have something to do with the murders...or Lily's sister's fiancé. With only three days to the wedding, Lily must move fast to solve the case. Before her sister promises to love, honour and obey a cold-blooded killer.

The Lily Bard Mysteries Omnibus

Lily Bard is starting over again. She's disguised herself as much as she can, cutting her hair short and wearing baggy clothes, and she's moved to Shakespeare, Arkansas, where, working as a cleaning lady, she can sweep away the secrets of her dark, violent past. But Shakespeare is not the peaceful little community Lily had hoped for, and her idea of just fading into the background looks like it's doomed right from the beginning, when she discovers the dead body of her landlord ... Before long, everyone is going to know Lily Bard's name.

Shakespeare's Trollop

Book no. 4 in the must-have Lily Bard Mystery series, from the bestselling author behind TRUE BLOOD Shakespeare, Arkansas, is home to endless back roads, historic buildings, colourful residents - and the occasional murder. It's also home to Lily Bard, karate expert and cleaning lady, who has a particular knack for finding skeletons in closets. When Deedra Dean - a local woman of ill repute - is murdered, there are more than a few suspects. And being familiar with Deedra's dirty laundry could make Lily the next Shakespeare resident to die ...

Shakespeare's Landlord

A series set in Shakespeare, Arkansas, featuring Lily Bard who runs a cleaning business. One night in a garbage bag she discovers the body of her landlord, which makes her a suspect. Now she must clear her name.

Charlaine Harris: The Lily Bard Mysteries

More information to be announced soon on this forthcoming title from Penguin USA.

Shakespeare's Champion

The second Lily Bard novel from the bestselling author of the Sookie Stackhouse series. A Lily Bard Mystery: 2 Lily Bard is hiding from her past. She's interested in getting away from her troubles, not finding more. So it's unfortunate that she stumbles across the corpse of a local bodybuilder in the gym, his neck broken by a barbell. With this death, the town's racial tensions reach boiling point. The dead man was connected to two unsolved murders of black residents. And as one dogged policeman tries to stop the killing, Lily is faced with a choice: stay and fight for justice, or run away one more time.

Sequels

A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series.

Shakespeare's Trollop

From Charlaine Harris, the #1 New York Times and USA TODAY bestselling author behind HBO's hit series True Blood, NBC's Midnight, Texas, and Hallmark's Aurora Teagarden Mysteries, the fourth in a series that exposes the secrets hidden under every bed... Lily Bard has made a place for herself in Shakespeare, Arkansas, as much with her discretion as with her cleaning services. She takes out garbage, tidies closets, washes dirty laundry, and keeps her mouth shut. When Lily finds her notorious client Deedra Dean dead, she decides the police don't need to know everything she's seen on the job. Nobody needs Lily to explain Deedra took home one man too many and paid with her life. But discovering which tomcat turned murderer is no easy task. Soon Lily's facing hostility from investigators and neighbors alike, unsettled with thoughts of the dead woman and nightmares of her own past. Her chosen home might become a bad memory faster than she ever imagined. But Lily Bard went it alone for years before she set foot in Shakespeare, and she hasn't forgotten how. She can't shake the feeling that the police are missing something important. Even though uncovering what might cost her dearly, too...

Shakespeare's Christmas

The latest cozy-but-noirish mystery about the dark secrets of a small Southern town.

A Touch of Dead

Sookie Stackhouse enjoys her job as a cocktail waitress in Merlotte's, a small-town bar in small-town Bon Temps, deep in Louisiana. She's funny and pretty and, thanks to her grandmother, she's very well-mannered - but since not many people truly appreciate her ability to read their minds, the guys haven't exactly been beating down her door ... And then along came Bill, tall, dark and handsome - and Sookie couldn't 'hear' a word he was thinking. He was exactly the type of guy she'd been waiting all her life for. Of course, Bill had a disability of his own: fussy about his food, not into suntans, bit of a night person: yep, Bill was a vampire. But at least now Sookie knows there **are** guys she can date who won't worry about her catching them thinking about other women ... And that's going to make Sookie's life really interesting!

Wolfsbane and Mistletoe

Charlaine Harris, Keri Arthur and Patricia Briggs bring you a Christmas present to remember! We all know the holiday season can bring out the beast in anyone - but it's especially hard if you're a lycanthrope! Gathered here together is a veritable feast of fears and tears: fifteen of the scariest, saddest, funniest werewolf tales, by an outstanding pack of authors, best read by the light of the full moon, and with a silver bullet close at hand. In 'Gift Wrap', Sookie Stackhouse is feeling mighty sorry for herself, all alone for Christmas - until she meets someone with bigger problems than loneliness ... Patricia Briggs gives us the story of lone wolf David Christiansen, who needs to mend fences with his daughter, before it's too late. In 'Christmas Past', Keri Arthur tells the tale of Hannah, who gets an unmerry and potentially life-threatening Christmas present when the hunky werewolf who dumped her last Christmas Eve turns up as her partner on the hunt for a vampire serial killer. All these and more feature in WOLFSBANE AND MISTLETOE, the perfect antidote to Christmas mawkishness!

Shakespeare's Counselor

The 5th Lily Bard novel from the bestselling author of the Sookie Stackhouse series Lily Bard is a woman with a dark past. One she's trying to forget. So she joins a local therapy group in her adopted town of Shakespeare, hoping it will help her cope with her memories. But as they assemble for one session, they find a dead woman left on display. Lily finds herself embroiled in the murder and its aftermath. With her own terrible secrets dredged up, she cannot rest until the killer is caught. But can she stop the perpetrator before they strike again? And before her nightmares send her over the edge?

Fors Clavigera

Author of the books that inspired True Blood on HBO and Midnight, Texas on NBC Trying to outrun her troubled past and outwit the dangerous ex-boyfriend who nearly killed her, Layla LaRue LeMay has been laying low, quietly rebuilding her life as Rue, and hoping to stay anonymous. When she takes a job as a dancer and is partnered with Sean, a three-hundred-year-old vampire, she soon discovers how hard it will be to conceal her secrets...and her passion. Sean has learned to spend eternity on the sidelines, never getting too close to anyone. Isolation has been the only way to protect himself from the pain of his past and his often uncontrollable passion. Yet the beautiful and mysterious Rue has captivated him and his fiery attraction to her is unstoppable. As the intensity of their connection grows stronger, they find themselves enraptured, losing themselves to the dance, and to each other. After Rue's stalker returns with revenge on his mind, Sean turns into much more than Rue's immortal dance partner; he becomes her guardian. Rue must find a way to hide in plain sight and to protect her future with Sean from the terrible life she left behind. From Charlaine Harris, New York Times bestselling author and multiple winner of the Anthony, Sapphire and Romantic Times Awards, comes a compelling story of suspense, romance and unforgettable passion. The novella Dancers in the Dark originally appeared in the anthology Night's Edge.

Dancers in the Dark

In the first story, the Chalet School combines with St Scholastika's with the inevitable rivalry. In the second story, the peace is disturbed by the threat of war and the school is facing closure

A United Chalet School

Sunday Times bestseller Charlaine Harris returns at last to her fan favourite Aurora Teagarden series with a brand new mystery Librarian Aurora Teagarden is basking in the news of her pregnancy when

disaster strikes her small town: four children, including her fifteen-year-old brother, Philip, have vanished from the school football field. What's even more worrisome is the dead body found at their last known location. While the local police comb the county for the missing children, Aurora and her new husband, true crime writer Robin Crusoe, begin their own investigation. Could the two incidents have something to do with a group of school bullies? Are Aurora's father's gambling debts related to the disappearance of her brother? Or could it be that Philip himself, new to town and relatively unknown, is the one responsible? With Christmas approaching, Aurora is determined to find her brother . . . if he's still alive. 'Aurora Teagarden is back! Newcomers to the series as well as rejoicing long-time readers should leap at the chance to catch up with Aurora.' G.M. Malliet, award-winning author of the St. Just and Max Tudor mysteries

Character Sketches of Romance, Fiction and the Drama

This first volume of the Collected Works of Mihaly Csikszentmihalyi represents his work on Art and Creativity. Starting with his seminal 1964 study on creativity up to his 2010 publication in Newsweek, the volume spans over four decades of research and writing and clearly shows Csikszentmihalyi's own development as an academic, psychologist, researcher and person. Unconventional and unorthodox in his approach, Csikszentmihalyi chose the topic of creativity as a field of study believing it would help him be a better psychologist and advance his understanding of how to live a better life. The chapters in this volume trace the history of the study of creativity back to the days of Guilford and research on IQ and Jacob Getzels' work on creativity and intelligence. Firmly grounded in that history, yet extending it in new directions, Mihaly Csikszentmihalyi started his life-long study on artistic creativity. His first extensive study at the School of the Art Institute of Chicago enabled him to observe, test and interview fine art students drawing in a studio. The study formed the very basis of all his work on the subject and has resulted in several articles, represented in this volume, on such creativity-related concepts as problem solving versus problem finding, the personality of the artist, the influence of the social context, creativity as a social construction, developmental issues and flow. The main contribution to the topic of creativity and also the main concept explored in this volume, is the Systems Model of Creativity. Seven chapters in this volume discuss the development of this conceptual model and theory.

The Systems Model of Creativity

A'Beckett and Leech were original contributors to "Punch, or the London Charivari" magazine, established 1841. It became the famous "Punch" magazine and remained in publication to 2002. A'Beckett also wrote editorials for a similar concept magazine, "Figaro in London" that ceased publication in 1839. "In commencing this work, the object of the Author was, as he stated in the Prospectus, to blend amusement with instruction, by serving up, in as palatable a shape as he could, the facts of English History. He pledged himself not to sacrifice the substance to the seasoning; and though he has certainly been a little free in the use of his sauce, he hopes that he has not produced a mere hash on the present occasion. His object has been to furnish something which may be allowed to take its place as a standing at the library table, and which, though light, may not be found devoid of nutriment."--Preface.

Theatrical and Circus Life

'A heroine as capable and potentially complex as P. D. James's Cordelia Gray' (Publishers Weekly) Death comes calling on small-town librarian Aurora Teagarden in this entertaining mystery from #1 New York Times and Sunday Times bestselling author Charlaine Harris. Going to two weddings - one of a former lover - and a funeral for a member of her disbanded crime study club keeps Aurora "Roe" Teagarden quite busy for a few months. Unfortunately, her personal life seems to be at a standstill - until her fortunes unexpectedly change. After the funeral Roe learns that Jane Engle, the deceased, has named her as heir to a rather substantial estate, which includes money, jewelry, and a house complete with a skull hidden in a window seat. Knowing Jane, Roe concludes that the elderly woman

has purposely left her a murder to solve. So she must identify the victim and figure out which one of Jane's ordinary-seeming neighbors is a murderer - without putting herself in deadly danger . . .

The Comic History of England

Electronic Inspection Copy available for instructors here Presented with the latest thinking and research on how children acquire their first language, the reader is taken from a standing start to the point where they can engage with key debates and current research in the field of child language. No background knowledge of linguistic theory is assumed and all specialist terms are introduced in clear, non-technical language. A theme running through the book is the nature-nurture debate, rekindled in the modern era by Noam Chomsky, with his belief that the child is born with a rich knowledge of language. This book is rare in its balanced presentation of evidence from both sides of the nature-nurture divide. The reader is encouraged to adopt a critical stance throughout and weigh up the evidence for themselves. Key features for the student include: boxes and exercises to foster an understanding of key concepts in language and linguistics; a glossary of key terms; suggestions for further reading; a list of useful websites at the end of each chapter; discussion points for use in class; and separate author and subject indexes.

A Bone to Pick

It is widely accepted that English is the first truly global language and lingua franca. Anna Wierzbicka, the distinguished linguist known for her theories of semantics, has written the first book that connects the English language with what she terms "Anglo" culture. Wierzbicka points out that language and culture are not just interconnected, but inseparable. She uses original research to investigate the "universe of meaning" within the English language (both grammar and vocabulary) and places it in historical and geographical perspective. This engrossing and fascinating work of scholarship should appeal not only to linguists and others concerned with language and culture, but the large group of scholars studying English and English as a second language.

Child Language

This book is the first in-depth cultural history of cinema's polyvalent and often contradictory appropriations of Shakespearean drama and performance traditions. The author argues that these adaptations have helped shape multiple aspects of film, from cinematic style to genre and narrative construction.

'Harris draws the guilty and the innocent into an engrossing tale while inventing a heroine as capable and potentially complex as P. D. James's Cordelia Gray' (Publishers Weekly) #1 New York Times and Sunday Times bestselling author Charlaine Harris introduces a librarian whose bookish bent for murder gets her involved in a real-life killing spree . . . Lawrenceton, Georgia, may be a growing suburb of Atlanta, but it's still a small town at heart. Librarian Aurora 'Roe' Teagarden grew up there and knows more than enough about her fellow townsfolk, including which ones share her interest in the darker side of human nature . . . With those fellow crime buffs, Roe belongs to a club called Real Murders, which meets once a month to analyze famous cases. It's a harmless pastime - until the night she finds a member dead, killed in a manner that eerily resembles the crime the club was about to discuss. As other brutal "copycat" killings follow, Roe will have to uncover the person behind the terrifying game, one that casts all the members of Real Murders, herself included, as prime suspects-or potential victims . . . 'Clearly focused plot, animated description of character and real estate, and sparkling prose commend this breath of fresh air to all collections' (Library Journal) 'Great bloody fun' (Barbara Paul)

Tripping with the Tucker Twins

Filling an enormous gap in the geographic literature, here is a terrific book that shows us how to think about and practice human geographic research2 - Professor Jennifer Wolch, University of Southern California `Practising Human Geography lucidly, comprehensively, and sometimes passionately shows why methodology matters, and why it is often so hard. To choose a method is to choose the kind of geographical values one wants to uphold. You need to get it right. These authors do2 - Trevor Barnes,

University of British Columbia `Practising Human Geography is a godsend for students. Written in an accessible and engaging style, the book demystifies the study of geographical methodology, offering a wealth of practical advice from the authors' own research experience. This is not a manual of approved geographical techniques. It is a reflexive, critical and highly personal account, combining historical depth with up-to-the-minute examples of research in practice. Practising Human Geography is a comprehensive and theoretically informed introduction to the practices of fieldwork, data collection, interpretation and writing, enabling students to make sense of their own data and to develop a critical perspective on the existing literature. The book makes complicated ideas approachable through the effective use of case studies and a firm grasp of contemporary debates' - Peter Jackson, Professor of Human Geography, University of Sheffield

Practising Human Geography is a critical introduction to key issues in the practice of human geography, informed by the question 'how do geographers do research?' In examining those methods and practices that are essential to doing geography, the text presents a theoretically-informed discussion of the construction and interpretation of geographical data - including: the use of core research methodologies; using official and non-official sources; and the interpretative role of the researcher. Framed by an overview of how ideas of practising human geography have changed, the twelve chapters offer a comprehensive and integrated overview of research methodologies. The text is illustrated throughout with text boxes, case studies, and definitions of key terms. Practising Human Geography will introduce geographers - from undergraduate to faculty - to the core issues that inform research design and practice.

Tragic Sense of Life

'Great bloody fun' Barbara Paul Part-time librarian Aurora 'Roe' Teagarden lands smack in the middle of a baffling murder case in the fifth murder mystery from #1 New York Times and Sunday Times bestselling author Charlaine Harris. Roe never liked Detective Sergeant Jack Burns, but she never wanted to see him dead - especially dropped from a plane right into her own front yard. Luckily, even Lawrenceton, Georgia's finest, know that Roe couldn't possibly be in two places at once, so her name is crossed off the suspect list. But then other strange things happen around Roe, ranging from peculiar (her irascible cat turns up wearing a pink ribbon) to violent (her assistant at the library is attacked) to potentially deadly (her ex-lover is stabbed). Clearly there is a personal message in this madness that Roe must decipher - before it is too late . . . 'Clearly focused plot, animated description of character and sparkling prose commend this breath of fresh air to all collections' (Library Journal)

Pellucid Paper

'Great bloody fun' Barbara Paul Aurora Teagarden's decision to become a real estate agent turns out to be a life-or-death choice in this mystery from #1 New York Times and Sunday Times bestselling author Charlaine Harris. Aurora 'Roe' Teagarden had always worked for a living, until an unexpected legacy gave her the money to quit her librarian job. Now, with time on her hands, she decides to try selling real estate. Her mother, after all, is Lawrenceton's premier real estate agent, giving her a head start on this new career! But at her first house showing, Roe discovers the naked corpse of a rival broker in the master bedroom. When one of her mother's colleagues falls under suspicion, Roe is determined to clear his name. And when a second body is found in another house for sale, it becomes obvious that there is a very cool killer at large in Lawrenceton, one who knows a great deal about real estate-and maybe too much about Roe . . . 'Harris draws the guilty and the innocent into an engrossing tale while

The Shakespeare Problem Restated

'Harris draws the guilty and the innocent into an engrossing tale while inventing a heroine as capable and potentially complex as P. D. James's Cordelia Gray' (Publishers Weekly) Love at first sight turns into newlywed bliss for former librarian Aurora Teagarden - until violence cuts the honeymoon short . . . Roe has never been happier than she's been since she met her fiancé, wealthy businessman Martin Bartell. Despite their differences in age and background, he seems to know exactly what she wants - like the Julius House. Roe has always been intrigued by its history: six years previously, the family who lived there disappeared, never to be seen again . . . As Roe throws herself into renovating her wedding present, her misgivings about Martin's rather murky past recede. But when she is attacked by an axe-wielding maniac, she begins to suspect that the secrets inside the Julius House - and her new marriage - could be deadly . . . 'Clearly focused plot, animated description of character and real estate, and sparkling prose commend this breath of fresh air to all collections' (Library Journal) 'Great bloody fun' (Barbara Paul)

Pictorial Shakespeare

'A heroine as capable and complex as P. D. James's Cordelia Gray' (Publishers Weekly) Though Roe has proven she can handle just about anything, even this part-time librarian may not be ready for the full-time crisis that comes her way in the sixth Aurora Teagarden mystery . . . Roe's life finally seems to have settled into a comfortable pattern. Her marriage to Martin is going well, she's back at work at the Lawrenceton library - and best of all, she hasn't found a dead body in quite a while. But then one afternoon her handyman goes crazy in her front yard. Roe suspects this is a sign of more bad things to come. And she is right. Soon Martin's niece, Regina, shows up with a baby that no one knew she had. Then she disappears, leaving behind the child-and a murdered husband. To find her, Roe and Martin retrace her steps from sunny Georgia back to snowy Ohio, where they will uncover dark family secrets - at their own peril . . .
