Elijah Reynolds is the most dominant of lycans, a rare Alpha whose skill on the hunt is surpassed only by his primal sexuality. Vashti is the second most powerful vampire in the world, a lethal beauty with a path of devastation in her wake. Tasked with proposing an alliance between vampires and the lycans who killed her mate, Vash approaches Elijah, whose need to avenge a friend demands Vash's death even as his passion demands her surrender. Soon, their enmity erodes beneath an all-consuming desire. Elijah has never encountered a woman whose warrior spirit and fierce sexual appetite rivals his own, while Vash is faced with the one man strong enough to be her equal. This first major biography of the most romanticized icon in jazz thrillingly recounts his wild ride. From his emergence in the 1950s--when an uncannily beautiful young man from Oklahoma appeared on the West Coast to become, seemingly overnight, the prince of "cool" jazz--until his violent, drug-related death in Amsterdam in 1988, Chet Baker lived a life that has become an American myth. Here, drawing on hundreds of interviews and previously untapped sources, James Gavin gives a hair-raising account of the trumpeter's dark journey.

The Arrangement

#1 New York Times bestselling author Sylvia Day, America's premier author of provocative fiction, delivers two novels from Cosmo Red-Hot Reads from Mills & Boon. AFTERBURN The realization that Jax still affected me so strongly was a jagged pill to swallow. He'd only been part of my life for five short

weeks two years ago. But now he was back. Walking into a deal I'd worked hard to close. And God, he was magnificent. His eyes were a brown so dark they were nearly black. Thickly lashed, they were relentless in their intensity. Had I really thought they were soft and warm? There was nothing soft about Jackson Rutledge. He was a hard and jaded man, cut from a ruthless cloth. In that moment I understood how badly I wanted to unravel the mystery of Jax. Bad enough that I didn't mind how much it was going to cost me... AFTERSHOCK When it came to playing games, my lover Jax was a master strategist. He pulled strings behind the closed doors of D.C.'s most powerful political players, and somehow still found time to nearly sideline my career. What he didn't know was that when I didn't like the rules, I threw them out and made my own. I wasn't going to let Jax get away with it. I wasn't going to let him get away at all. I loved Jax enough that it was impossible to give up. Jax loved me enough that giving up was the only end he'd consider. He didn't think I could swim with the sharks. It was entirely my pleasure to show him that I'd already dived in...

I broke the pact and now I'm stuck with five sexy mates. Wolves aren't supposed to mate humans. Humans also aren't supposed to interrupt sacred mating ceremonies, but I had a good reason, all right? I needed magic, and I needed a lot of it to save my little sister from the Moon Shadow plague running rampant in human territory. Do the wolves think twice about consequences? No. They've been careless of the side effects caused by their little territory battles. They have never cared about us. But they'll care now, because I have all of their magic in the palm of my hand. Literally. The Goddess Crescent was supposed to be a myth, the power to turn a human and unite the major clans. I just didn't expect it to bond me to an Alpha from each of the five packs, and now I'm afraid I bit off far more than I can chew. * Five Fated Mates with No Choosing Required * Slow-Burn Romance * Rejected Mate/Second Change tropes with severe groveling by book 3 * Human Female and Wolf Shifter Males
