Spend Less and See More in Hawaii Are You Ready to Travel Smart? If you'd like to get the most out of your dollar and your trip, this is the guide for you. I put a fresh spin on budget travel, showing you how to see the best for less and how to see it in a more authentic way-the way the locals do. Instead of spending \$300 a night for a chain hotel, why not stay at the Wabi-Sabi House on Maui where you can sleep in an enclosed, tranquil treehouse for just \$70 a night, or bed down in an oceanfront condo on Kauai for \$105 a night? On Oahu, eat a Hawaiian plate lunch at the Rainbow Drive-In for under \$4, so you can splurge on dinner. Try Iron Chef champion Seiya Masahara's specialty-Japanese comfort food known as oden, a hotpot of dashi (broth) with long-simmered vegetables-at Hakkei. Let me show you the "other" Hawaii-the one only insiders know about. Listen to slack-key guitar jam sessions on Oahu or volunteer to work with the Hawaii Wildlife Fund on Maui to help endangered sea turtles get a healthy start on life. These are only a few of the great ways to get closer to the culture of Hawaii. Read on for more! Frommer's Maui 2009

****A New York Times Bestseller!**** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Frommer's Maui 2010

Ever since Ernest Hemingway popularized the fiesta de San Fermín with the publication of *The Sun Also Rises* in 1926, the world has been enthralled with the concept of running with the bulls. For millions, running with the bulls remains on their bucket list, and for Hemingway fans it is a lifelong dream. For Peter N. Milligan, it is a way of life. Part memoir and part travel guide, *Bulls Before Breakfast* recounts Milligan's many adventures in Pamplona, Spain. In his dozen years of visiting the fiesta de San Fermín, Milligan has run with the bulls over 70 times and accumulated stories both thrilling and terrifying. *Bulls Before Breakfast* is the definitive guide to Pamplona, its famed fiesta, and the surrounding Kingdom of Navarra. It is also a memoir of two brothers running with the bulls and exploring every corner of the city, the countryside, the mountains, the beaches, and the famed restaurants of the Basque hinterland. The book focuses on local knowledge, and the hidden mysteries of this closed, private culture and community. Milligan has slowly pried open this trove of secrets over the past twelve years, all while refining the art of getting between the horns of a massive, perfect Spanish killing machine, *el toro bravo*, and running for his life.
