Working God's Mischief

Arnhand, Castauriga, and Navaya lost their kings. The Grail Empire lost its empress. The Church lost its Patriarch, though he lives on as a fugitive. The Night lost Kharoulke the Windwalker, an emperor amongst the most primal and terrible gods. The Night goes on, in dread. The world goes on, in dread. The ice builds and slides southward. New kings come. A new empress will rule. Another rump polishes the Patriarchal Throne. But there is something new under the sun. The oldest and fiercest of the Instrumentalities has been destroyed--by a mortal. There is no new Windwalker, nor will there ever be. The world, battered by savage change, limps toward its destiny. And the ice is coming. Working God's Mischief is the savage, astounding new novel of the Instrumentalities of the Night, by Glen Cook, a modern master of military fantasy.

Dreams of Steel

Dreams of Steel is Book 5 in Glen Cook's fantasy masterpiece, The Chronicles of the Black Company. Croaker has fallen and, following the Company's disastrous defeat at Dejahgore, Lady is one of the few survivors—determined to avenge the Company and herself against the Shadowmasters, no matter what the cost. But in assembling a new fighting force from the dregs and rabble of Taglios, she finds herself offered help by a mysterious, ancient cult of murder—competent, reliable, and apparently committed to her goals. Meanwhile, far away, Shadowmasters conspire against one another and the world, weaving dark spells that reach into the heart of Taglios. And in a hidden grove, a familiar figure slowly awakens to find himself the captive of an animated, headless corpse. Mercilessly cutting through Taglian intrigues, Lady appears to be growing stronger every day. All that disturbs her are the dreams which afflict her by night—dreams of carnage, of destruction, of universal death, unceasing... I am keeping these Annals because Croaker is dead. One-Eye won't, and hardly anyone else can read or write. I will be your guide for however long it takes the Shadowlanders to force our present predicament to its inevitable end..." So writes Murgan, seasoned veteran of the Black Company. Exhausted from the siege, beset by sorcery, and vastly outnumbered, the Company have risked their souls as well as their lives to hold their prize. But this is the end of an age, and great forces are at work. The ancient race known as the Nyueng Bao swear that ancient gods are stirring. the Company's commander has gone mad and flirts with the forces of darkness. Only Murgan, touched by a spell that has set his soul adrift in time, begins at last to comprehend the dark design that has made pawns of men and god alike. Men Like Gods

The hero of the novel, Mr. Barnstaple, is a depressive journalist working for the newspaper "The Liberal." At the beginning of the story, Barnstaple, as well as a few other Englishmen, are accidentally transported to the parallel world of Utopia. Utopia is like an advanced Earth, although it had been quite similar to Earth in the past in a period known to Utopians as the "Days of Confusion." Utopia is a utopian world: it has a utopian world government, advanced science, and even pathogens have been eliminated and predators are almost tamed. --wikipedia.com.

The God is Not Willing

'Awe-inspiring. Prepare to fall in love with epic fantasy all over again.' ANNA SMITH SPARK, author of The Court of Broken Knives The thrilling opening chapter in an epic new fantasy from the author of The Malazan Book of the Fallen... Many years have passed since three Teblor warriors brought carnage and chaos to Silver Lake. Now the tribes of the north no longer venture into the southlands. The town has recovered and yet the legacy remains. Indeed, one of the three, Karsa Orlong, is now revered as a god, albeit an indifferent one. In truth, many new religions have emerged and been embraced across the Malazan world. There are those who worship Coltaine, the Black-Winged Lord, and the cult of Iskar Jarak, Guardian of the Dead, is popular among the Empire's soldiery. Responding to reports of a growing unease among the tribes beyond the border, a legion of Malazan marines marches towards Silver Lake. They aren't quite sure what they're going to be facing, but, while the Malazan military has evolved and these are not the marines of old, one thing hasn't changed: they'll handle whatever comes at them. Or die trying. And in those high mountains, a new warleader has risen amongst the Teblor. Scarred by the deeds of Karsa Orlong, he intends to confront his god even if he has to cut a bloody swathe through the Malazan Empire to do so. But further north, a new threat has emerged and now it seems it is the Teblor who are running out of time. Another long-feared migration is about to begin and

this time it won't just be three warriors. No, this time tens of thousands are poised to pour into the lands to the south. And in their way, a single company of Malazan marines . . . It seems the past is about to revisit Silver Lake, and that is never a good thing . . .

Grace in Thine Eyes

How to be Idle is Tom Hodgkinson's entertaining guide to reclaiming your right to be idle. As Oscar Wilde said, doing nothing is hard work. The Protestant work ethic has most of us in its thrall, and the idlers of this world have the odds stacked against them. But here, at last, is a book that can help. From Tom Hodgkinson, editor of the *Idler*, comes *How to be Idle*, an antidote to the work-obsessed culture which puts so many obstacles between ourselves and our dreams. Hodgkinson presents us with a laid-back argument for a new contract between routine and chaos, an argument for experiencing life to the full and living in the moment. Ranging across a host of issues that may affect the modern idler - sleep, the world of work, pleasure and hedonism, relationships, bohemian living, revolution - he draws on the writings of such well-known apologists for idleness as Dr Johnson, Oscar Wilde, Robert Louis Stevenson and Nietzsche. His message is clear: take control of your life and reclaim your right to be idle. 'Well written, funny and with a scholarly knowledge of the literature of laziness, it is both a book to be enjoyed at leisure and to change lives' *Sunday Times* 'In his life and in this book the author is 100 per cent on the side of the angels' *Literary Review* 'The book is so stuffed with wisdom and so stuffed with good jokes that I raced through it like a speed freak' *Independent on Sunday* Tom Hodgkinson is the founder and editor of *The Idler* and the author of *How to be Idle*, *How to be Free*, *The Idle Parent* and *Brave Old World*. In spring 2011 he founded *The Idler Academy* in London, a bookshop, coffeehouse and cultural centre which hosts literary events and offers courses in academic and practical subjects - from Latin to embroidery. Its motto is 'Liberty through Education'. Find out more at www.idler.co.uk.

Fearsome Journeys

Short stories inspired by the ancient Celtic god of love and youth, from the New York Times–bestselling author of *The No. 1 Ladies' Detective Agency*. Angus is one of the earliest Celtic deities and one of the most cherished to this day. Like an even more handsome combination of Apollo and Eros, he is the god of love, youth, and beauty. Just the sight of him has made people fall in love, and he has the power to reveal a person's true love in a dream, if asked politely. Alexander McCall Smith has turned his storytelling talents to crafting a collection of short fiction from this Irish mythology. Five contemporary fables of love lost and found unfold alongside Angus's search for the beautiful Caér, the swan maiden he met in his dreams. McCall Smith mesmerizingly unites reality and dreams, today and the ancient past, leaving the reader to wonder: what is life but the pursuit of dreams? "Smith fluidly weaves in contemporary vignettes of the dream god's benevolent influence, touching the lives of honeymooners on a windswept northern island; of a teenage boy sent away to boarding school in Scotland who tricks his mother into revealing who his true father is; and of a Toronto woman bereft at the discovery that her husband is having an affair. Angus, who presides over love and youth is also, it turns out, kindly to pigs. He is nicely reimagined in this spare, polished work." —*Publishers Weekly* "This slim, elegant

volume is further evidence of [Smith's] consummate ability to blend wit, wisdom, and heart." —Booklist (starred review)

Dream Angus

Accessible, challenging, funny, and one of the best reads on how to love others in any situation. Love and hospitality can change the way you see the world and others. That's exactly what modern-day theologian, Richard Beck, experienced when he first led a Bible study at a local maximum security prison. Beck believed the promise of Matthew 25 that states when we visit the prisoner, we encounter Jesus. Sure enough, God met Beck in prison. With his signature combination of biblical reflection, theological reasoning, and psychological insight, Beck shows how God always meets us when we entertain the marginalized, the oppressed, and the refugee. Stories from Beck's own life illustrate this truth -- God comes to him in the poor, the crippled, the smelly. Psychological experiments show how we are predisposed to appreciate those who are similar to us and avoid those who are unlike us. The call of the gospel, however, is to override those impulses with compassion, to "widen the circle of our affection." In the end, Beck turns to the Little Way of St. Thérèse of Lisieux for guidance in doing even the smallest acts with kindness, and he lays out a path that any of us can follow.

Stranger God

Piper Hecht's first and greatest secret is that he knows how to kill gods. What's not a secret is that he knows how to win wars. Hecht's secrets make him dangerous, but his skill and his reputation put him in danger—from his enemies, who fear what he might do or who want revenge for what he has already done; and from his friends, who want to use his military gifts for their own purposes. His sister Heris and his living ancestor Cloven Februaren, the Ninth Unknown, have made Hecht part of their fight against the return of the dark god, Kharoulke the Windwalker. At the same time, the half-mad Empress Katrin wants Hecht to lead the armies of the Grail Empire eastward on a crusade against his old co-religionists the Praman. Meanwhile, the world is changing. The winters are growing longer and harsher every year, and the seas are getting shallower. The far north and the high mountain ranges are going under the ice, fast. The Wells of Power are getting weaker, and the old evils, the Instrumentalities from the Time Before Time, have begun to ooze back into the world. Surrender to the Will of the Night is the third book in Glen Cook's phenomenal Instrumentalities of the Night fantasy series. As ever, the genius of Glen Cook's storytelling lies in his common touch: in soldiers, who are like real soldiers; in men and women, who love and laugh and sweat, with real hopes and real fears, united only in their determination to face the oncoming night.

Surrender to the Will of the Night

The world grows colder with each passing year, the longer winters and ever-deepening snows awaking ancient fears within the Dangan Packstead, fears of invasion by armed and desperate nomads, attack by the witchlike and mysterious Silth, able to kill with their minds alone, and of the Grauken, that desperate time when intellect gives way to buried cannibalistic instinct, when meth feeds upon meth. For Marika, a young pup of the Packstead, loyal to pack and family, times are dark indeed, for against these foes, the Packstead cannot prevail. But awakening within Marika is a power unmatched in all the world, a legendary power that may not just save her world, but allow her to grasp the stars themselves. From Glen Cook, author of the *Black Company* and *Dread Empire* novels, comes *Darkwar*, collecting for the first time, the stunning science fantasy epic that originally appeared as *Doomstalker*, *Warlock*, and *Ceremony*.

Grimm: The Killing Time

Blood-soaked blades have been taking their toll among the luscious lovelies in Garrett's home city of TunFaire. And though Garrett can be as civic-minded as the next guy—unless the next guy is Captain Block of the Watch—the private eye isn't sure he really wants to take on a serial killer psycho who does too good a carving job and never leaves any of the blood behind. Still, having Block pay him for his services with lots of ill-gotten government funds, and having his own partner, the Dead Man, strenuously urge him to take the case, prove an irresistible combination for Garrett. And so he begins a search that would take him from the lowest slums to the highest estates, from confrontations with magic-spitting enemies to run-ins with the king of crime's wayward daughter, to a final encounter with an ancient evil that has once again been loosed on his unsuspecting town.
