Don't Smother Your Mother

Don't Smother Your Mother When Melissa Johnson's husband crosses the line, she pulls out her .45, fires a few warning shots, and boots his butt out the door. He disappears, leaving her to raise three little boys on her own. It is now twenty-three years later, Melissa is struggling to make ends meet, and her three grown sons are still living at home. Tired of supporting them, she finally puts her foot down and gives them three months to move out. However, before they pack up and leave, Melissa comes into a windfall, and they decide they aren't going anywhere. Disappearing steps, objects falling from trees, shots being fired and a missing toe makes Melissa start to think that someone just might be trying to kill her. For the first time in years, she cleans her gun, loads it, and puts it under her pillow.

The Chicano Generation

"This is the story of the historic Chicano Movement in Los Angeles during the late 1960s and 1970s. The Chicano Movement was the largest civil rights and empowerment movement in the history of Mexican Americans in the United States. The movement was led by a new generation of political activists calling themselves Chicanos, a countercultural barrio term. This book is the story of three key activists, Raul Ruiz, Gloria Arellanes, and Rosalio Muanoz, who through oral history related their experiences as movement activist to historian Mario T. Garcaia. As first-person autobiographical narratives, these stories put a human face to this profound social movement and provide a life-story perspective as to why these individuals became activists"--Provided by publisher.

What Color Is Your Soul?

What Color Is Your Soul? is a collection of slice-of-life vignettes dealing with different relationships and situations that utilize five different colors: red, green, yellow, black and white. The stories begin with two friends and how each one handles pressure in different ways and how that, in turn, affects the other. The stories continue to include one of jealousy, even among best friends during a girls' day out; a wheelchair-bound man struggling to regain his independence and in the process becomes a teacher of the human spirit; and three senior high school friends whose one-upmanship game has turned harsh as they each deal with their own pain. Then, a mother and daughter stuck on a highway during a snowstorm find out how they perceive similar things. Each story demonstrates and asks the question, What Color Is Your Soul?

The Caversham Chronicles ~ the Beginning

THE CAVERSHAM CHRONICLES ~ The Beginning This is where it all started. One family defining honor, finding love, and building a family. Miss Amelia Lands a Duke, the prequel novella ~ Spinster Amelia is a companion to her aunt when she finds herself deflecting a potential scandal by accepting a marriage proposal from the widowed eighth duke of Caversham. The affection and love that blossoms between them creates the foundation for their family to thrive for generations. Caversham's Bride ~ Desperation brings together Ren and Lia, two strong-willed lovers who will both have to learn to compromise if there is to be any hope for a future for them. Once love conquers their stubbornness there is no limit to the depth of passion they share. Already His ~ Honor and trust are lessons that are not easily come by when they pertain to Elise and Michael, lovers who are both too proud to give quarter. But even the mighty fall when love finally brings them together. Once they realize they were both wrong about the other and they are free to love each other, they become the lovers they were meant to be all along. Loving Sarah ~ Impulsive and adventurous Sarah never intended to turn her handsome captain's life upside down by landing aboard his boat. Ian was running from his destiny while hiding aboard his ship and sailing the world. But when they are forced to marry to save their reputations, they both have to grow into their new roles as husband and wife, and becoming a family. Lucky's Lady ~ Lies, deception, forgiveness, and redemption. Encouraged by her dying husband to seek a sire for the child she desires, Mary-Michael decides who better to use for her purposes than Lucky, the handsome captain who will leave once his business with her husband's shipyard is through. But neither of them counted on their instant passion leading to love. Plus a special bonus transitional short story, What the Fates Decree, introducing the next generation. Look for the first book, Fated Love, in the new sub-series, The Titans of the Revolution, where the children of The Caversham Chronicles navigate their way in the changing world of Victorian England.

A Little History of John Allen

When a loved one dies, you don't get over it, but you can move forward. The bad news is that we never fully "get over" the loss of those we hold most dear; we bear those scars to the grave. The good news is that God is at work in us turning our loss and pain into something beautiful. God can take the scars and the mess and the heartache of our lives-- yours and mine--- and use it to give new life, new life to us and new life to others. God is not in the business of zapping our loved ones and stealing them away from us. But in a world where death waits for every person, God stands ready. God stands ready to receive our beloved dead as they cross over; and God stands ready to guide us through the saddest days, to walk with us through our grief, and to take us into places we never could have imagined places of hope and renewal. If God could take a cross and broken body and make of them redemption, God can take

your pain and heartache and fashion them into new life. This book is composed of the reflections that point to broader lessons that will help those who find themselves passing through grief, as well as the pastors, counselors, and friends whose job is to accompany the traveler

Madame L'Archiduc. Opera Bouffe, in Three Acts, ... [The Prose Portion Only, Translated Into English] by H. B. Farnie

From Two Live Crew's controversial comedy to Ice Cube's gangsta styling and the battle rhymes of a streetcorner cypher, rap has always drawn on deep traditions of African American poetic word-play. In *Talking 'Bout Your Mama*, author Elijah Wald explores one of the most potent sources of rap: the viciously funny, outrageously inventive insult game known as "the dozens." So what is the dozens? At its simplest, it's a comic chain of "yo' mama" jokes. At its most complex, it's an intricate form of social interaction that reaches back to African ceremonial rituals. Wald traces the tradition of African American street rhyming and verbal combat that has ruled urban neighborhoods since the early 1900s. Whether considered vernacular poetry, aggressive dueling, a test of street cool, or just a mess of dirty insults, the dozens is a basic building block of African-American culture. A game which could inspire raucous laughter or escalate to violence, it provided a wellspring of rhymes, attitude, and raw humor that has influenced pop musicians from Jelly Roll Morton and Robert Johnson to Tupac Shakur and Jay Z. Wald goes back to the dozens' roots, looking at mother-insulting and verbal combat from Greenland to the sources of the Niger, and shows its breadth of influence in the seminal writings of Richard Wright, Langston Hughes, and Zora Neale Hurston; the comedy of Richard Pryor and George Carlin; the dark humor of the blues; the hip slang and competitive jamming of jazz; and in its ultimate evolution into the improvisatory battling of rap. From schoolyard games and rural work songs to urban novels and nightclub comedy, and pop hits from ragtime to rap, Wald uses the dozens as a lens to provide new insight into over a century of African American culture. A groundbreaking work, *Talking 'Bout Your Mama* is an essential book for anyone interested in African American cultural studies, history and linguistics, and the origins of rap music.

Stephanie Calman moves on from bad motherhood, failed grown-upness to the ultimate in tricky relationships: that of mother and daughter. In typically candid Calman style she serves up a painfully acute examination of the human condition, softened by the bellylaugh of recognition that will seize all who read her. As a generation finds itself parenting its parents while still trying to haul up its children, she has – once again – hit the zeitgeist firmly over the head.

Special Agent Gage Patterson has been working a string of baby kidnappings, but he agrees to help look into Carson's background. For fans of romantic suspense comes a heart-pounding thriller about loss, betrayal, and finding the strength to trust again.
