Art in the Lives of Immigrant Communities in the United States

Art in the Lives of Immigrant Communities in the United States is the first book to provide a comprehensive and lively analysis of the contributions of artists from America's newest immigrant communities--Africa, the Middle East, China, India, Southeast Asia, Central America, and Mexico. Adding significantly to our understanding of both the arts and immigration, multidisciplinary scholars explore tensions that artists face in forging careers in a new world and navigating between their home communities and the larger society. They address the art forms that these modern settlers bring with them; show how poets, musicians, playwrights, and visual artists adapt traditional forms to new environments; and consider the ways in which the communities' young people integrate their own traditions and concerns into contemporary expression.

Exploring, Experiencing, and Envisioning Integration in US Arts Education

This book explores the dedication of the New American Colleges & Universities to the purposeful integration of liberal education, professional studies, and civic engagement through the performing, literary, and visual arts. Examples of course level and programmatic integration of the arts are discussed from both an applied practice-based approach and a philosophical framework that posits student benefit from exploring, experiencing and envisioning creativity in their future professions. The authors believe that the development of professional skills in combination with the theoretical aspects of liberal arts curriculum, which traditionally includes music, theatre, art and literature, provides a high quality undergraduate educational experience that uniquely prepares students for adaptability in their careers and engaged citizenship grounded in the ability to think creatively, critically, and ethically.

The Cambridge Handbook of Social Problems:

The introduction of the Affordable Care Act in the United States, the increasing use of prescription drugs, and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty-first-century social problems. The Cambridge Handbook of Social Problems offers a wide-ranging roster of the social problems currently pressing for attention and amelioration. Unlike other works in this area, it also gives great consideration to theoretical and methodological discussions. This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems. It is suitable for classes in social problems, current events, and social theory. Featuring

the most current research, the Handbook provides an especially useful resource for sociologists and graduate students conducting research.

Diversity and Philanthropy at African American Museums

Diversity and Philanthropy at African American Museums is the first scholarly book to analyze contemporary African American museums from a multifaceted perspective. While it puts a spotlight on the issues and challenges related to racial politics that black museums collectively face in the 21st century, it also shines a light on how they intersect with corporate culture, youth culture, and the broader cultural world. Turning the lens to philanthropy in the contemporary era, Banks throws light on the establishment side of African American museums and demonstrates how this contrasts with their grassroots foundations. Drawing on over 80 in-depth interviews with trustees and other supporters of African American museums across the United States, this book offers an inside look at the world of cultural philanthropy. While patrons are bound together by being among the distinct group of cultural philanthropists who support black museums, the motivations and meanings underlying their giving depart in both subtle and considerable ways depending on race and ethnicity, profession, generation, and lifestyle. Revealing not only why black museums matter in the eyes of supporters, the book also complicates the conventional view that social class drives giving to cultural nonprofits. It also paints a vivid portrait of how diversity colors cultural philanthropy, and philanthropy more broadly, in the 21st century. Diversity and Philanthropy at African American Museums will be a valuable resource for scholars and practitioners engaged with African American heritage. It will also offer important insights for academics, as well as cultural administrators, nonprofit leaders, and fundraisers who are concerned with philanthropy and diversity.

American Immigration: An Encyclopedia of Political, Social, and Cultural Change

Thoroughly revised and expanded, this is the definitive reference on American immigration from both historic and contemporary perspectives. It traces the scope and sweep of U.S. immigration from the earliest settlements to the present, providing a comprehensive, multidisciplinary approach to all aspects of this critically important subject. Every major immigrant group and every era in U.S. history are fully documented and examined through detailed analysis of social, legal, political, economic, and demographic factors. Hot-topic issues and controversies - from Amnesty to the U.S.-Mexican Border - are covered in-depth. Archival and contemporary photographs and illustrations further illuminate the information provided. And dozens of charts and tables provide valuable statistics and comparative data, both historic and current. A special feature of this edition is the inclusion of more than 80 full-text primary documents from 1787 to 2013 - laws and treaties, referenda, Supreme Court cases, historical articles, and letters.

Our America

Explores how one group of Latin American artists express their relationship to American art, history and culture.

The Hero's Fight

A richly textured account of what it means to be poor in America Baltimore was once a vibrant manufacturing town, but today, with factory closings and steady job loss since the 1970s, it is home to some of the most impoverished neighborhoods in America. The Hero's Fight provides an intimate look at the effects of deindustrialization on the lives of Baltimore's urban poor, and sheds critical light on the unintended consequences of welfare policy on our most vulnerable communities. Drawing on her own uniquely immersive brand of fieldwork, conducted over the course of a decade in the neighborhoods of West Baltimore, Patricia Fernández-Kelly tells the stories of people like D. B. Wilson, Big Floyd, Towanda, and others whom the American welfare state treats with a mixture of contempt and pity—what Fernández-Kelly calls "ambivalent benevolence." She shows how growing up poor in the richest nation in the world involves daily interactions with agents of the state, an experience that differs significantly from that of more affluent populations. While ordinary Americans are treated as citizens and consumers, deprived and racially segregated populations are seen as objects of surveillance, containment, and punishment. Fernández-Kelly provides new insights into such topics as globalization and its effects on industrial decline and employment, the changing meanings of masculinity and femininity among the poor, social and cultural capital in poor neighborhoods, and the unique roles played by religion and entrepreneurship in destitute communities. Blending compelling portraits with in-depth scholarly

analysis, *The Hero's Fight* explores how the welfare state contributes to the perpetuation of urban poverty in America.

The Public Life of the Arts in America

Despite its size, quality, and economic impact, the arts community is not articulate about how they serve public interests, and few citizens have an appreciation of the myriad of public policies that influence American arts and culture. The contributors to this volume argue that U.S. policy can--and should--support the arts and that the arts, in turn serve a broad rather than an elite public. By encouraging policy-makers to systematically start investigating the crucial role and importance of all of the arts in the United States, *The Arts and Public Purpose* moves the field forward with fresh ideas, new concepts, and important new data.

Emergent Spaces

This book explores different emergent spaces where diverse urbanites spontaneously negotiate, make and remake urban spaces, create opportunities, produce social change, challenge urban life, culture, and politics, or simply ask for their right to the city. The focus of this book is on spaces and contexts where change is seeded, regardless of whether it was planned and whether it was or will be successful in the end. Contributors analyze the seeds of change at their very inception in diverse cultural contexts across four continents. How do small groups of ordinary and often also disenfranchised people design, suggest and implement ideas of change? How do they use and remake small urban spaces to better suit their purposes, voice claims to the city, create opportunities, and design better urban lives and futures? The emphasis of this volume is not on the nature of activities and change, but on the minute processes of initiating change.

Latino/a Literature in the Classroom

In one of the most rapidly growing areas of literary study, this volume provides the first comprehensive guide to teaching Latino/a literature in all variety of learning environments. Essays by internationally renowned scholars offer an array of approaches and methods to the teaching of the novel, short story, plays, poetry, autobiography, testimonial, comic book, children and young adult literature, film, performance art, and multi-media digital texts, among others. The essays provide conceptual vocabularies and tools to help teachers design courses that pay attention to: Issues of form across a range of storytelling media Issues of content such as theme and character Issues of historical periods, linguistic communities, and regions Issues of institutional classroom settings The volume innovatively adds to and complicates the broader humanities curriculum by offering new possibilities for pedagogical practice.

Understanding the Arts and Creative Sector in the United States

The arts and creative sector is one of the nation's broadest, most important, and least understood social and economic assets, encompassing both nonprofit arts and cultural organizations, for-profit creative companies, such as advertising agencies, film producers, and commercial publishers, and community-based artistic activities. The thirteen essays in this timely book demonstrate why interest in the arts and creative sector has accelerated in recent years, and the myriad ways that the arts are crucial to the social and national agenda and the critical issues and policies that relate to their practice. Leading experts in the field show, for example, how arts and cultural policies are used to enhance urban revitalization, to encourage civic engagement, to foster new forms of historic preservation, to define national identity, to advance economic development, and to regulate international trade in cultural goods and services. Illuminating key issues and reflecting the rapid growth of the field of arts and cultural policy, this book will be of interest to students at both the undergraduate and graduate levels, to arts educators and management professionals, government agency and foundation officials, and researchers and academics in the cultural policy field.

Civic Hopes and Political Realities

For many Americans, participation in community organizations lays the groundwork for future political engagement. But how does this traditional model of civic life relate to the experiences of today's immigrants? Do community organizations help immigrants gain political influence in their neighborhoods and cities? In *Civic Hopes and Political Realities*, experts from a wide range of disciplines explore the

way civic groups across the country and around the world are shaping immigrants' quest for political effectiveness. *Civic Hopes and Political Realities* shows that while immigrant organizations play an important role in the lives of members, their impact is often compromised by political marginalization and a severe lack of resources. S. Karthick Ramakrishnan and Irene Bloemraad examine community organizations in six cities in California and find that even in areas with high rates of immigrant organizing, policymakers remain unaware of local ethnic organizations. Looking at new immigrant destinations, Kristi Andersen finds that community organizations often serve as the primary vehicle for political incorporation—a role once played by the major political parties. Floris Vermeulen and Maria Berger show how policies in two European cities lead to very different outcomes for ethnic organizations. Amsterdam's more welcoming multicultural policies help immigrant community groups attain a level of political clout that similar organizations in Berlin lack. Janelle Wong, Kathy Rim, and Haven Perez report on a study of Latino and Asian American evangelical churches. While the church shapes members' political views on issues such as abortion and same-sex marriage, church members may also question the evangelical movement's position on such issues as civil rights and immigration. Els de Graauw finds that many non-profit organizations without explicitly political agendas nonetheless play a crucial role in advancing the political interests of their immigrant members. Recent cuts in funding for such organizations, she argues, block not only the provision of key social services, but also an important avenue for political voice. Looking at community organizing in a suburban community, Sofya Aptekar finds that even when immigrant organizations have considerable resources and highly educated members, they tend to be excluded from town politics. Some observers worry that America's increasing diversity is detrimental to civic life and political engagement. *Civic Hopes and Political Realities* boldly advances an alternative understanding of the ways in which immigrants are enriching America's civic and political realms—even in the face of often challenging circumstances.

The Practice of U.S. Women's History

In the last several decades, U.S. women's history has come of age. Not only have historians challenged the national narrative on the basis of their rich explorations of the personal, the social, the economic, and the political, but they have also entered into dialogues with each other over the meaning of women's history itself. In this collection of seventeen original essays on women's lives from the colonial period to the present, contributors take the competing forces of race, gender, class, sexuality, religion, and region into account. Among many other examples, they examine how conceptions of gender shaped government officials' attitudes towards East Asian immigrants; how race and gender inequality pervaded the welfare state; and how color and class shaped Mexican American women's mobilization for civil and labor rights.

Atlas of African-American History

A comprehensive history of African Americans, including culture, slavery, and civil rights.

Authenticity and the Public Literary Self

This is the first book-length study on how authors of color present themselves in public literary discourse. The study utilizes data obtained from and around exemplary empirical case study participants – Junot Diaz, Madeleine Thien, and Mohsin Hamid. Relevant data includes the case study authors' Twitter usage and the impact of the digital sphere in author self-presentation. Dr Iyer employs a combined theoretical framework of discourse analysis and interactional sociolinguistics, with an awareness of literary and creative writing studies. The theoretical approach uses four metapragmatic stereotypes regarding what constitutes an 'authentic' author. The theoretical approach and metapragmatic stereotype form an evaluative framework that can be applied on diverse data to replicate findings. The study originated from the author's own exposure to prevailing literary discourse through public engagements as a writer. She became aware of the problematic nature of an author's public self-presentation, with a requirement to 'be yourself'. Each celebrity author of color faces a paradoxical positioning within literary discourse as a result of that requirement. Through her study, Dr Iyer sought to discover how authors of color negotiate themselves in public spheres, including digital social media platforms, in order to accomplish 'authenticity' discursively. This book is ideal for learners and practitioners in creative writing who are seeking strategies for self-presentation as published authors. It is also valuable for researchers in discourse analysis, including literary discourse and social media discourse, providing an empirical means of evaluating 'authenticity' as understood in contemporary times.

The Other American Moderns

In *The Other American Moderns*, ShiPu Wang analyzes the works of four early twentieth-century American artists who engaged with the concept of “Americanness”: Frank Matsura, EitarM Ishigaki, Hideo Noda, and Miki Hayakawa. In so doing, he recasts notions of minority artists’ contributions to modernism and American culture. Wang presents comparative studies of these four artists’ figurative works that feature Native Americans, African Americans, and other racial and ethnic minorities, including Matsura and Susan Timento Pose at Studio (ca. 1912), *The Bonus March* (1932), *Scottsboro Boys* (1933), and *Portrait of a Negro* (ca. 1926). Rather than creating art that reflected “Asian aesthetics,” Matsura, Ishigaki, Noda, and Hayakawa deployed “imagery of the Other by the Other” as their means of exploring, understanding, and contesting conditions of diaspora and notions of what it meant to be American in an age of anti-immigrant sentiment and legislation. Based on a decade-long excavation of previously unexamined collections in the United States and Japan, *The Other American Moderns* is more than a rediscovery of “forgotten” minority artists: it reconceives American modernism by illuminating these artists’ active role in the shaping of a multicultural and cosmopolitan culture. This nuanced analysis of their deliberate engagement with the ideological complexities of American identity contributes a new vision to our understanding of non-European identity in modernism and American art.

Decolonizing Ethnography

In August 2011, ethnographers Carolina Alonso Bejarano and Daniel M. Goldstein began a research project on undocumented immigration in the United States by volunteering at a center for migrant workers in New Jersey. Two years later, Lucía López Juárez and Mirian A. Mijangos García—two local immigrant workers from Latin America—joined Alonso Bejarano and Goldstein as research assistants and quickly became equal partners for whom ethnographic practice was inseparable from activism. In *Decolonizing Ethnography* the four coauthors offer a methodological and theoretical reassessment of social science research, showing how it can function as a vehicle for activism and as a tool for marginalized people to theorize their lives. Tacking between personal narratives, ethnographic field notes, an original bilingual play about workers’ rights, and examinations of anthropology as a discipline, the coauthors show how the participation of Mijangos García and López Juárez transformed the project’s activist and academic dimensions. In so doing, they offer a guide for those wishing to expand the potential of ethnography to serve as a means for social transformation and decolonization.

The Encyclopedia of New York City

Covering an exhaustive range of information about the five boroughs, the first edition of *The Encyclopedia of New York City* was a success by every measure, earning worldwide acclaim and several awards for reference excellence, and selling out its first printing before it was officially published. But much has changed since the volume first appeared in 1995: the World Trade Center no longer dominates the skyline, a billionaire businessman has become an unlikely three-term mayor, and urban regeneration—Chelsea Piers, the High Line, DUMBO, Williamsburg, the South Bronx, the Lower East Side—has become commonplace. To reflect such innovation and change, this definitive, one-volume resource on the city has been completely revised and expanded. The revised edition includes 800 new entries that help complete the story of New York: from Air Train to E-ZPass, from September 11 to public order. The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations. Virtually all existing entries—spanning architecture, politics, business, sports, the arts, and more—have been updated to reflect the impact of the past two decades. The more than 5,000 alphabetical entries and 700 illustrations of the second edition of *The Encyclopedia of New York City* convey the richness and diversity of its subject in great breadth and detail, and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis.

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954

In *Church and Society in Hungary and in the Hungarian Diaspora*, Nándor Dreisziger tells the story of Christianity in Hungary and the Hungarian diaspora from its earliest years until the present. Beginning with the arrival of Christianity in the middle Danube basin, Dreisziger follows the fortunes of the Hungarians’ churches through the troubled times of the Middle Ages, the years of Ottoman and Habsburg domination, and the turmoil of the twentieth century: wars, revolutions, foreign occupations, and totalitarian rule. Complementing this detailed history of religious life in Hungary, Dreisziger describes the fate of the churches of Hungarian minorities in countries that received territories from the old

Kingdom of Hungary after the First World War. He also tells the story of the rise, halcyon days, and decline of organized religious life among Hungarian immigrants to Western Europe, the Americas, and elsewhere. The definitive guide to the dramatic history of Hungary's churches, Church and Society in Hungary and in the Hungarian Diaspora chronicles their proud past and speculates about their uncertain future.

Church and Society in Hungary and in the Hungarian Diaspora

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Congressional Record

Latinas in the United States: A Historical Encyclopedia records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez-Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, comadres, and landowners, as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after EuroAmerican colonization and conquest; the early-19th-century migration of Puerto Ricans and Cubans; 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics; and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, Latinas in the United States offers a mosaic of historical experiences, detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action, while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty. "Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them." -- curledup.com

Latinas in the United States, set

Putting Their Hands on Race is an intersectional and comparative labor history of southern African American and Irish immigrant women who labored as domestic workers after migrating to northeastern cities during the nineteenth and twentieth centuries.

Resources in Education

Article abstracts and citations of reviews and dissertations covering the United States and Canada.

Putting Their Hands on Race

This beautifully illustrated book explores the links between art and the experience of immigration from Latin America to the United States. The authors use the powerful retablos of Peruvian artist Nicario Jiménez Quispe, who now lives and works in the United States, to offer creative new insights on the bitter debates that are dividing our nation.

America, History and Life

Within the cultural and literary context of contemporary Portugal and Western literature, 1998 was unquestionably the year that Portuguese writing gained international recognition as Jos Saramago became the first Portuguese writer ever to receive the Nobel Prize in literature. Readers who had never thought about Portuguese letters began to consume his books and, most importantly, opted for expanding their reading lists to include other important writers not only from Portugal, but from Portuguese-speaking well beyond the borders of Portugal. Global Impact of the Portuguese Language is a collection of Portuguese writing that is as rich in content and broad in scope as the diversity of its topics and writing modes of its contributors. The book is divided into three major parts. Part 1, "Different Cultural Perspectives of Portuguese Writing," contains thirteen chapters in which the first and opening one, "Portugal: The New Frontier" ably sets the stage for the book by examining from a

cultural perspective how Portugal, a peripheral country in the new world system, serves as a microcosm of the problems of cultural intercommunication in today's world. Subsequent chapters are grouped in three categories: "The Voices of the Writers," "Critical Approaches to Cames," and "Fictionalizing the Nation." Part 2, "Portuguese Language and Literature Outside Portugal," comprises one section devoted to the Portuguese language in Africa, followed by studies about Portuguese discoveries as part of the historical process of remembering and forging one's identity, and finally a comprehensive historical development of Portuguese writing, both in Portuguese and English, in the United States. Part 3, "Portuguese Literature and Criticism Available in English: Suggested Readings" details the recent literary happenings which point to a possible renaissance in Portuguese literary production. The concluding part of this volume offers a short, comprehensive listing of anthologies, general studies, and the most popular translations of the best of Portuguese writing from Portugal and Africa. This lively volume constitutes a first pioneering effort to contribute to a deepening appreciation and understanding of Portuguese writing. Anyone interested in ethnic writing will find this book an invaluable education resource with which to begin an exploration of Portuguese writing in the United States. Asela Rodriguez de Laguna is associate professor of Spanish and director of the Hispanic Civilization & Language Studies Program. She is the author of *Notes on Puerto Rican Literature: Images and Identities: An Introduction*, and editor of *Images and Identities: The Puerto Rican in Two World Contexts*.

Immigration in the Visual Art of Nicario Jiménez Quispe

Though the dynamics of immigrant family life has gained attention from scholars, little is known about the younger generation, often considered "invisible." *Translating Childhoods*, a unique contribution to the study of immigrant youth, brings children to the forefront by exploring the "work" they perform as language and culture brokers, and the impact of this largely unseen contribution. Skilled in two vernaculars, children shoulder basic and more complicated verbal exchanges for non-English speaking adults. Readers hear, through children's own words, what it means to be "in the middle" or the "keys to communication" that adults otherwise would lack. Drawing from ethnographic data and research in three immigrant communities, Marjorie Faulstich Orellana's study expands the definition of child labor by assessing children's roles as translators as part of a cost equation in an era of global restructuring and considers how sociocultural learning and development is shaped as a result of children's contributions as translators.

Global Impact of the Portuguese Language

The 1960s are commonly considered to be the beginning of a distinct "teenage culture" in America. But did this highly visible era of free love and rock 'n' roll really mark the start of adolescent defiance? In *Inventing Modern Adolescence* Sarah E. Chinn follows the roots of American teenage identity further back, to the end of the nineteenth and beginning of the twentieth centuries. She argues that the concept of the "generation gap"—a stereotypical complaint against American teens—actually originated with the division between immigrant parents and their American-born or -raised children. Melding a uniquely urban immigrant sensibility with commercialized consumer culture and a youth-oriented ethos characterized by fun, leisure, and overt sexual behavior, these young people formed a new identity that provided the framework for today's concepts of teenage lifestyle. Addressing the intersecting issues of urban life, race, gender, sexuality, and class consciousness, *Inventing Modern Adolescence* is an authoritative and engaging look at a pivotal point in American history and the intriguing, complicated, and still very pertinent teenage identity that emerged from it.

Translating Childhoods

Introduces key terms, research frameworks, debates, and histories for Asian American Studies Born out of the Civil Rights and Third World Liberation movements of the 1960s and 1970s, Asian American Studies has grown significantly over the past four decades, both as a distinct field of inquiry and as a potent site of critique. Characterized by transnational, trans-Pacific, and trans-hemispheric considerations of race, ethnicity, migration, immigration, gender, sexuality, and class, this multidisciplinary field engages with a set of concepts profoundly shaped by past and present histories of racialization and social formation. The keywords included in this collection are central to social sciences, humanities, and cultural studies and reflect the ways in which Asian American Studies has transformed scholarly discourses, research agendas, and pedagogical frameworks. Spanning multiple histories, numerous migrations, and diverse populations, *Keywords for Asian American Studies* reconsiders and recal-

brates the ever-shifting borders of Asian American studies as a distinctly interdisciplinary field. Visit keywords.nyupress.org for online essays, teaching resources, and more.

Inventing Modern Adolescence

Through interviews with three generations of Yalálag Zapotecs ("Yaláltecos") in Los Angeles and Yalálag, Oaxaca, this book examines the impact of international migration on this community. It traces five decades of migration to Los Angeles in order to delineate migration patterns, community formation in Los Angeles, and the emergence of transnational identities of the first and second generations of Yalálag Zapotecs in the United States, exploring why these immigrants and their descendents now think of themselves as Mexican, Mexican Indian immigrants, Oaxaqueños, and Latinos—identities they did not claim in Mexico. Based on multi-site fieldwork conducted over a five-year period, Adriana Cruz-Manjarrez analyzes how and why Yalálag Zapotec identity and culture have been reconfigured in the United States, using such cultural practices as music, dance, and religious rituals as a lens to bring this dynamic process into focus. By illustrating the sociocultural, economic, and political practices that link immigrants in Los Angeles to those left behind, the book documents how transnational migration has reflected, shaped, and transformed these practices in both their place of origin and immigration.

Keywords for Asian American Studies

Honoring relatives by tending graves, building altars, and cooking festive meals has been an honored tradition among Latin Americans for centuries. The tribute, "el Día de los Muertos," has enjoyed renewed popularity since the 1970s when Latino activists and artists in the United States began expanding "Day of the Dead" north of the border with celebrations of performance art, Aztec danza, art exhibits, and other public expressions. Focusing on the power of ritual to serve as a communication medium, Regina M. Marchi combines a mix of ethnography, historical research, oral history, and critical cultural analysis to explore the manifold and unexpected transformations that occur when the tradition is embraced by the mainstream. A testament to the complex nature of ethnic identity, *Day of the Dead in the USA* provides insight into the power of ritual to create community, transmit oppositional messages, and advance educational, political, and economic goals.

How the Other Half Lives

If life was hard for all under the Soviet regime, how much more difficult was it to be a dissident artist? For those who did not belong to the dominant school of Socialist Realism, it could be a life of great risk. Often forced to scavenge for materials to use in paintings and sculptures, these artists led both a sometimes dangerous, illicit underground life, as well as an acceptable public life. In *Soviet Dissident Artists*, Renee Baigell and Matthew Baigell interview nearly fifty former dissident artists to better understand their struggles under Soviet rule and their desires to maintain their sense of inner freedom. In these probing interviews, the artists chronicle their hardships and their friendships under the old Communist regime from the 1950s to the 1980s. They relate their confrontations with the KGB and other government organizations--sometimes with tragic consequences--and how they managed to survive and create subversive work in their spare time. Recording experiences largely unknown to Western artists, these interviews describe one of the great heroic stories of the last half of the twentieth century.

Zapotecs on the Move

In this book, eleven men and women share their extraordinary stories of fleeing life-threatening hardship in their home countries in search of a better life in the United States. Giving a voice to refugees from such far-flung locations as Eritrea, Guatemala, Poland, Syria, and Vietnam, it weaves together a rich tapestry of human resilience, suffering, and determination.

The Italian Americans

This riveting story of the typhus and cholera epidemics that swept through New York City in 1892 has been updated with a new preface that tackles the COVID-19 pandemic. Winner, 2003 Arthur J. Viselstear Prize for Outstanding Book in the History of Public Health, American Public Health Association *In Quarantine!* Howard Markel traces the course of the typhus and cholera epidemics that swept through New York City in 1892. The story is told from the point of view of those involved—the public health doctors who diagnosed and treated the victims, the newspaper reporters who covered the stories, the government officials who established and enforced policy, and, most importantly, the

immigrants themselves. Drawing on rarely cited stories from the Yiddish American press, immigrant diaries and letters, and official accounts, Markel follows the immigrants on their journey from a squalid and precarious existence in Russia's Pale of Settlement, to their passage in steerage, to New York's Lower East Side, to the city's quarantine islands. This updated edition features a new preface from the author that reflects on the themes of the book in light of the COVID-19 pandemic. At a time of renewed anti-immigrant sentiment and newly emerging infectious diseases, *Quarantine!* provides a historical context for considering some of the significant problems that face American society today.

Day of the Dead in the USA

"This publication accompanies the first survey of Willie Cole's work from the late 1980s to the present. Cole was born and raised in New Jersey and has resided in the state his entire life. The exhibition and catalogue focus on Cole's mixed media sculptural works made from salvaged irons, blow dryers, ironing boards, high-heeled shoes, lawn jockeys, and bicycle parts; paintings and drawings made of iron scorch marks, and prints. Cole's consumer and domestic objects assume the appearance of objects from another time, culture, or place, transformed into powerful cultural and spiritual evocations referencing African and global culture. His art is solidly based in studious appreciation rather than humorous imitation or ironic appropriation." "The exhibition was organized by Patterson Sims. In this catalogue, Sims offers a broad introduction to Cole and detailed descriptions of the works included in the show. The text traces Cole's thinking, process, and evolution and the influence of his life-long residency in New Jersey. This catalogue also includes an insightful interview between the artist and Leslie King-Hammond, Dean of Graduate Studies, Maryland Institute College of Art; a short essay by Lowery Stokes Sims, President of the Studio Museum in Harlem, related to Cole's pivotal 1988-89 artist residency there; and an extensive chronology and professional history of the artist."--BOOK JACKET.

Hue & Cry

1579, St Andrews. Hew Cullan, a young lawyer, returns home from studying in Paris. But it proves to be a cold homecoming as Hew's friend, university regent Nicholas Colp, is accused of murdering a thirteen-year-old boy. The boy was a private pupil of Nicholas, and salacious gossip backed up by incriminating letters have him judged, convicted, and heading for the hangman's noose. Investigating the crime, Hew uncovers a dark tale of duplicity and passion amidst a world of religious piety and the chilling austerity of university life. From a case that seems to be open and shut, a Pandora's Box of lies and corruption emerges. Hue & Cry is the first in the must-read series of Hew Cullan Mysteries, for fans of thrilling historical fiction.

Hue and Cry

1579, St. Andrews. A thirteen-year old boy meets his death on the streets of the university city of St. Andrews and suspicion falls upon one of the regents at the university, Nicholas Colp. Hew Cullan, a young lawyer recently returned home from Paris, uncovers a complex tale of passion and duplicity, of sexual desire and tension within the repressive atmosphere of the Protestant Kirk and the austerity of the academic cloister.

Hue and Cry

1579, St. Andrews. A thirteen-year old boy meets his death on the streets of the university city of St. Andrews and suspicion falls upon one of the regents at the university, Nicholas Colp. Hew Cullan, a young lawyer recently returned home from Paris, uncovers a complex tale of passion and duplicity, of sexual desire in tension with the repressive atmosphere of the Protestant Kirk and the austerity of the academic cloister.

Hue and Cry

1581, Edinburgh. Running from his new responsibilities as head of the family in St Andrews, young lawyer Hew Cullan arrives in the vibrant capital of medieval Scotland. There he plans to publish his late father's book and quietly endure the completion of his legal training under an old family friend. Life in the whirl of Edinburgh is full of dangers and distractions for Hew. Beautiful women, fashionable living and the treacherous world of the law threaten to turn his head. But a brutal murder and hints of a long-hidden mystery draw him into a deadly game against an unrepentant foe. When the game is murder, can Hew Cullan play to win? Fate & Fortune is the second Hew Cullan mystery by Shirley McKay.

Fate & Fortune

Featuring a half-Chinese detective protagonist, A GENTLEMAN'S MURDER is a must for those who love mysteries and reads like a Christie-esque whodunit with a modern eye toward the historical treatment of Chinese veterans and post-war racism.

A Gentleman's Murder

When Tom is sent to stay at his aunt and uncle's house for the summer, he resigns himself to endless weeks of boredom. As he lies awake in his bed he hears the grandfather clock downstairs strike . . . eleven . . . twelve . . . thirteen . . . Thirteen! Tom races down the stairs and out the back door, into a garden everyone told him wasn't there. In this enchanted thirteenth hour, the garden comes alive - but Tom is never sure whether the children he meets there are real or ghosts . . . This entrancing and magical story is one of the best-loved children's books ever written.

Tom's Midnight Garden

St Andrews, 1583, and tensions are running high. Dissension rages between King and councillors, and between separate factions of the Kirk. Hew Cullan is called to investigate a mysterious incident, and finds suspicion falling upon him as he is ensnared in a world of superstition, subterfuge and death. Hew Cullan finds himself once again in the company of his sister Meg and her husband, Giles Locke, in their most challenging case yet. Alliances are formed; there are old scores to be settled; old ghosts reappear and spies are abroad. The king's escape from captivity throws all into confusion, and as Hew's loves and loyalties are put to the test, his own life and future are no longer secure. Friend & Foe is the fourth Hew Cullan mystery by Shirley McKay.

Friend & Foe

The first book in an enthralling mystery series from award-winning author Peter May. "A WRITER I WOULD FOLLOW TO THE ENDS OF THE EARTH." --Marilyn Stasio, The New York Times Book Review "SHINES WITH INTRIGUE AND SUPERB PLOTTING." --USA Today Every step toward solving the case brings Scottish detective Fin Macleod closer to a dangerous confrontation with the dark events of the past that shaped--and nearly destroyed--his life. When a grisly murder occurs on the Isle of Lewis that bears similarities to a brutal killing on mainland Scotland, Edinburgh detective and native of the Isle of Lewis Fin Macleod is dispatched to the Outer Hebrides to investigate, embarking at the same time on a voyage into his own troubled past. As Fin reconnects with the people and places of his tortured childhood, the desolate but beautiful island and its ancient customs assert their grip on his psyche.

The Blackhouse

Supplemented by three "temporary" indexes covering vols. 1-6, 7-12, and 13-18, compiled by Elizabeth J. Sherwood and Ida T. Hopper; published: Princeton, Princeton University Press, 1954-73. Beginning with v. 21, permanent cumulative indexes will appear after each decimal volume; vol. 21 provides an index to the first 20 vols. and replaces the earlier "temporary" indexes.

* Instant NEW YORK TIMES and USA TODAY bestseller ** GOODREADS CHOICE AWARD WINNER for BEST DEBUT and BEST ROMANCE of 2019 ** BEST BOOK OF THE YEAR* for VOGUE, NPR, VANITY FAIR, and more! * What happens when America's First Son falls in love with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, New York Times bestselling author of *The Unhoneymooners* "*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six*

Red, White & Royal Blue

A grisly murder. A vanishing corpse. A secret romance. A ghostly tale. An innocent accused. Set in the year of the Armada, 1588: *A Calendar of Crime* brings together five short stories featuring Hew Cullan. From the gruesome murder of a candlemaker to Spanish ghosts on Halloween, Shirley McKay delivers five gripping tales of mystery that will keep you reading long into the night.

1588: A Calendar of Crime

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. Reviews for *From Blood and Ash*: "Dreamy, twisty, steamy escapism. Take me back!" - New York Times bestseller Wendy Higgins "Jennifer Armentrout has the power to control my emotions with every word she writes. From swooning to crying to racing through the pages to find out what happens next, I couldn't stop reading about Hawke and Poppy, and you won't be able to either." - Brigid Kemmerer, New York Times Bestselling Author of *A Curse So Dark and Lonely* "Action, adventure, sexiness, and angst! *From Blood and Ash* has it all and double that. So many feels and so many moments it made me cheer for the character. Read. This. Book! You'll be obsessed!" - Tijan NYT bestselling author "*From Blood and Ash* is a phenomenal fantasy novel that is filled to the brim with danger, mystery and heart melting romance. I loved every single second of it and I couldn't get enough of this new fantastical world. A heart stopping start to what is clearly going to be a stunning series, perfect for both those who love fantasy and those who are new to the genre. A must read." Kayleigh, K-Books "If you think you are ready for *From Blood and Ash*, think again. Jennifer L. Armentrout has woven a new fantasy universe that will leave you reeling. Filled with action, heart wrenching twists and the most delicious romance, this unputdownable

novel comes with a warning: keep a fan close by, because the temperatures are about to rise." Elena, The Bibliotheque Blo "In this exciting new novel by Jennifer L. Armentrout, she introduces a fantastical world filled with immense detail, and characters who are poignant and fierce, Jennifer truly has out done herself!" – BookBesties "From Blood and Ash is a fantastic fantasy that will hook you immediately from the very first page! I loved every single moment and all of the characters are ones you will fall in love with! Jennifer L. Armentrout has done it again with her amazing writing skills and lots of detail! Get this book immediately!!!" - Amanda @Stuck In YA Books "Jennifer has stepped into the fantasy genre with this absolutely amazing novel. With characters you will love and more than a few twists and turns, get ready for one amazing adventure." -Perpetual Fangirl "This magnificent book has so many pieces in it: fantasy, mystery, forbidden romance, supernatural, lies, deceit, betrayal, love, friendship, family. And so, so, so many secrets your head will be spinning. Jennifer L. Armentrout has created another masterpiece that I will be rushing to buy, and will be telling everyone to read it ASAP!" ~Jeraca @My Nose in YA Books "From Blood to Ash is the first high fantasy book from Jennifer L Armentrout, but hopefully not the last. Like all her other works, her ability to create worlds, create swoon worthy men, and feisty strong female characters is amazing. Fantasy, mystery, romance, betrayal, love, and steamy scenes, this book has it all." - Lisa @ The Blonde Book Lover "From Blood & Ash is everything we love about JLA's fantasy writing...pumped up on steroids. There's epic world building and plot twists, a strong female lead, a swoon worthy book hottie, a steamy forbidden love story, and side characters that can't help but steal your heart. My mind was blown by the end of this book." - Kris S. (frantic4romantic) "Step into an exciting new fantasy world by Jennifer L. Armentrout, From Blood And Ash takes you on a fantastic ride with twists and turns galore. Characters you will love to laugh and cry with. A phenomenal start to an exciting new series." - Lori Dunn an avid reader "From Blood and Ash was everything I wanted in a high fantasy novel. The myths, the legends, the epic romance, and an adventure that will keep you on your toes beginning to end. I couldn't put the book down. Truly a brilliant start to what I believe will be yet another amazing series by Jennifer L. Armentrout." –Sabrina, Books Are My Life "Jennifer L. Armentrout takes her first step into the high fantasy genre with From Blood and Ash. A story of forbidden love, lies, secrets, and betrayal - it will leave you wanting more after the very last page." - Love Just Is Books "From Blood and Ash is like reading my favorite book for first time." - Raquel Herrera "With From Blood and Ash, Jennifer Armentrout successfully takes on the genre of high fantasy, proving, once again, that she is a master of her craft. Filled with epic adventure, forbidden romance, deceit, lies, and betrayal, FB&A draws you in from page one and refuses to let go!" - Erica, The Rest Just Falls Away "Jennifer L. Armentrout comes trough once again with From Blood and Ash as it kept me enthralled throughout the full book. You won't be able to put down this epic story once you start." - Julalicious Book Paradise "From Blood and Ash strikes the perfect balance between fantasy and romance elements leaving the world feeling live in and full while allowing the relationship between the main characters feeling real and authentic." - Nads Book Nook, Nadine Bergeron "Be prepared to spend your whole day reading From Blood and Ash. Once you start reading this high fantasy novel, you won't want to put it down." - Love Book Triangle "From Blood and Ash is absolutely breath taking. JLA does what she does best by creating a fantastical world filled with romance, lies, betrayal, adventure and all things we love and expect from JLA characters that melt our hearts and steal our hearts and souls. I cannot wait for the next one!" - Pia Colon "From Blood and Ash, Jennifer L. Armentrout brought to life a high fantasy that is enthralling. Another masterful addition to my collection. Get ready to stay on your toes from start to end." - Amy Oh, Reader by the Mountains "From Blood and Ash is the first high fantasy novel by Jennifer L Armentrout and she absolutely nails it. This is fantasy for skeptics and unbelievers because it makes you want to be a fantasy fan! This page turner makes you want to devour it in one night and at the same time savor every detail. Heart stopping and inspiring and grips you from page one." – Tracy Kirby "An intriguing puzzle of a world, a ruthless hero, a determine heroin, and a plot that will keep you up late, this book is one of the best I've read this year." – Valerie from Stuck In Books "From Blood and Ash, a thrilling high fantasy that packs a punch, each page will leave you wanting more!" - Tracey, Books & Other Pursuits

Ulysses

1582, St Andrews. A violent storm wrecks a ship nearby, and the only man about dies without revealing how he came to be there alone, or where the ship was headed. But neither he nor the wreck is really of interest to the townsfolk of St Andrews. Lashed to the deck of the ship is a windmill, a much-needed innovation for the town, but one which soon brings devastation as squabbling over its ownership breaks out. Tasked with tracing the ship to its source, reluctant lawyer Hew Cullan embarks on a journey that will take him far from the security of home and family to Ghent, in the war-torn Low Countries. But are

the truth and tragedy surrounding the windmill's real owner – and the death's connected to it – closer to home than Hew could ever imagine? *Time & Tide* is the third Hew Cullan mystery by Shirley McKay.

The New York Times Book Review Index, 1896-1970: Title index

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Look for all of Karen Marie Moning's sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG
BONUS: This edition contains an excerpt from Karen Marie Moning's Bloodfever.

From Blood and Ash

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Time & Tide

The moving and extraordinary story of an unheralded and virtually unknown Anzac action that occurred in Death Trap Valley on May 1st and 2nd 1915 during the period of the landing at Gallipoli and how the truth of what happened was corrupted by a noted historian.

Darkfever

Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malcolm Bradbury. It is published here for the first time.

When Scotland Was Jewish

Switched is the first novel in Amanda Hocking's bestselling trilogy, *Trylle*. Wendy Everly knew she was different the day her mother tried to kill her and accused her of having been switched at birth. Although

certain she's not the monster her mother claimed she is, she does feel that she doesn't quite fit in. She's bored and frustrated by her small-town life - and then there's the secret she can't tell anyone. Her mysterious ability - she can influence people's decisions, without knowing how, or why . . . When the intense and darkly handsome newcomer Finn suddenly turns up at her bedroom window one night, her world is turned upside down. He holds the key to her past, the answers to her strange powers and is the doorway to a place she never imagined could exist: Förening, the home of the Trylle. Finally everything makes sense. Among the Trylle she is not just different, but special. But what marks her out as chosen for greatness in this world also places her in grave danger. With everything around her changing, Finn is the only person she can trust. But dark forces are conspiring - not only to separate them, but to see the downfall of everything that Wendy cares about. The fate of Förening rests in Wendy's hands, and the decisions she and Finn make could change all their lives forever . . .

Jack's Journey

In the style of Stephenie Meyer, three tales of supernatural love that all hinge on a life-changing kiss. Three tales of supernatural love, each pivoting on a kiss that is no mere kiss, but an action with profound consequences for the kissers' souls: *Goblin Fruit*: In Victorian times, goblin men had only to offer young girls sumptuous fruits to tempt them to sell their souls. But what does it take to tempt today's savvy girls? *Spicy Little Curses*: A demon and the ambassador to Hell tussle over the soul of a beautiful English girl in India. Matters become complicated when she falls in love and decides to test her curse.

From Puritanism to Postmodernism

Discover one of the most beloved stories for children about a little girl who discovers a magical secret garden. After her parents' deaths, Mary Lennox is sent from India to her uncle's gloomy manor in Yorkshire. She is spoiled, contrary, and terribly lonely. One day she hears about a garden hidden and locked away in the grounds of the manor. Guided by a trusty robin, she finds the key to the secret door and unlocks a life she never imagined . . .

Switched

Disenfranchising Democracy examines the exclusions that accompany democratization and provides a theory of the expansion and restriction of voting rights.

Lips Touch: Three Times

By the author of *Black Narcissus*. 'Her craftsmanship is always sure; her understanding of character is compassionate and profound; her prose is pure, delicate, and gently witty' *New York Times* 'The motto was Pax but the word was set in a circle of thorns. Peace, but what a strange peace, made of unrelenting toil and effort.' Bruised by tragedy, Philippa Talbot leaves behind a successful career with the civil service for a new calling: to join an enclosed order of Benedictine nuns. In this small community of fewer than one hundred women, she soon discovers all the human frailties: jealousy, love, despair. But each crisis of heart and conscience is guided by the compassion and intelligence of the Abbess and by the Sisters' shared bond of faith and ritual. Away from the world, and yet at one with it, Philippa must learn to forgive and forget her past . . .

The Secret Garden

The *New York Times* bestseller about West Point's Class of 1966, by Pulitzer Prize-winning journalist and author Rick Atkinson. "A story of epic proportions [and] an awesome feat of biographical reconstruction."—*The Boston Globe* A classic of its kind, *The Long Gray Line* is the twenty-five-year saga of the West Point class of 1966. With a novelist's eye for detail, Rick Atkinson (author of the *Liberation Trilogy*) illuminates this powerful story through the lives of three classmates and the women they loved—from the boisterous cadet years, to the fires of Vietnam, to the hard peace and internal struggles that followed the war. The rich cast of characters also includes Douglas MacArthur, William C. Westmoreland, and a score of other memorable figures. The class of 1966 straddled a fault line in American history, and Atkinson's masterly book speaks for a generation of American men and women about innocence, patriotism, and the price we pay for our dreams

Disenfranchising Democracy

One of the most popular storytellers of all time, V.C. Andrews (*Flowers in the Attic*, *My Sweet Audrina*) continues an engrossing saga of psychological suspense with this second book of the Landry Family series—soon to be a Lifetime movie! Fate has whisked Ruby away from a simple life in the Louisiana Bayou but her new riches bring more treachery than happiness in this unputdownable and darkly evocative novel. Even a year removed from living in the bayou, Ruby still wonders at the splendor of her family's New Orleans mansion. She rejoices in the love of the father she had never known, even as true happiness remains as elusive as swamp mist. Her stepmother sneers at her backwater upbringing, and while discovering she has a twin sister should be a cause for joy, Gisselle has greeted Ruby with nothing but a bitter heart. When Ruby's father chooses an idyllic boarding school for his daughters' senior years, a fresh start with Gisselle seems possible. But Ruby's kind isn't welcome at Greenwood, and the legendarily strict headmistress plots with her stepmother to make life miserable. Worse, with her twin on a mission to break every school rule, Ruby is left to suffer the humiliating punishments. So when a terrible tragedy leaves Ruby alone in a world that never really wanted her, only her Cajun strength can give her daring escape plan any hope of success. The weather on the bayou was nothing compared to the storm about to tear through her family.

In this House of Brede

Young American Carina Rourke grew up in blissful innocence in the Middle East until at age fifteen she succumbed to her obsessive desire to search inside her mother's forbidden jewelry box. In so doing, she discovered a shocking family secret. On the heels of her discovery, she and her family pursued her father's dream of an exotic drive through the Middle East and Europe. This journey serves as a metaphor for the woman Carina became--a silent nomad searching for identity.

The Belfast Monthly Magazine

In July 1863 New York City experienced widespread rioting unparalleled in the history of the nation. Here for the first time is a scholarly analysis of the Draft Riots, dealing with motives and with the reasons for the recurring civil disorders in nineteenth-century New York: the appalling living conditions, the corruption of the civic government, and the geographical and economic factors that led up to the social upheaval.

The Long Gray Line

John Law argues that methods don't just describe social realities but are also involved in creating them. The implications of this argument are highly significant. If this is the case, methods are always political, and it raises the question of what kinds of social realities we want to create. Most current methods look for clarity and precision. It is usually said that only poor research produces messy findings, and the idea that things in the world might be fluid, elusive, or multiple is unthinkable. Law's startling argument is that this is wrong and it is time for a new approach. Many realities, he says, are vague and ephemeral. If methods want to know and help to shape the world, then they need to reinvent themselves and their politics to deal with mess. That is the challenge. Nothing less will do.

Pearl in the Mist

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

The Syrian Jewelry Box

The rule of faith was a summary of apostolic preaching and teaching made by writers of the early Christian centuries. As such it carries great importance for what the early church considered basic to its being and identity. It was not a fixed text, like a creed, but varied in wording and content according to circumstances. Yet, despite this flexibility and diversity, there is a clear Christ-centered, Trinitarian core at the heart of the rule shared by the early apostolic churches. In this short guide, Everett Ferguson introduces readers to the primary sources of our knowledge of the rule, the variety of ways in which ancient Christian authors spoke of the rule, and different scholarly attempts to interpret this ancient evidence. Ferguson argues that statements of the rule of faith were used to instruct new or potential

converts, to combat false teachings, and to provide a framework for interpreting the Scriptures. He maintains that the rule retains considerable importance for churches of the twenty-first century.

The Armies of the Streets

Accessible, challenging, funny, and one of the best reads on how to love others in any situation. Love and hospitality can change the way you see the world and others. That's exactly what modern-day theologian, Richard Beck, experienced when he first led a Bible study at a local maximum security prison. Beck believed the promise of Matthew 25 that states when we visit the prisoner, we encounter Jesus. Sure enough, God met Beck in prison. With his signature combination of biblical reflection, theological reasoning, and psychological insight, Beck shows how God always meets us when we entertain the marginalized, the oppressed, and the refugee. Stories from Beck's own life illustrate this truth -- God comes to him in the poor, the crippled, the smelly. Psychological experiments show how we are predisposed to appreciate those who are similar to us and avoid those who are unlike us. The call of the gospel, however, is to override those impulses with compassion, to "widen the circle of our affection." In the end, Beck turns to the Little Way of St. Thérèse of Lisieux for guidance in doing even the smallest acts with kindness, and he lays out a path that any of us can follow.

The Book of Mackay

Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Work by artists from Pierre Bonnard to Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An important reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso.

After Method

Shakespeare is both the world's most quoted author and a frequent quoter himself. This volume unites these creative practices.

The Philosophy of Mystery

This erudite volume examines the moral universe of the hit Netflix show Black Mirror. It brings together scholars in media studies, cultural studies, anthropology, literature, philosophy, psychology, theatre and game studies to analyse the significance and reverberations of Charlie Brooker's dystopian universe with our present-day technologically mediated life world. Brooker's ground-breaking Black Mirror anthology generates often disturbing and sometimes amusing future imaginaries of the dark side of ubiquitous screen life, as it unleashes the power of the uncanny. This book takes the psychoanalytic idea of the uncanny into a moral framework befitting Black Mirror's dystopian visions. The volume suggests that the Black Mirror anthology doesn't just make the viewer feel, on the surface, a strange recognition of closeness to some of its dystopian scenarios, but also makes us realise how very fragile, wavering, fractured, and uncertain is the human moral compass.
