The Lazy Genius Way

NEW YORK TIMES BESTSELLER • Being a Lazy Genius isn't about doing more or doing less. It's about doing what matters to you. "I could not be more excited about this book."—Jenna Fischer, actor and cohost of the Office Ladies podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls into place with Kendra's thirteen Lazy Genius principles, including: • Decide once • Start small • Ask the Magic Question • Go in the right order • Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

The Road to Resilience

An effective toolbox for facing timeless and uniquely modern struggles Whatever you might be facing, know that you are not alone. From Adam Przytula, mental health advocate and founder of Armed for Life, The Road to Resilience is a down-to-earth guide for getting through the challenges that young people face daily. Why I Write

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

I'll Go No More A-Roving

Praise for Somewhere I Have Never Traveled This fourth volume of Robert Ayres Carters autobiography takes the reader back to the 1970s. From the outside, Carters life seems conventional: he was an executive in the world of publishing and advertising, commuting between Long Island and Manhattan. Setting this work apart from the ordinariness of that sort of life is the clarity of his unflinching revelation of his private affairs, emotions, and thoughts. His struggles to become a writer of novels, his self-doubts, and his emotional and physical involvement with many women, and the collapse of two marriages are all described vividly with the skill of the accomplished novelist. Perhaps most poignant of all are his descriptions of his sense of loss from his separation from his two sons. -James Scanlon, Professor Emeritus of History, Randolph-Macon College

The Academic Writer's Toolkit

Berger's slim, user-friendly volume on academic writing is a gift to linguistically-stressed academics. Author of 60 published books, the author speaks to junior scholars and graduate students about the process and products of academic writing. He differentiates between business writing skills for memos, proposals, and reports, and the scholarly writing that occurs in journals and books. He has suggestions for getting the "turgid" out of turgid academic prose and offers suggestions on how to best structure various forms of documents for effective communication. Written in Berger's friendly, personal style, he shows by example that academics can write good, readable prose in a variety of genres.

The Making of Us

Beautifully written and deeply poignant, The Making of Us allows readers to walk alongside author and radio personality Sheridan Voysey during a transformational moment in his life journey. Picking up where Resurrection Year: Turning Broken Dreams Into New Beginnings left off, Sheridan helps us process what we can learn about our identities in the face of disappointment and change. Life had not gone according to plan for Sheridan Voysey and his wife, Merryn. When infertility ended their dream of becoming parents, they uprooted their lives and relocated from Australia to Oxford, England, so Merryn could pursue her professional goals. But the move meant Sheridan had to give up his well-established career in Christian radio, and though he was experiencing some success as a writer, he couldn't reconcile his expectations for his life with the reality he was living. Lost and directionless, he came to a sobering realization: I don't know who I am. Following the example of many a seeker, Sheridan

decided to pair his spiritual journey with a literal one: a hundred-mile pilgrimage along the northeast coast of England. Inspired by the life and influence of the monk Cuthbert, who was among the first to evangelize northern England in the 600s, Voysey and his friend DJ traveled on foot from the Holy Island of Lindisfarne to Durham, where the famed Lindisfarne Gospels were on display. What makes us who we are? What shapes our hopes and dreams, and how do we adjust when things don't go as we hoped? Can we recover if we make a choice that's less than perfect? Voysey tackles these questions and others as he deftly weaves together Cuthbert's story, the history of early Christianity in England, and his own struggle to find his identity and purpose. His introspective writing leads readers to consider their own stories and reflect on how God calls each of us to an identity bigger than any earthly role or career. Part travel memoir, part pilgrim's journal, *The Making of Us* is a quiet story including a chapter-by-chapter reflection guide, of trust in God's leading for our lives, no matter where our paths take us.

Writing Your Journal Article in Twelve Weeks

This book provides you with all the tools you need to write an excellent academic article and get it published.

I Guess I'll Write It Down

For fans of Beth Evan's comics and *I Really Didn't Think This Through*, a gorgeous journal featuring never-before-seen comics. Beth Evans has created a global brand bringing together people who yearn for a place to express their deepest feelings. With this warm, empathetic, and charming journal, she provides a safe, private space for people to record both the bad stuff—their fears and anxieties—and the good stuff—their ideas, hopes, and dreams. Packaged in a small, portable size perfect for bags, backpacks, and pockets, and featuring twenty-eight cartoons created exclusively for this diary, *I Guess I'll Write It Down* is a fun keepsake for Beth's fans and for journal writers looking for a cool place to keep track of essential moments in their lives.

The Letters of Sigmund Freud and Otto Rank

Sigmund Freud's relationship with Otto Rank was the most constant, close, and significant of his professional life. Freud considered Rank to be the most brilliant of his disciples. The two collaborated on psychoanalytic writing, practice, and politics; Rank was the managing director of Freud's publishing house; and after several years helping Freud update his masterpiece, *The Interpretation of Dreams*, Rank contributed two chapters. His was the only other name ever to be listed on the title page. This complete collection of the known correspondence between the two brings to life their twenty-year collaboration and their painful break. The 250 letters compiled by E. James Lieberman and Robert Kramer humanize and dramatize psychoanalytic thinking, practice, and organization from 1906 through 1925. The letters concern not just the work and trenchant contemporaneous observations of Freud and Rank but also their friendships, supporters, rivals, families, travels, and other personal and professional matters. Most interestingly, the letters trace Rank's growing independence, the father-son schism over Rank's "anti-Oedipal" heresy, his surprising reconciliation with Freud, and the moment when they parted ways permanently. A candid picture of how the pioneers of modern psychotherapy behaved with their patients, colleagues, and families—and each other—the correspondence between Freud and Rank demonstrates how psychoanalysis developed in relation to early twentieth-century science, art, philosophy, and politics. A rich primary source on psychiatry, history, and culture, *The Letters of Sigmund Freud and Otto Rank* is a cogent and powerful narrative of early psychoanalysis and its two most important personalities.

Writing in the Margins

The lives of Jack Mueller and John Rubaker unknowingly intertwine through the juxtaposition of fiction and reality. Both write in journals as a type of therapy -- Jack needs to understand the unwanted changes in his life, and John grapples with his inadequacies and depression. The journal entries change from a healing mechanism to nothing short of miraculous. Suddenly, wishes written down come true. Words create reality. Words create life changes. In a twist reminiscent of *Walter Mitty*, the characters live in medieval times, the Elizabethan era, and in the 1920's. Extraordinary twists and turns take the reader on an unforgettable adventure of the mind. This intriguing tale questions what is reality, what is fake, and whether one is better than the other.

I'll Stay As Long As I Can

I'll Stay as Long as I Can is the heartwarming story of an extraordinary family that learns the true meaning of love and humor when life hands them the cruelest of blows. This true and unique story is told through the diaries of the mother, Margy, and Claire, her youngest child. Margy faces divorce, career change, the discovery of son's autism, and finally her youngest child's illness with determination, optimism and hope. Claire starts her diary as a six-year-old girl who lives her life through her dolls, animals and fairies. Her diary is her best friend and remains by her side as she's forced to grow up all too soon, when she's diagnosed with a brain tumor at 14 years of age. Overnight, Claire goes from being a self-absorbed teenager, to an adult faced with a life threatening illness. She writes about her battle against cancer with courage, and insight. This book is told over a ten year period. It is the unforgettable story of a family that finds their love for each other gives them strength they need to face life's toughest battles.

With increasing candor and openness May Sarton's conversations have given an intimate view of her honest, courageous inner life. Best known to her many readers as a novelist and keeper of journals, Sarton sees herself pre-eminently as a poet. In the interviews collected here she speaks forthrightly about herself, her independence, and her writing. Although born in Belgium, Sarton is quintessentially American in her choice of solitude on which her personal well-being and writing depend. She is a modernist who has defined herself as an artist, with the occasionally painful recognition that all else

must finally be subordinated to her writing. Her journal *After the Stroke* makes clear that when she cannot write she stands on the edge of the abyss of nonbeing. These interviews offer Sartre's readers the model of a woman who has supported herself as a writer of achievement, who has made her way without the comforts of academic tenure, grants, or bestseller listings.

Interrupt My Sleep and I'll Interrupt Your Breathing

Exploring the social & contextual forces that shape the appearance of academic ability & disability, this book shows how these forces influence the perception of academic underachievement by minority students.

In this New York Times bestseller, you will discover how the calmness of Zen masters can help you stop time, refuel, and focus on the things that really matter. Our world is an overwhelming place. Each day's commitments to career and family take everything we've got, and we struggle to focus on our health, relationships, and purpose in life. Technology brings endless information to our fingertips, but the one thing we really want—a sense of satisfaction and contentment—remains out of reach. Pedram Shojai is here to change all of that. With practice, you can stop time, refuel, and focus on the things that really matter, even among the chaos that constantly surrounds us. His no-nonsense life mastery program brings together clear tools to elevate your existence. He guides you in learning to honor the body and mind, discharge stuck energy, and shake free from toxicity and excess stress. The world needs you to step up and live your life to the fullest. Pedram Shojai is the Urban Monk who can show you how to drink from infinity, find peace and prosperity, and thrive.

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

Eliza Cook's Journal

The Sun Still Shines, Living with Chronic Illness, (spirituality), by Janice Tucker, is a gripping, practical and moving book. Tucker draws inspiration from writers, philosophers and health care professionals,

from stories of friends with chronic illness, and her own personal 30-year journey with scleroderma. If you or a loved one are dealing with chronic illness, this message of hope is for you. Drawing inspiration from sources as diverse as Helen Keller, Michael J. Fox, and Henry David Thoreau, Jan Tucker courageously shares her personal journey dealing with chronic illness. From despair and desperation and soul searching to ultimately a spirit of acceptance and most importantly hope, it's a message that is worth reading for anyone whose life is impacted by chronic illness. Robert J. Riggs, Scleroderma Foundation Janice Rand Tucker was diagnosed with the CREST form of scleroderma in 1978. Unwilling to succumb to the negative predictions that accompanied her diagnosis, she dedicated herself to finding hope. During the intervening years she has written articles for the Scleroderma Foundation. This gripping, practical, and moving book, the result of many years of journal keeping, tells her story, providing numerous helpful and inspiring ways to cope with chronic illness. Throughout the book she includes quotations and practical suggestions from writers, philosophers, health care professionals and friends with chronic illness. Care givers will find her book useful in understanding their challenging role. Readers who are currently enjoying good health will appreciate their good fortune as they also find themselves educated and moved. If you are dealing with chronic illness, this book is for you! Donald Vedeler, Author of A Shipwreck Survivor's Tale: Letters to His Grandchildren, and two other novels
