NEW YORK TIMES BESTSELLER • The intimate, inspiring, and authoritative biography of Sandra Day O'Connor, America's first female Supreme Court justice, drawing on exclusive interviews and first-time access to Justice O'Connor's archives—as seen on PBS's American Experience “She’s a hero for our time, and this is the biography for our time.”—Walter Isaacson Finalist for the Los Angeles Times Book Prize • Named One of the Best Books of the Year by NPR and The Washington Post She was born in 1930 in El Paso and grew up on a cattle ranch in Arizona. At a time when women were expected to be homemakers, she set her sights on Stanford University. When she graduated near the top of her law school class in 1952, no firm would even interview her. But Sandra Day O'Connor's story is that of a woman who repeatedly shattered glass ceilings—doing so with a blend of grace, wisdom, humor, understatement, and cowgirl toughness. She became the first ever female majority leader of a state senate. As a judge on the Arizona Court of Appeals, she stood up to corrupt lawyers and humanized the law. When she arrived at the United States Supreme Court, appointed by President Ronald Reagan in 1981, she began a quarter-century tenure on the Court, hearing cases that ultimately shaped American law. Diagnosed with cancer at fifty-eight, and caring for a husband with Alzheimer's, O'Connor endured every difficulty with grit and poise. Women and men who want to be leaders and be first in their own lives—who want to learn when to walk away and when to stand their ground—will be inspired by O'Connor's example. This is a remarkably vivid and personal portrait of a woman who loved her family, who believed in serving her country, and who, when she became the most powerful woman in America, built a bridge forward for all women. Praise for First “Cinematic . . . poignant . . . illuminating and eminently readable . . . First gives us a real sense of Sandra Day O'Connor the human being. . . . Thomas gives O'Connor the credit she deserves.”—The Washington Post “[A] fascinating and revelatory biography . . . a richly detailed picture of [O'Connor's] personal and professional life . . . Evan Thomas's book is not just a biography of a remarkable woman, but an elegy for a worldview that, in law as well as politics, has disappeared from the nation's main stages.”—The New York Times Book Review

Sandra Day O'Connor

Sandra Day O'Connor, America's first woman justice, became the axis on which the Supreme Court turned. She was called the most powerful woman in America, and it was often said that to gauge the direction of American law, one need look only to O'Connor's vote. Then, just one year short of a quarter century on the bench, she surprised her colleagues and the nation by announcing her retirement. Drawing on information from once-private papers of the justices, hundreds of interviews with legal and political insiders, and the insight gained from nearly two decades of covering the Supreme Court, Joan Biskupic examines O'Connor's remarkable career, providing an in-depth account of her transformation from tentative jurist to confident architect of American law. The portrait that emerges is of a complex and multifaceted woman: lawyer, politician, legislator, and justice, as well as wife, mother, A-list society hostess, and competitive athlete. To all appearances, she was the polite lady in pearls, handbag on her arm. But in the back rooms of politics and the law, she was a determined, focused strategist. O'Connor was the feminist who, rather than rebel against the male-dominated system, worked from within -- and succeeded. As Biskupic demonstrates, Justice O'Connor became much more than a "first." During her twenty-four-year tenure, she wrote the decisions on some of the most controversial social battles of our

time. O'Connor's tie-breaking opinions on issues such as abortion rights, affirmative action, the death penalty, and religious freedom will have a lasting effect far into the future. O'Connor also cast one of the five votes that cut off the Florida recounts and allowed George W. Bush to take the White House in the 2000 contested presidential election. With an eye to the American people and a keen sense of public attitudes, she worked behind the scenes to shape the law and transform the legal standards by which future cases will be decided. From O'Connor's isolated upbringing on the Lazy B ranch in Arizona through her time as a state legislator to her rise as a justice -- along the way confronting her own personal challenges and crises, including breast cancer -- Biskupic presents a vivid, astute depiction of the justice -- and of the woman beneath the black robe. In so doing, Sandra Day O'Connor also provides an unprecedented look inside the exclusive, famously secretive High Court.

Out of Order

NEW YORK TIMES BESTSELLER "I called this book *Out of Order* because it reflects my goal, which is to share a different side of the Supreme Court. Most people know the Court only as it exists between bangs of the gavel, when the Court comes to order to hear arguments or give opinions. But the stories of the Court and the Justices that come from the 'out of order' moments add to the richness of the Court as both a branch of our government and a human institution."—Justice Sandra Day O'Connor

From Justice Sandra Day O'Connor, the first woman to sit on the United States Supreme Court, comes this fascinating book about the history and evolution of the highest court in the land. *Out of Order* sheds light on the centuries of change and upheaval that transformed the Supreme Court from its uncertain beginnings into the remarkable institution that thrives and endures today. From the early days of circuit-riding, when justices who also served as trial judges traveled thousands of miles per year on horseback to hear cases, to the changes in civil rights ushered in by Earl Warren and Thurgood Marshall; from foundational decisions such as *Marbury v. Madison* to modern-day cases such as *Hamdi v. Rumsfeld*, Justice O'Connor weaves together stories and lessons from the history of the Court, charting turning points and pivotal moments that have helped define our nation's progress. With unparalleled insight and her unique perspective as a history-making figure, Justice O'Connor takes us on a personal exploration, painting vivid pictures of Justices in history, including Oliver Wendell Holmes Jr., one of the greatest jurists of all time; Thurgood Marshall, whose understated and succinct style would come to transform oral argument; William O. Douglas, called "The Lone Ranger" because of his impassioned and frequent dissents; and John Roberts, whom Justice O'Connor considers to be the finest practitioner of oral argument she has ever witnessed in Court. We get a rare glimpse into the Supreme Court's inner workings: how cases are chosen for hearing; the personal relationships that exist among the Justices; and the customs and traditions, both public and private, that bind one generation of jurists to the next—from the seating arrangements at Court lunches to the fiercely competitive basketball games played in the Court Building's top-floor gymnasium, the so-called "highest court in the land." Wise, candid, and assured, *Out of Order* is a rich offering of inspiring stories of one of our country's most important institutions, from one of our country's most respected pioneers. Praise for *Out of Order* "[A] succinct, snappy account of how today's court—so powerful, so controversial and so frequently dissected by the media—evolved from such startlingly humble and uncertain beginnings."—The New York Times "A brief and accessible history of the nation's highest court, narrated by a true historical figure and a jurisprudential giant."—The Boston Globe "A vibrantly personal book [that] displays O'Connor's uncommon common sense, her dry wit and her reverence for the nation's institutions."—Richmond Times-Dispatch "Full of riveting anecdotes . . . a compact history . . . albeit a more lighthearted, personality-filled one than you might find in a high school classroom."—Associated Press

Sisters in Law

NEW YORK TIMES BESTSELLER WASHINGTON POST BESTSELLER The author of the celebrated *Victory* tells the fascinating story of the intertwined lives of Sandra Day O'Connor and Ruth Bader Ginsburg, the first and second women to serve as Supreme Court justices. The relationship between Sandra Day O'Connor and Ruth Bader Ginsburg—Republican and Democrat, Christian and Jew, western rancher's daughter and Brooklyn girl—transcends party, religion, region, and culture. Strengthened by each other's presence, these groundbreaking judges, the first and second to serve on the highest court in the land, have transformed the Constitution and America itself, making it a more equal place for all women. Linda Hirshman's dual biography includes revealing stories of how these trailblazers fought for their own recognition in a male-dominated profession—battles that would ultimately benefit every American woman. She also makes clear how these two justices have shaped

the legal framework of modern feminism, including employment discrimination, abortion, affirmative action, sexual harassment, and many other issues crucial to women's lives. *Sisters-in-Law* combines legal detail with warm personal anecdotes that bring these very different women into focus as never before. Meticulously researched and compellingly told, it is an authoritative account of our changing law and culture, and a moving story of a remarkable friendship.

First Among Equals

Today's United States Supreme Court consists of nine intriguingly varied justices and one overwhelming contradiction: Compared to its revolutionary predecessor, the Rehnquist Court appears deceptively passive, yet it stands as dramatically ready to defy convention as the Warren Court of the 1950s and 60s. Now Kenneth W. Starr—who served as clerk for one chief justice, argued twenty-five cases as solicitor general before the Supreme Court, and is widely regarded as one of the nation's most distinguished practitioners of constitutional law—offers us an incisive and unprecedented look at the paradoxes, the power, and the people of the highest court in the land. In *First Among Equals* Ken Starr traces the evolution of the Supreme Court from its beginnings, examines major Court decisions of the past three decades, and uncovers the sometimes surprising continuity between the precedent-shattering Warren Court and its successors under Burger and Rehnquist. He shows us, as no other author ever has, the very human justices who shape our law, from Sandra Day O'Connor, the Court's most pivotal—and perhaps most powerful—player, to Clarence Thomas, its most original thinker. And he explores the present Court's evolution into a lawyerly tribunal dedicated to balance and consensus on the one hand, and zealous debate on hotly contested issues of social policy on the other. On race, the Court overturned affirmative action and held firm to an undeviating color-blind standard. On executive privilege, the Court rebuffed three presidents, both Republican and Democrat, who fought to increase their power at the expense of rival branches of government. On the 2000 presidential election, the Court prevented what it deemed a runaway Florida court from riding roughshod over state law—illustrating how in our system of government, the Supreme Court is truly the first among equals. Compelling and supremely readable, *First Among Equals* sheds new light on the most frequently misunderstood legal pillar of American life.

The Majesty of the Law

NATIONAL BESTSELLER • “Shows us why Sandra Day O'Connor is so compelling as a human being and so vital as a public thinker.”—Michael Beschloss In this remarkable book, Sandra Day O'Connor explores the law, her life as a Supreme Court Justice, and how the Court has evolved and continues to function, grow, and change as an American institution. Tracing some of the origins of American law through history, people, ideas, and landmark cases, O'Connor sheds new light on the basics, exploring through personal observation the evolution of the Court and American democratic traditions. Straight-talking, clear-eyed, inspiring, *The Majesty of the Law* is more than a reflection on O'Connor's own experiences as the first female Justice of the Supreme Court; it also reveals some of the things she has learned and believes about American law and life—reflections gleaned over her years as one of the most powerful and inspiring women in American history.

Lazy B

The remarkable story of Sandra Day O'Connor's family and early life, her journey to adulthood in the American Southwest that helped make her the woman she is today: the first female justice of the U.S. Supreme Court and one of the most powerful women in America. “A charming memoir about growing up as sturdy cowboys and cowgirls in a time now past.”—USA Today In this illuminating and unusual book, Sandra Day O'Connor tells, with her brother, Alan, the story of the Day family, and of growing up on the harsh yet beautiful land of the Lazy B ranch in Arizona. Laced throughout these stories about three generations of the Day family, and everyday life on the Lazy B, are the lessons Sandra and Alan learned about the world, self-reliance, and survival, and how the land, people, and values of the Lazy B shaped them. This fascinating glimpse of life in the Southwest in the last century recounts an important time in American history, and provides an enduring portrait of an independent young woman on the brink of becoming one of the most prominent figures in America.

Sandra Day O'Connor

On July 1, 1981, President Ronald Reagan interviewed Sandra Day O'Connor as a candidate for the United States Supreme Court. A few days later, he called her. “Sandra, I'd like to announce your

nomination to the Court tomorrow. Is that all right with you?" Scared and wondering if this was a mistake, the little-known judge from Arizona was on her way to becoming the first woman justice and one of the most powerful women in the nation. Born in El Paso, Texas, O'Connor grew up on the Lazy B, a cattle ranch that spanned the Arizona-New Mexico border. There she learned lifelong lessons about self-reliance, hard work, and the joy of the outdoors. Ann Carey McFeatters sketches O'Connor's formative years there and at Stanford University and her inability to find a job--law firms had no interest in hiring a woman lawyer. McFeatters writes about how O'Connor juggled marriage, a career in law and politics, three sons, breast cancer, and the demands of fame. In this second volume in the Women's Biography Series, we learn how O'Connor became the Court's most important vote on such issues as abortion, affirmative action, the death penalty, the role of religion in society, and the election of a president, decisions that shaped a generation of Americans.

John Paul Jones

The New York Times bestseller from master biographer Evan Thomas brings to life the tumultuous story of the father of the American Navy. John Paul Jones, at sea and in the heat of the battle, was the great American hero of the Age of Sail. He was to history what Patrick O'Brian's Jack Aubrey and C.S. Forester's Horatio Hornblower are to fiction. Ruthless, indomitable, clever; he vowed to sail, as he put it, "in harm's way." Evan Thomas's minute-by-minute re-creation of the bloodbath between Jones's Bonhomme Richard and the British man-of-war Serapis off the coast of England on an autumn night in 1779 is as gripping a sea battle as can be found in any novel. Drawing on Jones's correspondence with some of the most significant figures of the American Revolution—John Adams, Benjamin Franklin, Thomas Jefferson—Thomas's biography teaches us that it took fighters as well as thinkers, men driven by dreams of personal glory as well as high-minded principle, to break free of the past and start a new world. Jones's spirit was classically American.

American Original

If the U.S. Supreme Court teaches us anything, it is that almost everything is open to interpretation. Almost. But what's inarguable is that, while the Court has witnessed a succession of larger-than-life jurists in its two-hundred-plus-year history, it has never seen the likes of Supreme Court Justice Antonin Scalia. Combative yet captivating, infuriating yet charming, the outspoken jurist remains a source of curiosity to observers across the political spectrum and on both sides of the ideological divide. But for all his public grandstanding, Scalia has managed to elude biographers—until now. In *American Original: The Life and Constitution of Supreme Court Justice Antonin Scalia*, the veteran Washington journalist Joan Biskupic presents for the first time a detailed portrait of this complicated figure and provides a comprehensive narrative that will engage Scalia's adherents and critics alike. Drawing on her long tenure covering the Court and on unprecedented access to the justice, Biskupic delves into the circumstances of his rise and the formation of his rigorous approach on the bench. This book shows us the man in power: his world, his journey, and the far-reaching consequences of a transformed legal landscape.

Chico

In this lively autobiographical story, young Sandra displays the forthright spirit that later helped her become the first woman to serve on the U.S. Supreme Court. Sandra loves the ranch where she lives with her mother and father. Most of all, she loves to ride her pony, Chico. One afternoon, Sandra and Chico ride far away from the house to visit a newborn calf. She doesn't watch where her horse is going, and soon there is a huge rattlesnake in the path. Sandra's quick thinking gets them safely home. But she learns an important lesson about taking care of herself and her horse -- and about overcoming her fears. Gorgeous full-color paintings perfectly capture the spare beauty of the Southwest and bring Sandra's adventure to thrilling life. Reinforced binding.

Finding Susie

On a ranch in the American Southwest, Sandra longs for a pet but each time she tries to adopt a wild animal, she concludes that it will be better off where it belongs.

Sandra Day O'Connor

A biography of Sandra Day O'Connor who, in 1981, became the first woman appointed as Supreme Court justice.

The Chief

An incisive biography of the Supreme Court's enigmatic Chief Justice, taking us inside the momentous legal decisions of his tenure so far. John Roberts was named to the Supreme Court in 2005 claiming he would act as a neutral umpire in deciding cases. His critics argue he has been anything but, pointing to his conservative victories on voting rights and campaign finance. Yet he broke from orthodoxy in his decision to preserve Obamacare. How are we to understand the motives of the most powerful judge in the land? In *The Chief*, award-winning journalist Joan Biskupic contends that Roberts is torn between two, often divergent, priorities: to carry out a conservative agenda, and to protect the Court's image and his place in history. Biskupic shows how Roberts's dual commitments have fostered distrust among his colleagues, with major consequences for the law. Trenchant and authoritative, *The Chief* reveals the making of a justice and the drama on this nation's highest court.

Sea of Thunder

Drawing on oral histories, diaries, correspondence, postwar testimony from both American and Japanese participants, and interviews with survivors, Thomas provides this riveting account of the Battle of Leyte Gulf in 1944, the culminating battle of the war in the Pacific. Photos.

The Man to See

This bestselling biography of legendary trial lawyer Edward Bennett Williams is "a skillful and lively portrait of a larger-than-life lawyer" (Kirkus Reviews). Williams' clients included Joe McCarthy, Frank Costello, Jimmy Hoffa, The Washington Post, and, just before Williams' death in 1988, Michael Milken. 16 pages of photographs.

My Own Words

"The first book from Ruth Bader Ginsburg since becoming a Supreme Court Justice in 1993--a ... collection of writings and speeches from the woman who has had [an] ... influence on law, women's rights, and popular culture"--

Biographical Encyclopedia of the Supreme Court

The recent dramatic shift in makeup of the U.S. Supreme Court has led to great interest in the rulings and legal opinions of its justices. Now, CQ Press brings you a comprehensive volume that analyzes the lives and legal philosophies of all past and present justices of the Court. *Biographical Encyclopedia of the Supreme Court* includes signed essays profiling the men and women who have served and are serving on the U.S. Supreme Court. This one-of-a-kind reference includes not only important biographical information, but also in-depth details of the legal contributions made by the men and women of the nation's highest bench. Keeping up with the recent changes to the Court, this volume includes all current justices. New essays profile Chief Justice John Roberts and Justice Samuel Alito. Justices are arranged in an easy-to-use alphabetical format. Each essay is prefaced with key biographical information for each justice such as: Birth and death dates Date of nomination to the Court The name of president who nominated the justice The date he or she was seated Date range of service on the Court Within each essay, written by a top legal expert, scholar, or journalist, *Biographical Encyclopedia of the Supreme Court* provides facts and context along with analysis of the opinions and legal philosophies for each justice. This new volume is an updated edition of *The Supreme Court Justices: A Biographical Dictionary* (1994). It will prove a valuable resource for academic, community college, law school, and public libraries.

The Very Best Men

Research from CIA archives and interviews relate the early history of the CIA and focus on four of the first spymasters--Frank Wisner, Richard Bissell, Tracy Barnes, and Desmond FitzGerald.

The War Lovers

On February 15, 1898, the American ship USS Maine mysteriously exploded in the Havana Harbor. News of the blast quickly reached U.S. shores, where it was met by some not with alarm but great enthusiasm. A powerful group of war lovers agitated that the United States exert its muscle across the seas. Theodore Roosevelt and Henry Cabot Lodge were influential politicians dismayed by the "closing" of the Western frontier. William Randolph Hearst's New York Journal falsely heralded that Spain's "secret infernal machine" had destroyed the battleship as Hearst himself saw great potential in whipping Americans into a frenzy. The Maine would provide the excuse they'd been waiting for. On the other side were Roosevelt's former teacher, philosopher William James, and his friend and political ally, Thomas Reed, the powerful Speaker of the House. Both foresaw a disaster. At stake was not only sending troops to Cuba and the Philippines, Spain's sprawling colony on the other side of the world-but the friendships between these men. Now, bestselling historian Evan Thomas brings us the full story of this monumental turning point in American history. Epic in scope and revelatory in detail, *The War Lovers* takes us from Boston mansions to the halls of Congress to the beaches of Cuba and the jungles of the Philippines. It is landmark work with an unforgettable cast of characters-and provocative relevance to today.

Sandra Day O'Connor

Examines the life of the first woman Supreme Court justice, including her childhood, early career, and work as a judge.

Sandra Day O'Connor

Have you ever wondered how a ranch girl from Arizona became one of the most powerful women in American history? "SANDRA DAY O'Connor: From Ranch Life to Supreme Heights: A Tale of Love, Law, and Legacy" is an exciting trip through Sandra Day O'Connor's life as the first woman to serve on the United States Supreme Court. This is more than a biography; it's a vibrant tapestry of American history as viewed through the eyes of an unusual woman's ascent to power. Inside, you'll find: **The Early Years:** Discover how O'Connor's upbringing on the Lazy B ranch in Arizona influenced her indomitable character. **Path to Greatness:** Follow her educational path from Stanford University to the halls of the Supreme Court, tearing down obstacles along the way. **Supreme Court Challenges:** Examine the complex issues and decisions that distinguished her service on the Supreme Court, demonstrating her legal competence and balanced judgment. **A Personal Story:** Learn about O'Connor's life outside of the courtroom, such as her long-lasting love affair with John Jay O'Connor and her position as a mother. **Understand the long-term influence of her rulings on American law and culture, as well as her position as a trailblazer for women in the court.** **Reflections & Insights:** Gain intimate insights from interviews, lectures, and writings that highlight this exceptional woman's knowledge and humanity. Anyone interested in American history, law, women's rights, or the amazing journey of a unique individual who ascended from a modest ranch life to the pinnacle of the American legal system should read this book. Begin this fascinating journey and let Sandra Day O'Connor's tale inspire you to achieve your greatness. Buy "SANDRA DAY O'Connor: From Ranch Life to Supreme Heights" today and immerse yourself in the life of a woman who permanently transformed the face of American law!

Margaret Fuller

Provides a portrait of Thoreau's editor and Emerson's friend, who was also a daring war correspondent and a crusader for women's rights who had a passion for her life's work, which was eclipsed by tragedy and scandal after her death at the age of forty.

Poe for Your Problems

When life's got you down and things aren't going your way, who better to turn to than Edgar Allan Poe? Discover how to say "nevermore" to your problems in this darkly comedic and refreshing self-help guide. Of all the writers anywhere, Poe would seem to be the least likely person you'd want to turn to for advice. His life was a complete dumpster fire: he had tons of failed relationships; not many people liked him; he was a drunk; he was always broke; he often went hungry; even his own death was somewhat of a mystery. However, that's also precisely the point. Somehow, even when Poe failed, he also persevered. Drawing deeply on his works and life, Catherine Baab-Muguira takes the familiar image of Poe in a new and surprising direction in this darkly inspiring self-help book. Despite what you might think, Edgar Allan Poe somehow is the perfect person to teach you to say "Nevermore, problems!" and show you how to use all the terrible situations, tough breaks, bad luck, and even your darkest emotions in novel

and creative ways to make a name for yourself and carve out your own unique, notorious place in the world. An inspirational tale for black sheep everywhere, *Poe for Your Problems* will teach you how to overcome life's biggest challenges and succeed at work, love, and art—despite the odds and no matter your flaws.

The Schoolhouse Gate

A Washington Post Notable Book of the Year A New York Times Book Review Editors' Choice An award-winning constitutional law scholar at the University of Chicago (who clerked for Judge Merrick B. Garland, Justice Stephen Breyer, and Justice Sandra Day O'Connor) gives us an engaging and alarming book that aims to vindicate the rights of public school students, which have so often been undermined by the Supreme Court in recent decades. Judicial decisions assessing the constitutional rights of students in the nation's public schools have consistently generated bitter controversy. From racial segregation to un-authorized immigration, from antiwar protests to compulsory flag salutes, from economic inequality to teacher-led prayer—these are but a few of the cultural anxieties dividing American society that the Supreme Court has addressed in elementary and secondary schools. *The Schoolhouse Gate* gives a fresh, lucid, and provocative account of the historic legal battles waged over education and illuminates contemporary disputes that continue to fracture the nation. Justin Driver maintains that since the 1970s the Supreme Court has regularly abdicated its responsibility for protecting students' constitutional rights and risked transforming public schools into Constitution-free zones. Students deriving lessons about citizenship from the Court's decisions in recent decades would conclude that the following actions taken by educators pass constitutional muster: inflicting severe corporal punishment on students without any procedural protections, searching students and their possessions without probable cause in bids to uncover violations of school rules, random drug testing of students who are not suspected of wrongdoing, and suppressing student speech for the view-point it espouses. Taking their cue from such decisions, lower courts have upheld a wide array of dubious school actions, including degrading strip searches, repressive dress codes, draconian "zero tolerance" disciplinary policies, and severe restrictions on off-campus speech. Driver surveys this legal landscape with eloquence, highlights the gripping personal narratives behind landmark clashes, and warns that the repeated failure to honor students' rights threatens our basic constitutional order. This magisterial book will make it impossible to view American schools—or America itself—in the same way

From the Trenches

Abhishek Singhvi is one of India's top lawyers, a man who has fought some of the country's most important and dramatic legal battles. In this fascinating book, he talks about the most important cases he fought and the bigger questions of law and justice they pose.

Right Turn

An entire generation has passed since the election that installed Ronald Reagan into the White House. This brisk narrative fills a significant gap in the literature on recent U.S. history, making use of diverse memoir material, journalistic accounts, biographies, and specialized policy studies, including those produced recently. Rather than focusing solely on the Reagan and Bush administrations or presidencies, *Right Turn* addresses the various policy, cultural, social, economic, and technological issues that made the 1980s and early 1990s such an interesting product of the events that preceded it--and such a vital force in American life that followed. Beginning in the late 1970s and concluding in the early 1990s, this book examines how conservative ideas and organizations reemerged from the shadows of the Great Depression and the New Deal. It describes national politics and public policies implemented by conservative Republicans, the dramatic climax of the Cold War, and the ways in which economic, legal, social, and cultural developments affected ordinary Americans in all their diversity. Featuring numerous photographs throughout and detailed guides to specialized readings at the end of each chapter, *Right Turn* is ideal for history and political science courses that cover post-1945 America as well as the 1980s and 1990s. -- Publishers description.

The Oxford Guide to United States Supreme Court Decisions

The Supreme Court has been the site of some of the great debates of American history, from child labor and prayer in the schools, to busing and abortion. *The Oxford Guide to United States Supreme Court Decisions* offers lively and insightful accounts of the most important cases ever argued before the Court, from *Marbury v. Madison* and *Scott v. Sandford* (the Dred Scott decision) to *Brown v. Board*

of Education and *Roe v. Wade*. This new edition of the Guide contains more than 450 entries on major Supreme Court cases, including 53 new entries on the latest landmark rulings. Among the new entries are *Bush v. Gore*, *Nixon v. United States*, *Gonzales v. Planned Parenthood Federation of America*, and *Rumsfeld v. Forum for Academic and Institutional Rights*. Four decisions (*Hamdi v. Bush*, *Hamdan v. Rumsfeld*, *Rasu v. Bush*, and *Rumsfeld v. Padilla*) are considered in a single essay entitled "Enemy Combatant Cases." Arranged alphabetically and written by eminent legal scholars, each entry provides the United States Reports citation, the date the case was argued and decided, the vote of the Justices, who wrote the opinion for the Court, who concurred, and who dissented. More important, the entries feature an informative account of the particulars of the case, the legal and social background, the reasoning behind the Court's decision, and the case's impact on American society. For this edition, Ely has added an extensive Further Reading section and revised the Case Index and Topical Index. For anyone interested in the great controversies of our time, this invaluable book is a must-read primer on the epic constitutional battles that have informed American life.

Sandra Day O'Connor

A biography that follows Sandra Day O'Connor from her childhood on an Arizona ranch, through her days as a young lawyer, to her appointment as the first female to be named to the Supreme Court.

Sandra Day O'Connor

Examines the life of the first woman Supreme Court justice, including her childhood, early career, and work as a judge.

The Supreme Court Compendium

"The Supreme Court Compendium: Data, Decisions, and Developments is a comprehensive collection of information on the Court and the justices -- past and present. The authors have enriched the second edition not only by adding current information to the tables now include data from the Vinson Court era drawn from the newly expanded U.S. Supreme Court Judicial Database. The second edition also features a list of Internet sites relating to the Court." -- Back cover.

American Life in the 1980s

American Life in the 1980s takes a look at the major events that occurred throughout this decade and offers information on the demographics of the United States at the time. Readers will gain an understanding of the politics, conflicts, science, inventions, pop culture, fashion, and sports of the decade, and they will learn about the legacy the 1980s left behind. Features include a glossary, a timeline, references, websites, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Sandra Day O'Connor

Appointed by President Ronald Reagan in 1981, Sandra Day O'Connor was the first woman to be appointed to the Supreme Court. This book celebrates the pioneering force Ms. O'Connor had during her service in the Supreme Court between 1981 - 2006. In 2009, her accomplishments were honored when President Obama presented her with the Presidential Medal of Freedom. A native Texan, Ms. O'Connor is considered to be a tough moderate conservative. This book examines all aspects of Sandra Day O'Connor's life including her childhood, education, and early influences. A timeline of events is included along with a glossary of terms which defines history-specific terms. This bright and engaging volume includes primary source photos, quote and excerpts which round out this must-have book about this highly important and worldly individual.

Sandra Day O'Connor

Recounts the life and career of the first woman to sit on the United States Supreme Court, and discusses some of the cases she helped to decide

Making China Modern

Klaus Mühlhahn situates modern China in the nation's long, dynamic tradition of overcoming adversity and weakness through creative adaptation--a legacy of crisis and recovery that is apparent today in

China's triumphs but also in its most worrisome trends. Mühlhahn's panoramic survey rewrites the history of modern China for a new generation.

The Presence of Grace and Other Book Reviews by Flannery O'Connor

During the 1950s and early 1960s Flannery O'Connor wrote more than a hundred book reviews for two Catholic diocesan newspapers in Georgia. This full collection of these reviews nearly doubles the number that have appeared in print elsewhere and represents a significant body of primary materials from the O'Connor canon. We find in the reviews the same personality so vividly apparent in her fiction and her lectures--the unique voice of the artist that is one clear sign of genius. Her spare precision, her humor, her extraordinary ability to permit readers to see deeply into complex and obscure truths--all are present in these reviews and letters.

House of Earth and Blood

A #1 New York Times bestseller! Sarah J. Maas's brand-new CRESCENT CITY series begins with *House of Earth and Blood*: the story of half-Fae and half-human Bryce Quinlan as she seeks revenge in a contemporary fantasy world of magic, danger, and searing romance. Bryce Quinlan had the perfect life—working hard all day and partying all night—until a demon murdered her closest friends, leaving her bereft, wounded, and alone. When the accused is behind bars but the crimes start up again, Bryce finds herself at the heart of the investigation. She'll do whatever it takes to avenge their deaths. Hunt Athalar is a notorious Fallen angel, now enslaved to the Archangels he once attempted to overthrow. His brutal skills and incredible strength have been set to one purpose—to assassinate his boss's enemies, no questions asked. But with a demon wreaking havoc in the city, he's offered an irresistible deal: help Bryce find the murderer, and his freedom will be within reach. As Bryce and Hunt dig deep into Crescent City's underbelly, they discover a dark power that threatens everything and everyone they hold dear, and they find, in each other, a blazing passion—one that could set them both free, if they'd only let it. With unforgettable characters, sizzling romance, and page-turning suspense, this richly inventive new fantasy series by #1 New York Times bestselling author Sarah J. Maas delves into the heartache of loss, the price of freedom—and the power of love.

Vacuum in the Dark

From the Whiting Award–winning author of *Pretend I'm Dead* and one of the most exhilarating new voices in fiction, a “thoroughly delightfully, surprisingly profound” (*Entertainment Weekly*) one-of-a-kind novel about a cleaning lady named Mona and her struggles to move forward in life. Soon to be an FX television show starring Lola Kirke. Mona is twenty-six and cleans houses for a living in Taos, New Mexico. She moved there mostly because of a bad boyfriend—a junkie named Mr. Disgusting, long story—and her efforts to restart her life since haven't exactly gone as planned. For one thing, she's got another bad boyfriend. This one she calls Dark, and he happens to be married to one of Mona's clients. He also might be a little unstable. Dark and his wife aren't the only complicated clients on Mona's roster, either. There's also the Hungarian artist couple who—with her addiction to painkillers and his lingering stares—reminds Mona of troubling aspects of her childhood, and some of the underlying reasons her life had to be restarted in the first place. As she tries to get over the heartache of her affair and the older pains of her youth, Mona winds up on an eccentric, moving journey of self-discovery that takes her back to her beginnings where she attempts to unlock the key to having a sense of home in the future. The only problems are Dark and her past. Neither is so easy to get rid of. Jen Beagin's *Vacuum in the Dark* is an unforgettable, astonishing read, “by turns nutty and forlorn...Brash, deadpan, and achingly troubled” (*O, The Oprah Magazine*). Beagin is “a wonderfully funny writer who also happens to tackle serious subjects” (*NPR*).

Robert Kennedy

He was "Good Bobby," who, as his brother Ted eulogized him, "saw wrong and tried to right it . . . saw suffering and tried to heal it." And "Bad Bobby," the ruthless and manipulative bully of countless conspiracy theories. Thomas's unvarnished but sympathetic and fair-minded portrayal is packed with new details about Kennedy's early life and his behind-the-scenes machinations, including new revelations about the 1960 and 1968 presidential campaigns, the Cuban Missile Crisis, and his long struggles with J. Edgar Hoover and Lyndon Johnson.

Ruth Bader Ginsburg

The definitive account of an icon who shaped gender equality for all women. In this comprehensive, revelatory biography — fifteen years of interviews and research in the making — historian Jane Sherron De Hart explores the central experiences that crucially shaped Ginsburg's passion for justice, her advocacy for gender equality, and her meticulous jurisprudence. At the heart of her story and abiding beliefs was her Jewish background, specifically the concept of tikkun olam, the Hebrew injunction to 'repair the world', with its profound meaning for a young girl who grew up during the Holocaust and World War II. Ruth's journey began with her mother, who died tragically young but whose intellect inspired her daughter's feminism. It stretches from Ruth's days as a baton twirler at Brooklyn's James Madison High School to Cornell University to Harvard and Columbia Law Schools; to becoming one of the first female law professors in the country and having to fight for equal pay and hide her second pregnancy to avoid losing her job; to becoming the director of the ACLU's Women's Rights Project and arguing momentous anti-sex-discrimination cases before the US Supreme Court. All this, even before being nominated in 1993 to become the second woman on the Court, where her crucial decisions and dissents are still making history. Intimately, personally told, this biography offers unprecedented insight into a pioneering life and legal career whose profound impact will reverberate deep into the twenty-first century and beyond.
