Spellcrafting

A practical and accessible guide with everything you need to know to craft and cast spells that really work. A spell, which some refer to as a Witch's prayer, is something nearly anyone can learn. One does not need to be initiated into any mystery cults, swear an oath of dedication to any god or goddess, denounce or convert to any religion, or even wear the label of a Witch or Wiccan in order to be a spell crafter. But among the things that are required, the most important ones are an open mind, true desire, and the will, patience, self-conviction, and courage to follow what is within one's heart, and the maturity to take responsibility for one's own actions. Once you gain an understanding of how magickal energy works and learn the secrets to casting spells, you will be able to tap into your inner powers, focus, and direct them utilizing simple items found in the average home or easily purchased at the nearest occult shop. In fact, many of the herbs and other ingredients called for in spells can be found right in your very own kitchen! The casting of spells is an ancient art that has played an important role in many of the cultures and religions throughout the world. This book is designed to be a guide to the history,

philosophy, ethics, and practical application of spell crafting. Written with the novice-to-intermediate student in mind, it covers all areas of folk magick in an explorative and unbiased manner.

The Only Book of Wiccan Spells You'll Ever Need

Rev. ed. of: The only Wiccan spell book you'll ever need / Marian Singer and Trish MacGregor.

How to Write Your Own Spells for Any Purpose and Make Them Work

Have you ever had trouble finding the right spell? Have you ever found a spell that suits your purpose, but couldn't carry it out because of impossible instructions or hard-to-find ingredients? Have you ever wanted to put more power behind the spells you cast? If you can say, "Yes," to any of these questions, then "How to Write Your Own Spells for Any Purpose and Make Them Work" is the book you've been looking for. Successful spell casting is an important aspect of witchcraft, a practical understanding of which leads to a very self-sufficient walk through life. This book approaches spell crafting as the practical application of the esoteric science behind witchcraft. Being able to write and successfully cast your own spells means you'll never have problems finding a spell that suits your needs, again. While spell books are helpful in many cases, the types of spells are usually limited to popular subjects like love, money and protection when you may have other needs. They often fail to provide a spell for your particular situation and its unique dynamics. Furthermore, many modern spell books try to impose the author's morality upon the reader and may not contain certain types of spells, at all. This book demonstrates the process of learning how to write your own spells and teaches you why certain components are employed in a spell and what their purpose is. It shows that there is far more to spell casting than just going through the motions or wishing for a result. All spells have a far greater chance of success when the spell caster has an complete understanding of what he or she is doing and why. Blindly following a procedure or formula without knowledge or going through the motions without understanding is less likely to lead to a positive result. "How to Write Your Own Spells for Any Purpose and Make Them Work" is both a manual and a workbook that provides lessons followed by questions and answers. The final chapter shows you how to put the information you've learned in the book together to design your own spells for any purpose.

Spells for Change

Modern day witches are a culmination of the old and new—they travel to the grocery store, work nine to fives, and teach in our classrooms. They carry black tourmaline and quartz, and wave bay and rosemary bundles over their doorways. Within an ancient sacred practice, a new generation of witches are rising; those who understand the power of action paired with energy and intent, who fight for the best versions of themselves through whispered chants and candlelight and match their activism with manifestation. The modern witch creates change within the hearth, the heart, and the world, one spell at a time. Frankie Castanea is at the centre of a thriving community of modern practitioners who use witchcraft to enrich their lives day-to-day and improve the world around them. In *Spells for Change*, Frankie demonstrates how witchcraft has both personal and worldwide applications, whether it's protecting the home or self from negative energies through boundaries and charms or binding a harmful person to help a friend. Each brings you closer to creating change within yourself, the environment around you, and the society we live in, and closer to a greater awareness of the Universe and the energies that exist within it. Including studies of meditation, grounding, manifestation, cleansing, protection, banishing and binding, this book will teach you how to enact personal and global change. From justice spells and banishing unwanted energy to spells to help you on the journey to self-love and self-prioritization, Frankie shows that, at its heart, witchcraft is a force for good that is ultimately about refining your identity and reclaiming your power.
