Book/CD set Includes standard notation, tablature, chord diagrams, lyrics, playing tips, and more. Each song is presented on the CD at slow and regular speed. First you'll hear the melody played on mandolin at a slow speed with just guitar backup, then it's repeated at regular speed with the band. The back up band is a classic "Hot Club"- style rhythm section with two acoustic rhythm guitars, string bass, plus a rhythm mandolin so mandolinists can hear just how the Gypsy Swing comp sounds on mandolin. On this mandolin version of Gypsy Swing & Hot Club Rhythm II for Mandolin all the leads are played on mandolin. Finally the band plays several

choruses and you play all the leads. Songs may be repeated, at slow or regular speed, as many times as you wish in order

The Songwriting Secrets Of The Beatles

Thirty years after The Beatles split up, the music of Lennon, McCartney, Harrison and Starr lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore The Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs, while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature - a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, tight little band'.

Country Hits - Guitar Chord Songbook

"A must-have for Beatles fans looking for new insight . . . Leonard uncovers fresh ideas [that] . . . six decades of Beatles literature passed over." —The Spectrum Part generational memoir and part cultural history of the sixties, *Beatleness* is the first book to tell the story of the Beatles and their impact on America from the fans' perspective. When the Beatles arrived in the United States on February 7, 1964, they immediately became a constant, compelling presence in fans' lives. For the next six years, the band presented a nonstop deluge of steadily evolving sounds, ideas, and images that transformed the childhood and adolescence of millions of baby boomers and nurtured a relationship unique in history. Exploring that relationship against the backdrop of the sexual revolution, political assassinations, the Vietnam War, and other events, *Beatleness* examines critically the often-heard assertion that the Beatles "changed everything" and shows how—through the interplay between the group, the fans, and the culture—that change came about. *Beatleness* incorporates hundreds of hours of in-depth fan interviews and includes many fan vignettes. Offering a fresh perspective and new insights on the Beatles phenomenon, it allows readers to experience—or re-experience—what it was like to be a young person during those transformative years.
