What I want to help you understand with this video.
One clear disadvantage of using the screen.
The dream during DSLR days.
In comes the camera screen.
Impossible angles become possible.
Benefits for photos on a tripod.
You don't change the dynamics of the scene.
Taking candid to a higher level.
Capturing the moment.
What about the old school masters?

Interacting with the person in front of the camera easier.

The other disadvantage of using the screen.

Some final words.
