I Went through Countless Pages on this Actual Court Case and What They Plan on Using as a Legal Defense I Honestly Don't Know How They Ever Expected To Win I'M Paraphrasing Here but Ross's Legal Defense Went with the Story That Ross Created the Silk Road Not To Make Money but It's a Social Experiment Then They Claimed at some Point Ross Sold the Web Site in 2011 and Thereafter He Bought It Back Just in Time To Get Caught Red-Handed or Supposedly Someone Basically Air-Dropped the Diary onto His Computer To Frame Him this Defense Never Provided any Physical Evidence of Ross Actually Selling or Buying Back the Web Site but They Still Win with the Story Remember What I Said about Dread Pirate Roberts Being a Very Clever Name and It Was Actually Given to Him by His Mentor Variety Jones

The Next Piece of Evidence of a List Is that Ross Told His Friend that He Sold the Web Site in 2011 I Believe this To Be True but if You Take a Look at the Court Documents and See the Context Then You'LI See How this Is Actually the Twisting of the Truth It Appears that Ross's Friend Told Someone a Little Bit Too Much about Ross's Involvement with the Silk Road that Person Later Commented on His Facebook Wall and Ross His Friend Was Concerned and Urged Him To Shut Down the Site as a Result I Believe Ross Consoled His Friend by Saying I Can't because I Already Sold It to Someone I Believe this Was To Get His Friend It's Not Worrying about Him
