The Wicked Pavilion

The “Wicked Pavilion” of the title is the Café Julien, where everybody who is anybody goes to recover from failed love affairs and to pursue new ones, to cadge money, to hatch plots, and to puncture one another's reputation. Dennis Orphen, the writer from Dawn Powell's Turn, Magic Wheel, makes an appearance here, as does Andy Callingham, Powell's thinly disguised Ernest Hemingway. The climax of this mercilessly funny novel comes with a party which, remarked Gore Vidal, “resembles Proust's last roundup,” and where one of the partygoers observes, “There are some people here who have been dead twenty years.” “For decades Dawn Powell was always just on the verge of ceasing to be a cult and becoming a major religion.” -- Gore Vidal

Angels on Toast the Wicked Pavilion the Golden Spur

Collects four novels written by the twentieth-century American novelist, including "My Home is Far Away," "The Locusts Have No King," "The Wicked Pavilion," and "The Golden Hour."

Dawn Powell: Novels 1944-1962 (LOA #127)

Set against an atmospheric backdrop of New York City in the months just before America's entry into World War II, *A Time To Be Born* is a scathing and hilarious study of cynical New Yorkers stalking each other for various selfish ends. At the center of the story are a wealthy, self-involved newspaper publisher and his scheming, novelist wife, Amanda Keeler. Powell always denied that Amanda Keeler was based upon the real-life Clare Boothe Luce, until years later when she discovered a memo she'd written to herself in 1939 that said, “Why not do a novel on Clare Luce?” Which prompted Powell to write in her diary “Who can I believe? Me or myself?”

A Time to Be Born

My Home is Far Away is the most precisely autobiographical of Powell's fifteen novels. In this family chronicle set in early twentieth century Ohio, young Marcia Willard's family struggles to keep up with the rapidly changing times, and Marcia endures disillusionment, cruelty, and betrayal to forge a survivor's sense of independence. John Updike has compared Powell with Theodore Dreiser, Willa Cather, Sherwood Anderson, “and those other Midwestern writers who felt something epic in the national shift from rural to urban, from provincial sequestration to metropolitan liberation.” By 1941, when Powell set to work on *My Home Is Far Away*, she was better known for the smart, boozy, bawdy, hilarious send-ups of Manhattan high and low life. She had begun to attain a reputation for high sophistication and nothing could be less “sophisticated” – in the glittering, all-knowing, furiously present-tense, big-city manner Powell had perfected – than *My Home Is Far Away*. This was the month of cherries and peaches, of green apples beyond the grape arbor, of little dandelion ghosts in the grass, of sour grass and four-leaf clovers, of still dry heat holding the smell of nasturtiums and dying lilacs. This was the best month of all and the best day. It was not birthday, Easter, Christmas, or picnic, but all these things and something else, something wonderful, something utterly unknown. The two little girls in embroidered white Sunday dresses knew no way to express their secret joy but by whirling each other dizzily over the lawn crying, “We're moving, we're moving! We're moving to London Junction!” *My Home Is Far Away* is one of the very few examples of a book written for adults, with an adult command of the language, that maintains the vantage point of a hungry, serious child throughout. It might be likened to a memoir that has been

penned not with the usual tranquility of distance but rather with the sense that everything happening to the characters is happening right now, without any promise of eventual escape, without any assurance that childhood, too, shall pass away. *My Home is Far Away* had been out of print for sixty years when Steerforth reissued it in 1995. It received immediate widespread acclaim, and was featured on the cover of the New York Times Book Review, where Terry Teachout called it “one of the permanent masterpieces of childhood, comparable with *David Copperfield*, *What Maisie Knew* and the early reminiscences of Colette,” and where he proclaimed Powell to be “one of this country’s least recognized great novelists.”

My Home is Far Away

Dennis Orphen, in writing a novel, has stolen the life story of his friend, Effie Callingham, the former wife of a famous, Hemingway-like novelist, Andrew Callingham. Orphen’s betrayal is not the only one, nor the worst one, in this hilarious satire of the New York literary scene. (Powell personally considered this to be her best New York novel.) Powell takes revenge here on all publishers, and her baffoonish MacTweed is a comic invention worthy of Dickens. And as always in Powell’s New York novels, the city itself becomes a central character: “On the glittering black pavement legs hurried by with umbrella tops, taxis skidded along the curb, their wheels swishing through the puddles, raindrops bounced like dice in the gutter.” Powell’s famous wit was never sharper than here, but *Turn, Magic Wheel* is also one of the most poignant and heart-wrenching of her novels.

Turn, Magic Wheel

Bringing together Mishima’s preoccupations with violence, desire, religious life and the history of Japan, this novel is based on an actual incident, the burning of a celebrated temple. The novel is a meditation on the state of Japan in the post-war period.

The Temple of the Golden Pavilion

It is sometime after the turn of the century in Lamptown, Ohio, a working-class town filled with factory girls. Every Thursday night at the Casino Dance Hall above Bauer’s Chop House and across the street from Elsinore Abbott’s Bon Ton Hat Shop and Bill Delaney’s Saloon and Billiard Parlor, women and a few men gather to escape their pedestrian lives in fantasy, and sometimes to live out these fantasies. Observing all are the novel’s two young protagonists, Morry, who dreams of becoming an architect and developer, and Jen, an unsentimental orphan of fourteen who, abandoned by her mother, dreams of escape.

Dance Night

Kit is waiting expectantly for life to begin. Orphaned as a young child, he recoils from his adoptive parents’ mundane existence, drawn instead to the bohemian world of his Uncle Col and Col’s charismatic wife Marianne. Amid the permissive atmosphere of Erringby, Marianne’s rambling family mansion, Kit becomes increasingly obsessed with his aunt. One debauched summer, the eighteen-year-old Kit wakes to find himself in bed with Marianne. But what happened? And who is his sudden mysterious benefactor? As Kit grapples with the ramifications of that night, he, Marianne and Col find their lives spiralling out of control. Unfolding against the changing cultural landscape of the seventies, eighties and nineties, *Erringby* is a captivating coming-of-age novel with echoes of *Great Expectations*.

Erringby

Continuing the re-release of the late Dawn Powell’s acclaimed fiction, this is the story of an engagingly amoral hero who desires to replace his real father with an imagined one. Using his mother’s diaries, he seeks the off-beat artist or writer whose youthful indiscretion he believes he might have been—in the process coming to grips with his parentage and himself. Originally published in 1962.

The Golden Spur

In *Dawn Powell: A Biography*, Tim Page explores the fascinating ironies and sad complexities of Powell’s life and work. Gore Vidal once referred to her as our best comic novelist, deserving to be as widely read as Hemingway and Fitzgerald. This biography is a celebration of her triumphant rise from the ashes of near oblivion to her establishment among the giants of twentieth-century American literature. Dawn Powell lived in New York City for forty-seven years but always maintained the perspective of a

"permanent visitor." She distilled this into her many poems, stories, articles, plays, and her dizzying and inventive novels.

Dawn Powell

Dawn Powell was a gifted satirist who moved in the same circles as Dorothy Parker, Ernest Hemingway, renowned editor Maxwell Perkins, and other midcentury New York luminaries. Her many novels are typically divided into two groups: those dealing with her native Ohio and those set in New York. "From the moment she left behind her harsh upbringing in Mount Gilead, Ohio, and arrived in Manhattan, in 1918, she dove into city life with an outlander's anthropological zeal," reads a recent New Yorker piece about Powell, and it is those New York novels that built her reputation for scouring wit and social observation. In this critical biography and study of the New York novels, Patricia Palermo reminds us how Powell earned a place in the national literary establishment and East Coast social scene. Though Powell's prolific output has been out of print for most of the past few decades, a revival is under way: the Library of America, touting her as a "rediscovered American comic genius," released her collected novels, and in 2015 she was posthumously inducted into the New York State Writer's Hall of Fame. Engaging and erudite, *The Message of the City* fills a major gap in the story of a long-overlooked literary great. Palermo places Powell in cultural and historical context and, drawing on her diaries, reveals the real-life inspirations for some of her most delicious satire.

The Message of the City

NO ONE HAS SATIRIZED New York society quite like Dawn Powell, and in this classic novel she turns her sharp eye and stinging wit on the literary world, and "identifies every sort of publishing type with the patience of a pathologist removing organs for inspection." Frederick Olliver, an obscure historian and writer, is having an affair with the restively married, beautiful, and hugely successful playwright, Lyle Gaynor. Powell sets a see-saw in motion when Olliver is swept up by the tasteless publishing tycoon, Tyson Bricker, and his new book makes its way onto the bestseller lists just as Lyle's Broadway career is coming apart.

The Locusts Have No King

The seventh instalment in the biggest, funniest, most thrilling comedy-horror-adventure series in the universe...

Kingdom of the Wicked (Skulduggery Pleasant, Book 7)

Laura Cecil's retellings of three classic tales--Little Red Riding Hood, The Wicked Wolf and the Seven Little Kids, and Mr. W. Wolf--are cleverly designed with distinctive type styles to help add realism and expression when they are read aloud, and to guide young children reading for themselves. Illustrated by Emma Chichester Clark in her signature eye-catching colors, this collection is a perfect bedtime or rainy-day treat.

Wicked Wolf Tales

Eighteen short stories are mostly about disillusioned or defeated people.

Sunday, Monday, and Always

Rediscovered in the 1980s, Dawn Powell is now widely acknowledged as one of the best 20th century American writers. *Come Back to Sorrento* centres around the life of Connie Benjamin, a village shoemaker's wife, who was raised in a wealthy household and had pretensions toward an operatic career, and Blaine Decker, the new high school music teacher, a homosexual in a closeted era. Drawn together into a powerful friendship of dependence, they transcend the monotony of their lives to create a drama richer than reality.'

Come Back to Sorrento

The subjects of Salman Rushdie's collection of non-fiction range from *The Wizard of Oz*, U2, India and Indian writing, the death of Princess Diana, and football, to twentieth-century writers including Angela

Carter, Arthur Miller, Edward Said, J. M. Coetzee and Arundhati Roy. In a central section, 'Messages from the Plague Years', Rushdie focuses on the fight against the Iranian fatwa, presenting texts both personal and political, which show for the first time how it was to live through those days. Rushdie's columns for the New York Times confront current issues - Kashmir, Northern Ireland, Kosovo, Islam and the West - as well as lighter topics such as reality TV, sport and sleaze. The book ends with the lectures that give it its title - Rushdie's exploration of the theme of frontiers: crossing them, breaking taboos, and - in the light of September 11 - the world of permeable frontiers in which we all live.

Step Across This Line

"Gaslamp Fantasy," or historical fantasy set in a magical version of the nineteenth century, has long been popular with readers and writers alike. A number of wonderful fantasy novels owe their inspiration to works by nineteenth-century writers ranging from Jane Austen, the Brontës, and George Meredith to Charles Dickens, Anthony Trollope, and William Morris. And, of course, the entire steampunk genre and subculture owes more than a little to literature inspired by this period. Queen Victoria's Book of Spells is an anthology for everyone who loves these works of neo-Victorian fiction, and wishes to explore the wide variety of ways that modern fantasists are using nineteenth-century settings, characters, and themes. These approaches stretch from steampunk fiction to the Austen-and-Trollope inspired works that some critics call Fantasy of Manners, all of which fit under the larger umbrella of Gaslamp Fantasy. The result is eighteen stories by experts from the fantasy, horror, mainstream, and young adult fields, including both bestselling writers and exciting new talents such as Elizabeth Bear, James Blaylock, Jeffrey Ford, Ellen Kushner, Tanith Lee, Gregory Maguire, Delia Sherman, and Catherynne M. Valente, who present a bewitching vision of a nineteenth century invested (or cursed!) with magic. Cocaine is the story of a young man who runs off to Paris to seek fame, fortune, and fun. Pitigrilli's classic novel charts the comedy and pathos of a young man's tragic trajectory. Tito Arnaudi is a dandified hero with several mistresses he juggles. A failed medical student, Tito is hired as a journalist in Paris, where he investigates cocaine dens and invents lurid scandals and gruesome deaths that he sells to newspapers as his own life becomes more outrageous than his phony press reports. Telling of orgies and strawberries soaked in champagne and ether, Tito lives with intensity as he pursues his Italian girlfriend Maud (née Maddalena) and wealthy Armenian Kalantan, who insists on making love in a black coffin. Provocatively illustrated, filled with lush, intoxicating prose, Cocaine is a wicked novel about the Lost Generation in 1920s Paris. Dizzy and decadent, Pitigrilli leaves nothing unexplored as he presents astonishing descriptions of upper class debauching -- strawberries and chloroform, naked dancing, cocaine aplenty, and guests openly injecting morphine. Despite its wit, Cocaine is a sobering account of the dangers of drugs and sexual obsession. Tito happily trades in his twilight years for moments of wicked ecstasy.

NEW YORK TIMES BESTSELLER "[A] delectable double bio . . . Talk about Victoria's secret. . . . A fascinating portrait of a genuine love match, but one in which the partners dealt with surprisingly modern issues." —USA Today It was the most influential marriage of the nineteenth century—and one of history's most enduring love stories. Traditional biographies tell us that Queen Victoria inherited the throne as a naïve teenager, when the British Empire was at the height of its power, and seemed doomed to find failure as a monarch and misery as a woman until she married her German cousin Albert and accepted him as her lord and master. Now renowned chronicler Gillian Gill turns this familiar story on its head, revealing a strong, feisty queen and a brilliant, fragile prince working together to build a family based on support, trust, and fidelity, qualities neither had seen much of as children. The love affair that emerges is far more captivating, complex, and relevant than that depicted in any previous account. The epic relationship began poorly. The cousins first met as teenagers for a few brief, awkward, chaperoned weeks in 1836. At seventeen, charming rather than beautiful, Victoria already "showed signs of wanting her own way." Albert, the boy who had been groomed for her since birth, was chubby, self-absorbed, and showed no interest in girls, let alone this princess. So when they met again in 1839 as queen and presumed prince-consort-to-be, neither had particularly high hopes. But the queen was delighted to discover a grown man, refined, accomplished, and whiskered. "Albert is beautiful!" Victoria wrote, and

she proposed just three days later. As Gill reveals, Victoria and Albert entered their marriage longing for intimate companionship, yet each was determined to be the ruler. This dynamic would continue through the years—each spouse, headstrong and impassioned, eager to lead the marriage on his or her own terms. For two decades, Victoria and Albert engaged in a very public contest for dominance. Against all odds, the marriage succeeded, but it was always a work in progress. And in the end, it was Albert's early death that set the Queen free to create the myth of her marriage as a peaceful idyll and her husband as Galahad, pure and perfect. As Gill shows, the marriage of Victoria and Albert was great not because it was perfect but because it was passionate and complicated. Wonderfully nuanced, surprising, often acerbic—and informed by revealing excerpts from the pair's journals and letters—*We Two* is a revolutionary portrait of a queen and her prince, a fascinating modern perspective on a couple who have become a legend. **BONUS:** This edition contains a reader's guide.

This book contains everything you need to know about suits, from the traditional designs of the early 1900s, to innovative contemporary variations. It was awarded Financial Times' Fashion Book of the Year. Clothes maketh the man. For millions of men across the world the common denominator that identifies them is the suit. Just three and a half metres of fabric, some internal shaping elements, lining, buttons and several metres of thread are all it takes to produce the jacket-and-trouser combination that can be seen from boardrooms to bars, wherever men gather. In *Sharp Suits* we examine the fascinating history and evolution of the modern suit from the late seventeenth century to date. From eighteenth-century bespoke to the mass industrialization of the twentieth century, we see how the uniform of the ruling classes became the utilitarian outfit of the worker. A series of thematic chapters also illustrate how the universal staple of a man's wardrobe can play many different roles and, chameleon-like, can mean different things in different situations. From the Duke of Windsor to The Thin White Duke, David Bowie; from James Brown to The Jamel from *Guys and Dolls* to The Godfather, movie stars, rock stars, heroes and villains, philanthropists, presidents and gangsters – all these men and many more have dressed to impress in a matching jacket and trousers and have found that a suit will suit them very well. 'Clothes can 'do a job'. A well-cut suit can make you slimmer, taller, sexier, more elegant or business-like.' Sir Paul Smith

Oxford Mini Dictionary and Thesaurus

First published in 1991, the very successful first edition of The Oxford Thesaurus has now sold over 126,000 copies. This new edition (NB new format), which for the first time includes antonyms in the main A-Z text, along with many additional new synonyms, broadens the book's appeal still further. The Oxford Thesaurus remains the most useful A-Z thesaurus available today, with more practical guidance for the user than any other competing title. Around 350,000 synonyms and antonyms, covering general English as well as thousands of regional and idiomatic words and expressions, are listed in A-Z form for ease of reference. Generous and detailed labelling shows how to use synonyms, and example sentences throughout make it even easier to select the correct synonym. The most useful synonyms (ie those that are closest in meaning to the headword) are listed first - a more helpful arrangement than a simple alphabetical listing under the headword. If the word for which you seek an alternative is not to be found as a headword, you can simply turn to the synonym index which lists 265,000 synonyms and shows you under which headword each synonym is located. In addition, all synonyms which also have their own headword entry (at which further related words may be found) are indicated by a simple cross-reference symbol. On the first edition: 'handier than Roget both in being alphabetical and in offering example-sentences. The mot juste in just a mo.' Prof. Sir Randolph Quirk, The Observer.
