Possum Magic

Two Australian possums go in search of the magic that will make the invisible one of them visible.

Tough Boris

Boris von der Borch is a mean, greedy old pirate--tough as nails, through and through, like all pirates. Or is he? When a young boy sneaks into Boris' ship, he discovers that Boris and his mates aren't quite what he expected! Full color.

Blossom Possum

'Colour my beak blue, that's a risky business if you're not a cockatoo,' squawked Rocky Cocky. 'You'll need a bodyguard.' They trotted and strutted off down the track, round the back of beyond, up the hill and past the black stump, until they bumped into Joanna Goanna. Early one morning, Blossom Possum gets such a fright she thinks the sky is falling down! She has to tell someone, so she sets off with her news. On the way she meets her bush mates. But she also runs into trouble. This retelling of a favourite folktale has a delightful Aussie twist and a refreshingly positive ending. The author has used typically Australian animals to create a cast of quirky characters. Rocky Cocky is a cheeky cockatoo, Echo Gecko is an old hippie lizard, and Toey Joey is a lively young kangaroo.

Possum Magic

A wizard's hat blows into town, changing people into different animals when it lands on their heads.

The Magic Hat

One day, on the banks of a billabong, a very clever dingo caught a wombat... and decided to make... Wombat stew, Wombat stew, Gooey, brewy, Yummy, chewy, Wombat stew! In this classic Australian picture book, a dingo catches a wombat and wants to cook him in a stew. But all the other bush animals have a plan to save their friend. They trick the dingo into using mud, feathers, flies, bugs and gumnuts in his stew, and the result is something the dingo will never forget!

Wombat Stew

"Hattie the Hen spots the danger--but no one seems to care!"--Pg 4 of cover.

Hattie and the Fox

A lyrical story about waiting for the rain to come to an isolated Aboriginal community. Tension in the community builds as the rain clouds thicken and grow dark. Everybody waits. When will the rain come?

Big Rain Coming

Possum Magic

When Koala Lou's mother becomes so busy that she forgets to tell her firstborn how much she loves her, Koala Lou enters the Bush Olympics, intending to win an event and her mother's love all at one time. "A first-rate choice for bedtime, story hour, or reading aloud."--The Horn Book

Possum Magic Book and Toy Set

Hush, Grandma Poss and all of their bush friends are the perfect companions to your precious new baby's first records. This new edition of My Possum Magic Baby Book features a new cover and rarely seen illustrations by Julie Vivas... as well as all the many favourites from Possum Magic.

Possum magic numbers

Possum Magic, the classic story of Hush, Grandma Poss and all of their bush friends, is presented together in a sturdy boxed set with the board book The Little Book of Possum Magic. On its first publication in 1983, Possum Magic was an instant success, and has been voted by booksellers as Australia's best-selling children's picture book. Twenty-five years later, it is still wildly popular.

Picture Book Retelling - Step 1

Possum Magic has captivated and enchanted children and adults. Mem Fox's lovable characters, little Hush and Grandma Poss, and Julie Vivas' exquisite illustrations weave a story of pure magic. Continuously in print since it was first published by Omnibus Books on 31 March 1983, Possum Magic has been embraced as a timeless Australian tale and as Australia's most-loved children's picture book. Julie has retouched and recoloured her illustrations, so that the images are now truer to the original artwork than ever before. The book itself has been redesigned and completely reset.

Possum Magic

'Stay close, take care,' quacked Alexander's mother. But Alexander was a wayward duckling - he straggled behind ... and disappeared down a deep dark hole ...

Koala Lou

The Fox is after Rosie, but Rosie doesn't know it. Unwittingly, she leads him into one disaster after the other, each funnier than the last. To enjoy Rosie's walk as much as Rosie does, just look inside!

Possum Magic Baby Book New Edition

When a mysterious egg appears outside Hunwick's burrow, no one is quite certain what to think. And when it doesn't hatch right away, everyone is even more bewildered. Everyone except Hunwick, that is. Hunwick understands that the egg is his friend, and he is the only one who knows its secret.

This treasure of a book promises the young reader a simple, beautifully illustrated tale of identity and belonging.

A Little Box of Possum Magic

A girl writes a poem to a tree, but then is surprised when the tree writes back in this wondrous and warm picture book about friendship, nature, and the power of poetry. The snow has melted, the buttercups are blooming, and Sylvia celebrates winter's end by writing a poem. She ties her poem to a birch tree, hoping that it doesn't count as littering if it makes the world more beautiful. But when she returns, a new poem is waiting for her. Could the tree really be writing back? Sylvia decides to test her theory, and so begins a heartwarming poetic correspondence...as well as an unexpected new friendship. Lyrical and sweetly satisfying, *Poetree* is about finding beauty in the world around you, and new friends in unlikely places.

Possum Magic 35th Anniversary Edition

Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Alexander's Outing

When Grandpa decides to buy Jessie a new pair of shoes for winter, the rest of the family join in with offers of new socks, skirt, blouse, sweater, coat, scarf, hat and mittens. But all Jessie really wants is ...

Rosie's Walk

I can see the airport goats and I can see their cases. But can you count the pilot goats with goggles on their faces? This hilarious count-to-ten book features goats of all shapes, sizes, hobbies, and professions—and each spread gives readers a delightful opportunity to count the funny four-legged creatures. Acclaimed author Mem Fox's renowned humor and infectious rhyme merge with celebrated illustrator Jan Thomas's bold and brilliant illustrations to make this an instant goat-by-numbers classic.

Hunwick's Egg

Poetree

Harriet Harris doesn't mean to be pesky. Sometimes she just is. And her mother doesn't mean to lose her temper. Sometimes she just does. But Harriet and her mother know that even when they do things they wish they hadn't, they still love each other very much.

The Writing Revolution

For use in schools and libraries only. Told from the point of view of Cendrillon's godmother, or nannin', this is a fresh take on a classic story that is every bit as enchanting as the original. Includes a glossary of Creole terms used in the story.

Shoes from Grandpa

A possum finds his way into a cupboard in the classroom, to the dismay of the teachers and the delight of the children. He creates havoc as he rushes through the school trying to get away. This delightful picture book is a sequel to Possum in the House.

Let's Count Goats!

One day Amy and her family moved a long, long way away to the other side of the world. Louis stopped building towers, digging holes and staring at clouds. He no longer called to anyone across the yard, the room or the fence. Amy and Louis live next door to each other, and their lives are closely intertwined. There is a life rich in imagination - they see dragons in the clouds and make castles out of cardboard. But when Amy's family move to another country, the children are separated and the colour drains out of their lives - until Louis discovers how to rebuild their special bond. This is a loving, moving, goose-bumping tale of deep friendship. The spare, evocative text - enhanced by illustrations of rare sensitivity and insight - strike directly at the heart.

The Bravest Dog Ever

A 'big-book' edition of Alison Lester's all-time favourite Australian beach book, perfect for library and classroom storytimes.

Harriet, You'll Drive Me Wild

Lily Laceby is nearly 90 and lives in a remote cottage with her dog, Butch Aggie. One wild winter night she drifts off to sleep. A delightfully suspenseful story that children will enjoy again and again. Copyright © Libri GmbH. All rights reserved.
