Each little flower that opens
each little bird that sings
he made their glowing colours
he made their tiny wings.
The tall trees in the greenwood
the meadows where we play
the rushes by the water
to gather every day.

All things bright and beautiful
all creatures great and small
all things wise and wonderful
the Lord God made them all.
how great is God almighty

The Facing Island

The discovery of a wonderful primary source—the five-year correspondence from Wilson Tong of the New Zealand Expeditionary Force to Edith Harris at Phillip Island—inspired the author to create this rich and unusual memoir, written as she came to terms with a diagnosis of cancer. As the author replies to the long-dead soldier's letters, links and parallels emerge between the young man living with the fear of death and the woman, 80 years later, facing her own death in middle age. She reflects on her life—particularly her childhood on Phillip Island—her work, and her own confrontation with mortality.

Clio's Lives

Including contributions from leading scholars in the field from both Australia and North America, this collection explores diverse approaches to writing the lives of historians and ways of assessing the importance of doing so. Beginning with the writing of autobiographies by historians, the volume then turns to biographical studies, both of historians whose writings were in some sense nation-defining and those who may be regarded as having had a major influence on defining the discipline of history. The final section explores elements of collective biography, linking these to the formation of historical networks. A concluding essay by Barbara Caine offers a critical appraisal of the study of historians' biographies and autobiographies to date, and maps out likely new directions for future work. *Clio's Lives* is a very good scholarly collection that advances the study of autobiography and biography within the writing of history itself, taking theoretical questions in significant new directions. The contributors are well known and highly respected in the history profession and write with an insight and intellectual energy that will ensure the book has considerable impact. They examine cutting-edge issues about the writing of history at the personal level through autobiography and biography in diverse and innovative ways. Together the writers have provided reflective chapters that will be widely read for their impressive theoretical advances as well as being inspirational for new entrants to the disciplinary area. — Patricia Grimshaw, University of Melbourne *Clio's Lives* brings together a most interesting and varied cast of contributors. Its chapters contain sophisticated and well-penned ruminations on the uses of biography and autobiography among historians. These are clearly connected with the general themes of the volume. This delightfully mixed bag makes very good reading and, as well, will serve as a substantial contribution to the study of the biography and autobiography. — Eric Richards, Flinders University

Playing for Malaya

A stunning personal account of a Eurasian family living in Malaya during WWII.

History, Historians, and Autobiography

Though history and autobiography both claim to tell true stories about the past, historians have traditionally rejected first-person accounts as subjective and therefore unreliable. What then, asks Jeremy D. Popkin in *History, Historians, and Autobiography*, are we to make of the ever-increasing number of professional historians who are publishing stories of their own lives? And how is this recent development changing the nature of history-writing, the historical profession, and the genre of autobiography? Drawing on the theoretical work of contemporary critics of autobiography and the philosophy of Paul Ricoeur, Popkin reads the autobiographical classics of Edward Gibbon and Henry Adams and the memoirs of contemporary historians such as Emmanuel Le Roy Ladurie, Peter Gay, Jill Ker Conway, and many others, he reveals the contributions historians' life stories make to our understanding of the human experience. Historians' autobiographies, he shows, reveal how scholars arrive at their vocations, the difficulties of writing about modern professional life, and the ways in which personal stories can add to our understanding of historical events such as war, political movements, and the traumas of the Holocaust. An engrossing overview of the way historians view themselves and their profession, this work will be of interest to readers concerned with the ways in which we understand the past, as well as anyone interested in the art of life-writing.

Law Society Journal

Have you ever wondered what it would be like to be given your own remote islands? Thirty years ago it happened to Adam Nicolson.

Australian Book Review

The social sciences share a mission to shed light on human nature and society. However, there is no widely accepted meta-theory; no foundation from which variables can be linked, causally sequenced, or ultimately explained. This book advances “life history evolution” as the missing meta-theory for the social sciences. Originally a biological theory for the variation between species, research on life history evolution now encompasses psychological and sociological variation within the human species that has long been the stock and trade of social scientific study. The eighteen chapters of this book review six disciplines, eighteen authors, and eighty-two volumes published between 1734 and 2015—re-reading the texts in the light of life history evolution.

Westerly

Life is one small unexpected journey at a time moving us towards a destiny we could never imagine. *The Evolution of Intimacy : A Personal Story* is one such journey. The book is an account of taking a leap of faith, with a chance online meeting on a dating site in October, and moving in together in December having only met once. The book details the results of following one's intuition and heart, and moving over three hundred miles to create a new life. It's a story showing how, against all odds, faith and trust changed the fate of two unsuspecting people. It touches on difficult issues of love, marriages, divorces, death, adult children, his and hers, ex-spouses, couples counseling, health, finances and everything in between. The book offers hope, insights and inspiration for anyone struggling with or in a dysfunctional relationship, or was raised in an alcoholic environment, or is an alcoholic, an addict, a compulsive over-eater, or food addict, a sex and love addict, co-dependent, or in a relationship with anyone with an addiction or mental illness. I hope you find the story as inspirational as I did living it.

Sea Room

The only truly successful slave uprising in the Atlantic world, the Haitian Revolution gave birth to the first independent black republic of the modern era. Inspired by the revolution that had recently roiled their French rulers, black slaves and people of mixed race alike rose up against their oppressors in a bloody insurrection that led to the burning of the colony's largest city, a bitter struggle against Napoleon's troops, and in 1804, the founding of a free nation. Numerous firsthand narratives of these events survived, but their invaluable insights into the period have long languished in obscurity—until now. In *Facing Racial Revolution*, Jeremy D. Popkin unearths these documents and presents excerpts from more than a dozen accounts written by white colonists trying to come to grips with a world that had suddenly disintegrated. These dramatic writings give us our most direct portrayal of the actions of the revolutionaries, vividly depicting encounters with the uprising's leaders—Toussaint Louverture, Boukman, and Jean-Jacques Dessalines—as well as putting faces on many of the anonymous participants in this epochal moment. Popkin's expert commentary on each selection provides the necessary background about the authors and the incidents they describe, while also addressing the complex question of the witnesses' reliability and urging the reader to consider the implications of the narrators' perspectives. Along with the American and French revolutions, the birth of Haiti helped shape the modern world. The powerful, moving, and sometimes troubling testimonies collected in *Facing Racial Revolution* significantly expand our understanding of this momentous event.

Life History Evolution

Facing the Spears of Change takes a close look at the extraordinary life of John Papa ʻŪkē. Over the years, ʻŪkē faced many personal and political changes and challenges in rapid succession, which he skillfully parried or seized, then used to fend off other attacks. He began serving in the household of Kamehameha I as an attendant in 1810, at the age of ten, and became highly familiar with the inner workings of the royal household. His early service took place in a time when aliʻi nui (the highest-ranking Hawaiians) were considered divine and surrounded with strict kapu (sacred prohibitions); breaking a kapu pertaining to an aliʻi meant death for the transgressor. He went on to become an influential statesman, privy to the shifting modes of governance adopted by the Hawaiian kingdom. ʻŪkē's intelligence and his good standing with those he served resulted in a great degree of influence within the Hawaiian government, with his fellow Hawaiians, and with the missionaries residing in the Hawaiian Islands. As a privileged spectator and key participant, his published accounts of aliʻi and his insights into early nineteenth-century Hawaiian cultural-religious practices are unsurpassed. In this groundbreaking work, Marie Alohani Brown offers an elegantly written and compelling portrait of an important historical figure in nineteenth-century Hawaiʻi. Brown's extensive archival research using Hawaiian and English

language primary sources from the 1800s allows access to information which would be otherwise unknown but to a very small circle of researchers.

The Evolution of Intimacy : A Personal Story

Examines extinction in birds, with case studies of critically endangered species and the research initiatives designed to save them.

Facing Racial Revolution

Where Are the People? How Could the People's Bodies Voice Themselves in the Form of Theatrical Aesthetics? At That Time, the Audience Really Stood Up. In this evening, theater practitioners initiated the conversation with physical action. They engage with contemporary issues through their unique performance styles. From a discursive context, they enter the scene of resistance and undertake the labor of performance. Their performance is not just the preface to a series of dialogues, but also a witness to thirty years of People's Theater. "People's theater" belongs to the people. It is the theater created by the people and speaks for the people as it has appeared in history in diverse forms. People theater in Inter-Asian Societies began to grow in a cross-region, which included Jakarta, Manila, Bangkok, Kuala Lumpur, Hong Kong, Tokyo, Busan, Maputo, Beijing, Shanghai, Hualien, Taichung, and Taipei. Through the writings and images written down by theatrical artists from these spaces, we can figure out the body aesthetics that carry historical conflicts and the experience to find the form and channel of expression, and continue for work of thinking and creation. "People Theater" is nothing but a rehearsal for a revolution. This book has reviewed and reflected on the half-century development of people's theater in inter-Asian societies, demonstrates how the theatrical practitioners and artists in different communities strived to open various spaces, dealt with the censorship from the authoritarian regime to the neoliberal societies, and experimented with diverse aesthetics and local objects to address political issues. •Preface "It is a collection with the premise that can motivate our critical thinking with bodily energy. It reflects how we realize the statement—'Viewing as participating; audience as actors.' It is also a book where some keywords constantly appear, like resistance, politics, the oppressed, and conversation. With its humming buzz and murmur against the present situation, it is a collection of words refusing to remain silent."— Lin Hsin I Associate Professor at the Institute of Applied Art, National Yang Ming Chiao Tung University •People's Theater Practitioners Asian People's Theatre Festival Society (Hong Kong) Assignment Theatre (Taiwan) Centre for Applied Theatre, Taiwan (Taipei) Grass Stage (Shanghai) Langasan Theatre (Hualien) Makhampom Theatre Group (Ching Dao/Bangkok) Oz Theatre Company (Taipei) Philippine Educational Theater Association, PETA (Manila) Shigang Mama Theater (Taichung Shigang) Teater Kubur (Jakarta) Teatro em Casa (Mozambique) Theater Playground SHIIM (Busan) Trans-Asia Sisters Theater (Taiwan) WANG Mo-lin (Taiwan) Wiji Thukul (Solo) Yasen no Tsuki (Tokyo) •Characteristics of this book 1. Beyond the geographical limitations of Taiwan and East Asia, combined the context of Inter-Asian societies and Third-World society, appreciate the theater work methods that are intertwined with folk culture and community traditions, and promote the practice of public theater. 2. This book focuses on depicting network relationships in specific historical periods, and explores how the cooperation and interaction of troupes in these heterogeneous regions occurred. And how do these interactions affect the characteristics and forms of popular theater organizations in the transition of different policies? 3. What this book looks back on is not only the continuation and development of troupes but also the sudden change or gap between new people theaters and old people theaters.

Scenes of Parisian Life: History of the thirteen: Ferragus. La duchesse de Langeais

100% money-back guarantee! If "Three Story Method: The Scene Archetype Handbook with ChatGPT Prompts" doesn't bust your writer's block, I'll give you your money back. Guaranteed. You don't need AI to use "The Scene Archetype Handbook," but you'll be amazed at how it can transform your storytelling skills. Bestselling author J. Thorn invites you into a realm where age-old storytelling wisdom collides with modern AI ingenuity. Imagine harnessing the power of countless stories, filtered through the lens of ChatGPT, providing you with the archetypes to elevate your narrative to mesmerizing heights. It's a symphony where human intuition orchestrates the might and memory of AI. In this unparalleled guide, you will discover: The foundational understanding of scene archetypes and how they can electrify your narrative. Ways to use ChatGPT to weave tales that resonate, echoing the classics while sounding a fresh, vibrant note. Scene Archetype Handbook,” crafting tales of depth, emotion, and pulse-pounding momentum. And so much more! This isn’t just a handbook—it’s a beacon. A light for those who craft tales, whether you’re penning an intimate character study or a sprawling epic. It’s an essential tool for both the rookie writer starting their journey and the seasoned author hunting for that extra jolt of inspiration. From the first glimmers of a plot to the triumphant culmination of your narrative, “The Scene Archetype Handbook” promises to be the co-pilot on your storytelling odyssey. Fuel your narrative. Supercharge your scenes. Let the archetypes guide you. Chart your course through the cosmos of storytelling with “The Scene Archetype Handbook.” Anchor your place in the evolution of storytelling—buy your copy now!

Facing the Spears of Change

Originally published by Harper and Row in 1980, this clear-sighted volume blends historical events and autobiographical material in an attempt to explain how one individual American's search for a peaceful world led from the battlefield to the presidency of the United World Federalists, and finally to twenty-six years of active duty with the Central Intelligence Agency.

Facing Extinction

A clear example is this INCOMPLETE LIFE, to tell the whole set of this story that presents itself as a mirror of the writer's personality. Capturing the pangs of the reality of the world of men, with a pure language, particularly expressive in telling the protagonist's story, no longer an aged writer, married but ready for the divorce, in love with a much younger woman. A story which moves into a bipolarity of sentiments closed in the occasional lights and in the inevitable shadows of existence, and that for one of those causes, which called "divine mysteries," it then leads into the physical ills. And in the limbo of silent desperation, when hopes flew from the Heaven to disperse in a strange universe ...

Where are the people? People's Theater in Inter-Asian Societies

Discusses atomic energy applications to agriculture as well as to medical research.

Three Story Method: The Scene Archetype Handbook with ChatGPT Prompts

Provides a comprehensive reference on animals around the world including their life cycles, predators, food systems, overall ecology, and more.

Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

University of Michigan Official Publication

Lab Girl meets Why Fish Don't Exist in this brilliant, fascinating memoir about a young scientist's experience studying penguins in Antarctica—a firsthand account of the beauty and brutality of this remote climate, the direct effects of climate change on animals, and the challenges of fieldwork. Naira de Gracia's The Last Cold Place offers a dramatic, captivating window into a once-in-a-lifetime experience: a season living and working in a remote outpost in Antarctica alongside seals, penguins, and a small crew of fellow field workers. In one of the most inhospitable environments in the world (for humans, anyway), Naira follows a generation of chinstrap penguins from their parents' return to shore to build nests from pebbles until the chicks themselves are old enough to head out to sea. In lively and entertaining anecdotes, Naira describes the life cycle of a funny, engaging colony of chinstrap penguins whose food source (krill, or small crustaceans) is powerfully affected by the changing ocean. Weaving together the history of Antarctic exploration with climate science, field observations, and her own personal journey of growth and reflection, The Last Cold Place illuminates the complex place that Antarctica holds in our cultural imagination—and offers a rare glimpse into life on this uninhabited continent.

Toppamono

Shot, stabbed, and beaten, Miyazaki Manabu somehow emerged intact from his first fifty years to put his astonishing life story down on paper. Born the son of a yakuza boss in 1945, he grew up in a household of gang members and social misfits before his conversion to Marxism launched him into the violent world of 1960s student radicalism. After dropping out of university and spending a brief sojourn in South America, he became a reporter on a fast-rising weekly magazine. Called back home to Kyoto to take over the family demolition business, he was plunged into a maelstrom of bankruptcy and debt, forcing him to raise funds however he could. Along the way, he became the chief suspect in one of Japan's most sensational criminal cases----still unsolved----before getting caught up in the crazy years of Japan's bubble economy, when land speculators tipped their favorite bar hostesses millions of yen and Dom Perignon flowed like water. More than just one man's incredible story, unflinchingly told, Toppamono is a sophisticated analysis of Japan's postwar half-century that will astound and enlighten. Devastatingly critical of banks and bureaucrats, questioning of Japan's understanding of democracy, and cogent on the role played by the yakuza in Japanese society, this underground best-seller, first published in 1996, will keep you enthralled until the very last page. toppamono n: a person with a devil-may-care attitude, who pushes ahead regardless.

Toppamono

Bringing together two voices, practice and theory, in a collaboration that emerges from lived experience and structured reflection upon that experience, O'Mochain and Ueno show how entrenched discursive forces exert immense influence in Japanese society and how they might be most effectively challenged. With a psychosocial framework that draws insights from feminism, sociology, international studies, and political psychology, the authors pinpoint the motivations of the nativist right and reflect on the change of conditions that is necessary to end cultures of impunity for perpetrators of sexual abuse in Japan. Evaluating the value of the #MeToo model of activism, the authors offer insights that will encourage victims to come out of the shadows, pursue justice, and help transform Japan's sense of

identity both at home and abroad. Ueno, a female Japanese educator and O'Mochain, a non-Japanese male academic, examine the nature of sexual abuse problems both in educational contexts and in society at large through the use of surveys, interviews, and engagement with an eclectic range of academic literature. They identify the groups within society who offer the least support for women who pursue justice against perpetrators of sexual abuse. They also ask if far-right ideological extremists are fixated with proving that so called "comfort women" are higaisha-buru or "fake victims." Japan would have much to gain on the international stage were it to fully acknowledge historical crimes of sexual violence, yet it continues to refuse to do so. O'Mochain and Ueno shed light on this puzzling refusal through recourse to the concepts of 'international status anxiety' and 'male hysteria.' An insightful read for scholars of Japanese society, especially those concerned about its treatment of women.

Sexual Abuse and Education in Japan

Conformist, mute and malleable? Andrews tackles head-on this absurd caricature of Japanese society in his fascinating history of its militant sub-cultures, radical societies and well-established traditions of dissent. Following the March 2011 tsunami and Fukushima nuclear crisis, the media remarked with surprise on how thousands of demonstrators had flocked to the streets of Tokyo. But mass protest movements are nothing new in Japan and the post-war period experienced years of unrest and violence on both sides of the political spectrum: from demos to riots, strikes, campus occupations, faction infighting, assassinations and even international terrorism. This is the first comprehensive history in English of political radicalism and counterculture in Japan, as well as the artistic developments during this turbulent time. It chronicles the major events and movements from 1945 to the new flowering of protests and civil dissent in the wake of Fukushima. Introducing readers to often ignored aspects of Japanese society, it explores the fascinating ideologies and personalities on the Right and the Left, including the student movement, militant groups and communes. While some elements parallel developments in Europe and America, much of Japan's radical recent past (and present) is unique and offers valuable lessons for understanding the context to the new waves of anti-government protests the nation is currently witnessing.

Dissenting Japan

Julius Weitzdorfer analysiert die Ursachen und Folgen organisierter Kreditkriminalität in Japan sowie Lösungswege aus rechtssoziologischer und rechtsökonomischer Sicht. Denn seit der Jahrtausendwende hat sich Japans Verbraucherkreditwesen durch intensive Regulierung, extensive Rechtsprechung und forcierte Strafverfolgung grundlegend gewandelt. Der Autor zeichnet ein lebendiges Bild der Rechtstatsachen und leistet so auch einen Beitrag zur Beleuchtung der Schattenseiten der jüngeren Wirtschafts- und Sozialgeschichte Japans, einschliesslich des illegalen Inkassos und der Schuldnersuizide. Dabei wird nicht nur eine letzte Forschungslücke im Bereich der Finanzmarktreformen seit Beginn der Japankrise vor 30 Jahren geschlossen. Auch die Aufarbeitung der weltweiten Neueregulierung von Verbraucherkrediten nach der globalen Finanzkrise wird um Japan ergänzt. Dabei entsteht ein empirisch reichhaltiges Bild des japanischen Zivil-, Straf- und Aufsichtsrechts bis zum Ende der Heisei-Periode.

Verbraucherkreditregulierung in Japan

The insightful essays in this book shine a new light on the roles of women within criminal networks, roles that in reality are often less traditional than researchers used to think. The book seeks to answer questions from a wide range of academic disciplines and traces the portrait of women tied to organized crime in Italy and around the world. The book offers up accounts of mafia women, and also tales of severe abuse and violence against women.

Women and the Mafia

Dissenting Japan

This thesis explores a lesser-known aspect of the infamous yakuza subculture: the wives. Implementing a triangulation of methods and embracing a cultural criminological perspective, the book uncovers the roles, influences, and positions of these women in this overly patriarchal criminal society. Traveling across the yakuza pyramid, it examines these women's subjective perceptions regarding their own positions, and how they express these perceptions through popular media depictions. Outsiders amongst Outsiders reveals that, unlike Western mafia wives, yakuza wives have remained outside the sphere of criminal activity in this organized crime structure, remaining in a passive (emotionally and financially) supportive role. The book further explores the ways in which these women have adapted to their set of circumstances by creating a parallel shadow subculture - an exclusively female 'sub-subculture' within the yakuza itself in which they create a sense of solidarity, pride, and confident identities by adopting and mimicking the yakuza rituals and customs as their own. Thesis. [Subject: Sociology, Criminology, Women's Studies, Japanese Studies, Asian Studies, Cultural Studies]

Outsiders Amongst Outsiders

Drugs, weapons, migrant labour, women — these are just a few of the many goods that effortlessly cross national borders in this globalized age, often without the knowledge or permission of the nations concerned. How is this remarkable criminal feat managed? From gun runners in the Ukraine, to money launderers in Dubai, cyber criminals in Brazil, racketeers in Japan, and the booming marijuana industry in western Canada, McMafia builds a breathtaking picture of a secret and bloody business. Internationally celebrated writer Misha Glenny crafts a fascinating, highly readable, and impressively well-researched account of the emergence of organized crime as a globalized phenomenon and shows how its secret and bloody business mirrors both the methods and the rewards of the legitimate world economy. Employing his journalistic talent and his prior experience covering organized crime in Eastern Europe, Glenny reports on his travels around the planet to investigate this worrying and worsening situation. After comprehensively surveying the criminal scene, Glenny ends by considering the future of organized crime. McMafia is an important book that assembles all the pieces of this worldwide puzzle for the first time.

McMafia

In 1945, as part of the Occupation forces sent to postwar Japan Nick Zappetti, a native of Italian East Harlem, entered a world as strange as any he had ever know, In postwar Tokyo, however, he realised there were certain opportunities. He had a failed stint as a professional wrestler, and participated in a fumbled (but famous) diamond heist. He was deported but managed to return with the assistance of the Mafia. Then Nick opened a pizza joint in what would be the centre of Tokyo's nightlife and became "the king of Roppongi and Mafia boss of Tokyo," and the intimate of some of Japan's most notorious underworld figures as well as many of its political and business leaders. Following Zappetti's rising and falling fortunes, and his love-hate relationship with his adopted country, Robert Whiting show us the sinister (and sometimes ridiculous) goings-on among Tokyo's traditional criminal gangs as they developed from local racketeers and gamblers into lynchpins of international finance, politics and corruption. Here is a fresh perspective on postwar Japan and how it went from being a defeated nation to an economic player, with a little help from some less than diplomatic friends.

Tokyo Underworld

Learn how to use stories and visuals to make top-notch presentations It2s called CAST (Content, Audience, Story, & Tell) and it2s been a quiet success, until now. Developed over a twelve year period as a presentation method to help Enterprise Architects, it was adopted by Microsoft Enterprise Architecture teams and filtered from IT managers to Sales, and beyond to major organizations around the world. Now, thanks to this unique book from an expert author team that includes two Microsoft

presentation experts, you can learn how to use this amazing process to create and make high-impact presentations in your own organization. The book helps you build complete visual stories, step by step, by using the CAST method to first create a Story Map and from there, a compelling presentation. It includes sample Story Maps, templates, practical success stories, and more. You'll discover how to go beyond PowerPoint slides to create presentations that influence your peers and effect change. Explains the secrets of making presentations and effecting change using CAST to create Story Maps and from there, high-impact and visual presentations that tell a story. Covers how to apply a range of techniques and what the results look like, using screenshots of presentations, one page hand outs, and basic delivery with whiteboards. Coauthored by Microsoft experts and a visual design guru who have years of experience training professionals in these methods. Includes sample Story Maps, templates, practical success stories, and more. Learn how to sell your ideas and trigger change in your company with *Stories That Move Mountains: Storytelling and Visual Design for Persuasive Presentations*.

Stories that Move Mountains

Lawsuits are rare events in most people's lives. High-stakes cases are even less commonplace. Why is it, then, that scholarship about the Japanese legal system has focused almost exclusively on epic court battles, large-scale social issues, and corporate governance? Mark D. West's *Law in Everyday Japan* fills a void in our understanding of the relationship between law and social life in Japan by shifting the focus to cases more representative of everyday Japanese life. Compiling case studies based on seven fascinating themes—karaoke-based noise complaints, sumo wrestling, love hotels, post-Kobe earthquake condominium reconstruction, lost-and-found outcomes, working hours, and debt-induced suicide—*Law in Everyday Japan* offers a vibrant portrait of the way law intermingles with social norms, historically ingrained ideas, and cultural mores in Japan. Each example is informed by extensive fieldwork. West interviews all of the participants—from judges and lawyers to defendants, plaintiffs, and their families—to uncover an everyday Japan where law matters, albeit in very surprising ways.

Law in Everyday Japan

In *Lovesick Japan*, Mark D. West explores an official vision of love, sex, and marriage in contemporary Japan. A comprehensive body of evidence—2,700 court opinions—describes a society characterized by a presupposed absence of physical and emotional intimacy, affection, and personal connections. In compelling, poignant, and sometimes horrifying court cases, West finds that Japanese judges frequently opine on whether a person is in love, what other emotions a person is feeling, and whether those emotions are appropriate for the situation. Sometimes judges' views about love, sex, and marriage emerge from their presentation of the facts of cases. Among the recurring elements are abortions forced by men, compensated dating, late-life divorces, termination fees to end affairs, sexless couples, Valentine's Day heartbreak, "soapland" bath-brothels, and home-wrecking hostesses. Sometimes the judges' analysis, decisions, and commentary are as revealing as the facts. Sex in the cases is a choice among private "normal" sex, which is male-dominated, conservative, dispassionate, or nonexistent; commercial sex, which caters to every fetish but is said to lead to rape, murder, and general social depravity; and a hybrid of the two, which commodifies private sexual relationships. Marriage is contractual; judges express the ideal of love in marriage and proclaim its importance, but virtually no one in the court cases achieves it. Love usually appears as a tragic, overwhelming emotion associated with jealousy, suffering, heartache, and death.

Lovesick Japan

The purpose of this study is to analyze the development of a modern form of Arabic prose literature, the autobiography of childhood, and explore its generic characteristics. The basis of this investigation is a representative corpus of Arabic autobiographies rich in childhood material published between 1929 and 1988 by twenty writers from Egypt, Lebanon, Syria, Palestine and Morocco.

In My Childhood

A leader of a global superpower is betrayed by his mistress, who makes public the sordid details of their secret affair. His wife stands by as he denies the charges. Debates over definitions of moral leadership ensue. Sound familiar? If you guessed Clinton and Lewinsky, try again. This incident involved former Japanese prime minister Sosuke Uno and a geisha. In *Secrets, Sex, and Spectacle*, Mark D. West organizes the seemingly random worlds of Japanese and American scandal—from corporate fraud to baseball cheaters, political corruption to celebrity sexcapades—to explore well-ingrained similarities

and contrasts in law and society. In Japan and the United States, legal and organizational rules tell us what kind of behavior is considered scandalous. When Japanese and American scandal stories differ, those rules—rules that define what's public and what's private, rules that protect injuries to dignity and honor, and rules about sex, to name a few—often help explain the differences. In the cases of Clinton and Uno, the rules help explain why the media didn't cover Uno's affair, why Uno's wife apologized on her husband's behalf, and why Uno—and not Clinton—resigned. *Secrets, Sex, and Spectacle* offers a novel approach to viewing the phenomenon of scandal—one that will be applauded by anyone who has obsessed over (or ridiculed) these public episodes.

Secrets, Sex, and Spectacle

This book presents a tale with a complete, concise, compelling narrative that conveys some of the essence of the discovery, adventure, and learning of twenty years of field work of the author about the ancient religion of the Aztecs in Mexico. .

A War Of Witches

Guinness World Records 2010

"A fascinating study of how criminal enterprise can infect the very heart of modern capitalism. Here is the backstage world of political influence and organized crime in the world's second largest economy... by far the most detailed and even-handed study of this important and neglected subject."—John W. Dower, author of *Embracing Defeat: Japan in the Wake of World War II* Reviews of original edition: "A superb study of Japan's underworld that is both entertaining and revealing. The authors miss none of the color and curious detail of the yakuza style, but at the same time go far beyond surface observations."—*Far Eastern Economic Review* "The book is laden with fascinating information, some of it heretofore unavailable in English."—*Washington Post* "Blend the Mafia with the Masons. Let them simmer a while, then fold in the Ku Klux Klan and you'll have the yakuza.... Important and timely... Yakuza will serve for years as the source document on Japanese organized crime."—*San Jose Mercury News* "State-of-the-art investigative reporting...must reading for those who consider themselves already highly conversant with yakuza activities...disturbing."—*Journal of Asian Studies*

Yakuza

This book investigates how films made about the URA since the 1990s have engaged with, reproduced and contested cultural memories of the organisation, discussing how directors have addressed questions of narrativization, trauma, intergenerational connection, and political subjectivity as they engage in the politics of cultural memory on screen.

The United Red Army on Screen: Cinema, Aesthetics and The Politics of Memory

Offers a balanced presentation of human history for a global perspective. Based on the National Standards for World History, this set is arranged in six chronological eras. Each volume era begins with essays that tackle large themes such as agriculture, science and technology, social and class relationships, trade and culture, and warfare.

Encyclopedia of World History

Now a hit HBO Max TV series starring Ansel Elgort, Ken Watanabe & Rachel Keller From the only American journalist ever to have been admitted to the insular Tokyo Metropolitan Police Press Club, here is a unique, firsthand, revelatory look at Japanese culture from the underbelly up. At the age of nineteen, Jake Adelstein went to Japan in search of peace and tranquillity. What he got was a life of crime ... crime reporting, that is, at the prestigious Yomiuri Shimbun. For twelve years of eighty-hour

work weeks, he covered the seedy side of Japan, where extortion, murder, human trafficking, and corruption are as familiar as ramen noodles and sake. But when his final scoop brought him face to face with Japan's most infamous yakuza boss — and with the threat of death for him and his family — Adelstein decided to step down ... momentarily. Then, he fought back. In *Tokyo Vice*, Adelstein tells the riveting, often humorous tale of his transformation from an inexperienced cub reporter to a daring investigative journalist with a price on his head. With its vivid, visceral descriptions of crime in Japan and candid exploration of the world of modern-day yakuza that even few Japanese ever see, *Tokyo Vice* is a fascination, and an education, from first to last.

Tokyo Vice

This international and illustrated work challenges current writings focussing on the problems of urban public space to present a more nuanced and dialectical conception of urban life. Detailed and extensive international urban case studies show how urban open spaces are used for play, which is defined and discussed using Caillois' four-part definition – competition, chance, simulation and vertigo. Stevens explores and analyzes these case studies according to locations where play has been observed: paths, intersections, thresholds, boundaries and props. Applicable to a wide-range of countries and city forms, *The Ludic City* is a fascinating and stimulating read for all who are involved or interested in the design of urban spaces.

The Ludic City

This casebook on Japanese Law has been specially designed for ease of use and theoretical versatility. Heavily-edited cases, statutes, and articles canvass a wide range of intriguing problems and theoretical perspectives. Professors will find that it facilitates a variety of analysis and approaches to a given question--whether sociological, anthropological, or based on law and economics. The book allows for in-depth coverage of a diverse range of substantive areas of law, from torts, criminal law, and contracts to employment and corporate law.

The Japanese Legal System

Renowned throughout the world as purveyors of beauty, mystery, and allure, geisha have come to represent the epitome of Japanese elegance and chic. The contributors to this book each considers a particular aspect of geisha tradition and aesthetics.

Geisha

Yakuza Moon is the shocking, yet intensely moving memoir of 37-yearold Shoko Tendo, who grew up the daughter of a yakuza boss. Tendo lived her life in luxury until the age of six, when her father was sent to prison, and her family fell into terrible debt. Bullied by classmates who called her "the yakuza girl," and terrorized at home by a father who became a drunken, violent monster after his release from prison, Tendo rebelled. A regular visitor to nightclubs at the age of 12, she soon became a drug addict and a member of a girl gang. By the age of 15 she found herself sentenced to eight months in a juvenile detention center. Adulthood brought big bucks and glamour when Tendo started working as a bar hostess during Japan's booming bubble economy of the nineteen- eighties. But among her many rich and loyal patrons there were also abusive clients, one of whom beat her so badly that her face was left permanently scarred. When her mother died, Tendo plunged into such a deep depression that she tried to commit suicide twice. Tendo takes us through the bad times with warmth and candor, and gives a moving and inspiring account of how she overcame a lifetime of discrimination and hardship. Getting tattooed, from the base of her neck to the tips of her toes, with a design centered on a geisha with a dagger in her mouth, was an act that empowered her to start making changes in her life. She quit her job as a hostess. On her last day at the bar she looked up at the full moon, a sight she never forgot. The moon became a symbol of her struggle to become whole, and the title of the book she wrote as an epitaph for herself and her family.

Yakuza Moon

Featuring more than two hundred delicious and healthful recipes, offers sensible advice, time-saving tips, and nutritional guidelines as it explains how to introduce healthy food to the youngest members of the family.

First Meals

Written by a diverse group of scholars who bring their regional expertise together, this best-selling text offers a balanced treatment of global events and developments in the twentieth century and beyond. By integrating key themes of science and technology, economics, political and social developments, international relationships, and cultural trends throughout its chronological chapters, the book uses its organization as a key tool to help students appreciate this important period in global history. Its clear prose weaves basic factual information and analysis together to create a student-friendly text, while still allowing for professors' personal interpretations. This seventh edition incorporates the latest scholarship on twentieth century history, including the work of a new co-author, Michael Schroeder, and addresses key issues of twenty-first century concern, including terrorism, the environment, and more.

The Twentieth Century and Beyond: A Global History

Women in the Mafia are taking a leading role. They kill for revenge, buy arms, run extortion rackets, recycle drug money. Some want to be bosses themselves. Claire Longrigg has tracked these women down and they have talked to her at length. In this brave and vivid book she describes the traditional - and changing - role of women in the Cosa Nostra, both in Italy and the USA. She writes too, of how women have used their knowledge of the Mafia to escape from it, by turning informer to win freedom from violent marriages and to give their children a future. This movement has started a social revolution. The Mafia can no longer depend on women to be silent martyrs- in the future they will either be partners - or they will bring the organisation down.

Mafia Women

Shunsuke Tsurumi, one of Japan's most distinguished contemporary philosophers, continues his study of the intellectual and social history of modern Japan with this penetrating analysis of popular culture in the post-war years. Japanese manga (comics), manzai (dialogues), television, advertising and popular songs are the medium for a revealing examination of the many contradictory forces at work beneath the surface of an apparently uniform and universal culture. The author argues that the iconography of these popular forms has deep and significant implication for the development of Japanese national life in the post-growth years that lie ahead.

A Cultural History of Postwar Japan

Scholars of history, anthropology, literature, and film explore the transformations in Japanese politics, culture, and society since Japan's recession of the early 1990s.

Japan After Japan

A comprehensive and engaging new history, charting Japan's development from its origins through to the present day.

A Concise History of Japan

Using an institutional and empirical approach, this book analyses the role of formal rules (law and regulations) and informal rules (norms, practices, and shared beliefs) in the Japanese economy. Through in-depth studies of corporate governance and finance, mergers and acquisitions, financial regulation, and markets for everything from venture capital to legal talent and organized crime, Milhaupt and West show that institutions play a crucial and heretofore overlooked role in the structure of the Japanese economy, which often is portrayed as being governed exclusively by interpersonal relations and bureaucratic fiat. The book demonstrates that despite outward appearances of a decade of stagnation in Japan, the formal and informal rules of the Japanese economy are changing significantly. The evidence suggests that in the mix of formal and informal rules that govern Japanese firms and set the incentive structure for other economic actors, law is gaining in importance. As these rules change, Japanese actors are responding, reshaping corporate governance and financial markets, eroding the bureaucracy's power. This book's emphasis on the centrality of institutions, institutional change, and responses to change portray a Japanese economy far different from those provided by previous accounts. It provides a wealth of previously unexplored data on the Japanese economy and legal system, and demonstrates the importance of a sound incentive roadmap for Japan's economic recovery and transition.

Economic Organizations and Corporate Governance in Japan : The Impact of Formal and Informal Rules

This volume focuses on women whose lives are entangled in the workings of the Mafia, drawing on courtroom testimonies, interviews, contemporary journalism and recent research. Individual narratives illuminate women's experiences, both as victims or active opponents.

Secrets of Life and Death

Cultural Criminology and the Carnival of Crime attempts to make sense of the current increase in violence, cruelty, hate and humiliation, which has come to permeate daily life. The text argues that an overly organised economic world has provoked a widespread desire for extreme, oppositional forms of popular and personal pleasure. This desire has resulted in a cathartic 'second life' of illicit pleasures often deemed criminal by those in power. Amongst the exciting issues Mike Presdee addresses are: * joyriding * street crime * antisocial behaviour in private via the internet * hate, hurt and humiliation in popular culture * the popularisation and criminalisation of sadomasochism and dance music cultures.

Cultural Criminology and the Carnival of Crime

This book of Japanese poetry and lyrics explores a little-known style of Japanese song called Ko-Uta. A Ko-Uta is translated as "little song" in Japanese. Unfamiliar to most Westerners, ko-uta are particularly in tune with the tradition of Japan's Edo-era merchants. Some ko-uta are aesthetic, many are earthy. Ko-uta are sung to the accompaniment of the shamisen—a traditional, three-stringed Japanese lute. Ko-uta come to life when they are sung, and the best example of where they live is in the geisha world. To help give some idea of the geisha world, this Japanese music book has provided a complete score of one song. Readers with some experience with haiku and other forms of Japanese poetry will find that ko-uta share many things with those forms. Yet, ko-uta retain their own unique interest, making this book a fascinating addition to any collection of Japanese literature or art.

Ko-Uta: Little Songs of the Geisha World

This book explores the myth, so abused by the mass media, that the Japanese are a grey, anonymous mass of efficient, obedient workers. The articles shed light on a Japan outside officialdom, a lively Japan of tumultuous and independent thought, inefficient and aesthetic, pleasure-loving, aggressive and wasteful, creative and anti-authoritarian. The book's truly international contributors examine the role in modern Japanese society of a range of leisure and play activities, from drinking to travel, football to karaoke, tattoos to rock fandom. They explore how things which seem like play in one context are deadly serious in another, and how the fun and enjoyment may be achieved in unexpected ways. They also draw attention to the importance of such activities in understanding the deeper structure and meaning pervading all areas of the society in which they take place. This book will be of great interest to students and scholars of Japanese Studies, Sociology, Anthropology and Cultural Studies.

Japan at Play

This is the true story, as told to the doctor who looked after him just before he died, of the life of one of the last traditional yakuza in Japan. It wasn't a "good" life, in either sense of the word, but it was an adventurous one; and the tale he has to tell presents an honest and oddly attractive picture of an insider in that separate, unofficial world. In his low, hoarse voice, he describes the random events that led the son of a prosperous country shopkeeper to become a member, and ultimately the leader, of a gang organizing illegal dice games in Tokyo's liveliest entertainment area. He talks about his first police raid, and the brutal interrogation and imprisonment that followed it. He remembers his first love affair, and the girl he ran away with, and the weeks they spent wandering about the countryside together. Briefly, and matter-of-factly, he describes how he cut off the little finger of his left hand as a ritual gesture of apology. He explains how the games were run and the profits spent; why the ties between members of "the brotherhood" were so important; and how he came to kill a man who worked for him. What emerges is a contradictory personality: tough but not unsentimental; stubborn yet willing to take life more or less as it comes; impulsive but careful to observe the rules of the business he had joined. And in the end, when his tale is finished, you feel you would probably have liked him if you'd met him in person. Fortunately, Dr. Saga's record of his long conversations with him provides a wonderful substitute for that meeting.

Confessions of a Yakuza

Drawing on both historical and literary sources, examines life in the pleasure houses of Japan during the Edo period from the early 1600s to 1868. Among the topics are the origins, illegal competitors, the cost of a visit, the treatment of the courtesans, traditions and protocols, Yoshiwara arts, th

Yoshiwara

This revised and expanded Third Edition of the internationally acclaimed *Criminological Perspectives* is the most comprehensive reader available in the field. Wide-ranging and global in scope and coverage, *Criminological Perspectives* will enable you to critically engage with the various concepts and theoretical positions that you'll encounter throughout your studies. In addition to essays that have had a seminal influence on the development of criminology, new articles have been included to cover topics of contemporary criminological significance, including: - surveillance - digitized crime - terrorism and political violence - environmental crime - human trafficking - techno-social networks - narco-crime - global inequalities The 56 articles are organised thematically, complete with introductions that place them in context and to illustrate the approaches taken by different schools of criminological thought. *Criminological Perspectives* will prove an indispensable resource, whether you're studying criminology, criminal justice studies, socio-legal studies, penology, security studies, surveillance studies, or sociology.

Criminological Perspectives

It's been 10 long years since their legendary love swept the field like a hurricane. At 27 years old, Momo, Kairi, Toji, and Sae are back! Momo and Kairi are at the peak of their relationship, but still not married?! The pressure is on! Sae can't stand to see this couple happy, and she won't stand for it! Touji also seems to already have a shadow hanging in his past after becoming an adult... What happened? Get ready for this love train to move full-steam ahead once again!

Peach Girl NEXT.
