Basic English Grammar

Blending communicative and interactive approaches with tried-and-true grammar teaching, "Basic English Grammar, " Third Edition, by Betty Schramper Azar and Stacy A. Hagen, offers concise, accurate, level-appropriate grammar information with an abundance of exercises, contexts, and classroom activities. New features of "Basic English Grammar," Third Edition: Increased speaking practice through interactive pair and group work. New structure-focused listening exercises. More activities that provide real communication opportunities. Added illustrations to help students learn vocabulary, understand contexts, and engage in communicative language tasks. New Workbook solely devoted to self-study exercises. New Audio CDs and listening script in the back of the Student Book. Student Book is available with or without Answer Key. Student Book and Workbook are available in split versions.

Fundamentals of English Grammar

Fundamentals of English grammar is a mid-level ESL/EFL developmental skills text for adult language learners.

Understanding and Using English Grammar

Clear, direct and comprehensive, the Azar-Hagen Grammar series uses a grammar-based teaching approach, blending grammar methodology with communicative methods. Grammar is used as the starting point for the development of all language skills: speaking, listening, reading, and writing.

Mel&Etx und and Usng Engl

"The world's most trusted grammar source for clear, direct, and comprehensive instruction, the Azar-Hagen Grammar Series - including Fundamentals of English Grammar for lower-intermediate and intermediate English language learners - blends grammar instruction with communicative methods. Grammar is the springboard for developing all language skills: speaking, listening, reading, and writing. With clear, user-friendly charts and engaging, interactive practice, it's easy to see why this classic series remains the top-selling text in its field year after year." -- Publisher's description

Fundamentals of English Grammar

For nearly forty years, Understanding and Using English Grammar has been the go-to grammar resource for students and teachers alike. Its time-tested approach blends direct grammar instruction with carefully sequenced practice to develop all language skills. New to This Edition Pretests at the start of each chapter enable learners to check what they already know. Updated grammar charts reflect current usage and highlight differences between written and spoken English. A new chapter on article usage. A variety of high-interest readings include reviews, articles on current topics, and blogs that focus on student success. Additional incremental practice helps learners better grasp concepts, while thematic exercises and integrated tasks offer more contextualized language use. Step-by-step writing activities are supported by writing tips and pre-writing and editing tasks. MyEnglishLab Rich online practice for all skill areas: grammar, reading, writing, speaking, and listening. Instant feedback and remediation. Grammar videos. Bonus material not included in the Student Book, including additional expanded practice of gerunds and infinitives. Robust assessments. Gradebook and diagnostic tools.

Understanding and Using English Grammar, Workbook Split A

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are: Information in the grammar charts highlighting differences between spoken and written English Step-by-step writing activities with models for students to follow Innovative warm-up exercises that precede the grammar charts and introduce points to be taught Newly created exercises to give students more incremental grammar practice Structure-based listening exercises that introduce students to relaxed, reduced speech

Fundamentals of English Grammar

The Workbook consists solely of self-study exercises, with answers included, providing students the opportunity to explore and practice grammar independently. It is keyed to explanatory grammar charts in both the Student Book and the Chartbook. Understanding and Using English Grammar is a classic developmental skills text for intermediate to advanced English language learners.

Basic English Grammar a Elc

The classic text for intermediate through advanced students provides a clear, visual presentation of grammar in terms easily understandable to students. Grammar explanations teach situationally appropriate English, both formal and colloquial and make distinctions between British and American usage. Each presentation is followed by graded activities that promote speaking, listening, and writing skills.--Résumé de l'éditeur.

Understanding and Using English Grammar Etext + Myenglishlab

Using a time-tested approach that has helped millions of students around the world, Fundamentals of English Grammar blends direct grammar instruction with carefully sequenced practice to develop speaking, writing, listening, and reading skills. The fifth edition has been extensively revised to keep

pace with advances in theory and practice, particularly from cognitive science. Now more than ever, teachers will find an extensive range of presentations, activities, and tasks to meet the specific needs of their classes. New to This Edition * A pretest at the start of each chapter allows learners to assess what they already know and orient themselves to the chapter material. * Practice, spaced out over time, helps students learn better. Numerous exercises have been added to provide more incremental practice. * New charts and exercises show patterns to help learners make sense of the information. * Meaning-based practice is introduced at the sentence level. Students do not have to wait for longer passages to work with meaning. * Frequent oral exercises encourage students to speak more naturally and fluidly. * Step-by-step writing activities promote written fluency. All end-of-chapter tasks include writing tips and editing checklists. * A wide range of contextualized exercises, frequently including life skills vocabulary, encourages authentic language use. * Updated grammar charts based on corpus research reflect current usage and highlight the differences between written and spoken English in formal and informal contexts. * The BlackBookBlog focuses on student success, cultural differences, and life-skills strategies. * End-of-the-chapter Learning Checks help students assess their learning. * A Pearson Practice English app with end-of-chapter learning checks, Student Book audio, and guided PowerPoint videos. * Revised MyEnglishLab for a fully blended program.

Understanding and using English grammar

'Understanding and Using English Grammar' is a classic developmental skills text for students of English as a second or foreign language. This Workbook consists solely of self-study exercises, providing students the opportunity to explore and practice grammar independently. It is keyed to the explanatory grammar charts in both the Student book and the Chartbook.

Fun with Grammar

The text for intermediate through advanced students provides a presentation of grammar in terms to students. Grammar explanations teach situationally appropriate English, both formal and colloquial and make distinctions between British and American usage. Each presentation is followed by graded activities that promote speaking, listening, and writing skills. The edition features an improved organization,

expansion and/or clarification of grammar points, more illustrations and exercises. It is now available in split editions with accompanying workbooks and teacher's manuals.

Understanding and Using English Grammar

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are: Information in the grammar charts highlighting important differences between spoken and written English; Step-by-step writing activities with models for students to follow; Innovative warm-up exercises that precede the grammar charts and introduce points to be taught; Newly created exercises to give students more incremental grammar practice; Structure-based listening exercises that introduce students to relaxed, reduced speech"--Page 4 of cover.
