Don Revie

Don Revie was the football man about whom few were neutral. The Leeds United team he created was possibly the finest in the history of English league football, one of legendary endurance, its characters strong and unyielding. Yet it remained unpopular, for many felt its voracious pursuit of honours was hallmarked by cynicism and ruthlessness. This fascinating study of Revie, one of English football's most complex and controversial figures, examines the factors and influences that moulded him. In interviews with team-mates, the footballers he managed and others who worked alongside him, Andrew Mourant reflects on the many seemingly paradoxical aspects of Revie's nature. After depicting Revie's childhood living on the breadline in Middlesbrough, from which the game was his great escape, Mourant traces his development through playing days with five league clubs to management of Leeds United,

England and beyond. He also considers the legacy Revie left Leeds: a craving for a return to the days of glory and triumph he engineered. It is a turbulent story of success and failure. The tragic nature of Revie's untimely death in 1989 through motor neurone disease served only to sharpen memories of his achievements. He continues to cast a shadow over Elland Road and remains the yardstick against whom all successors are judged. Amid the triumphs, near misses and traumas, his reign brought Leeds United an era of unparalleled prosperity and stability. The story of Revie's career is one of intense dedication, willpower and pursuit of the near impossible. For some it was an inspiration; while for others its darker elements tainted the success he brought to Elland Road and all he strove to achieve for England.

British Sport - a Bibliography to 2000

Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

Football Aims for the Stars

The culmination of five years of research, this fascinating book reveals a side of football not explored before and explains why football coaches use astrology to gain a competitive edge. The result of 5 years of research, Football aims for the Stars shows how the constellations can affect planet football; find out why leading continental coaches believe they gain a competitive advantage by using astrology; explore the 12 paths to football success; understand what makes a telepathic partnership and, with examples including England 1966, Liverpool 1979, Manchester United 2007, and Barcelona 2009, see how a 'well balanced' team is built. This pioneering book will be essential reading for anyone with a serious interest in fulfilling their potential either as a player or coach. It will also provide fascinating insights for fans wishing to find out what they have in common with their heroes.

Will You Manage?

"Bloody obvious isn't it: tell the defenders to route one out to Drogba" "That's what they've been doing all night and look where it's got them" "The final ball has just not been weighted enough; in any case, his touch is too heavy" "120,000 a week and look how little they put themselves about" "Players today are mercenaries: in my day they lived and died for their local team. It was a way of life: now it's just a cheque at the end of the month" blah, blah, blah... Every weekend in pubs and living-rooms all over the country, women and (mainly) men discuss the day's games and how they could have done better than the cretinous manager. Few people think they can fix their leaking sink better than a plumber or defend their dodgy cousin better than a barrister and yet every Tom, Dick and Harriett is convinced that they can do a better job than their team's manager. Why is this? In Will You Manage?, Musa Okwonga breaks down the job of football management into its different components and shows exactly what skills the great managers have. He interviews big and little cheeses on the football scene and provides essential tips for Fantasy Football success. As a new season gets underway and managerial heads begin to roll, the reader of Will You Manage? will deservedly have a knowing/sickening smirk on his face.

Sport, Identity and Community

This volume was first published by Inter-Disciplinary Press in 2016. Sport is multi-billion dollar business. Sport is a kick around in the park. Sport is high (and low) politics. Sport is said to shape admirable personal qualities. Sport is said to embed the worst of white male heterosexual able-bodied privilege. Sport is said to break down social barriers. Sport is said to entrench a narrow nationalism. The list of what sport is said to be can be extended almost ad infinitum. This e-book attempts to make sense of some of the multiplicity of the 'things' that sport can be, mean and do. The papers in this volume explore the diversity of sport, providing insights from a wealth of perspectives into this ubiquitous

cultural practice. The e-book will appeal to students, practitioners and readers who want to gain a fuller understanding of the games we watch and play.

Bill Nicholson

Bill Nicholson was revered as one of the most honest football managers in the business. Between 1960 and 1964 he turned Tottenham Hotspur into the finest team in Britain. This book, the first biography of Nicholson, commemorates the 50th anniversary of Tottenham's pioneering 1961 Double, which Nicholson followed up in 1963 by becoming the first manager to win a European trophy. By moulding great players like Dave Mackay, Danny Blanchflower, John White, Cliff Jones and Jimmy Greaves into an almost perfectly balanced team, he set new standards of attacking play. Nicholson was born in Scarborough in 1919. At the age of 17 he took the night train alone to London, signed for Spurs on GBP2 a week and spent the rest of his life with the club as player, coach, manager, scout and President. He never had a contract, spurned bonuses and lived ten minutes' walk from the ground with his remarkable wife, who was known as Darkie, until his death in 2004. He is still revered by Tottenham fans as one of the most important figures in the club's history. This well-researched book offers a new, kinder impression of this much-loved man.

Don Revie: The Biography

THE LIFE AND TIMES OF DON REVIE – ONE OF THE MOST COMPLEX AND CONTROVERSIAL MEN EVER TO GRACE THE GAME OF FOOTBALL 'Engrossing' - Sunday Times 'Impeccably researched... As a life and times, Evans's account is immaculate.' – Jonathan Liew, New Statesman 'A poignant and engrossing read... a well-crafted biography.' – FourFourTwo 'Thoroughly researched and engagingly written, this superb biography sheds new light on one of the most controversial, enigmatic figures in football history' – Leo McKinstry, journalist, historian and award-winning author 'Excellent' – Johnny Giles, Leeds United legend 'Essential reading' Ryan Sabey, the Sun Whenever the greatest managers the game has ever produced are mentioned, names like Busby, Shankly, Paisley and Ferguson trip off the tongue. Despite dominating the game in the late 1960s and '70s there is one name missing: Don Revie, the former Leeds United and England manager. Revie was one of the most complex and controversial men ever to grace the game of football. As a player, he was crowned Footballer of the Year and credited with creating the modern centre-forward. As a manager, he took a Leeds United side languishing in the lower half of the second division and turned them into not only league champions, but one of the most dominant sides in the country. As England manager, Revie lost the magic touch and became increasingly indecisive. After three years in the role and fearing the sack, Revie became the first man to walk out on England. Then came the backlash. Revie was branded a traitor and banned from the game for 10 years, and the press declared open season on the manager. Accused of offering bribes to throw matches, his reputation was destroyed. Shunned by the football establishment, he died just 12 years after walking out on England. Revie's death, at the age of 61, robbed him of the opportunity ever to rebuild his reputation as one of the most important figures ever seen in English football. The life and times of this multifaceted, enigmatic, pioneering football man have still never been fully explored and explained in detail before. Featuring new interviews with Johnny Giles, Kevin Keegan, Norman Hunter, Eddie Gray, Allan Clarke, Joe Jordan, Gordon McQueen, Malcolm Macdonald and members of the Revie family, this long-overdue biography reveals how today's football owes so much to Don Revie. --- Shortlisted for THE SUNDAY TIMES Sports Book Awards 2022 'A no-holds-barred insight that convinces the reader that Don Revie stands amongst the giants of English football.' -Lord Mann 'Meticulously researched and expertly crafted exploration' - Jeff Powell, Daily Mail 'A superb read'. - Alex Montgomery, Chief football writer and former Chairman of the Football Writers Association

State of Emergency

State of Emergency : Britain 1970-74 is a brilliant history of the gaudy, schizophrenic atmosphere of the early Seventies. The early 1970s were the age of gloom and glam. Under Edward Heath, the optimism of the Sixties had become a distant memory. Now the headlines were dominated by social unrest, fuel shortages, unemployment and inflation. The seventies brought us miners' strikes, blackouts, IRA atrocities, tower blocks and the three-day week, yet they were also years of stunning change and cultural dynamism, heralding a social revolution that gave us celebrity footballers, high-street curry houses, package holidays, gay rights, green activists and progressive rock; the world of Enoch Powell and Tony Benn, David Bowie and Brian Clough, Germaine Greer and Mary Whitehouse. Dominic

Sandbrook's *State of Emergency* is the perfect guide to a luridly colourful Seventies landscape that shaped our present, from the financial boardroom to the suburban bedroom. 'Hugely entertaining, always compelling, often hilarious' Simon Sebag Montefiore, *Sunday Telegraph* 'Thrillingly panoramic ... he vividly re-creates the texture of everyday life in a thousand telling details' Francis Wheen, *Observer* 'Masterly ... nothing escapes his gaze' *Independent on Sunday* 'Splendidly readable ... his almost pitch-perfect ability to recreate the mood and atmospherics of the time is remarkable' *Economist*

Clough and Revie

Don Revie and Brian Clough were born a brisk walk away from each other in Middlesbrough, in 1927 and 1935 respectively. They were brought up in a town ravaged by the Depression and went on to become highly successful professional footballers. Then, as young managers, they both took clubs languishing in the doldrums (Leeds United and Derby County) and moulded them into championship winners. Despite the myriad similarities, these two sons of the Tees were as different in character as Richard Nixon and John F. Kennedy. A bitter rivalry developed between them, which in turn enlivened and then blighted English football in the 1960s and '70s. In *Clough and Revie*, exclusive interviews with players, relatives and friends shed fresh light on these two intriguing characters. Part footballing chronicle, part social history, the book is a revelatory exploration of the rivalry between the two men. It brings a fresh perspective on their early years in the North-East, tells how they nearly became teammates and explains why the feud began and what its repercussions were.

No Glossing Over It

Between 1964 and 1992, Leeds United won eleven fabulous trophies, but the team were runners-up just as often. They missed out on many more titles and cups, not least club football's greatest prize, the European Cup, in 1975. In *No Glossing Over It*, lifelong Leeds United fan Gary Edwards reveals why the club has dramatically lost out on victory in many of these competitions and how it has been the victim of a pattern of serial abuse by the footballing authorities - most recently seen in the unprecedented 15-point sanction meted out at the start of the 2007-08 season. Featuring the views of former Leeds players and managers, as well as top-flight referees and diehard fans, *No Glossing Over It* examines the injustices that have befallen Leeds United and sheds new light on the shocking events that have long rankled with the club's supporters.

Routledge Handbook of Sport in the Middle East

This Handbook provides a succinct overview of sport in the Middle East, drawing in scholars from a wide variety of geographical and disciplinary backgrounds (history, politics, sociology, economics and regional studies), with different methodological approaches, to create the 'go-to' text on the subject. After the introduction, 33 chapters from leading subject experts cover areas including history, politics, society, economy and nationhood. The authors help shed light on how certain Middle Eastern countries have become increasingly active in international sports, and the efforts made to positioning themselves as the new global 'sports hubs'. Split into five sections, the book offers a multi-disciplinary analysis of a diverse range of sports across the geographic Middle East, including football, mixed martial arts, rugby, athletics and cycling. The authors highlight and respond to issues such as the naturalisation of athletes, female athleticism, sports media and supporter cultures. The *Routledge Handbook of Sport in the Middle East* stands apart from previous research through offering first-hand accounts of sport in the area from authors who live and work in the region or have a history of regularly visiting and conducting research in the region. It will be of interest to academics and students alike, in the fields of Middle East politics, sport, sport in the Middle East, international relations, governance and sociology.

The Unforgiven

In 1961, when Don Revie became manager of Leeds United, they were a struggling Second Division club. By 1974 they had won two League Championships, the Inter-Cities Fairs Cup (twice), the FA Cup and the League Cup; players like Jack Charlton and Billy Bremner were household names. Yet this was a team that inspired neither admiration nor grudging respect, but rather a deep and visceral loathing – matched only by the bellicose devotion of their own supporters. The undeniable artistry of players like striker Allan Clarke was overshadowed by a ruthless professionalism, epitomised in the scything tackles of Norman Hunter. Still, when Revie's Leeds United side were let off the leash – the 7-0 humiliation of Southampton is enshrined in Match of the Day mythology – their brilliance was compelling. At the heart of their outlaw status was the eccentric personality of Don Revie himself. Clad in his lucky blue suit, a

man for whom team-building meant rounds of carpet bowls, here reigned less a football manager than, in his own estimation, the 'head of the family'. The aftermath of the Revie era is explored, including Brian Clough's infamous 44 days at the helm of the 'Damned United'. The Unforgiven is the definitive history of the most defiantly unconventional team in British football.

Get It On

SHORTLISTED FOR BEST SPORTS WRITING AT THE SPORTS BOOK AWARDS 2023 "Sheer joy" – Patrick Barclay "Exhilarating" – When Saturday Comes "Perfect" – Josh Widdicombe " " – FourFourTwo Four years after the crowning glory of 1966, and a decade after the abolition of the maximum wage, a brash new era dawned in English football. As the 1970s took hold, a new generation of larger-than-life players and managers emerged, appearing on television sets in vivid technicolour for the first time. Set against a backdrop of strikes, political unrest, freezing winters and glam rock, Get It On tells the inside story of how commercialism, innovation, racism and hooliganism rocked the national game in the 1970s. Packed with interviews with the legends of the day, this footballing fiesta charts the emergence of Brian Clough, Bob Paisley and Kevin Keegan and the fall of George Best, Alf Ramsey and Don Revie, presenting a vibrant portrait of the most groundbreaking decade in English football history.

Stokoe, Sunderland and '73

50th anniversary edition of the story of the team that caused the last, great FA Cup upset... 'Times have changed but this book is an engrossing reminder for all fans' INDEPENDENT ON SUNDAY 'An essential piece of British football history for fans of any club. Brilliantly researched and written with an undisguised passion' Guy Mowbray, BBC's Match of the Day Today, it seems inconceivable that a team from the lower reaches of the Championship could beat the likes of Chelsea or Manchester United in the FA Cup Final. Yet, on 5 May 1973 that is exactly what happened. Six months earlier, Bob Stokoe took on an ailing Sunderland team, struggling at the bottom of the second division. But the long road to Wembley sees them beating Arsenal and Manchester City to reach the final, where they face Don Revie's mighty Leeds United in a game few expect them to win. Yet what lies ninety minutes ahead is the greatest FA Cup Final shock of all time. Sunderland's victory was, arguably, the last fairytale of recent footballing times. In STOKOE, SUNDERLAND AND '73, Lance Hardy talked with all the Sunderland players who turned out at Wembley that day and to the family of Bob Stokoe, to produce the definitive account of an unforgettable game.

Hard Tackles and Dirty Baths

'We were the first generation to have to deal with the modern stardom of football. Some handled it better than others' George Best Written in the months before he died, Hard Tackles and Dirty Baths is George's farewell letter to the great footballing era in which he burned so brightly - a personal history of the golden years before TV and agents changed everything. From the breaking of the maximum wage to the cusp of the first million-pound player, it follows the triumphs and tragedies of every season from 1960 to 1974. It is the story of our greatest footballing generation - Greaves, Moore, Law, Charlton, Osgood, Lorimer, Jennings, Hurst and, of course, Best himself.

Brian Clough: Nobody Ever Says Thank You

The final word on Brian Clough In this first full, critical biography, Jonathan Wilson draws an intimate and powerful portrait of one of England's greatest football managers, Brian Clough, and his right-hand man, Peter Taylor. It was in the unforgiving world of post-war football where their identities and reputations were made - a world where, as Clough and Taylor's mentor Harry Storer once said, 'Nobody ever says thank you.' Nonetheless, Clough brought the gleam of silverware to the depressed East Midlands of the 1970s. Initial triumph at Derby was followed by a sudden departure and a traumatic 44 days at Leeds. By the end of a frazzled 1974, Clough was set up for life financially, but also hardened to the realities of football. By the time he was at Forest, Clough's mask was almost permanently donned: a persona based on brashness and conflict. Drink fuelled the controversies and the colourful character; it heightened the razor-sharp wit and was a salve for the highs of football that never lasted long enough, and for the lows that inevitably followed. Wilson's account is the definitive portrait of this complex and enduring man.

Inverting the Pyramid

Whether it's Terry Venables keeping his wife up late at night with diagrams on scraps of paper spread over the eiderdown, or the classic TV sitcom of moving the salt & pepper around the table top in the transport cafe, football tactics are now part of the fabric of everyday life. Steve McLaren's recent switch to an untried 3-5-2 against Croatia will probably go down as the moment he lost his slim credibility gained from dropping David Beckham; Jose Mourinho, meanwhile, is often brought to task for trying to smuggle the long ball game back into English football (his defence being his need to 'break the lines' of banks of defenders and midfielders). Jonathan Wilson is an erudite and detailed writer, but never loses a sense of the grand narrative sweep, and here he pulls apart the modern game, traces the world history of tactics back from modern pioneers such as Rinus Michels and Valeriy Lobanovskiy, the Swiss origins of Catenaccio and Herbert Chapman, right back to beginning where chaos reigned. Along the way he looks at the lives of great players and thinkers who shaped the game, and probes why the English, in particular, have 'proved themselves unwilling to grapple with the abstract'. This is a modern classic of football writing to rank with David Winner's 'Brilliant Orange' and Simon Kuper's 'Football Against the Enemy'.

100 Years of Leeds United

UPDATED TO INCLUDE ALL THE ACTION FROM THE CLUB'S TITLE-WINNING CENTENARY YEAR. THE SUNDAY TIMES BESTSELLER, PUBLISHED IN ASSOCIATION WITH LEEDS UNITED 'Every up and down at Leeds United. Essential reading.' Phil Hay The definitive history of Leeds United's first century. 100 Years of Leeds United tells the story of a one-club city and its unique relationship with its football team. Since its foundation in 1919, Leeds United Football Club has seen more ups and downs than most, rising to global fame through an inimitable and uncompromising style in the 70s, clinching the last Division One title prior to the Premier League's inauguration in 1992, before a spectacular fall from grace at the start of the 21st century. United finally restored their top flight status after a sixteen-year wait with an unstoppable promotion campaign in the club's 100th year; the transformation under manager Marcelo Bielsa fittingly reminiscent of those instigated by Howard Wilkinson and Don Revie decades earlier. In 100 Years of Leeds United, Chapman delves deep into the archives to discover the lesser-known episodes, providing fresh context to the folkloric tales that have shaped the club we know today, painting the definitive picture of the West Yorkshire giants.

The Sack Race

The future of football management is a hot topic of debate. An unprecedented spate of sackings in the 2001-02 season and the manner of many of the dismissals filled the back pages. There has even been talk of managers going on strike to defend their ill-treated colleagues. Packed with big names and exclusive stories, The Sack Race challenges the sanitised picture of football management portrayed in glossy autobiographies. It lays bare a profession where pressure to obtain results is immense and the tolerance of failure is low. Despite football's supposed professionalism, we learn that 'The Gaffer' is often an ill-prepared ex-player who has hopped onto the managerial merry-go-round more as a perceived 'character' than a qualified coach. This remarkable book traces the development of the football manager's role, offers a critique of the way the game trains its coaches for management and raises valid concerns about the suitability of their employers - the directors whose impatience creates a climate of fear and insecurity. Finally, it asks the controversial question - does 'The Gaffer' have a future?

Seasons in the Sun

Dominic Sandbrook's magnificent account of the late 1970s in Britain - the book behind the major BB2 series The Seventies In this gloriously colourful book, Dominic Sandbrook recreates the extraordinary period of the late 1970s in all its chaos and contradiction, revealing it as a decisive point in our recent history. Across the country, a profound argument about the future of the nation was being played out, not just in families and schools but in everything from episodes of Doctor Who to singles by the Clash. These years saw the peak of trade union power and the apogee of an old working-class Britain - but also the birth of home computers, the rise of the ready meal and the triumph of the Grantham grocer's daughter who would change our history forever. Reviews: 'Magnificent ... if you lived through the late Seventies - or, for that matter, even if you didn't - don't miss this book' Mail on Sunday 'Sandbrook has created a specific style of narrative history, blending high politics, social change and popular culture ... always readable and assured ... Anyone who genuinely believes we have never been so badly governed should read this splendid book' Stephen Robinson, Sunday Times '[Sandbrook] has a remarkable

ability to turn a sow's ear into a sulk purse. His subject is depressing, but the book itself is a joy ... [it] benefits from an exceptional cast of characters ... As a storyteller, Sandbrook is, without doubt, superb ... [he] is an engaging history capable of impressive insight ... When discussing politics, Sandbrook is masterful ... Seasons in the Sun is a familiar story, yet seldom has it been told with such verve' Gerard DeGroot, Seven 'A brilliant historian ... I had never fully appreciated what a truly horrible period it was until reading Sandbrook ... You can see all these strange individuals - Thatcher, Rotten, Larkin, Benn - less as free agents expressing their own thoughts, than as the inevitable consequence of the economic and political decline which Sandbrook so skilfully depicts' A. N. Wilson, Spectator 'Nuanced ... Sandbrook has rummaged deep into the cultural life of the era to remind us how rich it was, from Bowie to Dennis Potter, Martin Amis to William Golding' Damian Whitworth, The Times 'Sharply and fluently written ... entertaining ... By making you quite nostalgic for the present, Sandbrook has done a public service' Evening Standard About the author: Born in Shropshire ten days before the October 1974 election, Dominic Sandbrook was educated at Oxford, St Andrews and Cambridge. He is the author of three hugely acclaimed books on post-war Britain: Never Had It So Good, White Heat and State of Emergency, and two books on modern American history, Eugene McCarthy and Mad as Hell. A prolific reviewer and columnist, he writes regularly for the Sunday Times, Daily Mail, New Statesman and BBC History.

Three Lions On The Shirt

The first critical biography of the English national football team. From Stanley Matthews to Bobby Moore to Michael Owen, all the icons of the English game have worn the famous white shirt. It is those players and their achievements that make the shirt special and still make England the nation the rest of the world wants to beat. Three Lions on the Shirt is a history of the England team throughout the last century. From back in the days when players received a match fee of 10/- for an international, and were selected from the likes of Wednesday Strollers, Clapham Rovers and Darwen, through the post-war humiliation at the hands of the USA and Hungary to England's finest moment in 1966; from the disappointment of the seventies and the eighties to the relative renaissance of the nineties, Dave Bowler chronicles the vicissitudes of a team lambasted and worshipped in equal measure. Three Lions on the Shirt is the first critical biography of the national team: it features original interviews with over fifty players and managers, past and present, including Tom Finney, Geoff Hurst, Gary Lineker, Rodney Marsh, Cyrille Regis, Les Ferdinand, the Neville brothers and Paul Merson.

The Dictionary of National Biography, 1986-1990

A compilation of biographies of prominent British individuals who died between 1986 and 1990, detailing the lives and careers of those in medicine, sports, politics, entertainment, the arts, and writing. Many of the contributors are prominent persons in their own right, and many knew their subjects personally. Includes a cumulative index from 1901 through 1990. Annotation copyrighted by Book News, Inc., Portland, OR

The 90-minute Manager

"A very good book." Sven-Goran Eriksson "This book makes a convincing case that there are good lessons to be learned from the dugout." Management Today "We're not one to gossip, but which manager was spotted in a Monte Carlo pool this week ploughing through The 90-Minute Manager only weeks after getting his club relegated? And why, exactly, was he there with Fabien Barthez and international playboy Dave "Barry" Bassett?" The Guardian's Fiver email Football is the setting for one of the purest forms of management - and the most transparent. In an age when club football is more of a business than ever before, suddenly it seems business is getting more and more like football: when talent is at a premium, the ability to attract and retain the very best people - and get the most out of them individually and collectively - is of paramount importance. What better time to learn the lessons from the very best - and worst - of the ultimate man management game. In this book, Brady and Bolchover take each of the key areas of management today, and see what we can learn from football league managers of all levels, their style and methodology. From Shankley to Wenger, from Clough to Mourinho, through Keegan, Venables, Ferguson and O'Neill, strengths and weaknesses are examined to answer classic modern management questions, such as: - what are the best strategies for dealing with brilliant but erratic people? - does the best manager have to be both a great strategist and an inspirational motivator? - what will make top talent want to work for you? - what makes a great manager on a shoestring? - what are the advantages of home grown versus imported talent? - how

important is the 'right-hand' man and what qualities make the very best pairing? - should a team ever be built around a single outstanding individual? Now in its 3rd edition, The 90 Minute Manager is the ultimate read for pleasure, read for work book and publishes in the midst of the football fever of World Cup 2006.

The Damned Utd

One of Mike Atherton's 'Top Ten Best Sports Books' in The Times In 1974 the brilliant and controversial Brian Clough made perhaps his most eccentric decision: he accepted the Leeds United manager's job. As successor to Don Revie, his bitter adversary, he was to last only 44 days. In one of the most acclaimed novels of this or any other year, David Peace takes us into the mind and thoughts of Ol'Big'Ead himself, and brings vividly to life one of post-war Britain's most complex and fascinating characters.

Promised Land

During the last 50 years, Leeds United have endured a chequered history. From unprecedented success in the 1970s, the club stared oblivion in the face in the 21st century, when the Elland Road team almost collapsed under the weight of huge debt. 'Promised Land' recalls the massive highs - and lows - of the club.

The British National Bibliography

«Loro sono la sua squadra. Il suo Leeds. Il suo sporco, maledetto Leeds e lo saranno sempre. Non la mia squadra. Mai. Non la mia. Mai. Non questa squadra. Mai.» Nel 1974 l'eccentrico Brian Clough accetta di allenare una delle più difficili squadre del campionato di calcio inglese: il Leeds United. Giocatori altezzosi, in cima alla classifica, ma aggressivi e scorretti. Disposti a tutto pur di vincere. Clough sa che non sarà semplice far funzionare le cose, eppure non rifiuta l'incarico e, spinto da un orgoglio infinito, accetta nella convinzione di poter trasformare il Leeds in una squadra che vince senza imbrogliare. Inizia così la cronaca avvincente e disperata dei quarantaquattro giorni del più carismatico e controverso allenatore del Leeds. Il maledetto United è un romanzo che rimbalza tra passato e presente, paranoia e lucidità, che scava nella realtà e la trasfigura fino a riportarla alla sua essenza più brutale.

Il maledetto United

Warum spielen die Engländer so gern Kick-and-rush? Wer erfand den Totaalvoetbal? Und warum hasst ausgerechnet Pep Guardiola Tiki-Taka? In seiner fesselnden Geschichte der Fußballtaktik durchleuchtet Jonathan Wilson die Entwicklung des Spiels: von den chaotischen Anfängen in England bis zum Hochgeschwindigkeitsspiel von heute. Dabei erinnert er an große Trainer und Spieler, die immer wieder den Fußball revolutionierten und ihm mit Innovationen wie dem "W-M-System"

Revolutionen auf dem Rasen

This bibliography is an entertaining and knowledgeable tribute to the beautiful game. The second edition features over 2000 new entries - including greatly increased coverage of football films and music - making over 7000 references to books and other items in total.

A Football Compendium

Prepare-se para conhecer a "bíblia da tática". Em A pirâmide invertida, o britânico Jonathan Wilson refaz todo o roteiro histórico da tática no futebol. Desde as origens do jogo, quando o caos ainda reinava, seus relatos percorrem a já longínqua era dos cinco atacantes, passam pelas grandes transformações da segunda metade do século XX e chegam enfim aos tempos modernos, em que a "pirâmide" se inverteu completamente para consagrar os esquemas com apenas um homem na linha de frente. A obra, que é uma referência internacional entre os livros dedicados ao futebol, vem cumprindo nos países onde já foi publicada um papel fascinante: o de induzir uma mudança gradual no comportamento dos apaixonados pelo esporte. Temas como a observação dos aspectos táticos do jogo, o entendimento dos movimentos dos atletas em campo e o gosto pela história do futebol passaram por um verdadeiro reposicionamento de expectativas: de tópicos pouco conhecidos, nem sempre bem-vindos nas conversas do dia a dia ou nos bate-papos pela televisão, transformaram-se em favoritos de crítica e público. E a razão para isso é simples: o livro toma o leitor pelo braço, desde a

primeira página, em um passeio pela história do esporte das massas, registrando ao longo do caminho cada etapa da evolução do jogo e revelando em detalhes os traços de estilo e as ideias inovadoras dos personagens mais importantes de todo esse processo, os grandes homens que fizeram do futebol o que ele é – uma paixão que não conhece fronteiras. "Um trabalho magistral... Talvez o melhor acontecimento para o futebol inglês em muitos anos." TIME OUT "Você nunca lerá uma história mais agradável e inteligente sobre a tática no futebol." SUNDAY TELEGRAPH "Envolvente e esclarecedor." THE GUARDIAN

A pirâmide invertida

55,000 biographies of people who shaped the history of the British Isles and beyond, from the earliest times to the year 2002.

Oxford Dictionary of National Biography: Randolph-Rippingille

En 1974, el brillante y controvertido Brian Clough tomó las riendas como entrenador del Leeds United, que la temporada anterior había ganado la Liga liderado por su anterior Míster, Don Revie, el eterno rival de Clough. El fugaz y fatídico periplo de Clough en el Leeds duraría tan solo cuarenta y cuatro días. El relato intercala estas funestas jornadas con la narración de la trepidante trayectoria de un joven Clough, que, tras sufrir una temprana lesión que lo apartó prematuramente de los terrenos de juego y de dirigir al Hartlepool, logró que un Derby County por el que nadie daba un duro fuera campeón de Segunda División en la temporada 1968-1969 y se coronara campeón de Primera en 1972, gesta que convirtió a Clough y a su segundo entrenador, Peter Taylor, en leyendas. Con una prosa adusta y obsesiva que reinventa el "stream of consciousness" joyceano y bebe del particular estilo de Thomas Bernhard, Peace erige el retrato de un hombre enloquecido por una ambición desmedida, iracundo y crápula, despótico y vengativo, que conmocionó y fascinó a partes iguales a los ingleses desde los banquillos, los platós de televisión y las columnas de la prensa deportiva. A partir de un exhaustivo proceso de documentación, Peace reconstruye en esta sobresaliente obra de ficción documentada algunos de los días más aciagos e intensos del fútbol británico. Maldito United está considerada una de las mejores novelas jamás escritas sobre el fútbol.

Maldito United

Look Duncan, you're a journalist. One day you'll write a book about this club. Or, more to the point, about me. So you may as well know what I'm thinking and save it up for later when it won't do any harm to anyone.

Whitaker's Book List

NOMINATED FOR BEST FOOTBALL BOOK OF 2010 IN THE BRITISH SPORTS BOOK AWARDS
Updated second edition True greatness does not feel the need to proclaim itself from the rooftops. It is happy to state its case quietly, yet with utter conviction. Alan Gilzean was a truly great footballer. Every observer of his talent confirms this as an indisputable fact: from the legendary Jimmy Greaves, who regards him as the best striker he ever played with, to Don Revie, the former Leeds United and England manager, who described the former Tottenham striker as the best touch player in Europe, and Spurs fans whose spine-tingling refrain, Gilzean, Gilzean, Born is the King of White Hart Lane, continues to echo down the generations. It is now 36 years since Gilzean retired from professional football and his life and times have become shrouded in mystery and rumour. All that exists are the memories of his greatness ... but how long before even those are forgotten forever? After fans on Tottenham Hotspur online forums claim that Gilzean is living as a down-and-out, James Morgan, a lifelong Spurs fan and sports journalist with The Herald, Scotland's leading quality newspaper, is filled with a fierce desire to separate fact from fiction and sets out on a journey In Search of Alan Gilzean. The facts of his illustrious career are down in black and white: 169 goals for Dundee, including 52 in one season, a record that stood until Henrik Larsson broke it in 2001; a league championship medal with the great Dundee team of the early 1960s; then, a move to Spurs in December 1964, where, over the course of the next decade, he forms unforgettable partnerships with Greaves and Martin Chivers. Gilzean's greatness shines like a beacon, but where is the rest of his story? Morgan soon discovers that a sprinkling of newspaper cuttings, a Wikipedia page and idle internet chatter, are all that exist of a life less ordinary. The Scottish Football Association Hall of Fame website included a Swede, Larsson, and a Dane, Brian Laudrup, but no Gillie. Dundee FC has named lounges after former players who are not fit to lace Gilzean's boots. Spurs haven't heard from him in years. Former team-mates are none the wiser. One of the best British

strikers of his generation is a forgotten man. Morgan's desire to change this, and find out the full story, takes him on an exhilarating personal journey all over Britain. From Gillie's birthplace, in the small Perthshire village of Coupar Angus, to Dundee, London and beyond, he leaves no stone unturned. Initially, Gillie hovers in the shadow before emerging as a fascinating and complex character whose natural reticence has obscured his legacy. Morgan's portrait of the original King of White Hart Lane restores him to his rightful place in football folklore and stands as the only faithful testimony to the life of a bona fide British football legend.

Books In Print 2004-2005

Digital violence continues to increase, especially during times of crisis. Racism, bullying, ageism, sexism, child pornography, cybercrime, and digital tracking raise critical social and digital security issues that have lasting effects. Digital violence can cause children to be dragged into crime, create social isolation for the elderly, generate inter-communal conflicts, and increase cyber warfare. A closer study of digital violence and its effects is necessary to develop lasting solutions. The Handbook of Research on Digital Violence and Discrimination Studies introduces the current best practices, laboratory methods, policies, and protocols surrounding international digital violence and discrimination. Covering a range of topics such as abuse and harassment, this major reference work is ideal for researchers, academicians, policymakers, practitioners, professionals, instructors, and students.

Provided You Don't Kiss Me

Youth Work in the Commonwealth: A Growth Profession establishes a baseline to inform the planning and implementation of initiatives to professionalise youth work in Commonwealth member countries. The study was conducted in 35 countries in the Africa, Asia, the Caribbean/Americas, Europe and Pacific regions. It catalogues the extent to which the youth work profession is formally recognised in these countries and examines the qualities and rights-based ethos of the various forms of youth work promoted and practised in the Commonwealth. The report aims to help countries learn from good practices, and assess gaps in establishing youth work as a recognised profession in diverse contexts.
