Art Nouveau Posters and Graphics

Art Nouveau is still popular today, notable for the sinewy, organic stylings which adorn the new edition of this long term bestseller. The rise of the Art Nouveau style across Continental Europe and the US in all forms of art was remarkable and is explored in this beautifully illustrated book. Discussing the movement first as a whole, then from the angle of the graphic arts and finally as manifested in the fine arts, it focuses on the style in two dimensions. From the work of well-known figures such as Toulouse-Lautrec, Gaudí and Tiffany to beautiful posters and illustrations advertising everything from

coffee to costumes, and even including an exploration of the links to Synthetism and Symbolism among other movements, the book is a treat from start to finish.

Art Nouveau Posters Poster Book

In July 1881, bill-posting became legal in Paris. The result was an explosion of creativity over three glorious decades recognised as the golden age of poster advertising, stirring together elements of new printing technology, William Morris's attempts to reconcile medieval artistry with modern industry, the influence of newly-open Japan on European engraving and aesthetics, and the talents of artists as diverse as Jules Cheret, Henri de Toulouse-Lautrec, Alphonse Mucha and Aubrey Beardsley. The Art Nouveau Poster is the most comprehensive survey to date of this vivid and much loved subject, featuring over 400 illustrations from all of the major European centres, Britain and the United States, with an informative and accessible text. A final chapter looks at the revival of interest in the 1960s following major retrospective exhibitions of Alphonse Mucha and Aubrey Beardsley, and features work from the psychedelic era.

Organized thematically into subject categories (aviation, communication, fashion and more), this book includes over 300 highly rare and even unique examples by masters of the art form, including Nizzoli, Cassandre and Beall. Introduced by Art Deco specialist Alastair Duncan, Art Deco Posters is an essential addition for all interested in graphic design, Art Deco, and life and culture between 1919 and 1939.

Art Nouveau

Through a wide range of different forms and names - Sezessionstil in Austria, Jugendstil in Germany, Nieuwe Kunst in the Netherlands, Modernismo in Spain, Modern Style in England, Art Nouveau in France and Liberty or Floral Style in Italy - the Art Nouveau movement rejuvenated the various art forms from Europe and the United States between the end of the nineteenth and beginning of the twentieth centuries.

Alphonse Mucha--the Spirit of Art Nouveau

This beautifully illustrated book is a celebration of Art Deco's expression through the graphic arts and illustration. Divided into three sections – the movement, its fashion and advertising – the reader gains great insight into the artists and innovators that helped popularize the Art Deco movement, such as Georges Barbier, Erté, Cassandre and Paul Colin. While the main focus for this intriguing book is centred on graphic art, numerous examples of other forms of Art Deco are also featured. Nestled among the posters and paintings, sculpture, objets d'art and jewellery assert their similarity, whether through line, form or theme. These echoes serve to show the creativity fertility of the period as styles and ideas traversed artistic media.

Art Nouveau

Born in 1860 in a small Czech town, Alphonse Mucha (1860-1939) was an artist on the forefront of Art Nouveau, the modernist movement that swept Paris in the 1910s, marking a return to the simplicity of natural forms, and changing the world of art and design forever. In fact, Art Nouveau was known to insiders as the “Mucha style” for the legions of imitators who adapted the master’s celebrated tableaux. Today, his distinctive depictions of lithe young women in classical dress have become a pop cultural touchstone, inspiring album covers, comic books, and everything in between. Patrick Bade and Victoria Charles offer readers an inspiring survey of Mucha's career, illustrated with over one hundred lustrous images, from early Parisian advertisements and posters for Sandra Bernhardt, to the famous historical murals painted just before his death, at the age of 78, in 1939.

Alphonse Mucha

The celebrated French artist Henri de Toulouse-Lautrec (1864-1901) created works that epitomize the theatricality, elegance, and decadence of late-19th-century Paris. This beautifully illustrated book features a selection of Toulouse-Lautrec's drawings, paintings, and posters, and more than 90 prints, some of which have never previously been published. The works cover the entirety of Toulouse-Lautrec's career, beginning with a drawing completed when he was just 16 years old. The stunning images are accompanied by essays that explore Toulouse-Lautrec's life in Paris and the people and places represented in his art, as well as the distinguishing characteristics of this particular selection of artworks. In addition, the catalogue includes a chronology of the artist's life and a full checklist with scientific and technical analysis of the works. Encompassing a range from Toulouse-Lautrec's most well-known and iconic prints and posters to rarely seen material, this is an essential resource for admirers of his art. Distributed for Editions Hazan, Paris Exhibition Schedule: Montreal Museum of Fine Arts (06/18/16-11/30/16) The Phillips Collection, Washington (February 2017-April 2017)

Art Nouveau

The French poster, born of a basic utilitarian purpose, has developed with age into an admired and collected art form. Vintage posters command high prices at auction and curators specialize in their restoration. The earliest art-worthy posters appeared on the streets of Paris designed by French-born artists such as Jules Chéret, who popularized poster art with his *Maîtres de l’Affiche* publication from 1895 to 1899, Paul Fmile Berthon, and Henri de Toulouse-Lautrec. Other poster artists just as well known but hailing from other countries include Eugène Grasset from Switzerland, Alphonse Mucha from what is now the Czech Republic, and Marcello Dudovich from Italy. The Art Nouveau and Art Deco posters created before and after the turn of the 20th century advertised everything from soap to chocolate, bicycles to cars, coffee to cordials, department stores to nightclubs. They promoted the performing artists in the revues, theaters, and cancan lines that dominated nightlife in the City of Light. Travel, another common poster theme, featured modern ocean liners and airlines as well as terribly exotic destinations and European resorts. This book includes examples of the works of the most popular poster artists working in France from 1890 to the 1930s.

First World War Posters

This stunningly illustrated book examines the history of poster design and its relation to the arts and broader culture. The poster is a versatile marketing tool widely used from the 19th century to today for everything from political events to movies. A good poster has many layers, it goes beyond advertising

and makes statements about style, history, fashion, and taste at the time. It is these layers that can turn a poster into a work of art. This book showcases 480 posters by more than 200 artists and designers and tells a comprehensive history of the poster. The book includes Art Nouveau, Bauhaus, Pop art, and contemporary posters from preeminent artists such as Alphonse Mucha, Egon Schiele, Pablo Picasso, and Andy Warhol and from noted designers ranging from Lucian Bernhard and A.M. Cassandre to Saul Bass, Tadanori Yokoo, and Stefan Sagmeister. The book also introduces many other leading poster designers whose names are less well-known. Contemporary advertisements for Calvin Klein, United Colors of Benetton, and Coachella are also explored. By tracing the history of the poster, this book shows social developments throughout the world and illuminates how art styles have changed over time.

The Art Deco Poster

This monograph details Mucha's dazzling rise to fame and how the "Mucha style" became synonymous with Art Nouveau.

Art Nouveau Posters

Alfons Maria Mucha was a Czech Art Nouveau painter and decorative artist, known best for his distinct style. He is native from Moravia, now days in Czech Republic. A contemporary of Victor Horta's Art Nouveau in Brussels, Mucha was also influenced by symbolism and social aspects of the art of William Morris and the development of design in England. He tries to make available the beauty of art for every social class and raise the decorations to status of masterpieces of art. He developed his own aesthetic ideals and original style that became the hallmark of his time and is also known as "Style Alphonse Mucha." The Mucha style became also known as Art Nouveau ("new art"). Mucha's works frequently featured beautiful young women in flowing, vaguely Neoclassical-looking robes, and often surrounded by lush flowers which sometimes formed halos behind their heads. In contrast with contemporary poster makers he used pale pastel colors.

Hallowed Ground

A perfect introduction and "the best single-volume treatment of the Civil War" (Chicago Sun-Times) that captures the dramatic scope and intimate experience of that epic struggle from the Pulitzer Prize-winning author of the Army of the Potomac Trilogy. Covering events from the prelude of the conflict to the death of Lincoln, Bruce Catton blends a gripping narrative with deep, yet unassuming, scholarship to bring the war alive on the page in an almost novelistic way. It is this gift for narrative that led contemporary critics to compare this book to War and Peace, and call it a "modern Iliad." Now over fifty years old, This Hallowed Ground remains one of the best-loved and admired general Civil War books: a perfect introduction to readers beginning their exploration of the conflict, as well as a thrilling analysis and reimagining of its events for experienced students of the war. Includes maps.

This Hallowed Ground

By the middle of the nineteenth century, industrialization and military-technological innovation were beginning to alter drastically the character and conditions of warfare as it had been conducted for centuries. Occurring in the midst of these far-reaching changes, the American Civil War can justly be labeled both the last great preindustrial war and the first major war of the industrial age. Industrial capacity attained new levels of military significance as transportation improved, but in this, as in many other respects, the Civil War was distinctly transitional. Smoothbore artillery still dominated the

battlefield, horse-drawn wagons and pack mules still carried the main logistic burden, seamstresses still outnumbered sewing-machine operators. *Astride Two Worlds* addresses the various causes and consequences of technological change for the course and outcome of the American Civil War.

Kommando Reichsführer Himmler

“Hassel utspelar som ett bländande realistisk drama upproret av den polska armén” – skrev Nouvelles Littéraires, Frankrig Det går rykten om att vi ska till Warszawa. Där lär fan vara lös. Heide, som alltid vet besked, påstår att tusentals engelska fallskärmsjägare har kastats ner där och att polska soldater strömmar dit från skogarna. Hela Himmlers SS-Dirlewangerdivision skall ha slaktats på en enda natt. Det sista tror vi gärna på, för det stämmer med våra önskingar. SS-Brigadeführer doktor Dirlewanger är nog den mest hatade mannen i hela östeuropa. - Femte kompaniet, klart till avmarsch! hörs Löwes order bakom oss. - Får vi inte pansarstöd? Frågar Lillebror spydigt. - Nej, vi har ju dig, hånar Porta. När grannen får se dig, tror han att vi har en ny stridsvagnstyp. Sven Hassels böcker följer en sammansvetsad grupp soldater under större delen av kriget – soldater som tvångskommenderats til tyska krigsmaktens straffregemente, 27:e pansar. De tvingas utkämpa ett krig ingen av dem tror på.

Få författare har som Hassel, så närgånget och med en så bister realism fångat andra världskrigets brutale verklighet och soldaternas illusionslösa, grokorniga humor.

Kommando Reichsführer Himmler

A detailed biography of Himmler, from his childhood to his suicide in 1945. Stresses the psychological aspects of Himmler's antisemitism. Shows that the creator of the concentration camp empire was not a fanatical antisemite from a young age, as Hitler was, but adopted it from the atmosphere of post-World War I Germany. Himmler was not obsessed by pathological antisemitism; he regarded the extermination of the Jews in Europe as his political duty, as a kind of military operation. Dwells also on the euthanasia program and its connection with the mass killings of the Jews and the SS machinery.

Kommando Reichsführer Himmler

NOUVELLES LITTÉRAIRES, Frankrig: "SOM ET BLÆNDENDE REALISTISK DRAMA OPRULLER HAZEL DEN POLSKE HJEMMEHÆRS OPSTAND" Rygtet går om at de skal overføres til Warszawa. Heide, som altid ved besked, hævder at helvede er løs derovre. Der snakkes om tysk tilbatrækning på østfronten. Tusinde britiske faldskærmstropper er landet og polske soldater strømmer til indefra skovene. Men den polske hjemmehær er allerede dødsdømt. Ikke bare af Reichsführer Himmler i Berlin, men også af Marskal Stalin. De polske nationalister trygler forgæves om hjælp fra den Røde Hær. Men det er allerede bestemt at polske kommunister skal overtage Polen. Sven Hazel blev sendt til en straffebataljon som menig soldat i den tyske krigsmagt. NOUVELLES LITTÉRAIRES, France : « HASSEL DÉCRIT LE SOULÈVEMENT DE L'ARMÉE POLONAISE COMME UN DRAME RÉEL ÉBLOUISSANT » La rumeur court que nous allons être transférés à Varsovie. Heide, qui est toujours bien informé, affirme que là-bas c'est un enfer. Il parle d'une retraite des Allemands sur le front est. Des milliers de parachutistes britanniques ont débarqué et des vagues de soldats polonais sortent des forêts. Mais l'armée polonaise est déjà condamnée à mort. Pas seulement par le Reichsführer Himmler à Berlin, mais aussi par le Maréchal Staline. Les nationalistes polonais demandent, en vain, de l'aide à l'Armée rouge. Mais la décision est prise : les communistes polonais doivent prendre le pouvoir. Sven Hassel a été envoyé dans un bataillon de marche en tant que simple soldat de l'armée allemande. Avec un réalisme proche et brutal, il relate les atrocités de la guerre, les crimes des nazis et l'humour cynique et grossier des soldats. Des ventes qui dépassent les 50 millions d'exemplaires font de ses livres de guerre les plus vendus au monde.

NOUVELLES LITTÉRAIRES, FRANÇA: "HASSEL DESENROLA A SUBLEVAÇÃO DO EXÉRCITO POLACO COMO UM DESLUMBRANTE DRAMA REAL" Corre o rumor de que temos de ser transferidos para Varsóvia. Heide, que está sempre bem informado, sustém que aquilo é um inferno. Fala-se da retirada alemã na frente de leste. Milhares de paraquedistas ingleses aterraram e soldados polacos saem em catadupa dos bosques. Porém, o exército interior polaco está condenado a morrer. Não só pelo Reichsführer Himmler em Berlim, mas também pelo Marechal Estaline. Os nacionalistas polacos suplicam em vão a ajuda do Exército Vermelho. Porém, já está decidido que os comunistas polacos

têm de tomar o poder. Sven Hassel foi enviado para um batalhão de castigo como soldado raso no exército alemão. Com um realismo próximo e brutal narra as atrocidades da guerra, os crimes dos nazis e o humor cínico e tosco dos soldados. KOMMANDO REICHSFÜHRER HIMMLER

This dictionary gives an enormous amount of basic information on the Third Reich era by listing, and often depicting, German terms connected to Nazism and the Germany of World War II. It includes ranks, badges, insignia, regalia, medals, flags and banners, weapons, uniforms, equipment, vehicles, fortifications, airplanes, battleships, main Nazi concepts and organizations, slogans, sayings, code names, nicknames, slang words, places of importance, events and battles, treaties and alliances, industry and economics, justice, art, religion, education, political parties, newspapers, laws, institutions, and short biographies of Nazi leaders. To make the rise of Nazism comprehensible, aspects of the Weimar Republic have also been considered. In all there are 1,650 entries and 234 illustrations.

Kommando Reichsführer Himmler

A sudden curtain of silence fell over the burning city. All that could be heard was the steady crackling of flames... Hitler's penal regiments advance on Poland. Himmler has given the order: Warsaw must be razed to the ground. But the Polish Home Army are not willing to give in to the German troops so easily. As the city erupts into an inferno of flames and gunfire, Sven and his comrades find themselves caught between the sadism of the SS and the guerrilla warfare of the Polish Resistance... **REIGN OF HELL** is a gripping insight into the Warsaw Uprising of 1944, and the bloodshed that ensued as the Polish tried desperately to liberate themselves from the German occupation.

Comando Reichsführer Himmler

Reign of Hell

The stories of thirty war criminals who escaped accountability, from a historian praised for his “well written, scrupulously researched” work (*The New York Times*). This deeply researched book traces the biographies of thirty “typical” perpetrators of the Holocaust—some well-known, some obscure—who survived World War II. Donald M. McKale reveals the shocking reality that the perpetrators were rarely, if ever, tried or punished for their crimes, and nearly all alleged their innocence in Germany's extermination of nearly six million European Jews. He highlights the bitter contrasts between the comfortable postwar lives of many war criminals and the enduring suffering of their victims, and how, in the face of exhaustive evidence showing their culpability, nearly all claimed ignorance of what was going on—and insisted they had done nothing wrong. “McKale ends the book with a haunting question: whether life would be different today if the Allies had pursued Holocaust criminals more aggressively after WWII. History buffs and students of the Holocaust will be fascinated.” *Publishers Weekly* “Gripping and important reading.” —Eric A. Johnson, author of *What We Knew*

Kommando

When the German Wehrmacht swarmed across Eastern Europe, an elite corps followed close at its heels. Along with the SS and Gestapo, the Ordnungspolizei, or Uniformed Police, played a central role in Nazi genocide that until now has been generally neglected by historians of the war. Beginning with the invasion of Poland, the Uniformed Police were charged with following the army to curb resistance, pacify the countryside, patrol Jewish ghettos, and generally maintain order in the conquered territories. Edward Westermann examines how this force emerged as a primary instrument of annihilation, responsible for the murder of hundreds of thousands of the Third Reich's political and racial enemies. In *Hitler's Police Battalions* he reveals how the institutional mindset of these “ordinary policemen”

allowed them to commit atrocities without a second thought. To uncover the story of how the German national police were fashioned into a corps of political soldiers, Westermann reveals initiatives pursued before the war by Heinrich Himmler and Kurt Daluge to create a culture within the existing police forces that fostered anti-Semitism and anti-Communism as institutional norms. Challenging prevailing interpretations of German culture, Westermann draws on extensive archival research—including the testimony of former policemen—to illuminate this transformation and the callous organizational culture that emerged. Purged of dissidents, indoctrinated to idolize Hitler, and trained in military combat, these police battalions—often numbering several hundred men—repeatedly conducted actions against Jews, Slavs, gypsies, asocials, and other groups on their own initiative, even when they had the choice not to. In addition to documenting these atrocities, Westermann examines cooperation between the Ordnungspolizei and the SS and Gestapo, and the close relationship between police and Wehrmacht in the conduct of the anti-partisan campaign of annihilation. Throughout, Westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups. It was the organizational culture of the Uniformed Police, he maintains, and not German culture in general that led these men to commit genocide. Hitler's Police Battalions provides the most complete and comprehensive study to date of this neglected branch of Himmler's SS and Police empire and adds a new dimension to our understanding of the Holocaust and the war on the Eastern front.

“HASSEL NARRA L'INSURREZIONE DI VARSAVIA COME UN ACCECANTE DRAMMA REALE”
Nouvelles Littéraires, Francia Gira la voce che verremo trasferiti a Varsavia. Heide, che è sempre ben informato, dice che là è un inferno. Si parla di ritirata tedesca sul fronte orientale. Sono atterrati migliaia di paracadutisti britannici e i boschi sputano soldati polacchi a frotte. Ma l'esercito clandestino polacco è condannato a morte. Non solo dal Reichsführer Himmler a Berlino, ma anche dal Maresciallo Stalin. I patrioti polacchi implorano invano l'aiuto dell'Esercito Rosso. Ma è già deciso che saranno i comunisti polacchi a prendere il potere.

Nazis after Hitler

Wie ein brillantes realistisches Drama beschreibt Hassel den Aufstand der polnischen Heimatarmee. NOUVELLES LITTÉRAIRES, Frankreich Es geht das Gerücht um, dass wir nach Warschau sollen. Heide, wie immer bestens informiert, behauptet, dass dort die Hölle los ist. Es wird über einen deutschen Rückzug von der Ostfront geredet. Tausende von englischen Fallschirmjägern sind gelandet und polnische Soldaten kommen aus den Wäldern hervor. Aber die polnische Heimatarmee ist schon zum Tode verurteilt. Nicht nur von Reichsführer Himmler in Berlin, sondern auch von Marschall Stalin. Die polnischen Nationalisten betteln vergeblich um Hilfe von der Roten Armee. Es ist schon abgemacht, dass polnische Kommunisten die Regierung übernehmen werden.

COMMANDO HIMMLER

'This is the smoking gun of all your research.' Professor Richard E. Holmes (18 February 2001). *Birds of Prey* is a microhistory of the Nazi occupation of BiaBowieza Forest, Poland's national park. The narrative stretches from Göring's palatial lifestyle to the common soldier on the ground killing Jews, partisans, and civilians. Based entirely on previously unpublished sources, the book is the synthesis of six areas of research: Hitler's Luftwaffe, the hunt and environmental history, military geography, Colonialism and Nazi Lebensraum, the Holocaust, and the war in the East. By weaving together a narrative about Hermann Göring, his inner circle, and ordinary soldiers, the book reveals the Nazi ambition to draw together East Prussia, the Bialystok region, and Ukraine into a common eastern frontier of the Greater German state, revealing how the Luftwaffe, the German hunt, and the state forestry were institutional perpetrators of Lebensraum and genocide. Up until now the Luftwaffe had not been identified in specific acts of genocide or placed at large scale killings of Jews, civilians, and partisans. This gap in the historical record had been facilitated by the destruction of the Luftwaffe's records in 1945. Through a forensic and painstaking process of piecing together scraps of evidence over two decades, and utilizing Geographical Information System software, Philip W. Blood managed to decipher previously obscure reports and expose patterns of Nazi atrocities.

Wo die Hölle regiert

Ein eindrucksvolles Buch über die zwei Karrieren des SS-Standartenführers Joachim Peiper (1915-1976). Die erste führte den »Vorzeigeeffizier« der Waffen-SS in den engsten Kreis um Himmler, dessen Adjutant er von 1938 bis 1941 war. Bis Kriegsende stieg der Liebling des Reichsführers-SS zum hochdekorierten Regimentskommandeur in der 1. SS-Panzerdivision Leibstandarte Adolf Hitler auf. In seiner zweiten Karriere nach dem Krieg, die bislang fast völlig im Dunkeln lag, gelangte Peiper bei Porsche in nächste Nähe der Chefetage. Eine einflussreiche Lobby hatte den wegen des Massakers von Malmedy zunächst zum Tode Verurteilten zum Helden und zum »Opfer der Siegerjustiz« stilisiert. Über seinen geheimnisumwitterten Tod hinaus blieb er bis heute eine Ikone aller Apologeten von Himmlers Kriegern. Gestützt auf eine Fülle von bisher unbekanntem Material demontiert Jens Westemeier den »Mythos Peiper« und mit ihm den der Waffen-SS. Und er zeigt überdies, wie und warum in der jungen Bundesrepublik schon bald eine Vergangenheitspolitik des Vergessens und Verzeihens betrieben wurde. Seine Arbeit wurde 2012 mit dem Werner-Hahlweg-Preis für Militärgeschichte ausgezeichnet.

Riding East details the history of the previously unexamined SS Cavalry Brigade. Beginning with a background of the General SS mounted units, from which personnel formed part of the Brigade's cadre, the author details the organizations, units and commanders of these pre-war formations. A detailed biography of Hermann Fegelein, commander of the Brigade, is followed by a chapter devoted to the SS command in Poland where the Brigade operated during 1939-40 as an occupational force. The units themselves are next examined from first creation in 1939 until they divided into two regiments in 1941, including all duties and operations in Poland. Assigned to the Headquarters Staff "Reichsführer-SS" at the start of the invasion of Russia, the regiments the combined with other units to form the SS-Cavalry Brigade and conducted anti-partisan warfare operations for most of the remainder of 1941. All the summer 1941 operations are examined in depth, including the massive Pripet marshes actions, using original documents from American and European archive sources. Subordinated on 1942 to Army Group "Center" the SS-Cavalry Brigade fought at the front during the massive Russian offensive in 1942 and was almost completely annihilated in the Rshew area before finally being withdrawn and used as cadre for the new SS-Kavallerie-Division. Heavily documented, the detailed text is supplemented by 109 photographs, most of which are previously unpublished. In addition, six maps, six Order of Battle charts, complete officer rosters 1939-1942, feldpost numbers, details of primary commanders within the Brigade, as well information on the units and commanders it was subordinated to, complete a comprehensive history of first combat mounted unit of the SS.

W 60. rocznic Powstania Warszawskiego ukazała się najnowsza książka Normana Daviesa, jednego z najbardziej popularnych i najchętniej czytanych współczesnych historyków. Davies umieścił historię Powstania na obszernym tle zdarzeń od 1939 do 1956 roku, przede wszystkim jednak skupiając swoją uwagę na funkcjonowaniu koalicji, której członkami tworzyłyby polskie siły zbrojne. „Ostatecznie zdecydowałem się - pisze - na podstawowe pytanie, jakie należało postawić, brzmi nie 'dlaczego powstańcy nie zdobyli osiągniętych celów?', lecz 'dlaczego w ciągu dwóch miesięcy wahał się i deliberacji zwyczajni alianci nie zorganizowali pomocy?' Powstała pasjonująca książka, która ukazuje znane - wydawałoby się - wydarzenia w nowym świetle i jednocześnie - dzięki uwzględnieniu najbardziej osobistej perspektywy uczestników Powstania - jest głęboko poruszająca. Published by the University of Nebraska Press, Lincoln, and Yad Vashem, Jerusalem The Holocaust in the Soviet Union is the most complete account to date of the Soviet Jews during the World War II and the Holocaust (1941-45). Reports, records, documents, and research previously unavailable in English enable Yitzhak Arad to trace the Holocaust in the German-occupied territories of the Soviet Union through three separate periods in which German political and military goals in the occupied territories dictated the treatment of the Jews. Arad's examination of the differences between the Holocaust in the Soviet Union compared to other European nations reveals how Nazi ideological attacks on the Soviet Union, which included war on "Judeo-Bolshevism," led to harsher treatment of Jews in the Soviet Union than in most other occupied territories. This historical narrative presents a wealth of information from German, Russian, and Jewish archival sources that will be invaluable to scholars, researchers, and the general public for years to come.

Von den Dächern abgefeuerte Granatsplitter treffen das Jägerbataillon. Die Soldaten schlängeln sich stöhnend durch die Gassen auf der Suche nach Zuflucht. Molotow-Cocktails explodieren mit hohlem Getöse und die brennende Flüssigkeit vernichtet Menschen und Material. „Partisanen“, stottert der Kommandant angsterfüllt und springt aus dem Wagen. Vi vet inte att den franska motståndsrörelsen lyssnar med särskild spänning... Men vi vet att vi har förlorat kriget. Det har vi vetat länge. Långt innan politikerna hade det klart för sig. Det är kamratskapet som får oss att fortsätta. Vi har varit soldater för länge, vant oss vid rytande kommandoord. I kasernen dödade man vår självständighet.. Nu skulle de se oss – de krigsgalna som lever för paradmarscher, mässingsmusik och flygange fanor. Här ligger vi, trasiga, blodiga, rädda rovdjur. Varenda nerv ropar till himlen i ångest.
