Venezuelan Waltz

Also known as Valse Criollo, this is one of the most popular pieces written by the great South American guitarist/composer Antonio Lauro.

The Cambridge Companion to the Harpsichord

Covers every aspect of the harpsichord and its music, including composers, genres, national styles, tuning, and the art of harpsichord building.

Bach

More than two centuries after his lifetime, J. S. Bach's work continues to set musical standards. Noted Bach scholar Christoph Wolff offers new perspectives on the composer's life and remarkable career.

Classic Guitar Construction

Millions of years ago, humans just happened. Accidents of environment and genetics contributed to the emergence of sentient beings like us. Today, however, people no longer "just happen"; they are created by the voluntary acts of other people. This book examines several questions about the ethics of human existence. Is it a good thing, for humans, that humans "happened"? Is it ethical to keep making new humans, now that reproduction is under our control? And given that a person exists (through no fault or choice of his own), is it immoral or irrational for him to refuse to live out his natural lifespan? Sarah Perry answers these questions in the negative--not out of misanthropy, but out of empathy for human

suffering and respect for human autonomy. "Every Cradle Is a Grave undertakes a difficult task-to write on discomfiting matters from a perspective that is socially unsanctioned. Strange as it may seem to some of us, there are scads of volumes that praise the abuses we endure in our lives. Such works have always been well thumbed, though they are only prayer-books for the purpose of worshipping misery. Sarah Perry is more honest and less perverse on the subject of suffering, treating pain as both a philosophical and a practical problem to which, it is admitted, there is no ultimate solution. Nonetheless, in her view there still remains intelligence and compassion as a means for confronting the insoluble. That is what makes this book as much a necessity as it is a rarity." --Thomas Ligotti, author of *The Conspiracy against the Human Race* Meaning. Value. Birth. Death. Sanctity. These subjects and others are reexamined through the lens of suicide rights and procreation ethics in Sarah Perry's *Every Cradle Is a Grave*. If you're at all fond of asking the truly Big Questions, this is the read you've been waiting for. Why are we here, and why do we stay? Prepare to have your assumptions dissected and turned on their heads. It's a bumpy ride, but then, so is this little journey we're on as we spin aimlessly around a sun that's destined to burn out, just as surely as each individual life will one day fall back down into the mud from which all life arises. Asking the hard questions is one thing, but hearing answers that might shake us to the core can be something else again. --Jim Crawford, author of *Confessions of an Antinatalist* "In this eminently rational, clear and serious book, Sarah Perry is courageous and strong enough to confront the forbidden truths of human life. *Every Cradle Is a Grave* should be mandatory reading for anyone who plans to have children." -Mikita Brottman, author of *Thirteen Girls*

Fernando Sor

"'When was the score of the Requiem completed?' is a question that everyone has asked; . . .but Wolff goes on to ask: 'Where do the technical and stylistic premises for the Requiem lie, and to what extent could these be taken into account after Mozart's death?' This question is rich in implications, central to the uniqueness of the work, and virtually undiscussed in the Mozart literature."—Thomas Bauman, co-author of *Mozart's Operas*

Every Cradle Is a Grave

"Published in cooperation with the American Bach Society."

Mozart's Requiem

"This is a long overdue and brilliant contribution to our understanding of the intellectual migration from Europe. The essays in this volume illuminate in new ways the experiences of musicians and scholars who fled Europe."—Leon Botstein, Music Director, American Symphony Orchestra "With a sweep and coherence very rare in essay collections, this volume immediately takes its place as one of the most important publications on twentieth-century music. The range of source materials is dazzling: anecdotes, letters, memoirs, interviews, newspaper articles, musical scores, films, and archival documents. Handled with deft scholarship, they add up to a balanced yet deeply moving account of how figures of exile experienced and transformed American culture."—Walter Frisch, author of *The Early Works of Arnold Schoenberg*

Telegraph Pa

That Johann Sebastian Bach is a pivotal figure in the history of Western music is hardly news, and the magnitude of his achievement is so immense that it can be difficult to grasp. In *About Bach*, fifteen scholars show that Bach's importance extends from choral to orchestral music, from sacred music to musical parodies, and also to his scribes and students, his predecessors and successors. Further, the contributors demonstrate a diversity of musicological approaches, ranging from close studies of Bach's choices of musical form and libretto to wider analyses of the historical and cultural backgrounds that impinged upon his creations and their lasting influence. This volume makes significant contributions to Bach biography, interpretation, pedagogy, and performance. Contributors are Gregory G. Butler, Jen-Yen Chen, Alexander J. Fisher, Mary Dalton Greer, Robert Hill, Ton Koopman, Daniel R. Melamed, Michael Ochs, Mark Risinger, William H. Scheide, Hans-Joachim Schulze, Douglass Seaton, George B. Stauffer, Andrew Talle, and Kathryn Welter.

The Organs of J.S. Bach

A concentrated study of Johann Sebastian Bach's creative output and greatest pieces, capturing the essence of his art. Throughout his life, renowned and prolific composer Johann Sebastian Bach articulated his views as a composer in purely musical terms; he was notoriously reluctant to write about his life and work. Instead, he methodically organized certain pieces into carefully designed collections. These benchmark works, all of them without parallel or equivalent, produced a steady stream of transformative ideas that stand as paradigms of Bach's musical art. In this companion volume to his Pulitzer Prize–finalist biography, *Johann Sebastian Bach: The Learned Musician*, leading Bach scholar Christoph Wolff takes his cue from his famous subject. Wolff delves deeply into the composer's own rich selection of collected music, cutting across conventional boundaries of era, genre, and instrument. Emerging from a complex and massive oeuvre, *Bach's Musical Universe* is a focused discussion of a meaningful selection of compositions—from the famous Well-Tempered Clavier, violin and cello solos, and Brandenburg Concertos to the St. Matthew Passion, Art of Fugue, and B-minor Mass. Unlike any study undertaken before, this book details Bach's creative process across the various instrumental and vocal genres. This array of compositions illustrates the depth and variety at the essence of the composer's musical art, as well as his unique approach to composition as a process of imaginative research into the innate potential of his chosen material. Tracing Bach's evolution as a composer, Wolff compellingly illuminates the ideals and legacy of this giant of classical music in a new, refreshing light for everyone, from the amateur to the virtuoso.

Driven Into Paradise

This Kalmus Edition will be welcome repertoire for all violin students. Kalmus Editions are primarily reprints of Urtext Editions, reasonably priced and readily available. They are a must for students, teachers, and performers.

About Bach

Traces the life and discusses the compositions of Johann Sebastian Bach and the other musician members of his family.

Bach's Musical Universe: The Composer and His Work

First comprehensive historical study, going back to 18th century. Influence of Schola Cantorum; instrument builders; performers such as Wanda Landowska, Alfred Deller, others. Includes 46 illustrations. "Well informed" -- Christopher Hogwood.

Tarantelle, Op. 13

Met lit. opg.

Etudes and Caprices, Op. 35

A little girl and her dog set out to capture the moon and bring it home with them.

The New Grove Bach Family

The attempt to play music with the styles and instruments of its era--commonly referred to as the early music movement--has become immensely popular in recent years. For instance, Billboard's "Top Classical Albums" of 1993 and 1994 featured Anonymous 4, who sing medieval music, and the best-selling Beethoven recording of 1995 was a period-instruments symphony cycle led by John Eliot Gardiner, who is Deutsche Grammophon's top-selling living conductor. But the movement has generated as much controversy as it has best-selling records, not only about the merits of its results, but also about the validity of its approach. To what degree can we recreate long-lost performing styles? How important are historical period instruments for the performance of a piece? Why should musicians bother with historical information? Are they sacrificing art to scholarship? Now, in *Inside Early Music*, Bernard D. Sherman has invited many of the leading practitioners to speak out about their passion for early music--why they are attracted to this movement and how it shapes their work. Readers listen in on conversations with conductors Gardiner, William Christie, and Roger Norrington, Peter Phillips of the Tallis Scholars, vocalists Susan Hellauer of Anonymous 4, forte pianist Robert Levin, cellist Anner Bylsma, and many other leading artists. The book is divided into musical eras--Medieval, Renaissance, Baroque, and Classic and Romantic--with each interview focusing on particular composers or styles, touching on heated topics such as the debate over what is "authentic," the value of playing on

period instruments, and how to interpret the composer's intentions. Whether debating how to perform Monteverdi's madrigals or comparing Andrew Lawrence-King's Renaissance harp playing to jazz, the performers convey not only a devotion to the spirit of period performance, but the joy of discovery as they struggle to bring the music most truthfully to life. Spurred on by Sherman's probing questions and immense knowledge of the subject, these conversations movingly document the aspirations, growing pains, and emerging maturity of the most exciting movement in contemporary classical performance, allowing each artist's personality and love for his or her craft to shine through. From medieval plainchant to Brahms' orchestral works, *Inside Early Music* takes readers-whether enthusiasts or detractors-behind the scenes to provide a masterful portrait of early music's controversies, challenges, and rewards.

The Early Music Revival

(String). A fresh take on a time-honored classic, this edition of Wohlfahrt's Op. 45 Studies for Violin (Book I) features newly composed violin teacher accompaniments. Make technical study a fun and collaborative experience. Includes a preface on how to incorporate the studies into instruction and practice, and a chart that categorizes the studies into right and left hand technical issues.

A Life for New Music

In this revision of the book first published in 1941, the music examples have all been revised. The period covered is that from Edward VI to Edward VII, or from the introduction of the Prayer Book to the late Victorian and Edwardian composers.

The English Madrigal Composers

The Doflein Method. The Violinist's Progress. Volume I: The higher positions (4th to 10th positions) A course of violin instruction combined with musical theory and practice in duet-playing.

Inside Early Music

A collection of exercises, for Violin, composed by Henry Schradieck.

Studies, Op. 45

Briefly profiles fourteen recorder players.

English Cathedral Music

The English invented the idea of the musical classics. Eighteenth-century England was the first country where old musical works were performed regularly and reverentially, and where a collective notion of such works - 'ancient music' - first appeared. This is the first book to explore the formation of musical 'classics' in regard to repertory and social context. It examines the performance of old music in eighteenth-century England, from the interest in music of the Elizabethan period at the beginning of the century, through the performance of works by Henry Purcell, Arcangelo Corelli, and other English and Italian composers, to the development of festivals that featured choral-orchestral works of Purcell and Handel. It concludes with the establishment of the Concert of Antient Music in 1776, where the traditions of performing old works came together as a self-conscious canon focused upon the work of Handel. The book examines closely the political and social reasons for these developments. In addition, it shows how they laid the groundwork for the classical-music tradition of the nineteenth century. Readership: Musicologists and social and political historians of England in the 18th century.

The Doflein Method

(Instrumental Play-Along). Who needs a singer? With Play Puccini flutists can bathe themselves in luxurious Italian melody! These ten opera arias are among the composer's most famous and distinctive achievements, here transcribed for intermediate level solo flute and piano. The book includes a biography of Puccini, notes about the plot of each opera, and the dramatic context of the selected aria. The companion CD features excellent performances, as well as piano accompaniments for practice. Includes arias from: *La Bohème*, *La Fanciulla Del West*, *Gianni Schicchi*, *Madama Butterfly*, *Manon Lescaut*, *Suor Angelica*, *Tosca* and *Turandot*.

School of Violin Technics

(Music Sales America). Oscar Rieding's Air Varie Op. 23 No. 3 for violin with piano accompaniment.

A Dissertation Upon Genius

The best-selling series that helps you recreate the colourful world of folk fiddle music through authentic arrangements for flexible strings. All the sensual sophistication and enduring elegance of Viennese string music, from sparkling miniatures to Viennese cafe music.

Class, Control, and Classical Music

Through an ethnographic study of young people playing and singing in classical music ensembles in the south of England, this text analyses why classical music in England is predominantly practiced by white middle-class people. It describes four 'articulations' or associations between the middle classes and classical music.

The Piano Guys - 10

(Personality). 10 celebrates the tenth anniversary of the ultra-talented and entertaining team The Piano Guys. The two-disc album reflects their greatest career moments thus far with fifteen fan favorites along with seven brand new songs and six tracks never-before-released on CD. The Sounds of Early Cinema

The Sounds of Early Cinema is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early cinema. "Silent cinema" may rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin, Stephen Bottomore, Marta Braun, Jean Châteauneuf, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick Loughney, David Mayer, Domini Nasta, Bernard Perron, Jacques Polet, Lauren Rabinovitz, Isabelle Raynald, Herbert Reynolds, Gregory A. Waller, and Rashit M. Yangirov.

25 Piazzolla Tangos for Cello and Piano

(Boosey & Hawkes Chamber Music). 25 tangos by the revolutionary tango musician and composer Astor Piazzolla, arranged for cello and piano. These crowd-pleasing tangos borrow from classical, jazz, and Latin traditions. Includes Piazzolla's most famous tangos "Libertango" and "Oblivion." Appropriate for the intermediate to early advanced player. Includes separate pull-out cello part.

The Piano Guys - Chill

(Personality). The Piano Guys say of their 2021 album Chill, "We hope this album is the kind of music your mind needs familiar melodies couched in a context musically engineered to help your mind CHILL, crowd out the clutter, and instead hold onto the good things. To be powerful. It doesn't take peaks in volume and fast paced motion running every which way at once. Power can come from simply being still. Being CHILL." Our matching folio presents all 13 tracks in artist-approved piano/cello arrangements that match the recordings with a separate pull-out cello part. Songs include: Anyone * Grow As We Go * I Will Always Love You * My Girl * Someone like You * Stressed Out * Sweet Child O' Mine * Unchained Melody * You Are the Reason * and more.

Perfect Sheet Music

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Big Book of Cello Songs (Songbook)

(Instrumental Folio). Instrumentalists will love these collections of 130 popular solos, including: Another One Bites the Dust * Any Dream Will Do * Bad Day * Beauty and the Beast * Breaking Free * Clocks * Edelweiss * God Bless the U.S.A. * Heart and Soul * I Will Remember You * Imagine * Na Na Hey Hey Kiss Him Goodbye * Satin Doll * United We Stand * You Raise Me Up * and more.

Narrative Inquiry in Music Education

Margaret S. Barrett and Sandra L. Stauffer We live in a "congenial moment for stories" (Pinnegar & Daynes, 2007, p. 30), a time in which narrative has taken up a place in the "landscape" of inquiry in the social sciences. This renewed interest in storying and stories as both process and product (as eld text and research text) of inquiry may be attributed to various methodological and conceptual "turns," including the linguistic and cultural, that have taken place in the humanities and social sciences over the past decades. The purpose of this book is to explore the "narrative turn" in music education, to - amine the uses of narrative inquiry for music education, and to cultivate ground for narrative inquiry to seed and ourish alongside other methodological approaches in music education. In a discipline whose

early research strength was founded on an alignment with the social sciences, particularly the psychometric tradition, one of the key challenges for those embarking on narrative inquiry in music education is to ensure that its use is more than that of a “musical ornament,” an elaboration on the established themes of psychometric inquiry, those of measurement and certainty. We suggest that narrative inquiry is more than a “turn” (as noun), “a melodic embellishment that is played around a given note” (Encarta World English Dictionary, 2007, n. p.); it is more than elaboration on a position, the adding of extra notes to make a melody more beautiful or interesting.

Lindsey Stirling - Top Songs

(Violin Play-Along). The Violin Play-Along series will help you play your favorite songs quickly and easily. Just follow the music, listen to the online audio to hear how the violin should sound, and then play along using the separate backing tracks. With the melody and lyrics included in the book, you may also choose to sing along. The audio includes PLAYBACK+ features that allow you to loop passages, change the tempo, and more. This volume includes: Be Our Guest * Beauty and the Beast * Belle * Boulevard of Broken Dreams * Dragonborn (Skyrim Theme) * Gaston * Hi-Lo * It Ain't Me * A Million Dreams * Never Enough * Rewrite the Stars * Senbonzakura * Something There * Stampede.

100 Light Classics for Piano Solo

(Piano Solo Songbook). This unique collection features 100 piano solo arrangements of light classics by George Gershwin, Leroy Anderson, Edith Piaf, and more. Songs include: An American in Paris * Bohemian Rhapsody * Bugler's Holiday * Clair de Lune * Come Sunday * Eleanor Rigby * Forrest Gump Main Title (Feather Theme) * Great Escape * Hymne a L'Amour * James Bond Theme * A Lover's Concerto * Midnight Cowboy * The Music of the Night * Nessun Dorma * Theme from "Ordinary People" * Rhapsody in Blue * River Flows in You * Somewhere in Time * Star Wars (Main Theme) * Waltz of the Flowers * A Whiter Shade of Pale * and many more.

First 50 Songs You Should Play on Cello

(Instrumental Folio). If you've been taking cello lessons for a little while, you're probably eager to put those new skills to work and play some familiar songs. The First 50 Songs You Should Play on the Cello includes a wide variety of favorite songs, from pop hits and movie themes, to folk songs and classical melodies, several of which originally featured cello! Titles include: Air (Air on the G String) * All of Me * All You Need Is Love * Circle of Life * Fight Song * God Bless America * Hallelujah * Hello * I Will Always Love You * Let It Go * Roar * Satin Doll * See You Again * Shake It Off * Shallow * Stand by Me * Summertime * The Swan (Le Cygne) * This Is Me * What a Wonderful World * and more!

The Sound of Innovation

How a team of musicians, engineers, computer scientists, and psychologists developed computer music as an academic field and ushered in the era of digital music. In the 1960s, a team of Stanford musicians, engineers, computer scientists, and psychologists used computing in an entirely novel way: to produce and manipulate sound and create the sonic basis of new musical compositions. This group of interdisciplinary researchers at the nascent Center for Computer Research in Music and Acoustics (CCRMA, pronounced “karma”) helped to develop computer music as an academic field, invent the technologies that underlie it, and usher in the age of digital music. In *The Sound of Innovation*, Andrew Nelson chronicles the history of CCRMA, tracing its origins in Stanford's Artificial Intelligence Laboratory through its present-day influence on Silicon Valley and digital music groups worldwide. Nelson emphasizes CCRMA's interdisciplinarity, which stimulates creativity at the intersections of fields; its commitment to open sharing and users; and its pioneering commercial engagement. He shows that Stanford's outsized influence on the emergence of digital music came from the intertwining of these three modes, which brought together diverse supporters with different aims around a field of shared interest. Nelson thus challenges long-standing assumptions about the divisions between art and science, between the humanities and technology, and between academic research and commercial applications, showing how the story of a small group of musicians reveals substantial insights about innovation. Nelson draws on extensive archival research and dozens of interviews with digital music pioneers; the book's website provides access to original historic documents and other material.

The Crack in the Cosmic Egg

(Cello Piano). This sheet music features the Piano Guys' arrangement of Alan Silvestri's theme for The Avengers arranged for piano and cello with separate cello pull-out part.

The Avengers

(Personality). The Piano Guys have taken classical tunes, originals, and pop hits, and rearranged them into soft lullabies perfect for relaxing works perfect for helping yourself or your audience (hopefully snug inside your house!) fall to sleep! 10 songs, including: Chopsticks Lullaby * Clair De Lune * Every Breath You Take * Jesu Joy * Lullabye (Goodnight, My Angel) * Ode to Joy * River Flows in You * and more.

The Piano Guys - Lullaby

Published in 1993, this brave, original novel is considered to be the finest account ever written of the complexities of a transgendered existence. Woman or man? That's the question that rages like a storm around Jess Goldberg, clouding her life and her identity. Growing up differently gendered in a blue-collar town in the 1950s, coming out as a butch in the bars and factories of the prefeminist 60s, deciding to pass as a man in order to survive when she is left without work or a community in the early 70s. This powerful, provocative and deeply moving novel sees Jess coming full circle, she learns to accept the complexities of being a transgendered person in a world demanding simple explanations: a he-she emerging whole, weathering the turbulence.

Stone Butch Blues

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

I Hope You Dance (Sheet Music)

JOHN THOMPSON'S EASIEST PIANO COURSE.

A group of resourceful kids start "solution-seekers.com," a website where "cybervisitors" can get answers to questions that trouble them. But when one questioner asks the true meaning of Christmas, the kids seek to unravel the mystery by journeying back through the prophecies of the Old Testament. What they find is a series of "S" words that reveal a "spectacular story!" With creative characters, humorous dialogue and great music, The "S" Files is a children's Christmas musical your kids will love performing.

First Children's Songs

Wish you could sit down at the piano and effortlessly play without years of lessons? Now you can! Many people wish they could sit down at the piano and simply play, their hands flying over the keys as melodies pour out. With this simple, achievable program that's possible . . . in just six weeks. Using Dan Delaney's innovative chord playing techniques, as opposed to more classical methods, musical newcomers and lapsed musicians can quickly and easily gain skills. Each of the six weeks' worth of lessons contains several exercises. The classes build on each other, becoming progressively more difficult as the player's ability improves, and every lesson includes sheet music, practice advice, and an evaluation at the end. Plus, MP3 audios of the lessons will be available for free on Delaney's website.
