Cristiano Ronaldo, dos Santos Aveiro was born on 5th ...

Ronaldo's mother, Dolores, was a chef, while his father, Dinis, was the town hall gardener.

Ronaldo started playing street football at a very young age and picked up the nickname 'cry-baby'.

At the age of 8, Ronaldo joined amateur side Andorinha, where his father was the kit man.

Aged 10, Ronaldo moved on and signed for Nacional - one of the biggest clubs on Madeira.

This meant young Ronaldo had to leave his family and head to the capital city of mainland Portugal

It is rumoured the teacher from Lisbon mocked Ronaldo's Madeiran accent. Ronaldo just says: 'He disrespected me.'

Miguel Paixao - Sporting Youth teammate: Ronaldo had something special. He did different things.' Aged 15, Ronaldo was diagnosed with a racing heart, a condition that might have forced him to give up football.

Fortunately, Ronaldo underwent laser surgery to fix the problem and was back training within a couple of days.

10 He became the only player ever to play for Sporting's U-17, U-18, B-team and first team, all within one season!

In 2003, Arsenal, Liverpool and Barcelona were all closely watching the young winger.

However, after giving John O'Shea 'dizzy spells' during a friendly, United signed Ronaldo for a fee of £12m and the rest is history.
