Manual machine to fill spray cans - Manual machine to fill spray cans by Chamäleon GmbH 48,155 views 5 years ago 3 minutes, 26 seconds - Chamäleon Product Info **Manual**, Filling Machine This video is a short information of the **manual**, filling machine with all its benefits: ...

During the operation wear safety glasses, gloves and working clothes

Ensure a stable position by adjusting the screws

Insert the Teflon piston

Prepare your desired paint

Paint MUST be filtered

Place the spray can with cylinder on top all the way into the machine

Turn the lock into upright position, plug in the lever and close the door

Move the lever equally up and down

Stop when the red mark appears

Release the lock and open the door

Take the spray can out of the machine and remove the cylinder from the can

Remove the Teflon piston for cleaning with thinner

Thoroughly clean the cylinder with thinner

placing the base for either a latch or seat belt

squeeze the base recline handle on the back of the base

secured the latch or seat belt for the base

lift the front of the base while holding the load leg

remove the latches from their storage location on the base

loosen the latch belt by pushing on the adjuster button

the latch strap

check the tightness by wiggling of the base at the belt

lock the vehicle belt

locate the auto lock on the side of the base

install the base with a car seat belt

tuck the latch straps away at this point

check belt tightness again by wiggling the base

install the car seat without using the base

check the level line on the side of the car seat

route it through the belt path on both sides

laying your forearm across the child restraint at the belt

try placing a tightly rolled towel or foam pool noodle under the front
