Los Angeles

A comprehensive guide to Los Angeles, this text features accounts of all the attractions of the region, critical reviews of restaurants and accommodation for every price range, lively discussion of the city's history, and detailed neighbourhood and transport maps.

The Rough Guide to Los Angeles & Southern California

The Rough Guide to Los Angeles & Southern California is the definitive guide to the region. Whether you're looking for inspiring accommodation or great places to eat, you'll find the solution with hundreds of restaurant, hotel, nightlife and shop reviews. Along with a thorough look at LA's top tourist areas, from Hollywood and Beverly Hills to Santa Monica and Disneyland, the guide explores more obscure but no less deserving sights, like Downtown's arts district and Santa Catalina Island. Additionally, the book covers the broader Southern California region, including San Diego, Palm Springs and Santa Barbara. Accurate maps and comprehensive practical information, from city transport and tours to costs and currency, help you get under the skin of the region, whilst stunning photography and an inspirational introduction make this your ultimate travelling companion to this free-spirited American metropolis. Originally published in print in 2011. Make the most of your trip with The Rough Guide to Los Angeles & Southern California. Now available in ePub format.

The Rough Guide to Los Angeles

The Rough Guide to Los Angeles is the definitive handbook to the USA's second biggest city. Now in its fourth edition, the guide is jam-packed with up-to-date listings of hundreds of the city's restaurants, bars and hotels, as well as reviews of all the best clubs, shops, cinemas, and live music venues. Along with a thorough look at LA's top tourist areas, from Hollywood and Beverly Hills to Santa Monica and Disneyland, the guide also takes time to explore less well-known but no less deserving destinations, from Downtown's burgeoning arts district to Santa Catalina Island off the coast. There are chapters that look at LA's colourful background, from the landmark architecture and local history, to the rise of the Hollywood film industry. The guide comes complete with plenty of maps to help you plan your trip to this free-spirited metropolis.

The Rough Guide to California (Travel Guide eBook)

Tangos, milongas and other Latin-American dances

This collection features 40 dance pieces from the Caribbean and South America, including pieces by Ignacio Cervantes, Carlos Gomes, Juan Morel Campos, Ernesto Nazareth, Manuel Ponce, José Quintón, Manuel Saumell, and Alberto Williams.

Novelty Masterpieces of the Gershwin Era

Original collection of piano tunes from the 1920s and '30s features Kitten on the Keys, Dizzy Fingers, Dream of a Doll, Spring Fever, A Stately Mansion, and many other old-time favorites.

Notes

Features 4 of the great composer's most admired, most performed suites for the piano, in definitive Spanish editions. Includes his greatest work, Goyescas, the popular Spanish Dances, plus the beautiful Escenas romanticas and Escenas poeticas.

Goyescas, Spanish Dances and Other Works for Solo Piano

In the early part of the twentieth century, Buenos Aires erupted from its colonial past as a city in its own right, expressing a unique and vibrant cultural identity. *Intersecting Tango* engages the city at this key moment, exploring the sweeping changes of 1900-1930 to capture this culture in motion through which Buenos Aires transformed itself into a modern, cosmopolitan city. Taking the reader through a dazzling array of sites, sources, and events, Bergero conveys the city in all its complexity. Drawing on architecture and gendered spaces, photography, newspaper columns, schoolbooks, "high" and "low" literature, private letters, advertising, fashion, and popular music, she illuminates a range of urban social geographies inhabited by the city's defining classes and groups. In mining this vast material, Bergero traces the profound change in social fabric by which these diverse identities evolved, through the processes of modernization and its many dislocations, into a new national identity capable of embodying modernity. In her interdisciplinary study of urban development and cultural encounters with modernity, Bergero leads the reader through the city's emergence, collecting her investigations around the many economic, social, and gender issues remarkably conveyed by the tango, the defining icon of Buenos Aires. Multifaceted and original, *Intersecting Tango* is as rich and captivating as the dance itself.

Intersecting Tango

This book constitutes the thoroughly refereed proceedings of the 6th International Conference on Mathematics and Computation in Music, MCM 2017, held in Mexico City, Mexico, in June 2017. The 26 full papers and 2 short papers presented were carefully reviewed and selected from 40 submissions. The papers feature research that combines mathematics or computation with music theory, music analysis, composition, and performance. They are organized in topical sections on algebraic models, computer assisted performance, Fourier analysis, Gesture Theory, Graph Theory and Combinatorics, Machine Learning, and Probability and Statistics in Musical Analysis and Composition.

Mathematics and Computation in Music

A collection of some of the most beautiful classic pieces of the Romantic Era. Editor Joseph Smith has carefully selected short pieces that pay tribute to the many aspects of romanticism. These pieces offer a particularly intimate and personal vision of each composer represented. The book includes composer profiles, editorial and performance notes, and biographical information about Joseph Smith. The performances on the CD suggest possibilities to players for artistic interpretation. As with all books in this series, it includes a unique lay-flat binding to help keep the music open on the music stand. Titles and composers include: *Fantasy* (Gabriel Fauré) * *Humoresque in A-flat Major* (Antonin Dvorak) * *Intermezzo in E Major* (Johannes Brahms) * *Romance* (Edward MacDowell) * *Song Without Words in A Minor* (Peter Ilyich Tchaikovsky) * *Valse in A-flat Major* (Frédéric Chopin).

Romancing the Piano

Offers fresh histories & theoretical inquiries that resonate across fields of the humanities. Sixteen essays range from 18th-century theatre dance to popular contemporary dances in global circulation, focusing on three major thematic areas: Weimar culture & its afterlife, the German Democratic Republic, & recent conceptual trends in theatre dance.

New German Dance Studies

This book traces history of salsa dance over three locations (New York, Los Angeles, and South Florida). It provides a fully integrated approach to dance and music history and addresses the way salsa functions as a commodity.

Spinning Mambo Into Salsa

Stuart Isacoff - pianist, critic and teacher - explores the history and evolution of the piano: how its sound provides the basis for emotional expression and individual style, why it has so powerfully entertained generation upon generation of listeners. *A Natural History of the Piano* distills a lifetime of research and passion into one brilliant narrative. We witness Mozart unveiling his monumental concertos in Vienna's coffeehouses, using a special piano with one keyboard for the hands and another for the feet; European virtuoso Henri Herz entertaining rowdy miners during the California gold rush; Beethoven at his piano, conjuring healing angels to console a grieving mother who had lost her child; Liszt fainting in the arms of a page turner to spark an entire hall into hysterics Ranging from the groundbreaking music of Mozart,

Beethoven, Liszt and Debussy to the breathtaking techniques of Glenn Gould, Oscar Peterson, Arthur Rubinstein and Van Cliburn, Isaacoff delineates how classical music and jazz influenced each other as the uniquely American art form progressed from ragtime, novelty, boogie, bebop, and beyond, through Scott Joplin, Fats Waller, Duke Ellington, Herbie Hancock and Bill Charlap. Here is the instrument in all its complexity and beauty. We learn of the incredible craftsmanship of a modern Steinway, the peculiarity of specialty pianos built for the Victorian household, the continuing innovation in keyboards including electronic ones. And most of all, we hear the music of the masters, from centuries ago and in our own age, as brilliantly evoked as its most recent performance. This wide-ranging volume is an essential for music lovers, pianists, and the armchair musician.

A Natural History of the Piano

Heinrich Schenker's *The Art of Performance* shows this great music theorist in a new light. While his theoretical writings helped transform music theory in the twentieth century, this book draws on his experience as a musician and teacher to propose a sharp reevaluation of how musical compositions are realized in performance. Filled with concrete examples and numerous suggestions, the book will interest both music theorists and practicing performers. Schenker's approach is based on his argument that much of contemporary performance practice is rooted in the nineteenth-century cult of the virtuoso, which has resulted in an overemphasis on technical display. To counter this, he proposes specific ways to reconnect the composer's intentions and the musician's performance. Schenker begins by showing how performers can benefit from understanding the laws of composition. He demonstrates how a literal interpretation of the composer's indications can be self-defeating, and he provides a lively discussion of piano technique, including suggestions for pedal, sound color, orchestral effects, and balance. He devotes separate chapters to non-legato, legato, fingering, dynamics, tempo, and rests. In addition to the examples for pianists, Schenker covers a number of topics, such as bowing technique, that will prove invaluable for other instrumentalists and for conductors. The book concludes with an aphoristic and sometimes lyrical chapter on practicing. After Schenker's death, his student Oswald Jonas prepared the text for publication from Schenker's notes, eventually leaving the manuscript to his stepdaughter, Irene Schreier Scott, who entrusted the work of organizing and editing the disparate material to Jonas's friend and student Heribert Esser. She later translated it into English. This edition is the first publication in any language of this remarkable work.

The Art of Performance

Who's Causing the Difficulties in Your Life? The short answer to that question is, You are! And it may surprise you to realize that this is really good news. Why is it good news? Because the reason you are constantly creating difficulties for yourself is that you don't know how you are doing it or why. Now you can not only understand the cause of your problems, you can know what to do to stop creating them. The best part is, it's easy! In *The Easiest Way to Live*, you will find the keys to becoming your true self, being in harmony with life and pure in heart, which is a state of essential clarity. You will discover that most of the challenges you face are caused by past patterns and memories that keep replaying in your subconscious and block you from being who you really are. You will find that no problems exist outside of you, and since they are inside of you, you have the ability to take 100% responsibility for them and neutralize them. These truths and techniques are ancient secrets of Ho'oponopono. They are as relevant and applicable today as they were centuries ago. Knowing and applying them is, truly, the easiest way to live a joyful, abundant, and eminently fulfilling life.

The Easiest Way to Live

Since its emergence in the 1960s, salsa has transformed from a symbol of Nuyorican pride into an emblem of pan-Latinism and finally a form of global popular culture. While Latinos all over the world have developed and even exported their own "dance accents," local dance scenes have arisen in increasingly far-flung locations, each with their own flavor and unique features. *Salsa World* examines the ways in which bodies relate to culture in specific places. The contributors, a notable group of scholars and practitioners, analyze dance practices in the U.S., Japan, Spain, France, Colombia, Cuba, Puerto Rico, and the Dominican Republic. Writing from the disciplines of ethnomusicology, anthropology, sociology, and performance studies, the contributors explore salsa's kinetopias - places defined by movement, or vice versa- as they have arisen through the dance's interaction with local histories, identities, and musical forms. Taken together, the essays in this book examine contemporary salsa dancing in all its complexity, taking special note of how it is localized and how issues of geography,

race and ethnicity, and identity interact with the global salsa industry. Contributors include Bárbara Balbuena Gutiérrez, Katherine Borland, Joanna Bosse, Rossy Díaz, Saúl Escalona, Kengo Iwanaga, Isabel Llano, Jonathan S. Marion, Priscilla Renta, Alejandro Ulloa Sanmiguel, and the editor. In the series *Studies in Latin American and Caribbean Music*, edited by Peter Manuel

Salsa World

A long with "careful judgement and genuine love of the subject" (Library Journal), David Dubal brings unparalleled expertise as a concert pianist, Juilliard faculty member, and former music director of a major classical music station to this second edition of his definitive guide to the piano. Here are enlightening profiles of history's greatest concert pianists from Clementi and Mozart to the major artists of the twentieth century. Here, too, in alphabetical order by composer, are the masterpieces of the literature, solo and concerto, a discussion of the place of each piece in the composer's oeuvre, and a list of recorded performances that "show the composition in its most diverse moods." Updated to include more than seventy additional pianists and hundreds of new CDs, this is a guide piano teachers, concert-goers, and other devotees of keyboard virtuosity should find "among the best read and most useful books on their personal reference shelves" (Booklist).

Art of the Piano

DIVThe definitive guide to the composers, artists, bands, musical instruments, dances, and institutions of Cuban music./div

Cuban Music from A to Z

Surveying the state of American ballet in a 1913 issue of McClure's Magazine, author Willa Cather reported that few girls expressed any interest in taking ballet class and that those who did were hard-pressed to find anything other than dingy studios and imperious teachers. One hundred years later, ballet is everywhere. There are ballet companies large and small across the United States; ballet is commonly featured in film, television, literature, and on social media; professional ballet dancers are spokespeople for all kinds of products; nail polish companies market colors like "Ballet Slippers" and "Prima Ballerina;" and, most importantly, millions of American children have taken ballet class. Beginning with the arrival of Russian dancers like Anna Pavlova, who first toured the United States on the eve of World War I, *Ballet Class: An American History* explores the growth of ballet from an ancillary part of nineteenth-century musical theater, opera, and vaudeville to the quintessential extracurricular activity it is today, pursued by countless children nationwide and an integral part of twentieth-century American childhood across borders of gender, class, race, and sexuality. A social history, *Ballet Class* takes a new approach to the very popular subject of ballet and helps ground an art form often perceived to be elite in the experiences of regular, everyday people who spent time in barre-lined studios across the United States. Drawing on a wide variety of materials, including children's books, memoirs by professional dancers and choreographers, pedagogy manuals, and dance periodicals, in addition to archival collections and oral histories, this pathbreaking study provides a deeply-researched national perspective on the history and significance of recreational ballet class in the United States and its influence on many facets of children's lives, including gender norms, consumerism, body image, children's literature, extracurricular activities, and popular culture.

Ballet Class

This ethnographic journey into the New York salsa scene of the 1990s is the first of its kind. Written by a musical insider and from the perspective of salsa musicians, *Sounding Salsa* is a pioneering study that offers detailed accounts of these musicians grappling with intercultural tensions and commercial pressures. Christopher Washburne, himself an accomplished salsa musician, examines the organizational structures, recording processes, rehearsing, and gigging of salsa bands, paying particular attention to how they created a sense of community, privileged "the people" over artistic and commercial concerns, and incited cultural pride during performances. *Sounding Salsa* addresses a range of issues, musical and social. Musically, Washburne examines sound structure, salsa aesthetics, and performance practice, along with the influences of Puerto Rican music. Socially, he considers the roles of the illicit drug trade, gender, and violence in shaping the salsa experience. Highly readable, *Sounding Salsa* offers a behind-the-scenes perspective on a musical movement that became a social phenomenon.

Sounding Salsa

Piano/Keyboard Methods/Series

Level 3a - Sightreading Book

(Piano/Vocal/Guitar Artist Songbook). 12 songs from the third album by this Mississippi rock band: Behind Those Eyes * Here by Me * It's Not Me * Landing in London * Let Me Go * My World * The Real Life * Right Where I Belong * and more.

3 Doors Down - Seventeen Days

Ten masterly pieces for orchestra and wind instruments — all the ones considered complete and genuine — reproduced from authoritative Breitkopf & Härtel editions. Includes Bassoon concerto, K.191; Concerto for flute and harp, K.299; Clarinet concerto, K.622; Andante for flute, K.315; 6 more.

Libraries, History, Diplomacy, and the Performing Arts

Paul Dukas wrote about Debussy that the strongest influence he experienced was that of the poets, not that of the musicians. This book undertakes to demonstrate that thesis by studying Debussy's settings of songs by Banville, Verlaine, Baudelaire, Mallarmé, Louÿs, and Debussy himself. A particular insight may be gained in the comparison of six poems by Verlaine set to music by both Fauré and Debussy. The book includes a poetic/musical analysis of Debussy's Prelude to the Afternoon of a Faun, based on the poem by Mallarmé.

Andantes

Book one contains seven titles by noted contemporary composer Robert Starer. Great for the intermediate/advancing student.

Claude Debussy and the Poets

Originally composed for three wind instruments, these popular piano transcriptions were first published in the early 1800s. Easier than Mozart's piano sonatas, they remain favorite teaching pieces and are beautiful examples of the composer's mature classical style. Unlike other editions, this carefully edited volume restores Mozart's articulation markings and the original pairing of several menuet and trio movements that were previously mismatched. A discussion of Mozart's ornamentation and articulation is also included.

Sketches in color

Dance Anatomy is a visually stunning presentation of more than 100 of the most effective dance, movement, and performance exercises, each designed to promote correct alignment, improved placement, proper breathing, and prevention of common injuries.

The Performance of Music

This reference book is an invaluable resource for teachers, students and performers for evaluating and selecting piano solo literature. Concise and thoroughly researched, thousands of works, from the Baroque through the Contemporary periods, have been graded and evaluated in detail. Includes an alphabetical list of composers, explanations of works and much more.

6 Viennese Sonatinas

(Transcribed Score). Celebrate "Bird" with this collection of 40 full note-for-note transcriptions of classic performances for saxophones, trumpet, piano, bass and drums. Includes: Anthropology * Au Privave * Billie's Bounce (Bill's Bounce) * Bird Feathers * Blues for Alice * Chasing the Bird * Donna Lee * K.C. Blues * Leap Frog * Marmaduke * Ornithology * Scrapple from the Apple * Steeplechase * Yardbird Suite * and more.

Dance Anatomy-2nd Edition

The classic introduction to the Caribbean's popular music brought up to date.

Pianists Guide to Standard Teaching and Performance Literature

Walter Aaron Clark here presents, for the first time in English, a detailed and accurate account of one of the most intriguing figures in the Romantic period. Isaac Albeniz (1860-1909), a renowned concert pianist, created a national style of Spanish piano music and also fostered the growth of the concerto, orchestral music, and opera in Spain. As a touring child prodigy who supposedly stowed away on a steamer to the New World, later studied with Liszt, and eventually got ensnared in a "Faustian pact" with the wealthy English librettist, Frances Burdett Money-Coutts, Albeniz has become somewhat of a legend. Based on a wealth of new and previously overlooked documentary evidence, this biography debunks the mythology surrounding his career, much of it spun by the composer himself.

Charlie Parker - The Complete Scores

Expertly arranged Piano Lessons by Cornelius Gurlitt from the Kalmus Edition series. This is from the Romantic era.

Society, Culture and Identity in Early Modern Malta

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Caribbean Currents

A strikingly beautiful young woman is found dead in her Florence apartment. She lies on her bed, naked, a black rose between her legs. And the murders do not stop there: shortly afterwards, a woman is burned to death in a church, and a man is shot on the Ponte Vecchio. Chief Superintendent Michele Ferrara is all too familiar with the dark side of Florence. But he has never seen anything of this magnitude before - he is up against a mysterious, powerful enemy who would do anything to hide his identity, and manages to control events at every turn. As more violent deaths occur, Ferrara has to face the most dangerous investigation in his entire career and must confront deadly secrets from his own past . . . Originally published in Italian as *Le rose nere di Firenze*.

Hebrew Melody

Poet. Dancer. Immigrant. Artist. Son. Brother. There's always more than meets the eye . . . Valentin "Val" Chmerkovskiy has captivated viewers with his striking performances on Dancing with the Stars since his first step, season after season. His raw talent, dashing looks, and genuine kindness have made him an instant, beloved star. Now, for the first time ever, viewers will have an all-access pass to Val's life—and in I'll Never Change My Name, Val bares his soul, illuminating the thoughtful person he is both on and off the stage. In this revealing memoir, Val opens up about his life and career so far—where he's come from and where he hopes to go. He shows the reader some of the most notable moments from his childhood in Odessa, Ukraine, and his tight-knit family's immigration to the United States—including his struggles learning English as a stranger desperate to fit into a different culture, how he worked to become a premiere ballroom dancer, and, of course, the collaborations and competitions with his brother and fellow DWTS sensation, Maksim "Maks" Chmerkovskiy. After years of practice and discipline, Val, along with his older brother Maks, have reached the pinnacle of success, but it took a great deal of hard work and gratitude to get there. Sharing at times intimate and at times entertaining moments with early dance partners all the way up through celebrity dance partners such as Laurie Hernandez, Zendaya, Kelly Monaco, and Rumer Willis on Dancing with the Stars, Val expresses his enduring gratitude for the opportunities America has afforded him and his family, and for everything this country represents—offering hope not only to fans, but everyone with a dream. Inspiring, heartfelt, and compulsively readable—including sixteen pages of never-before-seen photographs, as well as a foreword by brother Maks Chmerkovskiy—I'll Never Change My Name is filled with Val's honesty and insight, and moments that are sure to touch readers' hearts and inspire us all to keep it moving.

The Black Rose Of Florence

This edition of Clementi's most famous and often played sonatina is nicely spaced and annotated, with fingering, dynamic, and ornamentation suggestions.
