

Mapping Species Distributions Spatial Inference And Prediction Ecology Biodiversity And Conservation

[#species distribution modeling](#) [#spatial ecology](#) [#biodiversity conservation](#) [#ecological prediction](#) [#habitat suitability mapping](#)

Explore the critical field of mapping species distributions using advanced spatial inference techniques to predict future ecological patterns. This resource delves into core principles of ecology and their application in effective biodiversity conservation, emphasizing how understanding species' spatial requirements is vital for proactive environmental management and informed decision-making.

La colonisation

Excerpt from Colonisation: Le Nord; A Vendre au Benefice de Loeuvre de la Colonisation Si aujourd'hui on parcourt les groupes de colons répandus jusqu'a la Lièvre et jusqu'à la Gatineau, on y remarque que les prévisions de M. Rameau se sont accomplies, et que les quelques émigrants étrangers qui se sont établis dans nos cantons du Nord, semblent abandonner ces contrées où ils ne peuvent guère résister à la rigueur du climat. Colonisation

Excerpt from La Colonisation du Nord-Ouest de la Province de Québec: Conférence de l'Hon. G.-A. Nantel, le 7 Mai 1895, Devant la Société de Colonisation de Montréal En venant, ce soir, vous parler de colonisation, je ne me dissimule pas que j'aborde un sujet très difficile à traiter. Non pas qu'il soit aride ou peu intéressant, mais, trop souvent peut-être, vous avez entendu des orateurs en quête de phrases sonnantes et d'effets patriotiques abuser de ce mot; vous avez lu des écrits plus ou moins fantaisistes traitant ce sujet si complexe sans que l'auteur en eût fait la moindre étude. Si, aujourd'hui, beau coup de personnes sérieuses ne manifestent pas l'intérêt que leur inspire cette importante question, ne peut-on pas imputer cette indifférence, en grande partie, à l'abus que l'on en a fait et que vous avez tous remarqué?
