[#Holzminden tunnellers](#) [#Holzminden escape](#) [#WW1 tunnel escape](#) [#Holzminden POW camp](#) [#Great War prison breakout](#)

The Tunnellers of Holzminden chronicles the gripping true story of an audacious World War I escape. This narrative delves into the incredible efforts and ingenuity of Allied prisoners held at the Holzminden POW camp in Germany, who meticulously engineered a daring tunnel to achieve freedom, showcasing remarkable human resilience and the enduring spirit of defiance during wartime.

The Tunnellers of Holzminden

First printed in 1930, this book tells the story of twenty nine British officers imprisoned by the Germans during WWI, who escaped through a tunnel.

the tunnellers of holzminden

In "The Tunnellers of Holzminden (with a side-issue)," H. G. Durnford transports readers to a unique and lesser-known aspect of World War I history. Durnford's narrative skillfully recounts the daring escape of Allied prisoners of war from Holzminden, a German prison camp. The "side-issue" adds depth to the story by exploring the experiences and challenges faced by prisoners of war during their captivity. Durnford's account sheds light on the courage, resourcefulness, and resilience of these prisoners as they navigate the harsh realities of war and confinement. This book serves as a testament to the indomitable human spirit and the lengths people will go to regain their freedom.

The Tunnellers of Holzminden (with a side-issue)

An account of the escape tunnel dug by prisoners-of-war incarcerated at Holzminden in 1918. First published in 1920.

TUNNELLERS OF HOLZMINDEN

"The exciting story of twenty nine British officers imprisoned by the Germans during WWI in the Holzminden prisoner-of-war camp, who escaped through a tunnel on the night of 23–24 July 1918. Durnford, who was a witness to many of the events described and interviewed many of the surviving escapees."--Publisher.

TUNNELLERS OF HOLZMINDEN (ILLU

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1920 edition. Excerpt: ... preface A lmost exactly two years ago, as I write these lines, il the famous Holzminden Tunnel became history. Even then, when the sordid camp was still lending (and seemed likely to lend in perpetuum) its grey colour to every aspect of life, when sense of proportion was practically dormant and racial animosity intensified to the highest pitch, it was impossible to overlook the peculiar dramatic proprieties of the event. Some day, it was felt, this story might be fittingly told. And in the retrospect the feeling remains unaltered. The harsh angles have softened: the tumult and the shouting have died away to the remoter cells of memory: Captain Niemeyer (of the Reserve) has departed--God knows where! His imperial master is dragging out an unhappy old age in exile. The British protagonists and walkers-on in the 9-months struggle have scattered to the ends of the Empire on their lawful occasions. Once in a blue moon perhaps they think of it and rub their eyes. The details are already vague. The whole of their prison existence seems absurdly far away. But it is in the hope that they will care to follow with not uncritical interest the following plain unvarnished account of the Tunnel episode that I, a mere looker-on, have sorted out the threads and fitted the jumble together. If any think this an impertinence, may I plead that an ordinary stage hand may see more of the workings of a nine months run than the star performers? To them at any rate, protagonists, walkers-and lookers-on in the event, and their friends and relations I would address myself particularly. Through them alone can I hope to interest the British public in this simple tale of a strategically unimportant but highly successful sideshow, in Germany, in the dog days of 1918. I...

The Tunnelers of Holzminden

The Luckiest Man Alive By: Jack Stokes Ballard As the one hundredth year anniversary of World War I continues, discover more information about Captain John H. Hedley. Follow the experiences of this little-known British aviator as he evolves into an ace crewman in the observer cockpit. Holding a unique place in aviator lore, he survives a fall from his observer's seat by landing on the tail of his own aircraft! Documents and artifacts, recently made available by Hedley's grandson, contribute to the description of Hedley's signature event, his prisoner of war status in World War I, and his postwar transition to an American citizen. Read all the amazing details in The Luckiest Man Alive: The Life of World War I Aviator Captain John H. Hedley.

The Tunnellers of Holzminden ... - Primary Source Edition

The third and final volume of A History of Cambridge University Press, covering 1873-1972.

The Tunnelers of Holzminden

An original investigation dedicated to the captivity experiences of British military servicemen captured by Germany in the First World War.

The Tunnellers of Holzminden (with a Side-Issue) (Classic Reprint)

This sequence of authentic and audacious war-time escapes keeps the reader spell-bound from start to finish. Garry Willmott has unearthed a series of escapes which would be the envy of Houdini. From the chilling history of escapes from Colditz, escapes from comparatively humane British POW camps and

from a Prisoner-of-War camp in Australia, these are all carefully selected to enthrall us with the ingenuity and brazen boldness of the escapees. Each story is totally unique and each forms a contrast to the one before: several stories stand out as memorable. "The Great Escape" and "Love Conquers the Wall" are breath-taking in their audacity, while the escapes of William Leefe Robinson and Gunther Pluschow, two of the longer stories in the collection, are examples of human ingenuity and raw courage. Each escape is based on well-researched evidence and there are many fascinating photographs to enliven each narrative; the author brings the stories to life, re-enacting exchanges of dialogue in dramatic sequences and setting each escape in a convincing authentic setting. This well-written collection gives us a fresh perspective on experiences of Prisoners-of War... an informative and entertaining read.

Tunnellers of Holzminden (With a Side-issue)

A fully-illustrated account of the dangers, the deaths, and the hardships of the thousands of Allied men who became prisoners of war during World War I. After being forced or making the decision to surrender, the soldier, sailor, or airman was at the mercy of his captors. Here, readers will learn what it felt like to surrender, the hazards involved, and then the often-arduous journey to a prisoner camp in Germany. Not all camps were the same; some were better than others, a situation that could easily change with the replacement of the commandant. But most were poor. Disease was rife and there was little medical care. With the arrival of parcels from home most prisoners could implement their diet, but this was not the case for Russians who received little help and relied on handouts from other prisoners. Barracks were usually cold and there were few blankets and little clothing. Men were abused, starved, denied their basic rights, sent to work in appalling conditions, and some were simply murdered. Escape was a priority for many men, but few made it home. This is the stark, unflinching true story of men who volunteered to fight for their country, only to end up in a war for survival at the mercy of the enemy.

The Tunnellers of Holzminden (with a Side-Issue) - Scholar's Choice Edition

Although the United States itself did not enter the war until April 1917, Canada enlisted the moment Great Britain engaged in the conflict in August of 1914. The Canadian contribution was great, as over 600,000 men and women came to serve in the war effort. Over 150,000 were wounded while near 67,000 gave their lives. The literature it generated, and continues to generate so many years later, is enormous and addresses all of its aspects. The Canadian Experience of the Great War: A Guide to Memoirs is the first attempt to identify all of the published accounts by Canadian veterans of their Great War experiences.

The Luckiest Man Alive

Surviving the Great War is the first detailed analysis of Australians in German captivity in WW1. By placing the hardships of prisoners of war in a broader social and military content, this book adds a new dimension to the national wartime experience and challenges popular representations of Australia's involvement in the First World War.

A History of Cambridge University Press: Volume 3, New Worlds for Learning, 1873-1972

First in-depth, comparative study of the treatment of prisoners of war during the First World War.

British Prisoners of War in First World War Germany

These 17 remarkable real-life stories are recounted by prisoners of war who used their wits to win their freedom. Their tales of remarkable resourcefulness and ingenuity combine the gritty realities of fact.

Escape

Created principally for young students, this 1928 volume provides an account of the key events in the First World War.

Allied POWs in German Hands 1914–1918

Barbed Wire Diplomacy examines how the United Kingdom government went about protecting the interests, lives and well-being of its prisoners of war (POWs) in Nazi Germany between 1939 and 1945. The comparatively good treatment of British prisoners in Germany has largely been explained by historians in terms of rational self-interest, reciprocity, and influence of Nazi racism, which accorded

Anglo-Saxon servicemen a higher status than other categories of POWs. By contrast, Neville Wylie offers a more nuanced picture of Anglo-German relations and the politics of prisoners of war. Drawing on British, German, United States and Swiss sources, he argues that German benevolence towards British POWs stemmed from London's success in working through neutral intermediaries, notably its protecting power (the United States and Switzerland) and the International Committee of the Red Cross, to promote German compliance with the 1929 Geneva convention, and building and sustaining a relationship with the German government that was capable of withstanding the corrosive effects of five years of warfare. Expanding our understanding of both the formulation and execution of POW policy in both capitals, the book sheds new light on the dynamics in inter-belligerent relations during the war. It suggests that while the Second World War should be rightly acknowledged as a conflict in which traditional constraints were routinely abandoned in the pursuit of political, strategic and ideological goals, in this important area of Anglo-German relations, customary international norms were both resilient and effective.

The Canadian Experience of the Great War

A Great Novelist, A Learned And Wise Critic, And A Charming Short-Story Writer Can These Three Reside In A Single Person? Yes, But, Of Course, In A Very Few, And E.M. Forster Is Certainly One Of Those Very Few, And That He Is Par Excellence. Any Knowledge Of Modern English Novel Without Even An Acquaintance With Forster Is Absurdly Incomplete. All Of Forster S Six Novels, Perhaps Barring Only Maurice, Have Been And Are Being Printed And Re-Printed In Hundreds Of Thousands Of Copies, And All The Six But Perhaps The Longest Journey Have Been Filmed By Worthy Directors, Such As Lean And Merchant, And The Films Have Received And Are Receiving High And Spontaneous Acclamations. As Said, Forster Is Also An Outstanding Critic And Will Go A Long Way Down The History Of Criticism As Much As He Will Be Remembered As A Highly Fantastic But Excellent Short-Story Writer For A Long Time To Come As He Is Today. This Compendium-Like Book, Split Into Three Volumes, Contains Discussions On All The Six Novels Of Forster Where Angles Fear To Tread, The Longest Journey, A Room With A View, Howards End, Maurice And A Passage To India. Besides, The Study Includes His Twelve Prime Short Stories, And His Critical Acumen And Theories. It Does Not Harbour No, It Carefully Avoids Any Pretension Or Pedantry, But It Comprises Almost All The Matters Relevant To Forsteriana, Plainly But Rather Expatiatingly Treated, So That It Is Expected To Help, Yeoman-Like, Certainly Not The Avant-Garde But The Sophomores. An In-Depth Study Of Forster As A Novelist And As A Critic Provided Herein Adds To The Value Of The Book. Furthermore, Quotations Included In The Appendix, Bibliography And Index Would Serve As Useful Study-Aids For The Readers.

Surviving the Great War

An indispensable reference on concentration camps, death camps, prisoner-of-war camps, and military prisons offering broad historical coverage as well as detailed analysis of the nature of captivity in modern conflict. This comprehensive reference work examines internment, forced labor, and extermination during times of war and genocide, with a focus on the 20th and 21st centuries and particular attention paid to World War II and recent conflicts in the Middle East. It explores internment as it has been used as a weapon and led to crimes against humanity and is ideal for students of global studies, history, and political science as well as politically and socially aware general readers. In addition to entries on such notorious camps as Abu Ghraib, Andersonville, Auschwitz, and the Hanoi Hilton, the encyclopedia includes profiles of key perpetrators of camp and prison atrocities and more than a dozen curated and contextualized primary source documents that further illuminate the subject. Primary sources include United Nations documents outlining the treatment of prisoners of war, government reports of infamous camp and prison atrocities, and oral histories from survivors of these notorious facilities.

Violence Against Prisoners of War in the First World War

July, 1918. The most heavily guarded POW camp in the world. Surrounded by steel palisades and barbed-wire fences, patrolled by ferocious dogs and armed guards with orders to shoot to kill, Holzminden was a brutal punishment camp. To escape would take boundless ingenuity and nerves of steel. Many tried. Prisoners used sardine-tin openers to pick locks, forged documents, sent messages using milk as an invisible ink, and created fake uniforms and elaborate disguises. Every attempt failed, leading only to ever-tighter defences. But on the night of 23 July 1918, twenty-nine undaunted Allied prisoners achieved the impossible. They had spent nine months using cutlery to move tonnes of earth, clay and stone, digging a tunnel over 150 feet long under the walls and barbed-wire fences, to the

farmland beyond. This is the fascinating story of how they did it – and of the many who had failed before them. Neil Hanson provides a rare insight into the minds of these prisoners of war, revealing their resourcefulness, courage and persistence – and inexhaustible good humour.

Tunnelling to Freedom and Other Escape Narratives from World War I

Students, military historians, and casual readers will all find this compelling collection useful in learning about escape strategies, hostage situations, and rescue operations during times of conflict. *Great Wartime Escapes and Rescues* tells the captivating stories of dozens of escapes and rescues from conflicts dating from the 16th century to present, with extensive coverage of the world wars of the 20th century and the Vietnam War. In addition, escapes and rescues related to terrorist activities and regional conflicts are featured. Some stories of escapes and rescues included in this work have been written about extensively and portrayed in films, including *The Great Escape* and Captain Phillips' rescue by Navy SEALs. Other stories are less widely known but just as absorbing. The book opens with a detailed introductory essay that illuminates the government policies and tactics various countries have used to rescue soldiers and civilians during wartime, as well as the diverse methods that prisoners of war have used to escape notorious camps and prisons. The entries, organized alphabetically, are augmented by engaging sidebars related to the escapes and rescues. The book also includes references to such sources as autobiographies, biographies, news accounts, and interviews with veterans.

An Outline History of the Great War

Australia's greatest escape stories from two world wars *Australia's Greatest Escapes* is a collection of stories about the most hazardous aspect of the prisoner of war experience – escape. Here is all the adventure, suspense and courage of ordinary Australians who defied their captors; men who tunneled to freedom, crawled through stinking drains, or clawed a passage beneath barbed wire in a desperate attempt to flee captivity. They were willing to risk the odds and even death in the loneliest war of all – the fight to be free. Each possessed in spades the noble qualities of boldness, resourcefulness, cunning, determination and mateship we have come to admire about our Australian service men and women under adversity. Featuring stories of Australian POWs from all theatres of war, including one who fled a German work camp during World War I, another involved in a mass tunnel escape from a notorious Italian camp, and an airman who brazenly attempted to steal a German fighter and fly it back to England. We also re-live the tragic saga of the Sandakan death marches in which six Australian escapers became the only survivors from 2000 POWs, and follow the perilous journeys to freedom undertaken by Australian infantrymen following the appalling massacre of their fellow soldiers on the Japanese-held island of Ambon.

Barbed Wire Diplomacy

In the winter trenches and flak-filled skies of World War I, captured soldiers and pilots narrowly avoided death only to find themselves imprisoned in Germany's archipelago of brutal POW camps. After several unsuccessful escapes, a group of Allied prisoners of *Holzminden* - Germany's land-locked Alcatraz - hatched the most elaborate escape plan yet known. With ingenious engineering, disguises, forgery and courage, their story would electrify Britain in some of its darkest hours of the war. Drawing on never-before-seen memoirs and letters, Neal Bascomb brings this little-known story narrative to life amid the despair of the trenches and the height of patriotic duty.

A Companion to E.M. Forster

Saul David's *100 DAYS TO VICTORY* is a totally original, utterly engaging account of the Great War - the first book to tell the story of the 'war to end all wars' through the events of one hundred key days between 1914 and 1918. *100 DAYS TO VICTORY* is a 360 degree portrait of a global conflict that stretched east from the shores of Britain to the marshes of Iraq, and south from the forests of Russia to the bush of German South East Africa. Throughout his gripping narrative we hear the voices of men and women both eminent and ordinary, some who were spectators on the Home Front, others - including Saul David's own family - who were deeply embroiled in epic battles that changed the world forever. *100 DAYS TO VICTORY* is the work of a great historian and supreme story teller. Most importantly, it is also an enthralling tribute to a generation whose sacrifice should never be forgotten.

The Listener

Following on from his first well-received book 'The Kaisers First POWs' Philip Chinnery now turns his attention to the attempts by allied prisoners of war to escape the Kaiser's clutches and return to their homeland. As the war progressed, the treatment of allied prisoners worsened as the blockade of Germany reduced the amount of food and material coming into the country. The majority of the prisoners were too weak or ill-equipped to attempt to escape, but there were others who were determined to pit their wits against their jailers. These included the officers at Holzminden prison, who dug a tunnel allowing twenty-eight of their number to escape; men like Canadian Private Simmons, who escaped and was recaptured twice before his third attempt saw him gain his freedom; men who jumped from moving trains or marched brazenly out of the camp gates disguised as German officers. Although Holland and Switzerland were neutral countries during the First World War, escaping from their camps, crossing miles of enemy territory and outwitting the sentries guarding the frontiers taxed even the strongest individuals. But many men did make the attempt and more than a few of them were successful. This is their story.

Behind Barbed Wire

Recreates the adventures of three British airmen who fled from a German prison camp in World War I leading twenty-six fellow prisoners towards Holland.

The Gestapo's Most Improbable Hostage

I remember very clearly the day on which I was supposed to die. So starts the story of Squadron Leader Hugh Mallory Falconer, British Special Operations Executive agent and prisoner of the Nazis for over two and a half grueling years. When he was caught out of uniform by the Gestapo in Tunisia not long after the culmination of Operation Torch in 1942, he had no right to expect anything but the worst. Quite miraculously however, his papers vanished whilst he was being sent to Gestapo HQ in Berlin and, as a result, no-one could make out who he was. This, coupled with his quick-thinking and cunning whilst under interrogation, led to the Nazis including him in a group of high-profile hostages, holding him alongside such notable figures as the former French Minister Leon Blum. The group was intended to save the Nazi leaders' necks as the War ground down to its inevitable end. Offered a certain amount of protection on account of their special status in the eyes of their captors, they experienced the war from a unique vantage point. Held at a variety of infamous camps, including Sachsenhausen, Dachau and Buchenwald, Squadron Leader Mallory was taken on a virtual grand tour of the Third Reich, witnessing the full extent of its horrors. Then in 1945, he was forced to new heights of cunning when the Nazis began exterminating their captives. His daughter, who has painstakingly transcribed the only copy of her father's memoirs, describes this book, published here for the first time, as a personal manual on keeping your sanity when your weight has dropped to that of a small German Shepherd dog, you are covered in vermin, you are alone and you have everything to fear. It makes for vital and compelling reading.

The Extraordinary Life of Mike Cumberlege SOE

This first-ever biography of Lt. Cdr. Mike Cumberlege DSO & Bar, Greek Medal of Honour, murdered in Sachsenhausen Concentration Camp in Feb/March 1945, recalls a man who was 'truly Elizabethan in character—a combination of gaiety and solidity and sensitiveness and poetry with daring and adventurousness—and great courage.' Cumberlege came from a maverick sea-going family. He was highly resourceful and lived by his wits, skippering ocean-going yachts for wealthy Americans before the war. In 1936 he married Nancy; their relationship was close and, with the sea, forms a thread in the book. From 1940 Cumberlege served in undercover roles in the Royal Navy in Marseilles and Cape Verde and was on the staff of General de Gaulle in London. Posted to Egypt in 1941 in the SOE, he formed a para-naval force of fishing vessels, took part in fighting in Greece, attacked the Corinth Canal, escaped from Crete, was wounded and returned three times to Crete clandestinely. On a second operation to destroy the Corinth Canal in 1943 he was captured. Tortured in Mauthausen concentration camp, he was transferred to Sachsenhausen and spent 21 months in solitary confinement. The book contains unique material gathered from the family and from well-wishers in places as far apart as Ukraine, Australia and the USA.

Hitler's Last Plot

Revealed for the first time: how the SS rounded up the Nazis' most prominent prisoners to serve as human shields for Hitler in the last days of World War II. In April 1945, as Germany faced defeat, Hitler planned to round up the Third Reich's most valuable prisoners and send them to his "Alpine Fortress," where he and the SS would keep the hostages as they made a last stand against the Allies. The prisoners included European presidents, prime ministers, generals, British secret agents, and German anti-Nazi clerics, celebrities, and officers who had aided the July 1944 bomb plot against Hitler—and the prisoners' families. Orders were given to the SS: if the German military situation deteriorated, the prisoners were to be executed—all 139 of them. So began a tense, deadly drama. As some prisoners plotted escape, others prepared for the inevitable, and their SS guards grew increasingly volatile, drunk, and trigger-happy as defeat loomed. As a dramatic confrontation between the SS and the Wehrmacht threatened the hostages caught in the middle, the US Army launched a frantic rescue bid to save the hostages before the axe fell. Drawing on previously unpublished and overlooked sources, Hitler's Last Plot is the first full account of this astounding and shocking story, from the original round-up order to

the prisoners' terrifying ordeal and ultimate rescue. Told in a thrilling, page-turning narrative, this is one of World War II's most fascinating episodes.

Fey's War

****Formerly published as The Lost Boys**** 'As thrilling as any novel. Bailey has an extraordinary talent for bringing history to life' Kate Atkinson 'Remarkable. A powerful, engrossing story of a journey into the heart of darkness and final escape from it' Sunday Times

In September, 1944, the SS march into a remote Italian castle, arrest a mother and seize her two sons, aged just two and three. If Hitler has his way she will never see them again. For Fey Pirzio-Biroli is the daughter of Ulrich von Hassell, executed days before after the failed assassination of the Fuhrer. Mercilessly cast into the Nazi death machine, Fey must cling to the hope that one day she will escape and rescue her lost children . . . An extraordinary story of resistance at the heart of the Second World War, Fey's War is an illuminating and devastating true account of great personal sacrifice, of loss and, above all, of defiance.

'Riveting, important, reads like a terrifying thriller' Daily Telegraph 'Heartbreaking. It started with a plot to kill Hitler. It ended in one of the most astonishing and moving stories of the war' Daily Mail 'Extraordinary. A rich, deep, gripping read' Guardian 'As thrilling as any novel. Bailey has an extraordinary talent for bringing history to life' Kate Atkinson

The Flame of Resistance

'I have always been fascinated by that charismatic hero of the Resistance, Josephine Baker, but it turns out I didn't know the half of it. Lewis' story-telling blew my mind. Again.' - Dan Snow 'A story of incredible bravery in the face of tyrants who invaded a free and democratic nation, this will have powerful resonance today.' - Tim Spicer During WW2, Josephine Baker, the world's richest and most glamorous entertainer, was an Allied spy in Occupied France. This is the story of her heroic personal resistance to Nazi Germany. Prior to World War II, Josephine Baker was a music hall diva renowned for her singing and exotic dancing, her beauty and sexuality; she was the most highly-paid female performer in Europe. When the Nazis seized her adopted city, Paris, she was banned from the stage, along with all 'negroes and Jews'. Yet, instead of returning to America, she vowed to stay and to fight the Nazi evil. Overnight she went from performer to Resistance spy. In The Flame of Resistance best-selling author Damien Lewis uncovers this little known history of the famous singer's life. During the years of the war, as a member of the French Nurse paratroopers - a cover for her spying work-- she participated in numerous clandestine activities and emerged as formidable spy. In turn, she was a hero of the three countries in whose name she served: the US, the nation of her birth; France, the land that embraced her during her adult career; and Britain, the country from which she took her orders, as one of London's most closely-guarded special agents. Baker's secret war embodies a tale of unbounded courage, passion, devotion and sacrifice, and of deep and bitter tragedy, fueled by her own desire to combat the rise of Nazism, and to fight for all that is good and right in the world. Drawing on a plethora of new historical material and rigorous research, including previously undisclosed letters and journals, Lewis upends the conventional story of Josephine Baker, revealing that her mark on history went far beyond the confines of the stage. 'An eye-opening, pulse-quickening history. Josephine Baker led a wartime double life of extraordinary jeopardy and Damien Lewis's needle-sharp narrative is jagged with suspense. Yet he also writes with great warmth and sensitivity, creating a powerfully moving portrait of a woman who fought prejudice and hate in all its forms.' - Sinclair McKay 'A gripping true story of a remarkable heroine. The details of Josephine Baker's espionage for the Deuxieme Bureau, the French military intelligence agency during the war, make for a fascinating read in Damien Lewis's meticulously researched account' - Deborah Cadbury

The Gestapo

The word 'Gestapo' has become synonymous with the terrible brutality and terror of the Nazi regime in World War II. The Gestapo came into existence in 1933 as Department 1A of the Prussian State Police. Under the SS, the Gestapo grew in power, and was given the job of investigating and combatting 'all tendencies dangerous to the state'. Schutzhaft (protective custody) gave the Gestapo the power to imprison without judicial proceedings, often in concentration camps. It was also responsible for destroying opposition to Hitler. By early 1942, as the Nazi regime became increasingly unpopular in Germany, a number of protests took place. The Gestapo's response was brutal. Thousands were arrested and

executed, and all dissent was crushed. The History of the Gestapo provides an authoritative overview of this sinister instrument of repression. Never before had an organisation attained such complexity, been vested with such power, or reached such a pitch of 'perfection' in efficiency and horror.

Himmler's Hostages

The notorious Nazi leader's attempt to take war prisoners hostage at the end of WWII is revealed in this lively and expertly researched history. During the final weeks of the Second World War, Heinrich Himmler assembled the most famous and noteworthy SS prisoners be taken hostage. Himmler's plan was to use these individuals as bargaining chips to save the Reich—or, failing that, himself. Known as the Prominenten, this group included European politicians and former heads of state, five British survivors of the 'Great Escape,' two MI5 agents, and Irish born POWs. This meticulously researched study sheds new light on how the British prisoners came to be integrated with a multinational group of VIPs in Dachau concentration camp, including German family groups of men, women and children; relatives of those implicated in plot to kill Hitler. The lively narrative describes kidnapping, escape attempts, interpersonal conflict, betrayal and comradeship. It also reveals intrigues and love affairs among the prisoners, culminating in their dramatic attempt to free themselves from the SS.

Among Unknown Hostages

AMONG UNKNOWN HOSTAGES relates the experiences of American civilians who were rounded up by the Nazis and held in Internment Camps once the U.S. entered WWII. Among these thousands of men, women, and children, gentiles and Jews, whose stories have not yet been told was John Tomczyk, whose unusual adventures before and during internment provide a look into an American's life in occupied Poland. Photos are included which demonstrate the unconquerable spirit of American patriots while inside a Nazi prison. Accounts of John's relatives escaping a partitioned Poland, tragic stories of immigrant life in his native Chicago, and the hard fate dealt him after repatriation will show the reader a family's journey spanning a very turbulent century.

The Unbelievable Gustavo Adolfo Rol

In the twentieth century in Italy, there was a man who during his lifetime (1903-1994) became a legend for those who did not know him, and a great spiritual Teacher for those who were lucky enough to meet him. His name was Gustavo Rol, and he was an upper class gentleman who dressed elegantly, possessed an encyclopedic body of knowledge, the soul of an artist and the spirit of a mystic. As a young man, like Prince Siddhartha, he obtained enlightenment, even though he never declared as much openly. One of the consequences was that he began to manifest an impressive range of "possibilities" that are generally referred to as "paranormal": clairvoyance, telepathy, precognition, bilocation, levitation, telekinesis and many more. This anthology collects all of the anecdotes recounted over more than 60 years from numerous witnesses, including famous personalities from the Italian and international cultural scene. According to Rol, in the future science will be capable of explaining these phenomena...

Crianças Perdidas

Em setembro de 1944, a Gestapo invade um palazzo rural italiano, prende uma mulher e leva os filhos dela, de dois e três anos. A mulher é Fey Pirzio-Biroli, filha de Ulrich von Hassell - diplomata alemão e importante elemento da Resistência alemã, executado dias depois da tentativa falhada de assassinato do Führer. Agora, Hitler está a levar a cabo a mais cruel das vinganças, atacando, separando e destruindo as famílias de todos aqueles que conspiraram contra ele. Levada de campo de concentração em campo de concentração, Fey vai conhecer a verdadeira dimensão e os horrores do Holocausto. Sem notícias das crianças, resta-lhe a esperança de um dia escapar às garras da máquina nazi e reunir a sua família. Mas o destino dos seus filhos é uma incógnita. Mesmo que estejam vivos, poderão ser encontrados e identificados na vastidão de uma Europa destruída? Usando a voz da própria Fey - através de cartas, entradas de diário e recordações - Catherine Bailey conta-nos uma história esmagadora de sacrifício e, acima de tudo, resistência...

I bambini sopravvissuti

La storia vera di una famiglia braccata dai nazisti «Questa scrittrice ha un dono: sa dare vita a personaggi meravigliosi. Un libro affascinante.» The Times Berlino, settembre 1944. Ulrich von Hassell,

ex ambasciatore tedesco in Italia e membro della resistenza contro il regime nazista, viene condannato a morte per aver partecipato a una congiura contro Hitler. Per punire i dissidenti Himmler ordina l'arresto delle famiglie di tutti i sospettati. Nella speranza di sfuggire alle rappresaglie dei nazisti Fey, la figlia di von Hassell, si nasconde nella campagna italiana. Ma quando le SS irrompono nell'antico palazzo in cui si è rifugiata, strappandole i due figli, il suo destino è segnato. Per lei ha inizio un terrificante viaggio attraverso l'Europa massacrata dalla guerra, alla ricerca dei suoi bambini. Da un palazzo nel cuore della campagna italiana agli orrori del campo di concentramento di Buchenwald, Catherine Bailey racconta una straordinaria storia di resistenza durante la seconda guerra mondiale, in cui il sacrificio estremo è sempre compiuto con coraggio e speranza. Un uomo accusato di complotto contro il regime nazista. Una famiglia perseguitata. Un viaggio tra Italia e Germania per salvare due bambini. «Un romanzo potente, di grande ispirazione. Un viaggio nell'oscurità più buia dalla quale la protagonista cerca disperatamente di sottrarsi.» Sunday Times «Questa scrittrice ha un dono: sa dare vita a personaggi meravigliosi. Un libro affascinante.» The Times «Catherine Bailey ha uno straordinario talento.» Daily Mail Catherine Bailey È una scrittrice di successo. Prima di intraprendere questa strada, ha prodotto una serie di film e documentari acclamati dalla critica. The Lie of the Land, un documentario sui meccanismi dell'industria del cibo e le loro ripercussioni sulle condizioni dei coltivatori inglesi, ha vinto il BAFTA per il miglior documentario nel 2008. Vive a Londra.

Conditions in Occupied Territories

A group of twenty-six Czechoslovakian citizens are jailed until a 50,000 crown reward by the Gestapo uncovers the supposed killer of a Nazi officer whom virtually everyone suspects committed suicide. The hostages include the leader of the underground resistance movement (as played by William Bendix), whose cover is that of a washroom attendant in the nightclub where the "victim" was last seen alive. Will the hostages be released in dangerous world of bribery, deception and corruption that characterized invading armies during World War Two?

Conditions in Occupied Territories

The Nuremberg trials were a series of military tribunals held after World War II by the Allied forces under international law and the laws of war. The trials were most notable for the prosecution of prominent members of the political, military, judicial, and economic leadership of Nazi Germany, who planned, carried out, or otherwise participated in the Holocaust and other war crimes. The trials were held in Nuremberg, Germany. This volume contains trial proceedings from 5 February 1946 to 19 February 1946.

English Texts & Contexts 2

Recipient of the Florida Writers Association Royal Palm Literary Award When Paris Was Dark The story of a young French boy during the WWII German occupation. When five-year-old Alain, a little boy living in Paris, is strafed by German planes at the onset of the German invasion in 1940, his world is instantly turned on its head. During the next four years, like the children who fight to survive today's many conflicts around the world, he grows up fast and must be mentally strong and alert to stay safe. With limited parental support, Alain and his young friends face increasing deprivation, devastating hunger, and constant fear of the occupying Germans soldiers, with their intimidating rules and random street blockades and checkpoints. He also dreads the Allies' air raids, although he knows the bombers are on his side. After being silent for four years, one day all the churches of Paris ring their bells to celebrate the end of the occupation, and Alain welcomes the American GIs who fought bravely to liberate him. His story—of fear and courage, despair and determination—is laced with the realism only an author who lived through the occupation himself can provide, bringing this bittersweet, beautifully rendered novel to vivid life.

Netherlands News Digest

In the 1930s and '40s, LA became a cultural sanctuary for a distinguished group of German artists and intellectuals - including Thomas Mann, Theodor W. Adorno, Bertolt Brecht, Fritz Lang, and Arnold Schoenberg - who were fleeing Nazi Germany. This book is the first to examine their work and lives.

The Nuremberg Trials: Complete Tribunal Proceedings (V. 7)

'No dry history, Mosquito reads like a thriller... this outstanding book is hard to put down... Unreservedly recommended' Aviation Historian 'White immerses the reader in the action from the first page. A must read choice for total aviation people everywhere' Flight International 'A captivating history... Rowland White uses the history of these operations to weave stories of courage and fortitude into the story of a great machine' Daily Telegraph _____ Built of lightweight wood, powered by two growling Rolls-Royce Merlin engines, impossibly aerodynamic, headspinningly fast and armed to the teeth, the de Havilland Mosquito was the war-winning wonder that should never have existed: the aircraft the RAF didn't think it wanted then couldn't do without. Flying on operations barely eighteen months after a single prototype was ordered off the drawing board, it was the answer to its pilots' prayers: a stunningly versatile warplane capable of leaving the Luftwaffe in its wake to attack when and where the enemy was least expecting it. Excelling as a spyplane, night-fighter and pathfinder for Bomber Command's heavies the Mossie's reputation was cemented by a series of daredevil bombing raids across occupied Europe, including on Berlin itself, where only surprise, speed and precision could ensure success. So when Churchill's top secret Special Operations Executive needed to destroy the Gestapo HQ in the centre of downtown Copenhagen to prevent a devastating Nazi last stand that might prolong the war for many months, there was only one machine for the job - the Mosquito. This is the story of that legendary aircraft told through that one impossible mission. Like Rowland White's previous books, Mosquito is an unputdownable mix of utterly compelling storytelling, incredible human stories and fascinating technological detail, which sheds never-before-told light on a pivotal mission that helped bring the war to its bloody and brutal close. _____ Praise for Mosquito 'Wonderful detail, intricate research and most importantly, powerful & moving human testimony, ensure the reader is gripped from the first page to the last by this incredible story' John Nichol 'Stunning... This is history as it should be written: adrenaline-charged, exciting, impeccably and painstakingly researched with a cast of vividly-drawn characters. Riding through it is among the greatest, most extraordinarily brilliant aircraft of them all: the Mosquito. One of the most gripping works of history I've ever read' James Holland 'Weaving together the story of its evolution with vivid accounts of the crews that flew it and the Special Operations Executive on the ground, Mosquito is both a tribute to the finest aircraft Britain produced during the war and a page-turning thriller about its use as the world's first precision aerial weapon' Tom Petch, author of Speed Aggression Surprise: The Secret Origins of the SAS

The Nuremberg Trials (Vol.7)

Like many heroes, the narrator of this remarkable story, his own, was a reluctant and even unwilling one. It happened when he was confronted with a moral dilemma and something within him made the right choice, to the surprise and even the disapproval of the rest of him that much wanted to protect his young family. He too was young. The time was early 1945, when savage World War II was coming to an end in Europe. Alfred Wallner, a doctor serving in the lower Austrian alps as the Allied armies closed in on Germany's appalling Third Reich that Austria had joined in 1938, detested the Nazis but not enough to risk virtually certain death if he'd be caught helping Americans. But he did help a team of them and was quickly caught, after which he was taken to a Gestapo prison where the people he met, from his cellmates to the warders, were not merely a fascinating cast of characters but also a fair sample of the types one encounters in any country under stress. In that way and others, Dr. Wallner's story is a cautionary as well as a gripping tale, and it contains a great surprise.

Voluntary Hostages of the S.S.

Around 1785, a woman was taken from her home in Senegambia and sent to Saint-Domingue in the Caribbean. Those who enslaved her there named her Rosalie. Her later efforts to escape slavery were the beginning of a family's quest, across five generations and three continents, for lives of dignity and equality. *Freedom Papers* sets the saga of Rosalie and her descendants against the background of three great antiracist struggles of the nineteenth century: the Haitian Revolution, the French Revolution of 1848, and the Civil War and Reconstruction in the United States. Freed during the Haitian Revolution, Rosalie and her daughter Elisabeth fled to Cuba in 1803. A few years later, Elisabeth departed for New Orleans, where she married a carpenter, Jacques Tinchant. In the 1830's, with tension rising against free persons of color, they left for France. Subsequent generations of Tinchants fought in the Union Army, argued for equal rights at Louisiana's state constitutional convention, and created a transatlantic tobacco network that turned their Creole past into a commercial asset. Yet the fragility of freedom and security became clear when, a century later, Rosalie's great-great-granddaughter Marie-José was arrested by Nazi forces occupying Belgium. *Freedom Papers* follows the Tinchants as each generation tries to use the power and legitimacy of documents to help secure freedom and respect. The strategies they used to overcome the constraints of slavery, war, and colonialism suggest the contours of the lives of people of color across the Atlantic world during this turbulent epoch.

When Paris Was Dark: A Sliver of WWII History

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

Weimar on the Pacific

This book exposes the causes of the greatest tragedy that ever befell the Jewish people. The Holocaust is a challenge not only for the immediate heirs of those directly involved in it, the Germans and the Jews. It forces us to redefine the fundamentals of Christian and Jewish morality. Christianity must return to the teachings of Jesus.

LIFE

'Highly readable' Ben Macintyre 'Pacy, original and frequently chilling' Henry Hemming June 1940. Britain is Europe's final bastion of freedom - and Hitler's next target. But not everyone fears a Nazi invasion. In factories, offices and suburban homes are men and women determined to do all they can to hasten it. Throughout the Second World War, Britain's defence against the enemy within was Eric Roberts, a former bank clerk from Epsom. Equipped with an extraordinary ability to make people trust him, he was recruited into the shadowy world of espionage by the great spymaster Maxwell Knight. Roberts penetrated first the Communist Party and then the British Union of Fascists, before playing his greatest role for MI5 - as Hitler's man in London. Codenamed Jack King, he single-handedly built a network of hundreds of British Nazi sympathisers, with many passing secrets to him in the mistaken belief that he was a Gestapo officer. Operation Fifth Column, run by a brilliant woman scientist and a Jewish aristocrat with a sideline in bomb disposal, was kept so secret it was omitted from the reports MI5 sent to Winston Churchill. In a narrative that grips like a thriller, Robert Hutton tells the fascinating story of an operation whose existence has only recently come to light. Drawing on newly declassified documents and private family archives, Agent Jack shatters the comfortable notion that Britain could never have succumbed to fascism, and celebrates - at last - the courage of individuals who protected the country they loved at great personal risk.

Investigation of Un-American Propaganda Activities in the United States

The first English-language edition of H. G. Adler's acclaimed account of the Jewish ghetto in the Czech city of Terezin.

The Atlantic Monthly

THE SUNDAY TIMES NON FICTION BESTSELLER WHSmith NON-FICTION BOOK OF THE YEAR 2018 'The best book you will ever read about Britain's greatest warplane' Patrick Bishop, bestselling author of *Fighter Boys* 'A rich and heartfelt tribute to this most iconic British machine' Rowland White, bestselling author of *Vulcan 607* 'As the RAF marks its centenary, Nichol has created a thrilling and often moving tribute to some of its greatest heroes' Mail on Sunday magazine The iconic Spitfire found fame during the darkest early days of World War II. But what happened to the redoubtable fighter and its

crews beyond the Battle of Britain, and why is it still so loved today? In late spring 1940, Nazi Germany's domination of Europe had looked unstoppable. With the British Isles in easy reach since the fall of France, Adolf Hitler was convinced that Great Britain would be defeated in the skies over her southern coast, confident his Messerschmitts and Heinkels would outclass anything the Royal Air Force threw at them. What Hitler hadn't planned for was the agility and resilience of a marvel of British engineering that would quickly pass into legend – the Spitfire. Bestselling author John Nichol's passionate portrait of this magnificent fighter aircraft, its many innovations and updates, and the people who flew and loved them, carries the reader beyond the dogfights over Kent and Sussex. Spanning the full global reach of the Spitfire's deployment during WWII, from Malta to North Africa and the Far East, then over the D-Day beaches, it is always accessible, effortlessly entertaining and full of extraordinary spirit. Here are edge-of-the-seat stories and heart-stopping first-hand accounts of battling pilots forced to bail out over occupied territory; of sacrifice and wartime love; of aristocratic female flyers, and of the mechanics who braved the Nazi onslaught to keep the aircraft in battle-ready condition. Nichol takes the reader on a hair-raising, nail-biting and moving wartime history of the iconic Spitfire populated by a cast of redoubtable, heroic characters that make you want to stand up and cheer.
