When Good Things Happen To Bad Boys

You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . .admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought

should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

Nearly Departed in Deadwood

SWAT officer Lucius Ryder--known to the women in the building as "Luscious," much to his chagrin--is one sexy lawman, and before long Bethany is tempted to find out if he's really as delicious as his nickname. . . It's About Time by Erin McCarthy County prosecutor Trish Jones has had it with smooth-talking, under-performing suits. And though she's never had a thing for big, brawny guys, one look at Caleb Vancouver's bulges makes her think she might have been missing out. One Harley ride later they're back at her place, and she realizes that she has been missing out . . . on quite a lot . . . Wish You Were Here by Amy Garvey Photographer Mackenzie Pruitt knows exactly what she wants her future to look like, and this summer that means renovating a dilapidated shed into a studio. But when hunky carpenter Leo Dawson shows up, she'd much rather have his capable hands on her than on a hammer. He's not the kind of guy she always thought she'd fall for, but when he touches her, she can't imagine wanting anyone else . . .

'Every time you use magic, it uses you back. Sure, you could magic yourself a photographic memory for that big test, for that big interview, for that big stock market job. And all it cost you was a nice case of liver failure. Or the memory of your lover's name.' Magic is Allison Beckstrom's blessing and curse. As a Hound, she uses her gifts to track down practitioners who abuse their power, and then stops them from inflicting harm on unsuspecting innocents. Unfortunately her spells have taken a toll on her, physically marking her and erasing her memories - including those of the man she loves. But lost memories aren't the only things preying on Allie's thoughts. Her late father, a prominent businessman - and sorcerer - has somehow channeled himself into her mind. With the help of the Authority, a secret organization of magic users, she hopes to gain better control over her own abilities - and find a way to deal with her father . . .

'We were about to enter a war with two of the most powerful creatures who had ever used magic. And we were nowhere near ready for this fight.' For most of her life, Allison Beckstrom has used magic and accepted the heavy price it exacts. But now that all magic is poisoned, it's no longer just using people - it's killing them. With Portland about to descend into chaos, Allie needs to find a way to purify the wells of tainted magic beneath the city. But the only options left to her are grim: attempt to close down magic forever, or follow her father's plan to set magic into the right hands - even though she's learned to never trust his word. In her final stand against death, darkness, and her own deepest fears, Allie must fight smart and choose well, or pay the ultimate price. Cast In Peril (Luna) (The Chronicles of Elantra, Book 8)

It has been a busy few weeks for Private Kaylin Neva. In between angling for a promotion, sharing her room with the last living female Dragon and dealing with more refugees than anyone knew what to do with, the unusual egg she'd been given was ready to hatch.

Magic to the Bone

"Using magic, meant it used you back. Forget the fairytale hocus pocus, sparkles and pixie dust crap. Magic, like booze, sex, and drugs, gave as good as it got" Everything has a cost. And every act of magic exacts a price from its user, maybe a two-day migraine, or losing the memory of your first kiss. But some people want to use magic without paying and they Offload the cost onto innocents. When that happens, it falls to a Hound to identify the spell's caster - and Allie Beckstrom is the best there is. Daughter of a prominent Portland businessman, Allie would rather moonlight as a Hound than accept the family fortune - and the strings that come with it. But when she discovers a little boy dying from a magic Offload that has her father's signature all over it, Allie is thrown into the high stakes world of corporate espionage and black magic ...

So This Is Christmas

God Help You Merry Gentlemen... Arriving home early after spending Christmas in jolly old England, sometimes amateur sleuth Adrien English discovers alarming developments at Cloak and Dagger Books-and an old acquaintance seeking help in finding a missing boyfriend. Fortunately, Adrien just happens to know a really good private eye...

Love Bites

True love: good from the first bite ... Etienne Argeneau can turn one human into a vampire in his lifetime - an honour his kind usually reserved for their life mates, to let their love live forever. But it's all a bit more complicated than that. Rachel Garrett, a beautiful coroner, has just saved his life and now she's about to lose hers. Etienne has a choice: he can save her life in turn, and thus doom himself to an eternity alone, unable to create his own life mate. Or he can watch his saviour die in the name of a love he has yet to meet. Her life and his love weigh in the balance, and whatever Etienne does he may live to regret for eternity ... The first book in the Argeneau series introduces the Argeneau family, and features a chaotic romance you can really sink your teeth into.

Thorn Queen

Eugenie Markham is a shaman for hire, paid to bind and banish creatures from the Otherworld. But after her last battle, she's also become queen of the Thorn Land. It's hardly an envious life, not with her kingdom in tatters, her love life in chaos, and Eugenie eager to avoid the prophecy about her firstborn destroying mankind. And now young girls are disappearing from the Otherworld, and no one-except Eugenie-seems willing to find out why. Eugenie has spilled plenty of fey blood in her time, but this enemy is shrewd, subtle, and nursing a very personal grudge. And the men in her life aren't making things any

easier. Her boyfriend Kiyo is preoccupied with his pregnant ex, and sexy fey king Dorian always poses a dangerous distraction. With or without their help, Eugenie must venture deep into the Otherworld and trust in an unpredictable power she can barely control. Reluctant queen or not, Eugenie has sworn to do her duty—even if it means facing the darkest-and deadliest-side of her nature...

Dark Heart of Magic

The New York Times bestselling author “deposits the reader back into the wonderful world of Cloudburst Falls, West Virginia where mortals and magicks mix.”—Book Swoon As a thief, I stick to the shadows as much as possible. But when the head of the Sinclair Family picks me to compete in the Tournament of Blades, there’s no escaping the spotlight—or the danger. Even though he’s my competition, Devon Sinclair thinks I have the best shot at winning what’s supposed to be a friendly contest. But when the competitors start having mysterious “accidents,” it looks like someone will do anything to win—no matter who they hurt. As if I didn’t have enough to worry about, mobster Victor Draconi is plotting against Devon and the rest of my friends, and someone’s going around Cloudburst Falls murdering monsters. One thing’s for sure. Sometimes, humans can be more monstrous than anything else . . . Praise for Cold Burn of Magic, the first Black Blade novel “An adventurous ride you will never want to get off.”—Jennifer L. Armentrout, #1 New York Times bestselling author “Jennifer Estep is a genius!”—Simply Nerdy “Packed with action and a nice twist, this is just the book for fans of the Mythos Academy series who want more Jennifer Estep.”—Bristol Herald Courier

Veterinarian Dell Connelly suspects there’s a reason his clinic’s uber-efficient receptionist has taken shelter here. Jade Bennett couldn’t be happier to escape the big-city jungle to work with injured animals...and enjoy the gorgeous views of her ruggedly sexy boss. Jade is used to planning everything in her life, but Dell’s seductive, alluring ways have sparked an uncontrollable desire. And though Dell has never had time for love, Jade’s strength and sass is the kind of call no red-blooded male can resist... Want more sexy, fun romance? Do not repay anyone evil for evil. Be careful to do what is right in the eyes of everybody.
If it is possible, as far as it depends on you, live at peace with everyone.
Do not take revenge, my friends, but leave room for God's wrath, for it is written: "It is mine to avenge;
I will repay," says the Lord
