A Dedicated Friend

When the Water-rat claims he wants a friend who will be devoted to him, the Linnet tells him about little Hans and his "devoted" friend, the rich miller.

The Devoted Friend

We all need wise friends.

The Dedication of Books to Patron and Friend

Organ donation is in its infancy and Daisy Howard, who is giving a kidney to her aunt, is in the hands of a pioneering surgeon. After the operation, Daisy is desperate to get back to her family, yet the days go by and she remains in the hospital; meanwhile, an old friend keeps visiting with news of home, and Daisy becomes increasingly uneasy.

A Friend Mrs. More

Three college friends reunite in Boston after two decades—and find their old bond tested by a betrayal—in this novel by the author of *All Our Summers*. In her college freshman year, Sophie Holmes met Eva and John, forging the kind of deep friendship that seems destined to last forever. But time proved otherwise, and Sophie married and moved to Los Angeles. Now, two decades later, newly divorced and adrift, Sophie has returned to Boston, and instinctively reaches out to the people who once defined her world. Though they've stayed in the same city, Eva and John too have grown apart. Eva is an ambitious advertising executive who favors flings over relationships. John is a dedicated lawyer wondering if he's left it too late for love and marriage. Through Sophie's reappearance, their connection crackles to life once more. Just as they did long ago, the three confide their longings and secrets—until old insecurities and new betrayal threatens to shatter their bond for good. Holly Chamberlin's thoughtful

novel is a story of rediscovery and letting go, and of the ties that remind us where we've been—and where we still hope to go.

A Dedicated Friend

Friendship has always been a universal category of human relationships and an influential motif in literature, but it is rarely discussed as a theme in its own right. In her study of how friendship gives direction and shape to new ideas and novel strategies of plot, character formation, and style in the British novel from the 1760s to the 1830s, Katrin Berndt argues that friendship functions as a literary expression of philosophical values in a genre that explores the psychology and the interactions of the individual in modern society. In the literary historical period in which the novel became established as a modern genre, friend characters were omnipresent, reflecting enlightenment philosophy's definition of friendship as a bond that civilized public and private interactions and was considered essential for the attainment of happiness. Berndt's analyses of genre-defining novels by Frances Brooke, Mary Shelley, Sarah Scott, Helen Maria Williams, Charlotte Lennox, Walter Scott, Jane Austen, and Maria Edgeworth show that the significance of friendship and the increasing variety of novelistic forms and topics represent an overlooked dynamic in the novel's literary history. Contributing to our understanding of the complex interplay of philosophical, socio-cultural and literary discourses that shaped British fiction in the later Hanoverian decades, Berndt's book demonstrates that novels have conceived the modern individual not in opposition to, but in interaction with society, continuing Enlightenment debates about how to share the lives and the experiences of others.

The Friends We Keep

In today's society friendships are more important than ever, yet the complexity of life makes maintaining friendships more difficult. We live in a society filled with so much "stuff " that we often lose sight of the importance of friendships. Friendships are essential in the best and worst of times, whether we are realizing an achievement or struggling with a disappointment. The absence of a friend can be felt when there is no one to celebrate a birthday, a promotion or another major accomplishment with. Friendship in time of adversity is a blessing. The absence of friendship in time of adversity can feel like a curse. "Flavors of Friendship" examines a core component to friendship: knowing how to be a friend. Eleanor Roosevelt once said, "Friendship with oneself is all important, because without it one can not be friends with anyone else in the world." In one chapter the reader shares a story of an unexpected friendship and cautions us not to close ourselves off to friendships prematurely but invites us to step outside the box and open ourselves up to finding a friend when and where we least expect. "Flavors of Friendship" shares stories and poetry for the many friendships about special times, special places, love and loss. "Flavors of Friendships" is an encouraging and uplifting piece of literature that warms the soul and brings renewed appreciation for the myriad flavors of friendships in our lives. "Flavors of Friendship" warms the reader's heart as the words on the pages move her to reflect on friendships past, present, and future. This book speaks to the various types of friendships, referring to them as flavors and reminding the reader to appreciate and accept diversity in friendships. The book questions perfection and expectations in friendships when there is no way perfection can be returned. We are challenged to learn tolerance and appreciation for the diversity in our friendships.

Narrating Friendship and the British Novel, 1760-1830

Books are amongst the most personal of gifts. The book we choose to give a loved one is informed by our intimate knowledge of their personal histories and their tastes. Often, when we gift books, we love to explain the meaning behind our present by writing an inscription within its pages. Ordinarily, we hope the gift and its message will be enjoyed, placed lovingly on its new owner's bookshelf and treasured forever. This is not always the case, though ... W B Gooderham is fascinated by second-hand books and curates a growing collection of those featuring intriguing inscriptions. The messages he finds range from the awkward scratchings of adolescent infatuation, to the resentful recriminations of a love affair gone sour and offer illuminating glimpses into their books' own secret histories. This beautifully presented book will feature the very best from the author's collection of dedications alongside the covers of the works in which they were found. From *Animal Farm* to *Pride and Prejudice*, there's something here to please every book lover's taste.

In a compelling narrative of moral courage and personal integrity, this biography tells the story of Robert Baldwin Ross, the man who first seduced Oscar Wilde and never wavered in his loyalty to the flamboyant wit and playwright. Unfailingly, Ross stood by Wilde through the scandals that shocked a nation, through his much-publicized trials and imprisonment, at his deathbed in Paris—and thereafter dedicated himself to defending the reputation of his famous friend.

From the creator of the all-time classic *VERY HUNGRY CATERPILLAR* comes a sweetly resonant story about the power of friendship. When a best friend moves away, it can be painful for the child who is left behind. But the spunky boy in this upbeat story makes up his mind to find his missing playmate. Young

readers will cheer on the boy as he braves currents, climbs mountains, and dashes through rain before, finally, reuniting with his friend. A story alive with love and perseverance, brightened with vibrant art and Eric Carle's trademark fostering of imagination. This deeply personal story for Eric is dedicated to his longtime wife, Bobbie, and it is their bond that inspired the book. For anyone who has ever scaled mountains to be with the one he loves, or for anyone who has simply known the love and joy of a great friendship, this book will strike a resonant chord. "This story of love and determination is illustrated with Carle's extraordinary signature artwork. For anyone who would cross rivers and scale mountains for a beloved friend, this warmhearted story will create an emotional response. Young readers will learn the value of friendship and its many challenges." —School Library Journal "Often dynamic and quite beautiful, these colorful illustrations of the river, the meadow, and so on are abstract in style and show up well from a distance. A picture-book tribute to the strength of childhood friendships." —Booklist "The images are beautiful and evocative." —Publishers Weekly

Secrets Between Friends

When matchmaker Freya Hansen-Adler is inspired by the holiday spirit, she'll stop at nothing to see former Navy SEAL Harris and single mom Ava get the happily ever after they deserve... I set the bar pretty low when it comes to the holidays. I have to. As a Navy officer, I spend plenty of them far from anyplace I'd call "home"... sometimes getting shot like I did on my last SEAL mission. So, yeah, I set the bar low enough that I can roll over it. That is, until I meet my neighbor Ava. She's the type of woman who bakes pecan pie and drinks egg nog. She carols with her neighbors and illuminates her house with enough tiny lights that it can probably be spotted by satellites. I bet she even owns a stack of ugly Christmas sweaters. She's also got a son... and roots dug deep into this picturesque holiday town. Roots that make life with a Navy guy like me impossible. Ava is the last thing I need. Yet she's all I want for Christmas.

The Private Soldier's and Militia Man's Friend

Author Matthew Crisafulli was just three years old when his father and namesake, Matthew A. Crisafulli, died in a tragic car accident on March 13, 1978. In this memoir, Matthew, the son, traces the too-short years of his father's life. Gathered from extensive family interviews, *False Measures* delves into Matthew Sr.'s past and describes the many demons he wrestled with most of his young life. This memoir describes the love-hate relationship with his father, Anthony, in an abusive household; his enlistment in the Army and service in Vietnam; his struggles with substance abuse; his marriage to Susan; and his tragic death. *False Measures* explains how demons from within one soul can affect many different people. Not only does this memoir honor the life of the author's father, but it also shows how Matthew was shaped by his father's demons and early death and how he will spend his life trying to fulfill his father's dreams of peace, contentment, and tranquility.

For Sylvie, Ragged Island - and the whales who swam around it - is the only world she has ever known. It is the place where she was born and raised, where she lived with her four late husbands, and where she plans to live out her remaining years. It is also the home to a community whose love for the island is immense. But when the Nova Scotia government decides to shut down the ferry service that is the lifeblood of Ragged Island, the residents see their world beginning to disappear. *Sea of Tranquility* is the lyrical and moving story of an island struggling to survive. Lesley Choyce's seventh novel, it contains the elements for which the author is known: engaging characters, page-turning storyline, and uproarious humour. Choyce is in top form.

The story I want to share with you is a story that shows the meaning of true friendship between humans and animals. I was blessed with a special friend who I shared nearly 10 years of my life with. My horse Sundance was a beautiful golden palomino with a long silver flowing mane and tail. He had such a wonderful and sweet personality and was always there for me when I needed him. Whether I needed a shoulder to cry on or someone to share secrets with, I knew I could always depend on him. I remember the day I got him, the adventures we went on together, and even all of the horse shows we participated in. I also reminisce about the times I would go to the farm and sit under a tree on a beautiful spring day and read a good book while Sundance would graze nearby on the green growing grass. We had such a strong bond and still do to this day. This book will show you what an amazing horse he was, and how him being a major part of my life helped me overcome the obstacles I faced while growing up.

Jean Baudrillard meets Cookie Mueller in this gathering of French theory and new American fiction. Compiled in 2001 to commemorate the passing of an era, *Hatred of Capitalism* brings together highlights of Semiotext(e)'s most beloved and prescient works. Semiotext(e)'s three-decade history mirrors the history of American thought. The Art of Darkness

More than any other writer, Raymond Chandler (1888-1959) is responsible for raising detective stories from the level of pulp fiction to literature. Chandler's hard-boiled private eye Philip Marlowe set the standard for rough, brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world. Chandler's seven novels, including *The Big Sleep* (1939) and *The Long Goodbye* (1953), with their pessimism and grim realism, had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town, rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback*, and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking Marlowe has spawned a thousand imitations. *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-noir films of today owe to Chandler's stark vision.

How to Kill a Rock Star

A work of fierce originality and brilliance, Miriam Toews' novel explores the ties that bind families together and the forces that tear them apart. It is the world according to Nomi Nickel, a heartbreakingly bewildered and wry young woman trapped in a small Mennonite town that seeks to set her on the path to righteousness and smother her at the same time. 'Half of our family, the better-looking half, is missing,' Nomi tells us at the beginning of A Complicated Kindness. Left alone with her father Ray, her days are spent piecing together the reasons her mother Trudie and her sister Tash have gone missing, and trying to figure out what she can do to avoid a career at Happy Family Farms, a chicken abattoir on the outskirts of East Village - not the neighbourhood in Manhattan where Nomi most wants to live but the small town in southern Manitoba. East Village is ministered by Hans, Nomi's pious uncle, otherwise known as The Mouth. As Nomi gets to the bottom of the truth behind her mother's and sister's disappearances, she finds herself on a direct collision course with her uncle and the only community

she has ever known. In this funny, compassionate and moving novel, Miriam Toews has created a character who will stay in the hearts of readers long after they've put the book down.

'One of the greatest achievements in comedy. A work of staggering genius' - David Walliams An international phenomenon and pop-culture classic, *The Hitchhiker's Guide to the Galaxy* has been a radio show, TV series, novel, stage play, comic book and film. Following the galactic (mis)adventures of Arthur Dent, *Hitchhiker's* in its various incarnations has captured the imaginations of curious minds around the world . . . It's an ordinary Thursday lunchtime for Arthur Dent until his house gets demolished. The Earth follows shortly afterwards to make way for a new hyperspace express route, and his best friend has just announced that he's an alien. At this moment, they're hurtling through space with nothing but their towels and an innocuous-looking book inscribed, in large friendly letters, with the words: DON'T PANIC. The weekend has only just begun . . . This 42nd Anniversary Edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by former Doctor Who showrunner, Russell T Davies. Continue Arthur Dent's intergalactic adventures in the rest of the trilogy with five parts: *The Restaurant at the End of the Universe*, *Life, the Universe and Everything*, *So Long*, and *Thanks for All the Fish*, and *Mostly Harmless*.

A Complicated Kindness

The Mohawk Pete Deloon gives the finishing touch. Capping the highest tower in the world, he feels the urge to be the first to take the dizziest leap. His courageous act is rewarded by his definitive dismissal from his job. This Ariadne's thread connects the plot focusing on a gallery of finely etched characters. The novel is a paean to tolerance, understanding, and Canadian multiculturalism as a work-in-progress, an ideal unlikely to come to realization anywhere else in the world.

The Hitchhiker's Guide to the Galaxy

Empire of the Air tells the story of three American visionaries—Lee de Forest, Edwin Howard Armstrong, and David Sarnoff—whose imagination and dreams turned a hobbyist's toy into radio, launching the modern communications age. Tom Lewis weaves the story of these men and their achievements into a richly detailed and moving narrative that spans the first half of the twentieth century, a time when the American romance with science and technology was at its peak. *Empire of the Air* is a tale of pioneers on the frontier of a new technology, of American entrepreneurial spirit, and of the tragic collision between inventor and corporation.

Thus Speaks the CN Tower

Fifteen-year-old Ben Smith has the perfect family, but then everything changes. Ben's world is pulled inside out, his love-life turned upside down. Three things happen: A truck collides with a bus. A plane lands in Dubai, one passenger short. There is a vicious dog fight. Ben's family circle suddenly grows by one, then by two and then by another. The sum of all these new family members should be three, right? Except everyone knows that two plus one relatives don't make three, they make trouble. It's a year of relative madness.

Empire of the Air

This book tells the history of the London black music culture that emerged in post-colonial London at the end of the twentieth century; the people who made it, the racial and spatial politics of its development and change, and the part it played in founding London's precious, embattled multiculturalism. It conceives of the linked scenes around black music in London, from ska, reggae and soul in the 1970s, to rare groove and rave in the 1980s and jungle and its offshoots in the 1990s, to dubstep and grime of the 2000s, as demonstrating enough common features to be thought of as one musical culture, an Afro-diasporic continuum. Core to this idea is that this dance culture has been ignored in history and cultural theory and that it should be thought of as a powerful and internationally significant form of popular art.

"Candy Jones" was the stage name of Jessica Wilcox (b. 1921) who became famous as a model and "pinup girl" in the early 1940s. Her story seems too bizarre to be true. One of America's most famous models, brainwashed by the CIA? Yes, it is another example of truth being stranger than fiction. The story begins with Candy's wedding to Long John Nebel, New York's most successful radio talk-show host. During the wedding, and regularly thereafter, Candy's personality would seem to shift. She would suddenly change from her affable, self-effacing self to a brusque, aggressive "stranger." For the first few months of the marriage, these shifts were infrequent enough that Nebel didn't worry much about it, but as time went on, they got worse. Nebel began trying to relax his wife by hypnotizing her. Although Candy insisted that she couldn't be hypnotized, she slipped easily into a relaxed state, and then into a healthy, deep sleep. But during the third session, with no suggestion from Nebel, Candy spontaneously regressed to a young age. After that, Nebel began to record their sessions. The result of these sessions was that Nebel discovered his wife had been brainwashed into have a second identity, "Arlene," whom a CIA doctor had used to carry messages all over the world. Eventually, Candy was tortured at CIA headquarters, so that her doctor could display her "successful" programming. "The Control of Candy Jones" sent shockwaves through the corridors of power when it was first published in 1976. After reportedly being suppressed by the CIA, it became an instant classic, and remains so today.

"Refilwe" is the story of the dreadlocked beauty who is stuck in a cave on top of a mountain awaiting her prince, Tumi. This take on the classic tale will have the children chanting, "Refilwe, Refilwe let down your locks . . . So I can climb the scraggy rocks " Based on the original version but reimagined for African children, the tale is enriched with magical illustrations by Tamsin Hinrichsen that will keep all children entranced and foster in them a love of reading.

Neverland

The fifth hilarious novel in the classic "Hitchhiker's Guide to the Galaxy" series follows the exploits of Arthur Dent, who has to adjust to a new life when his spaceship crashes on a remote planet. "If you were hoping for more of the zany, nonsensical, mayhem produced in the earlier books, you're in luck." --"The New York Times Book Review."

The Making of Kubrick's 2001

Height only five-foot four; a figure of Ghandi-like emaciation barely tipping the scales at one hundred pounds; a head too large for his body; a clubfoot for which he was taunted as both man and boy - all the cards seemed stacked against him. Goebbels blamed the world at large; he hated the human race, and he boasted of his hatred in his secret diaries. Historian David Irving is the first to make use of the entire 80,000 pages of the Goebbels diaries - diaries that lay unrecognized for fifty years in the Red Army's "Trophy" archives in Moscow. From this extraordinary trove, to which Irving has added six years' research into the archives of the Western World, he has written the first full-scale biography of Adolf Hitler's confidant and evil genius, Dr. Joseph Goebbels. Here for the first time are Goebbels's secret, unpublished writings on the Reichstag Fire, the Night of the Long Knives, the Dollfuss murder, the Saar plebiscite, the invasion of Prague, Pearl Harbor, and scores of other turning points in modern history. Dr. Goebbels faithfully records Hitler's innermost councils, documenting the hidden methods and strategies of Nazi leadership.

The Crystal Cave

Shiver-inducing science not for the faint of heart. No one studies fear quite like Margee Kerr. A sociologist who moonlights at one of America's scariest and most popular haunted houses, she has seen grown men laugh, cry, and push their loved ones aside as they run away in terror. And she's kept careful notes on what triggers these responses and why. Fear is a universal human experience, but do we really understand it? If we're so terrified of monsters and serial killers, why do we flock to the theaters to see them? Why do people avoid thinking about death, but jump out of planes and swim with sharks? For Kerr, there was only one way to find out. In this eye-opening, adventurous book, she takes us on a tour of the world's scariest experiences: into an abandoned prison long after dark, hanging by a cord from the highest tower in the Western hemisphere, and deep into Japan's mysterious "suicide forest." She even goes on a ghost hunt with a group of paranormal adventurers. Along the way, Kerr shows us the surprising science from the newest studies of fear -- what it means, how it works, and

what it can do for us. Full of entertaining science and the thrills of a good ghost story, this book will make you think, laugh -- and scream.
