Now I Am Known

At age ten, Peter Mutabazi ran away from home. For five years he survived on the streets of Kampala, Uganda, a city of 1.5 million, until one man saw potential in him. This man not only supported Peter through school but also altered Peter's outlook in every possible way. Since then, Peter has served as a relief coordinator during the Rwandan genocide, worked for the International Committee of the Red Cross during the Sudan conflict, emigrated to the United States, fostered countless children, and become a single adoptive parent. He speaks seven languages and has traveled to more than one hundred countries as an international advocate for vulnerable children. Now I Am Known is Peter's inspiring true story. In it he reveals the transformational power of taking risks, learning to forgive, overcoming self-doubt, breaking negative patterns, and believing in a better future marked by hope and purpose. *** "God met Peter Mutabazi in the midst of his agony, and he will meet you in yours too."--Kyle Idleman, bestselling author of Not a Fan and One at a Time "Peter's astounding and unlikely true story proves that if you remain committed and give it your all, great things will happen."--Sanya Richards-Ross, Olympic gold medalist and founder of MommiNation "A must-read for anyone wondering whether they can actually make a difference in this world."--Kelly Slater, American pro surfer and world champion "One of the most redemptive stories you'll ever read."--Jedd Medefind, president of Christian Alliance for Orphans

Now You Know

Why are golf assistants called caddies? Why do the British drive on the left and North Americans on the right? Why is football played on a "gridiron," and a leg injury called a "Charlie horse"? The answers to these questions and the origins of hundreds of other expressions and customs are brought together in this fascinating collection of the history behind everyday words and routines. With all the conciseness of his original radio scripts, Doug Lennox "cuts to the quick" in telling you the things you always wanted to know.

Now You Know More

This is a follow up to the runaway bestseller Now You Know: The Book of Answers, which went through five printings and sold over 20,000 copies! In this second book, Lennox continues to trace the history and reasons for hundreds of expressions in our everyday language, as well as customs and habits in the same entertaining format as its predecessor.

Now You Know Football

Doug Lennox, the all-pro of Q&A, tells us why a touchdown is worth six points, who first decided to pick up the ball and throw it, and how a children's toy changed the sports biggest championship.

Now You Know Baseball

While baseball is touted as America's favourite pastime, everyone will know the score with this grand slam of Q&A that's sure to be inducted into the Hall of Fame. Doug Lennox hammers it out of the park by filling us in on who's won the most Cy Young Awards, what the Green Monster is, and the five ways that a player can be called "out." In this treasure trove of baseball lore, you'll learn all about the leagues and teams that have come and gone, the players who are legends, and the achievements and records that have become the stuff of myth and fable. Where and when did Babe Ruth hit his first professional home run? What major league team was known as the Blue Jays long before a team existed in Toronto? Who were the Bash Brothers? Where was baseball first played? Who wrote the song "Take Me Out to the Ball Game"? Did Fidel Castro try out for the New York Yankees?

Now You Know Hockey

As Canadians, we all think we know hockey inside and out, but Doug Lennox, the head referee of Q&A, delivers the score on everything from All-Stars to Zambonis and stickhandles the skinny on who wore the first mask in hockey, how the term hat trick originated, and just where hockey was invented. Along the way, you'll discover all sorts of fascinating things about the giants of the game, from Jean Beliveau and Sidney Crosby to Gordie Howe and Alexander Ovechkin. Who was the first black player in the NHL? Where did the word deke come from? What was the greatest women's hockey team of all time? How did the Rocket Richard riot start? Who was the first Russian to play in the NHL? When was the Stanley Cup not awarded? What team beat Canada for the gold medal in the 1936 Winter Olympics?

Now You Know Pirates

Shiver me timbers and avast ye hearties! We think we know pirates, from Johnny Depp as Captain Jack Sparrow to Errol Flynn as Captain Blood, or literature's Long John Silver and Captain Hook. But what do we really know? The true Blackbeard, Captain Kidd, Sir Henry Morgan, and lots more, from ancient keelhauling to twenty-first-century buccaneering, are all here in Q & A commodore Doug Lennox's Now You Know Pirates. Arrrr! What is the origin of the word pirate? Who were the Barbary Corsairs? What did pirates do to St. Patrick? What is the difference between a pirate and a privateer? What is the Oak Island Treasure? How many female pirates have there been? What are "pieces of eight" and "doubloons"? Who were the buccaneers? How old is piracy?

Now You Know It All

Poised on the precipice of mystery and longing, each character in Now You Know It All also hovers on the brink of discovery—and decision. Set in small-town North Carolina, or featuring eager Southerners venturing afar, these stories capture the crucial moment of irrevocable change. A young waitress accepts an offer from a beguiling stranger; a troubled boy attempts to unleash the villain from an internet hoax on his party guests; a smitten student finds more than she bargained for in her favorite teacher's attic; two adult sisters reconvene to uncover a family secret hidden in plain sight. With a sharp eye for rendering inner life, Joanna Pearson has a knack for creating both compassion and a looming sense of threat. Her stories peel back the layers of the narratives we tell ourselves in an attempt to understand the world, revealing that the ghosts haunting us are often the very shadows that we cast.

Now that You Know

"One of the most important books about gay people yet published, Now that you Know is a challenging and enlightening guide for the 20 to 40 million parents in the United States who may be faced with the knowledge that a son or daughter is homosexual. It was written by two mothers of gay children and draws on dozens of candid interviews with gay men and women and their parents. The authors discuss the nature of homosexuality, its effect on the lives and careers of children, the prospects for gay relationships, and the troubling question of religion. They tell parents how to respond supportively to gay children and how to keep families together in a bond of understanding and affection. Finally, they describe the nationwide Parents of Gays groups, which encourage parents to share their experiences and learn to help one another."--Publisher's description.

All I Know Now

THE No.1 SUNDAY TIMES BESTSELLER EXCLUSIVE: Includes the first chapter of Carrie's new novel *In The Time We Lost* PRE-ORDER now in hardback, ebook and audio.

We all know that growing up is hard to do, and sometimes the only thing that makes it better are the reassuring words of someone who has walked that bumpy road just a few steps ahead of you and somehow ended up as a fully-functioning adult. Carrie Hope Fletcher is that person. Thanks to her phenomenally popular YouTube videos, Carrie has become an 'honorary big sister' to hundreds of thousands of young people who turn to her for advice, friendship and, most of all, the knowledge that things will get better. Carrie has created a safe and positive space for young people to connect and share their hopes and concerns online, and now she will share her most personal thoughts and experiences in her first book, *ALL I KNOW NOW*. It includes Carrie's thoughts on some of the topics she's asked about most regularly: bullying, body image, relationships and perhaps the scariest question of all: what does the future hold for me? With warmth, wit and a sprinkling of hard-won wisdom, Carrie will provide the essential tools for growing up gracefully . . . most of the time.

Now I Know

The body of a young man, crucified on a metal cross, is found dangling from a crane in a scrapyard and subsequently vanishes. Tom, an ambitious young police officer, thinks he's had a lucky break when he's put in charge of this bizarre murder investigation. Nik is doing research for a film about a contemporary life of Jesus. Their independent investigations ultimately bring them together in an unexpected climax.

Now I Understand

Gerry Murphy & Lorraine Buchanan are from Glasgow, Scotland. In *Now I Understand* they share openly and honestly their struggles with life, recovery and change. Their own lived experience and pain became their greatest teacher.

The Jewish Phenomenon

With truly startling statistics and a wealth of anecdotes, Silbiger reveals the cultural principles that form the bedrock of Jewish success in America.

Now You Know What You Eat

From peanut butter and jelly sandwiches to macaroni and cheese, Valorie Fisher explores the science behind our most delicious dishes! Valorie Fisher dives deep into the science of what we eat and where ingredients come from by exploring what happens behind the scenes of favorite, everyday foods like pizza, honey, milk, maple syrup, vegetable soup, and more! With the help of bold, eye-catching yet simple graphics, inquisitive minds will love discovering what makes popcorn pop, why bread rises, and how bees make honeycomb. With this book peppered with facts like how many eggs a hen lays in a year and how many gallons of sap it takes to make one gallon of syrup, readers will be fascinated by all the amazing things they never knew about the food they eat! *Now You Know What You Eat* also includes a glossary, and a graphic about the food groups, as well as an introduction to vitamins and minerals. With a growing focus on STEM for this early age group, this book encourages readers to ask their own questions about the world around them, and to fall in love with discovering the answers!

Now You Know, Volume 4

Building on the success of his previous bestsellers, *Now You Know*, *Now You Know More*, and *Now You Know Almost Everything*, this fourth volume is headed straight for the bestseller list! It is Doug Lennox at his best as he masterfully dispenses the answers to quirky questions, never losing sight of the joy of discovering the "why" of ordinary things. Discover the fascinating histories behind people, places, and words: WHY DO WE SAY THAT SOMEONE WHO HAS BEEN TREATED BADLY HAS BEEN "HUNG OUT TO DRY"? Discipline on early British sailing ships was necessary but often extreme. The cat-o'-nine-tails left sailors scarred for life, but keelhauling (tying a victim with a rope and pulling him under a ship) was feared most. If the prisoner survived, he was suspended from a yardarm where

he was left hanging for a predetermined period of time. WHY IS A MILITARY DINING HALL CALLED A "MESS"? The term goes back to the Middle Ages, when British sailors began calling their meagre and often grub-infested meals a "mess." It evolved into meaning the general area where the sailors gathered to eat. Later it referred to a specific area where men gathered to eat, drink, and socialize.

Now Do You Know Where You Are

After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

It was while she was growing up in an old farmhouse in Iowa, Mel become aware that her family was unlike others she knew. Her father was distant and ended up moving away. Her mother didn't trust her, and it became obvious that she was hiding something terrible in her past. When Mel learned that she did not have a birth certificate or a baptismal certificate, she began asking her mother the likely questions:

Where was I born? Why is Dad never pleased with me? Why did someone paint Leviticus 18:22 on our mailbox? Why do you keep that strange woman's picture on our kitchen wall? Her mother's answers were always the same: "That's my secret." It was only after her mother's death when Mel discovered her journals in an army footlocker that she began to unravel the mysteries surrounding her life and learn that she was engaged to her half brother!
