CHANGES First, organization development involves attempts to plan organization changes, which excludes spontaneous, haphazard initiatives.

EFFECTIVENESS Second, the specific intention of organization development is to improve organization effectiveness

IMPROVEMENT Third, the planned improvement must be based on knowledge of the behavioral sciences such as organizational behavior, psychology, sociology, cultural anthropology, and related fields of study.

STRUCTURAL The most comprehensive type of organization change involves a major reorientation or reorganization - usually referred to as a structural change or a system-wide rearrangement of task division and authority and reporting relationships.

OD interventions are specific actions taken to implement specific changes.

DEVELOPMENT Training and development are listed first because they focus on the individual, and the other interventions often include some form of training. Training is the process of developing skills, behaviors, and attitudes to be used on the job.

SENSITIVITY Sensitivity training takes place in a group of 10 to 15 people. The training sessions have no agenda. People learn about how their behavior affects others and how others' behavior affects theirs.

TEAM BUILDING Team building is an OD intervention designed to help work groups increase structural and team dynamics and performance.

CONSULTATION Process consultation is often part of team building, but it is commonly used as a separate, more narrowly focused intervention. Process consultation is an OD intervention designed to improve team dynamics.

FORCEFIELD Forcefield analysis is an OD intervention that diagrams the current level of performance, the forces hindering change, and the forces driving toward change. The process is to list the hindering and driving forces to make the desired change.

INTERVENTION Large-group intervention is an OD technique that brings together participants from all parts of the organization, and often key outside stakeholders, to solve problems or take advantage of opportunities

DIFFERENCE A major difference between large-group interventions and the other OD interventions is the focus on functional diversity and inclusion of key stakeholders.

WORK DESIGN Work design refers to organizational structure. Work can be designed as an individual job, as a job for a group to perform, or by departmentalization

FEEDBACK Direct feedback is an OD intervention in which the change agent makes a direct recommendation for change. In certain situations, the most efficient intervention is to have a change agent make a direct recommendation for a specific change.

ORG DEVELOPMENT

DIAGNOSIS The first step in organizational development is to diagnose the problem(s).

CHANGE AGENT A change agent is the person responsible for the OD program. The change agent can use a variety of methods to diagnose problems.

Some methods are reviewing records, observing, interviewing individuals and work groups, holding meetings, and/or using questionnaires.

TECHNIQUES There are five OD techniques: training and development, performance appraisal, survey feedback, force field analysis, and team building.

Training is the process of developing the necessary skills to perform the present job.

A Companion to Common Worship

To complement the popular 'how to do it' publications, which give guidance on the move to Common Worship, a serious and scholarly commentary on the whole range of Common Worship texts is offered here. There is an historical survey of the origins and development of each rite from New Testament

times, through the Middle Ages, the Reformation, and up to the present day. This is followed by a detailed commentary on the rite as a whole, and on each part of it, including a comparison with the ASB and other contemporary liturgies, and a short list of books for further reading.

The Companion to the Book of Common Worship

Published during the tenth anniversary of the Book of Common Worship (1993), The Companion to the Book of Common Worship is a practical guide, answering questions such as how do I use the Book of Common Worship to its fullest advantage? and how can the Book of Common Worship form a congregation into a community that glorifies and enjoys God?

Common Worship: Pastoral Ministry Companion

An essential and easy to use collection of prayers bound in a durable and portable format for the most frequently encountered pastoral occasions. It includes liturgies, prayers and readings for the sick and their families, the dying and at the time of a death, for use at home before and after a funeral, and more.

Common Worship: Pastoral Services

Offers liturgical material for the journey of each individual through life. For each key element of this journey (birth, marriage, healing, death), it provides both material for key 'public' events and resources for 'private' pastoral care.

Common Worship

The Common Worship Main Volume is the primary worship and service book for the Church of England. It contains material used on Sundays by most churches: a variety of Communion services and non-eucharistic forms of worship, as well as the basic Baptism service and the Psalms. Full contents: The Declaration of Assent The Calendar A Service of the Word Morning and Evening Prayer on Sunday Morning and Evening Prayer from the Book of Common Prayer Night Prayer (Compline) Night Prayer (Compline) in Traditional Language Prayers for Various Occasions The Litany The Litany from the Book of Common Prayer Authorized Forms of Confession and Absolution Creeds and Authorized Affirmations of Faith Holy Communion including A Form of Preparation, Order One, Order One in Traditional Language, Order Two, Order Two in Contemporary Language, Supplementary Texts, Seasonal Provisions Thanksgiving for the Gift of a Child Holy Baptism Collects and Post Communions Collects and Post Communions in Traditional Language Rules Lectionary The Psalter Canticles

Come to the Feast

A resource to deepen the understanding of the Eucharist, this companion contains the full text of "Common Worship" Order One and the different eucharistic prayers with explanatory notes throughout. Fuller explanations of key biblical and theological subjects are included.

Saints on Earth

Accompanying CD-ROM contains ... "a module compatible with Visual Liturgy 4.0; this links each biography electronically to its allocated Holy Day, allowing users to access that day's information at the click of a button. The CD-ROM also contains searchable PDF files of the Saints on Earth material."--Page 4 of cover.

Common Worship: Times and Seasons President's Edition

This revised, expanded edition of the Common Worship President's Edition contains everything to celebrate Holy Communion Order One throughout the church year. It combines relevant material from the original President's Edition with Eucharistic material from Times and Seasons, Festivals and Pastoral Services, and the Additional Collects.

Finding Your Way Around Common Worship

The ultimate beginner's guide to Common Worship, with explanations of every book in the series, all the services in use, and what you should use when.

The Good Worship Guide

Sunday worship, baptisms, weddings and funerals are the shop window of the church and there is nothing more important for mission than getting them right. How do we help congregations and occasional visitors encounter God through them? This practical guide draws upon the treasury of the church's tradition and experience to establish good practice and enrich understanding. Part One explores the changing landscape in which we live and the place of worship within it. Part Two asks how our churches can be more welcoming and provides a handy 'worship audit'. Part Three focuses on the main services (CW & BCP Communion, Evensong and the pastoral services) and how to bring these liturgies to life. Part Four helps us to maximise the opportunities offered by the seasons of the Christian year. Part Five focuses on using the non-verbal elements of worship well - liturgical colours, candles, oil, incense, icons etc Part Six is an extensive glossary designed to answer every question you might ever ask about worship and liturgy.

Common Worship: Times and Seasons

This book brings together two ancient Christian traditions: daily prayer based on the songs and psalms of the Bible, and prayer with beads. Prayer beads are used all over the world in a staggering variety of forms. Combining the rosary with the songs of the Bible offers a contemplative approach to praying scripture in a tactile way. Using psalms and canticles from Common Worship (the liturgy of the Church of England), complete prayer outlines are provided for Morning, Prayer During the Day, Evening and Night Prayer during Ordinary Time. In addition, eight outlines are given for the seasons of the Christian year: Advent, Christmas, Epiphany, Lent, Holy Week, Easter, Pentecost, All Saints to Advent. Elements of Rite

Keeping in mind two pastoral considerations - the liturgy itself and the assembly that worships - Father Kavanagh looks not beyond rubrics but deep into their historical and pastoral existence in order to develop rules of style which articulate this existence in current Roman liturgical usage. From this research has come a pastoral manual for clergy who preside at liturgical celebrations.

SCM Studyguide: Liturgy, 2nd Edition

The SCM Studyguide: Liturgy, 2nd Edition is an introduction to liturgy that considers the basic 'building blocks' needed to grasp the subject area. It outlines the essential shape and content of Christian worship and explores a range of liturgical dynamics of which both students of liturgy and leaders of liturgy need to be aware. This 2nd edition of the popular Studyguide is fully revised, updated and

expanded. The book takes account of new developments in scholarship, engages with new contexts for liturgical celebration (notably, fresh expressions as part of a mixed economy of church), encompasses recent revisions in liturgy and seeks to broaden the engagement beyond the British context to consider the wider global context.

Feasting on the Word Worship Companion

Based on the Revised Common Lectionary (RCL), *Feasting on the Word Worship Companion: Liturgies for Year A, Volume 1* is an invaluable aid that provides liturgical pieces needed in preparing for worship each week. Written and compiled by a team of eleven ecumenical and seasoned liturgy writers under the creative leadership of Kimberly Bracken Long, this resource offers a multitude of poetic prayers and responsive readings for all parts of worship and is meant to complement existing denominational resources. In addition, the weekly entries include questions for reflection and household prayers for morning and evening that are drawn from the lectionary, allowing churches to include them in their bulletin for parishioners to use throughout the week. During times of the year when two different tracks of Old Testament texts are offered by the RCL, this resource offers an entire set of materials for each track. A CD-ROM is also included with each volume that enables planners to easily cut and paste relevant readings, prayers, and questions into worship bulletins. Liturgy Writers include: Kimberly L. Clayton, Director of Contextual Education, Columbia Theological Seminary, Decatur, Georgia; Presbyterian Church (U.S.A.) David Gambrell, Associate for Worship in the Office of Theology and Worship, Presbyterian Church (U.S.A.), Louisville, Kentucky; Presbyterian Church (U.S.A.) Daniel M. Geslin, Pastor, Sixth Avenue United Church of Christ, Denver, Colorado; United Church of Christ Kimberly Bracken Long, Assistant Professor of Worship, Columbia Theological Seminary, Decatur, Georgia; Presbyterian Church (U.S.A.) L. Edward Phillips, Associate Professor of Worship and Liturgical Theology, Candler School of Theology, Atlanta, Georgia; United Methodist Church Melinda Quivik, Liturgical Scholar, Houghton, Michigan; Evangelical Lutheran Church in America Carol L. Wade, Dean of Christ Church Cathedral, Lexington, Kentucky; Episcopal Church

Book of Common Worship

This Book of Common Worship is a compilation of services, prayers, and forms from the Presbyterian Book of Common Worship tradition. Though largely based upon the 1946 edition, this work also draws from the 1906, the 1932, and other service books in the Presbyterian tradition. It is in conformity with the Book of Church Order of the Presbyterian Church in America (PCA) and includes the Confession of Faith and Catechisms.

The Presbyterian Hymnal Companion

This helpful resource provides extensive information about each hymn in *The Presbyterian Hymnal* (1990)--background detail about hymn origins, publication history, authors, translators, composers, and arrangers. Stories about some of the hymns are also included. An excellent handbook that supplies information useful for a variety of purposes.

Psalm Prayers

Psalm Prayers is a devotional companion to the Psalms and a practical resource for creating prayers for public worship. It is particularly helpful for those who lead services of Evensong from the 1662 Book of Common Prayer, where the reading of the psalms and extemporary prayer are integral parts of the service. Stephen Cherry introduces each of the 150 Psalms and lays out its central theme before offering a prayer in response. Crafted with care in a traditional style that complements the 1662 Book of Common Prayer, these prayers are nevertheless fresh and immediate, vividly reflecting the concerns and pressures of today's world. These prayers have been developed and used over many years' experience in parish and cathedral ministry, and latterly in King's College, Cambridge, and are suitable for both choral evensong in cathedrals and college chapels or simple, spoken services in local churches.

Unfolding the Living Word

Within the Common Worship order for Holy Communion, there is a core of texts and material which must be said or done in order that the service can be recognized as authentic. However, there are other variants which may be used. This book provides new alternative texts for those variable points

in the liturgy to refresh the celebration of Holy Communion. For each Sunday of Years A, B & C there are new liturgical texts for the Kyrie eleison, the psalm, the acclamation that introduces the Gospel of the day, and an additional collect which could be used at the end of the sermon or after the distribution of communion. Very few writers have the poetic sensibility and ability to take ordinary language and imagery and create prayers and responses of beauty and depth. Rooted in the tradition of scriptural imagery and metaphor for speaking of God, Jim Cotter's poetic richness will enlarge our imagination and capacity for worship.

The Work of the People

Worship is the work of the people of God. Patterns of worship shape how we pray and how we live. Despite its centrality to church life, worship is too often taken for granted as something a congregation experiences rather than collectively creates. The Work of the People simply and clearly explains the structure of worship, the actions and words we use in liturgy, the environment in which it all happens--in other words, what we are doing and why. This book will guide congregations in worshiping in a way that encourages participants' spiritual growth, welcomes new participants into faith, and sends people out as the body of Christ to transform the world. Respectful of local custom and the traditions and practices of the Church as a whole, The Work of the People will help worship leaders make the best use of their congregation's resources and clarify their choices about how they will worship together. Built around a basic service--gathering, service of the Word, Eucharist, and sending--this book is both theological and practical, and encourages all worshipers' active participation in Spirit-led worship of the God of all Creation.

Connections Worship Companion, Year A, Volume 2: Season After Pentecost

This volume of the Connections Worship Companion offers complete liturgies--from the call to worship to the closing charge, with prayers and litanies for every need in between--for all worshiping occasions for the season after Pentecost of Year A. Part of the Connections commentary series, these worship resources help congregations illuminate the connections between Scripture and liturgical rhythms. A "Making Connections" essay precedes each liturgical season's resources, providing context for worship within the themes and purpose of the season.
