The Tall Pine Polka

Life, they say, is a state of mind. In the small town of Tall Pine, Minnesota, that state of mind is found at the Cup O'Delight cafe. The locals gather here for what they call the Tall Pine Polka, an event in which heavenly coffee, good food, and that feeling of being alive among friends inspires both body and soul to dance. Escaping to Tall Pine from an abusive husband, Lee answered the 'What am I going to do with my life?' question by opening the cafe. Among the regulars are Miss Penk and Frau Katt, the town's only lesbian couple ('Well, we're za only ones who admit it.');

Pete, proprietor of the Shoe Shack, who spends his nights crafting beautiful shoes to present to Lee, along with his declarations of love; Mary, whose bad poetry can clear the cafe in seconds, and most important of all, Lee's best friend Fenny, a smart and sassy twenty-two-year-old going on eighty. Then Hollywood 'discovers' Tall Pine. It seems the sleepy town is the perfect location for a romantic comedy. And Fenny, pounced on like a bone in a yard full of hungry dogs is evidently that rarity in Hollywood: a 'natural'. Lee and Fenny are to find their friendship put to the test as events push their hearts in unexplored directions - where endings really can turn into new beginnings...

The Tall Pine Polka

A whimsical novel with strong but emotive female characters in the tradition of Fried Green Tomatoes features a pair of sisters in Minnesota, including an abandoned mother, who open a cozy beauty salon. Reprint.

Sometimes life is like a bad waiter - it serves you exactly what you don't want. The women of Freesia Court have come together at life's table, fully convinced that there is nothing that good coffee, delectable desserts and a strong shoulder can't fix. Laughter is the glue that holds them together - the foundation of a book group they call AHEB (Angry Housewives Eating Bon Bons) - an unofficial club that becomes a lifeline. The five women each have a story to tell. There's Faith, the newcomer, a housewife and mother who harbours a terrible secret; big, beautiful Audrey, the resident sex queen who knows that with good posture and attitude you can get away with anything; Merit, the shy doctor's wife with the face of an angel and the private hell of an abusive husband; Kari, a wise woman with a wonderful laugh who knows that the greatest gifts appear after life's fiercest storms; and finally, Slip, activist and adventurer, a tiny spitfire who looks trouble straight in the eye and challenges it to arm wrestle. Holding on through forty eventful years - through the swinging Sixties, the turbulent Seventies, the anything-goes Eighties, the nothing's-impossible Nineties, to the present day - they take the plunge into the chaos that inevitably comes to those with the temerity to stay alive and kicking.

Patty Jane's House of Curl

Bestselling author Lorna Landvik shines in this delightful holiday novel of redemption and forgiveness. Heiress Caroline Dixon has managed to alienate nearly everyone with her alcohol-fueled antics, which have also provided near-constant fodder for the poison-pen tabloids and their gossip-hungry readers. But like so many girls-behaving-badly, the twenty-six-year-old socialite gets her comeuppance, followed by a newfound attempt to live a saner existence, or at least one more firmly rooted in the real world. As Caro tentatively begins atoning for past misdeeds, she reaches out to two wonderful people who years ago brought meaning to her life: her former nanny, Astrid Brevald, now living in Norway and Arizona

dude ranch owner, Cyril Dale. While Astrid fondly remembers Caro as a special, sweet little girl left in her charge, Cyril recalls how he and his late wife were quite taken with the quick-witted teenager Caro had become when she spent a difficult period in her life at the ranch as her father was dying. In a series of e-mail exchanges, Caro reveals the depth of her pain and the lengths she went to hide it. In turn, Astrid and Cyril share their own stories of challenging times and offer the unconditional support this young woman has never known. The correspondence leads to the promise of a reunion, just in time for Christmas. But the holiday brings unexpected revelations that change the way everyone sees themselves and one another. At once heartfelt and witty, 'Tis the Season bears good tidings of great joy about the human condition—that down and out doesn't mean over and done, that the things we need most are closer than we know, and that the true measure of one's worth rests in the boundless depths of the soul.

Angry Housewives Eating Bon Bons

Tall, slender Violet Mathers is growing up in the Great Depression, which could just as well define her state of mind. Abandoned by her mother as a child, mistreated by her father, and teased by her schoolmates, the lonely girl finds solace in artistic pursuits. It's only when she's hired by the town's sole feminist to work the night shift in the local factory that Violet comes into her name and blooms. Accepted by her co-workers, the teenager enters the happiest phase of her life, until a terrible accident causes her to retreat once again into her lonely shell. Realising that she has only one choice, Violet boards a bus heading west to California. But when the bus crashes in North Dakota, it seems that fate is having another cruel laugh at Violet's expense. This time, though, Violet laughs back. She and her fellow passengers are rescued by two men: Austin Sykes, who Violet is certain is the blackest man ever to set foot on the North Dakota prairie, and Kjel Hedstrom, who inspires feelings Violet has never before felt. Kjel and Austin are musicians whose sound is like no other, and with pluck, verve and wit, Violet becomes part of their quest to make a new kind of music together. OH, MY STARS is Lorna Landvik's most ambitious novel yet, with a cast of characters whose travails and triumphs you'll long remember. It is a tale of love and hope, bigotry and betrayal, loss and discovery - as Violet, who's always considered herself a minor character in her own life story, emerges as a heroine you'll laugh with, cry with and, most important, cheer for all the way.

'Tis The Season!

When teenage hockey player Joe Andreson and his widowed mother move to Minneapolis, Joe falls under the seductive spell of Kristi Casey, Ole Bull High's libidinous head cheerleader. Joe balances Kristi's lustful manipulation with the down-to-earth companionship of his smart, platonic girlfriend, Darva. But it is Kristi who will prove to be a temptation (and torment) throughout Joe's life. Years later, Joe can't believe that life has deposited him in the aisles of Haugland Foods. But he soon learns that being a grocer is like being the mayor of a small town: His constituents confide astonishing things and always appreciate Joe's generous dispensing of the milk of human kindness. The path Kristi has charged down, on the other hand, is as wild as Joe's is tame. But who has really risked more? Who has lived more? And who is truly happy? As Joe discovers, sometimes people are lucky enough to be standing in the one place where the view of the world is breathtaking, if only they'll open their eyes to all there is to see. Praise for *The View from Mount Joy*: "A delightful journey . . . full of humor and poignancy and the potential for joy in everyday life." —The Charlotte Observer "Deeply satisfying . . . Bursting with the same deliciously deadpan dialogue that is now a Landvik trademark . . . [The View from Mount Joy provides] quite possibly Landvik's most lovable character to date." —Minneapolis Star Tribune "Pervaded by the same tenderness readers loved in Landvik's other books *The View from Mount Joy* . . . Should inspire interesting book club discussions." —St. Paul Pioneer Press "[Landvik] has an easy, engaging narrative style laced with humor." —The Boston Globe "Landvik's latest homespun homage is pure bliss." —Booklist NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ST. Oh My Stars

Diva Geneva Jordan has performed for millions on stage, screen and television but now has a leading role in Minnesota. She has agreed to look after her thirteen-year-old nephew, a boy with Down's syndrome, while his parents take a long-overdue break. Though Geneva and her sister, Ann, are as different as night and day ('I being night, of course, dark and dramatic'), Geneva remembers she had a family before she had a star on her door. But so accustomed is she to playing the lead, finding herself a supporting actress in someone else's life is strange and unexplored territory. Then the discovery of

an old scrapbook that she and her sister created long ago starts her thinking of things beyond fame. For *THE GREAT MYSTERIOUS* is a collection of thoughts and feelings dedicated to answering life's BIG questions - far outside the spotlight's glow...

The View from Mount Joy

A mild-mannered actuary, Fletcher Weschel lives at the crossroads of Bland and Humdrum—or so he thinks until a cosmic contest catapults him into the fantasy world he made up as a boy. Suddenly his childhood bedroom is aswarm with aliens, all bent on discovering the human who best personifies their mission—in this case, the deeply serious pursuit of fun. Ejected from the boring comfort of his office chair, Fletcher finds himself astride the bare back of a horse, in front of a safe (that he happens to be cracking), and then . . . in the cabin of a weight-loss camp for kids? Apparently adventures come in all shapes and sizes, and it's up to Fletcher to make the most of these, conducted by his alien guide, Tandala, who takes on the corporeal form of a big-boned Jamaican and tends to get distracted by Earth's many surprising pleasures (garlic! libraries! love!). But even fantasies can have consequences, and as Fletcher struggles through them, he is cheered and assisted by Wanda Plum, a plucky second-grade teacher who helps him realize what his ultimate role really is on this highly mysterious, infinitely marvelous pale-blue dot in a vast universe. Though its cast includes aliens, this charmed and charming book is quintessential Lorna Landvik—less about outer space than about the crowded, complex inner space of the human heart.

Welcome To The Great Mysterious

Aging Broadway star Geneva Jordan has butterflies when asked to care for her 13-year-old nephew with Down's Syndrome while his parents holiday for a month.

Mayor of the Universe

The View from Mount Joy, Lorna Landvik's delightfully quirky and intensely moving new novel, is about a man, a supermarket, the roads not taken, and the great, unexpected pleasures found in living a good life. When hunky teenage hockey player Joe Andreson and his widowed mother move to Minneapolis, Joe falls under the seductive spell of Kristi Casey, Ole Bull High's libidinous head cheerleader, the kind of girl a guy can't say no to, even when saying yes guarantees trouble. Joe balances Kristi's lustful manipulation with the down-to-earth companionship of his smart, platonic girlfriend, Darva. But it is Kristi who will prove to be a temptation (and torment) throughout Joe's life. Years later, having once dreamed of a career in pro hockey or as a globetrotting journalist, Joe can't believe that life has deposited him in the aisles of Haugland Foods. But he soon learns that being a grocer is like being the mayor of a small town: His constituents confide astonishing things and always appreciate the value of a hard-to-pass-up special, a free toy for a well-behaved youngster, a pie for the best rendition of "Alfie," or simply Joe's generous dispensing of the milk of human kindness. For Joe, everyday life is its own roller-coaster ride, and all he wants to do is hold on tight. The path Kristi has charged down, on the other hand, is as wild as Joe's is tame—or at least that's how it appears to the outside world. But who has really risked more? Who has lived more? And who is truly happy? As Joe discovers—in this dramatic, heartbreaking, and hilarious novel—sometimes people are lucky enough to be standing in the one place where the view of the world is breathtaking, if only they'll open their eyes to all there is to see. *The View from Mount Joy* is truly glorious: a warm, wonderful picture of life as seen from the deepest places in the heart.

Welcome to the Great Mysterious

Set adrift when her mother sells the salon that has been a neighborhood institution for decades, Nora Rolvaag takes a camping trip, intending to do nothing more than roast marshmallows over an open fire and under a starry sky. Two chance encounters, however, will have enormous consequences, and her getaway turns out to be more of a retreat from her daily life than she ever imagined. But Nora is the do-or-die-trying daughter of Patty Jane, who now must embrace the House of Curl's slogan: "Expect the Unexpected." With her trademark wit and warmth, Lorna Landvik follows Nora and an ever-growing cast of characters between city and wooded retreat, Minnesota and Norway, a past that's secret and a future that's promising, but uncertain. Responding to a mysterious letter with a Norwegian postmark, Nora's grandmother lone travels to her native land to tend to a dying cousin and her husband—two people who played a painful, pivotal role in her past. Nora accompanies her and is surprised by her grandmother's long-ago love story—but even more surprised by the beginning of her own. A book about

making new beginnings out of old endings, *Once in a Blue Moon Lodge* invites readers to check in, set down their baggage, and spend time with the kind of people who understand that while they can't control all that life throws at them, they can at least control how they catch it. And as anyone who has stopped in at Patty Jane's House of Curl will tell you: you're in for a rollicking good time with characters whose strengths, foibles, and choices will have you laughing and crying. Hankerings for coffee and gingerbread cookies may also be experienced.

The View from Mount Joy

In the sleepy town of White Falls, Minnesota, Cadillac salesman Dick Lindstro realizes his dream when he opens *Your Oasis on Flame Lake*, a tiny cabaret in his tastefully furnished basement.

Once in a Blue Moon Lodge

A bittersweet, seriously funny novel of a life, a small town, and a key to our troubled times traced through a newspaper columnist's half-century of taking in, and taking on, the world. The curmudgeon who wrote the column "Ramblin's by Walt" in the *Granite Creek Gazette* dismissed his successor as "puking on paper." But when Haze Evans first appeared in the small-town newspaper, she earned fans by writing a story about her bachelor uncle who brought a Queen of the Rodeo to Thanksgiving dinner. Now, fifty years later, when the beloved columnist suffers a massive stroke and falls into a coma, publisher Susan McGrath fills the void (temporarily, she hopes) with Haze's past columns, along with the occasional reprinted responses from readers. Most letters were favorable, although Haze did have her trolls; one Joseph Snell in particular dubbed her "liberal" ideas the "chronicles of a radical hag." Never censoring herself, Haze chose to mollify her critics with homey recipes—recognizing, in her constantly practical approach to the world and her community, that buttery Almond Crescents will certainly "melt away any misdirected anger." Framed by news stories of half a century and annotated with the town's chorus of voices, Haze's story unfolds, as do those of others touched by the *Granite Creek Gazette*, including Susan, struggling with her troubled marriage, and her teenage son Sam, who—much to his surprise—enjoys his summer job reading the paper archives and discovers secrets that have been locked in the files for decades, along with sad and surprising truths about Haze's past. With her customary warmth and wit, Lorna Landvik summons a lifetime at once lost and recovered, a complicated past that speaks with knowing eloquence to a confused present. Her topical but timeless *Chronicles of a Radical Hag* reminds us—sometimes with a subtle touch, sometimes with gobsmacking humor—of the power of words and of silence, as well as the wonder of finding in each other what we never even knew we were missing.

Your Oasis on Flame Lake

New York Times Bestseller Erin Sterling casts a delightful spell with a spine-tingling romance full of wishes, witches, and hexes gone wrong. "A delightful and witty take on witchy mayhem." —Popsugar
Nine years ago, Vivienne Jones nursed her broken heart like any young witch would: vodka, weepy music, bubble baths...and a curse on the horrible boyfriend. Sure, Vivi knows she shouldn't use her magic this way, but with only an "orchard hayride" scented candle on hand, she isn't worried it will cause him anything more than a bad hair day or two. That is until Rhys Penhallow, descendent of the town's ancestors, breaker of hearts, and annoyingly just as gorgeous as he always was, returns to Graves Glen, Georgia. What should be a quick trip to recharge the town's ley lines and make an appearance at the annual fall festival turns disastrously wrong. With one calamity after another striking Rhys, Vivi realizes her silly little Ex Hex may not have been so harmless after all. Suddenly, Graves Glen is under attack from murderous wind-up toys, a pissed off ghost, and a talking cat with some interesting things to say. Vivi and Rhys have to ignore their off the charts chemistry to work together to save the town and find a way to break the break-up curse before it's too late.

A Thousand Splendid Suns

A dutiful husband and father walks out of his life and into a road trip from hell in a novel Toni Morrison calls "astonishing" and Don Delillo proclaims "a slasher classic . . . strange, dark, and funny." Wylie Jones has a happy marriage, beautiful children, and backyard barbecues in his tastefully decorated suburban house. One night he follows a sudden impulse, leaves his wife in bed, and commandeers his neighbor's emerald-green Ford Galaxy 500, driving away without a second look. He sheds all traces of his old life in favor of a new name and a new life and drives from town to town, following his deepest impulses where they lead. By turns scathing and hilarious, Stephen Wright's outrageous rollercoaster of sex and violence probes the nihilistic and savage core of the American identity.

Sew Beautiful

No one steps up to life's banquet, holds out her tray, and orders, "Grief, please!" But as a child, Candy Pekkala was served a heaping helping of it. Every buffet line has a dessert section, however, and when a cousin calls with a Hollywood apartment to sublet, it seems as though Candy is finally offered something sweet. It's good-bye to Minnesota and hello to California, where a girl who has always lived by her wits has a real chance of making a living with them. With that, the irrepressible Lorna Landvik launches her latest irresistible character onto the world stage—or at least onto the dimly lit small stage where stand-up comedy gets its start. Herself a comic performer, Landvik taps her own adventurous past and Minnesota roots to conjure Candy's life in this strange new Technicolor home. Her fellow tenants at Peyton Hall include a female bodybuilder, a ruined nightclub impresario, and a well-connected Romanian fortune-teller. There are game show appearances and temp jobs at a record company and an establishment suspiciously like the Playboy Mansion, and of course the alluring but not always welcoming stage of stand-up comedy. As she hones her act, Candy is tested by humiliation, hecklers, and the inherent sexism that insists "chicks aren't funny." Written with the light touch and quiet wisdom that have made her works so popular, this is classic Lorna Landvik—sometimes so funny, you'll cry; sometimes so sad, you might as well laugh; and always impossible to put down.

Going Native

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood\

Little Bear's Big House

Washington Square is a tragicomedy that recounts the conflict between a dull but sweet daughter and her brilliant, unemotional father. The plot of the novel is based upon a true story told to James by his close friend, British actress Fanny Kemble. The book is often compared with Jane Austen's work for the clarity and grace of its prose and its intense focus on family relationships. Dr. Austin Sloper, a wealthy and highly successful physician, lives in Washington Square, New York with his daughter Catherine. Catherine is a sweet-natured young woman who is a great disappointment to her father, being physically plain and, he believes, dull in terms of personality and intellect. His sister, Lavinia Penniman, a meddlesome woman with a weakness for romance and melodrama, is the only other

member of the doctor's household. Henry James (1843–1916) was an American-British writer who spent most of his writing career in Britain. He is regarded as one of the key figures of 19th-century literary realism.

A teenager follows along as her mother moves from town to town—and man to man—in this coming-of-age novel: “Both hilarious and tragic . . . a radiant debut.” —The New York Times Book Review The inspiration for the cult-classic film starring Winona Ryder, Christina Ricci, and Cher, this novel is narrated by Charlotte Flax, a fourteen-year-old helplessly dragged by her mother from place to place, brief affair to brief affair. When they settle into a quiet New England town in 1963, the teenager yearns to stay put for once. With a convent just steps away from their home, this could be Charlotte's chance to fulfill her dream of becoming a martyred Catholic saint—despite the fact that she's Jewish. At the same time, the young caretaker at the convent is inspiring some unsaintly thoughts . . . “Patty Dann gives us a magnificent voice in the young Charlotte . . . Compelling and tender, touching and alive in her search to find some order in the chaos of her life.” —The New York Times Book Review “This is a really funny book about people trying to find something to hang onto in a world that keeps shifting under their feet. Patty Dann guides us through the guerilla war between mother and daughter, through the minefields that lie between being a child and being an adult, in a voice not like any we've heard before.” —John Sayles, director and novelist “Moments of pure gold . . . An energetic talent.” —Kirkus Reviews “Both of [the sisters'] characters are sharply etched and recognizable.” —Publishers Weekly “Poignant . . . a quirky charm.” —Booklist

WASHINGTON SQUARE

Once, Jane was the big sister, teaching Lily to play make believe and protecting her from thunderstorms. But then Lily grew up. She started making friends and dating boys, while Jane wanted to go on playing make believe forever. For Jane, the line between fantasy and reality had always blurred, whereas Lily lived for a future bright with expectation and change. Inevitably, the sisters found a gulf widening between them—Lily reveling in her newfound love, while Jane could only watch, frustrated, from the sidelines. How had her little sister managed to eclipse her? Then tragedy struck. But the story was not over. . . . Adele Griffin has crafted a spellbinding book, told in the alternating voices of two very different sisters dwelling on opposite sides of life and death, who are bravely trying to overcome the void and bring light to each other.

Katy's New World

A Civil War novel unlike any other: the story of a young man's journey through a nation blasted apart. Born in 1844, Liberty Fish is the descendant of both Carolina slaveholders and New York abolitionists. In hopes of reconciling the warring strands of his heritage, he escapes his home in the North -- first into the cauldron of the Civil War, and then into the even more disturbing bedlam that follows. The *Amalgamation Polka* showcases not only the brutality of this tragic passage in American history, but also its surprising compassion and hope. In language both true to its time and completely modern, it is revelatory and mesmerizing, a novel that “will bring a smile to your own lips as it sets your brain on fire.” (Jason McBride, the Village Voice).

Mermaids

In a single week, a family leaves behind its past and a daughter awakens to the future in Emily Chenoweth's intimate and beautifully crafted debut novel. In the winter of 1990, Helen Hansen—counselor, wife, and mother in the prime of her life—is diagnosed with an inoperable brain tumor. The following August, Helen, her husband, Elliott, and their daughter, Abby, a freshman in college, take a trip to northern New Hampshire, where Helen will be able to say goodbye to a lifetime of friends. Ensconced in a historic resort in the White Mountains—a place where afternoon cocktails are served on the veranda and men are expected to wear jackets after six—the Hansens and their guests must improvise their own rituals of remembrance and reconnection. For Elliott, the trip is a parting gift to his beloved wife, as well as some needed respite from the caretaking duties that have become his main work. For Helen and the procession of old friends who come to pay their respects, the days offer a poignant celebration of a dear, too-brief life. And for Abby, still unaware that her mother's cancer is terminal, the week brings a surprising conflict between loyalty and desire as, drawn by the youthful, spirited hotel staff, she finds herself caught between the affections of two very different young men. Heartbreaking and luminous, *Hello Goodbye* deftly explores a family's struggle with love and loss, as a summer vacation becomes an occasion for awakening rather than farewell, and life inevitably blossoms in the face of death.

Where I Want to Be

If I Loved You, I Would Tell You This explores life's rich silences in relationships both acknowledged and covert, and in the unspoken, often treacherous dynamics of families. Written with maturity and insight, these stories plumb the depths of love, loss and hope. A blind teenager sees the fractures in her parents' marriage more clearly than they can themselves. A mother comes to terms with her adult daughter's infidelity, even as she keeps a disturbing secret of her own. An accident on a trip to Italy and an unexpected connection with a stranger cause a woman to question her lifelong assumptions about herself. These stories are luminous, wise and unerringly humane, and their emotional generosity is all the more moving for Robin Black's restrained and accomplished style. This is an extraordinarily poised collection from one of America's brightest new voices.

Hello Goodbye

If I Loved You, I Would Tell You This

The Imperial African Cookery Book

After 350 years of settlement, British African cookery heritage draws on a creative mix of Tudor spices, Indian feasting, Malaysian gastronomy, Victorian gentlemen's club dinners, and Boer survival rations. Across the snow-capped mountains of Uganda to arid northern Nigeria; from the golden beaches of South Africa to the humid rain forests of Zambia - European communities in English-speaking Africa developed a distinctive and delicious cuisine. Engaging memories and exclusive contributions from distinguished Africans including Dr Mangosuthu Buthelezi, Peter Hain MP, Lord Joffe, Prue Leith, Matthew Parris and Archbishop John Sentamu bring life to over 180 traditional recipes. Including a treasury of vintage illustrations and original advertisements from the region, this book provides the first comprehensive overview of the unique cookery tradition of British Africa.

Ceci's African Kitchen

Many recipes found in this culinary collection come from the English-speaking parts of Cameroon. Some dishes might be familiar; some might not. One way or the other, I do hope you will find some new dishes or a new flavor that is appealing, one that will make all your kitchen efforts worthwhile. Now with the introduction of Ceci's African Kitchen cookbook, adventurous food connoisseurs can prepare these new dishes in their own kitchens. It is my hope that my food blog, Ceci's African Kitchen (www.cecisafricankitchen.com), and this publication, a dream come true, will help spread the word about the good tastes of African cuisine as well as many other ethnic food favorites from around the world.

Food Culture in Sub-Saharan Africa

East African, notably, Ethiopian, cuisine is perhaps the most well-known in the States. This volume illuminates West, southern, and Central African cuisine as well to give students and other readers a solid understanding of how the diverse African peoples grow, cook, and eat food and how they celebrate special occasions and ceremonies with special foods. Readers will also learn about African history, religions, and ways of life plus how African and American foodways are related. For example, cooking techniques such as deep frying and ingredients such as peanuts, chili peppers, okra, watermelon, and even cola were introduced to the United States by sub-Sahara Africans who were brought as slaves. Africa is often presented as a monolith, but this volume treats each region in turn with representative groups and foodways presented in manageable fashion, with a truer picture able to emerge. It is noted that the boundaries of many countries are imposed, so that food culture is more fluid in a region. Commonalities are also presented in the basic format of a meal, with a starch with a sauce or stew and vegetables and perhaps some protein, typically cooked over a fire in a pot supported by three stones. Representative recipes, a timeline, glossary, and evocative photos complete the narrative.

These volumes offer a one-stop resource for researching the lives, customs, and cultures of Africa's nations and peoples. Unparalleled in its coverage of contemporary customs in all of Africa, this multi-volume set is perfect for both high school and public library shelves. The three-volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub-Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations' peoples. While this encyclopedia places emphasis on the customs and cultural practices of each state, history, politics, and economics are also addressed. Because entries average 14,000 to 15,000 words each, contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries. As a result, readers will gain a more complete understanding of what life is like in Africa's 54 nations and territories, and will be better able to draw cross-cultural comparisons based on their reading.

The Momo Cookbook

Ghanaian cuisine is in a class on its own. The herbs and spices used in the dishes of this West African country and its neighbors add unique and powerful flavors to its food and tell the true story of its rich culture and customs. Traditional Ghanaian food always has been dictated by the types of ingredients that are available in the country. Local produce once mainly consisted of plantains, millet, beans, and corn, and many dishes in Ghana still include these ingredients today. Whether you are missing the tastes of your home country, want to get in touch with your ancestral roots, or would like to learn how to make West African cuisine for an event or native guests, the Gone to Ghana cookbook is the tool you need! This cookbook brings you 30 recipes created with authentic Ghanaian cuisine in mind, featuring both classic and newer ingredients all still local to the West African region. The recipes in this cookbook are all easy to follow and don't require any difficult cooking techniques. Sample exotic dishes such as: * Rice Water Porridge * Fufu * Fante Fante - Fresh Fish Soup * Kontomire Stew with Plantain & Yams * Jollof Rice * Smoked Fish with Avocado * Golden Beet Salad * Peanut & Chicken Stew * Coconut Halva * Melkkos Custard ...and more! From breakfast to lunch, sides, dinner and desserts, the Gone to Ghana cookbook will transport you to a family table in Ghana without ever leaving home. Grab your copy today!
