The Hieroglyphic Dictionary is part of Museum Tours' series "The Essentials" ... books that anyone serious about the study of Egyptology will find useful. It has been created to fill a need for a low cost, yet comprehensive, translation aid to hieroglyphs that is convenient to use. Its emphasis is on words found in monumental inscriptions, as opposed to words found strictly in papyri. The words it contains are most likely to be encountered on the monuments in Egypt or in museums. It contains a about 4,000 entries. This compares favorably to the 2,500 entries in the vocabulary of Alan Gardiner's "Egyptian Grammar".

An Etymological Dictionary of Modern English

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Rome '89

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

An English-Tibetan Dictionary, Containing a Vocabulary of Approximately Twenty Thousand Words and Their Tibetan Equivalents

"Libretto-bashing has a distinguished tradition in the blood sport of opera," writes Arthur Groos in the introduction to this broad survey of critical approaches to that much-maligned genre. To examine, and to challenge, the long-standing prejudice against libretti and the scholarly tradition that has, until recently, reiterated it, Groos and Roger Parker have commissioned thirteen stimulating essays by musicologists, literary critics, and historians. Taken as a whole, the volume demonstrates that libretti are now very much within the purview of contemporary humanistic scholarship. Libretti pose questions of intertextuality, transposition of genre, and reception history. They invite a broad spectrum of contemporary reading strategies ranging from the formalistic to the feminist. And as texts for music they raise issues in the relation between the two mediums and their respective traditions. *Reading Opera* will be of value to anyone with a serious interest in opera and contemporary opera criticism. The essays cover the period from the early nineteenth to the early twentieth centuries, with a particular focus on works of the later nineteenth century. The contributors are Carolyn Abbate, William Ashbrook, Katherine Bergeron, Caryl Emerson, Nelly Furman, Sander L. Gilman, Arthur Groos, James A. Hepokoski, Jürgen Maehder, Roger Parker, Paul Robinson, Christopher Wintle, and Susan Youens. Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
