Introducción

La locura de la sociedad se manifiesta en la violencia que las personas se infligen unas a otras y al planeta

La religión no es la medicina para curar nuestra locura interior; debemos encontrar una nueva solución

Para combatir nuestras fuerzas destructivas internas, debemos comprender que es el ego el que alimenta estas fuerzas

El ego alimenta la tendencia humana a aferrarse al dolor y al sufrimiento del pasado

Debes sintonizar con los dos objetivos diferentes de tu vida: el propósito exterior y el propósito interior

Los dos elementos principales para vivir una vida iluminada son la aceptación y el disfrute

"We Will Dance Through This Fire" Ty and the Angels Angels and 'The Beyond', 'Life after Death' is real. This start of a new era that closes the gap between dark and light, between real or surreal and real requires that we speak as a nation and as a community of individuals to each other (meaning the Angels and Divine Masters and we as Humans whether 'alive' or crossed over). It commands that we listen even in the dark of the night sky. The Earth at this time, including the United States of America, is overrun with the desires of a few who have unwittingly been put into 'power' by forces other than the people of this Earth. This is not the Truth of Humanity's origins or its path, but rather its destiny under the influence of Heaven's Unruly Child. There is no doubt that Heaven's Unruly Child intends to destroy us. This book is dedicated to Mankind on Earth and in Heaven coming together to win once again over the forces of Evil here on this Earth. We Will Succeed. Catherine Ferrier AHealingLifeCoach.com

Re-Entering Eden

A reunion with one's true self requires the embodiment of the Soul where conscious wisdom empowers the self and influences choice once again. This book begins in the paradise where humanity's roots formed to reveal unknown secrets that led to their fall from grace, and clues that guide them back to their original truths. This opens the gate to reclaim their innocence and divine power. Re-Entering Eden is a tool for self-discovery and healing, in addition to providing spiritual seekers with new information regarding Lilith's relationship with Adam and humanity. Revealed knowledge is included that demonstrates how the separation of Lilith and Adam established the experience of duality, and the energetic pattern within the word Eden that foretells the path humanity would take to reclaim their truth and freedom. TIME WAITS FOR NO ONE Imagine that there is a bank which credits your account each morning with \$86,400 carries over no balance from day to day, allows you to keep no cash balance, and every evening cancels whatever part of the amount that you failed to use during the day. What would you do? Of course, draw out every CENT!!! Everyone has such a bank. Its name is TIME, every morning, it credit you with 86,400 seconds. Every night it writes off, as lost, whatever of this time you have failed to invest for good purpose. It carries over no balance. It allows no overdrafts. Each day it opens a new account for you. Each night it burns the record of the day. If you fail to use the day's deposits, the loss is yours. There is no going back. There is no drawing against the "tomorrow". You must live in the present on today's deposits. Invest it so as to get the utmost in health, happiness and success! To realize the

Harden Not Your Heart: Enter Into Divine Rest

Divine Rest is the covenant provision of God for His own children. This is the place where we cease from all life's struggles and wasted efforts. However, this divine rest is only available to those who would labour to enter into that rest through complete obedience.

Blake's 'Jerusalem' As Visionary Theatre

Before etching Jerusalem William Blake wrote about creating 'the grandest poem that this world contains.' Blake's avowed intention in constructing the work was to move readers from a solely rational way of being (called Ulro) to one that is highly imaginative (called Eden/Eternity), with each word chosen to suit 'the mouth of a true Orator.' Rational interpretation is of limited use when reading this multifaceted epic and its non-linear structure presents a perennial challenge for readers. Susanne Sklar engages with the interpretive challenges of Jerusalem by considering it as a piece of visionary theatre—an imaginative performance in which characters, settings, and imagery are not confined by mundane space and time—allowing readers to find coherence within its complexities. With his characters, Blake's readers can participate imaginatively in what Blake calls 'the Divine Body, the Saviour's Kingdom,' a way of being in which all things interconnect: spiritually, ecologically, socially, and erotically. Imaginatively engaging with Jerusalem involves close textual reading and analysis. The first part of this book discusses the notion of visionary theatre, and the theological, literary, and historical antecedents of Jerusalem's imagery, characters, and settings. Particular attention is paid to the theological context of Blake's Jesus ('the Divine Body'), and Jerusalem, the heroine of his poem. This prepares the ground for a scene-by-scene commentary of the entire illuminated work. Jerusalem tells the story of Albion's fall, many rescue attempts, escalating violence and oppression, and a surprising apocalypse—in which all living things, awakening, are transfigured in ferocious forgiveness.

The real Saviours of Mankind all descend to the Nether World, the Kingdom of Darkness, of temptation, lust, and selfishness. And, after having overcome the Christ condition or the tyranny of separateness, their astral or worldly ego is enlightened by Lucifer, the Glorified Divine Ego (Buddhi-Manas), who is the real Christ in every man. Pythagoras, Buddha, Apollonius, were Initiates of the same Secret School. The Sun is the external manifestation of the Seventh Principle of our Planetary System while the Moon is its Fourth Principle. Shining in the borrowed robes of her Master, she is saturated with and reflects every passionate impulse and evil desire of her grossly material body, our earth. Jesus as "Son of God" and "Saviour of Mankind," was not unique in the world's annals. The "infallible" Churches made up history as they went along, building up the Apostolic Church on a jumble of contradictions. See how the Fathers have falsified Jesus' last words and made him a victim of his own success. "My God, my Sun, thou hast poured thy radiance upon me!" concluded the thanksgiving prayer of the Initiate, "the Son and the Glorified Elect of the Sun." The Baptism in the Jordan is the Rite of Initiation and the final purification, when Christos and Sophia (Divine Intelligence–Wisdom) enter the Initiate by transference from Guru to Chela, leave the physical body upon death of the latter, and re-enter the Nirmanakaya, the Astral Ego of the new Adept. The "baptism" or Initiation of Jesus stands for the "descent" of the Higher Self or Soul (Atma-Buddhi) on Manas, the Higher Ego. And the union of Christos with Chrestos establishes a conscious communication of the Universal Individuality with the transcendent personality (Theophania) — the Adept. Jesus was crucified by his own Church, not by Scripture. The key to the hitherto unfathomable mystery of Jesus is hidden in the paronomasia of Chrestos and Christos. He who will not ponder over and master the great difference between the meaning of the two Greek words (Chrestos and Christos), must remain blind for ever to the true esoteric meaning of the Gospels; that is to say, to the living Spirit entombed in the sterile dead-letter of the texts, the very Dead Sea fruit of lip-Christianity. Jesus was Chrestos, a virtuous man in his trial of life and candidate to initiation. Not yet Christos, as he had not passed the third degree of initiation to become Epoptes. Chrestos, the neophyte, is admitted into the Christos condition at the end of his last incarnation when Manas is fully merged with Buddhi. His real temple is the awakened soul in the sanctuary of the heart. The real Christ is the Serpent or Dragon of Wisdom falling from on high into the hearts and minds of men. Christos is a Ray of Logos: Passive Wisdom in Heaven and Self-Active, Conscious Wisdom on Earth. Though the two are one, the permanent can never merge with the impermanent. It is only when the impermanent begins loving the permanent sufficiently to give up its ephemeral self and being, that a spiritual union of the "Heavenly man" with the "Virgin of the World" is accomplished and a new Saviour of Humanity is born here on earth but "without sin." Alas, few are they who are fit to join that Holy Brotherhood where each, in order to gain admittance, must be at one with the Christ within him. Deity in Man is symbolised by Tau, a double glyph. Tau is formed from the figure Seven and the Greek letter Gamma, symbols of divine and earthly life, respectively. In its terrestrial attachment, Tau is the Sun shorn of his beams. In Greek Mythology, Tau is the iron lathe of Procrustes, the Attican Vishvakarman. Christos is Prometheus, a personification of the Great Logocic Sacrifice. On sending out its personal ray, Christos or Higher Manas becomes "crucified between two thieves": the lower, impure tendencies that after death dissipate in Kama-Loka, and the higher aspirations that survive death and reascend the cyclic arc. Vishvakarman, the creator and "carpenter" of gods and men, crucifies Vikartana on a lathe and, cutting off the eighth part of his rays, deprives his head of its effulgence and creates round it a dark aureole. Christos is the "Man-God" of Plato, who crucifies himself for an eternity in the darkness of matter for the redemption of the Spirit of Light from the Kingdom of Darkness. As Deity and Man are One, so Christ is the God in Space and Man's Saviour on Earth. Christos is the eternal, real Individuality or Universal Altruism, whereas Jesus-Chrestos is the ephemeral, false individuality or Egotism. Man is Deity on Earth, whose body is the cross of flesh, on, through, and in which he is ever crucifying and putting to death Christ, the Divine Logos, who is his benefactor and true friend. Christ is a Ray made manifest from that Centre of Life which is hidden from the eyes of Humanity for and in Eternity. That Centre is the real Christ, crucified as a body of flesh and bones. The great mystery is at last unravelled: Christos, incarnating in Chrestos, becomes for certain purposes a willing candidate for a long series of tortures, mental and physical. Chrestos is the mortal man who, by crucifying the man of flesh and his passions on the Procrustean bed of torture, is reborn Immortal and leaves the animal-man behind him tied on the Cross of Initiation like an empty chrysalis. Then, his Higher Soul becomes as free as a butterfly.

The True Christian Religion

The God who created a good and perfect world, but whose world turned from him, has brought restoration through gift: The Father loved the world and gave the Son, and the Father and the Son pour out the gift of the Spirit into the hearts of humanity bringing about praise, hope, and new creation. Those who are united to the Son by his Spirit then find they have received the glorious gift of God's coming Kingdom. In other words, the Gospel is shaped by giving: God's generosity buys us out of bondage and brings us into all the blessings of belonging. But the good news is not only that God has made us to be recipients of his grace but also participants in the movement of his divine justice and generosity. Living in God's gifts, Christians discover they are free to give themselves. The cross and resurrection of Christ come to shape and define this new life of faith, hope and generosity—a life that is best lived not in isolation but as a community. Throughout the book special attention is given to the relationship between divine generosity and concern for the poor and oppressed. Kapic and Borger encourage readers to not simply discover the immensity of God's grace, but to enter into the flow of divine generosity as God has invited them to become avenues of his great gifts to the world.

Enter the Quiet Heart

Did God Give Us Our Senses So that We Could Enjoy Him More? Sensing God is a discovery of Jesus in all of the sensory points embedded into each of us. It shows how the holiest acts in our daily lives are often the simplest: reveling in the beauty of nature; listening to our favorite music; eating a nourishing meal with family. These are potentially heartbeats of a living faith, and when we learn to recognize and respond to God's goodness in them, it draws us into redemptive participation with Him, the source of all beauty. Joel Clarkson shares personal stories and paints vivid imagery so that we, too, can taste and see (and hear and touch and smell) that the Lord is good. In our exploration, we meet Jesus, who invites us to enjoy his presence and proclaim his visible, tangible, and touchable gospel. We physically experience the glory of our Creator and at the same time, we make that encounter a testimony to a broken world that is desperate for restoration. We are encouraged to get the good dirt of God's holy world under our nails. Together, we will come into contact with the God who reaches out to us with His eternal truth through the goodness of beauty. Will you join the journey? Come and learn how to truly worship the Lord in the beauty of holiness.

The New Divine Feminine

Are you ready to enter the dance of becoming fully alive? Have you ever wondered, if we have the God of heaven and earth living inside us, why aren't we experiencing more in life? Why aren't we seeing more transformation in ourselves, or in others for that matter? What does it look like to have "Jesus in me" anyway, as an individual and also as a woman? These are the questions life coach and pastor Terri Sullivant was asking herself when God answered her in a profound, life-changing way. The Divine Invitation provides a pathway to find what your heart deeply longs for in every area of life. It's a metaphor showing the way for every woman to enter the dance of becoming fully alive. Learning this dance is about developing a relationship with Jesus, like two people dancing skillfully and gracefully. It's about becoming so entwined with the thoughts, words, emotions, and behaviors of Jesus that the two of you are one. You find that this deep connection transcends all of life, enabling you to live joyfully and freely, come what may.

Treasure Identifying Divine Eyes

The excerpts from the book for quick awareness: 1. Those who love God but do not practise a religion are better than you if you follow a religion and yet are deprived of God's love. 2. Love relates to the heart. The word, "Allah," when synchronised within heartbeats, reaches all veins and arteries through the blood and revives the souls. Then the souls, engulfed by God's name, "Allah," enter God's love. 3. All names given to God in all languages are worthy of respect. However, God's original name is "Allah," which is a word from the Suryani language. The creatures of empyrean speak this language. The angels call upon God with the name of "Allah." "Allah" is attached with the faith declaration motto of every prophet. 4. Any person who, with all the sincerity of heart, is in search for God, on land or in the sea, is worthy of respect. 5. Many Adams were sent in different regions of the world simultaneously. All Adams were moulded from the clay in this world, for except the last Adam who was moulded from the clay in paradise, and is buried in the Arab region. The angels did not prostrate to any other Adam for except Adam Safi Allah. And Iblis (the Devil) developed enmity for the progeny of Adam Safi Allah only.

6. There are seven different sub-spirits in the human skeleton, and each relates to a different realm, a different paradise, and different functions in the human body. If these sub-spirits are empowered with God's light (Noor), they may appear in human form in many places simultaneously. They may reach the esoteric gatherings of the saints and the prophets, speak with God, and even see God in person also. 7. There are two different types of religions for all humans: the religion for the body, which expires when the body does, and the religion for the soul, which existed even in the primordial time—that is God's love. And only this religion elevates humans. 8. Ishq (Rapturous Love) of Allah is above all other religions, and seeing Allah is above all forms of worship. 9. Information on how human beings, animals, plants, and stones were brought into existence, and why something is prohibited or permissible. 10. Who pre-existed the Amr Kun (the command "Be") of the souls and the angels? Which dog will enter the paradise in form of Qatmir? The souls of which individuals had already affirmed the declaration of faith in the primordial time? The secret of which man is not mentioned in this book?

The Divine Invitation

Over the last 5,000 years, inspired leaders and saints of all the great spiritual traditions have produced a rich collection of writings describing the transcendent states they have experienced. They have used poetry, prose, and sacred art to illuminate their experiences. This book draws on all the great traditions, from Taoism to Christianity, from Sufism to Judaism, to describe the psychology of humankind's deepest spiritual encounters. It identifies ten distinct psychological states common to all religious experience. A study of the specific characteristics of each state reveals that sages from widely different theologies, times and cultures have experienced God's love in remarkably similar ways. Their words show us what intimate encounters with "the Great Beloved" feel like, and how we can cultivate these mystical unions in our own lives. The compassionate wisdom in the pages of this book are a moving testament to the majesty, variety, and splendor of the direct experience of God's love.

The Religion of God (Divine Love)

In this lengthy essay, Towne (Christian Theological Seminary, Indianapolis) examines the fundamental metaphysical and methodological commitments of Paul Tillich and Charles Hartshorne and the ways in which these commitments shape the two thinkers' doctrines of God. Towne maintains that differences between Hartshorne and Tillich are disclosed most distinctly in their views of the ontological dimension of God. On the phenomenological level, Towne finds a similarity with respect to the relation of faith and reason. No index. Annotation copyrighted by Book News, Inc., Portland, OR

The Satapatha-brâhmana

Grounded in Christian love mysticism, Love's Oneing gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation. With great sensitivity, the book offers nuanced insight into the marriage of kenosis and desire in contemplation, through the rich tapestry of writings from nine mystics: Julian of Norwich, the Cloud of Unknowing author, Meister Eckhart, Mechthild of Magdeburg, Clare of Assisi, John of the Cross, Teilhard de Chardin, Beatrice Bruteau and Ilia Delio. With the delicate eye of a spiritual director immersed in mystical literature, Kerrie Hide situates these mystical teachings within contemplative prayer, whilst offering a scholarly exploration of contemplative practice to embody the insights. Deeply grounded in traditional and contemporary mystical classics, Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science, highlighting key moments in contemplation that when surrendered into, open into divine love. Born of intellectual reflection, lived experience and contemplative wisdom, Love's Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment.

The Evangelical Review

"What to tolerate; what not to tolerate?" This is perhaps the most important question our nation, as well as other Western nations, must consider today. What gives this question its crucial importance is the fact that how it is answered will determine the moral and ethical character of a nation and its people. It will determine the integrity and virtue, or lack thereof, of a nation's religious, political, educational, and sociological institutions and their policies, laws, beliefs, and practices. Concerning Western nations and societies, it will determine either faithfulness or unfaithfulness to their underlying religious, political, and historical foundations and heritage. In short, it will determine the very identity of a nation and people.

The Divine Surrender

"Manifesting God" is about the principles of contemplative prayer the retreat into the "inner room" mentioned by Jesus in Matthew 6:6, where the individual is able to meet God. In the inner room, the silent space in which God unloads the burdens and false selves that govern our individuality and our daily lives, God acts as a divine therapist, healing us and forcing us to recognize how many barriers we put up between ourselves and an authentic relationship with God. The process whereby this happens is the foundation of centering prayer a technique of prayer that Keating and other contemporary mystics have revived out of the ancient mystical traditions of the Desert Fathers and the medieval mystics. Abbot Keating explores in this book what it means to enter the inner room and the transformation that takes place there. It explains the guidelines of centering prayer and offers advice on how to develop the relationship more deeply."

Spiritual Canticle of the Soul

God's Grand Design By: William R. Arnold, Edited by Ms. Aurora Payad-Arnold God's Grand Design is to restore mankind to its original state of sacred perfection after Adam and Eve fell and created the original sin of disobedience, hiding, and lying to the Lord. When God cursed the serpent for tempting Adam and Eve to be like God, he promised to send his only begotten Son to save humanity. He did via the incarnate word in the womb of the immaculately conceived Virgin Mary. God wants to be man and receive a new body to defeat death through Jesus Christ. Man wants to become God to receive eternal life. Man's journey to become God starts from being an ignorant baby gaining knowledge, to a cowardly teenager obtaining courage, to an adult converting greed to generosity, to a wise man changing selfishness to unselfishness, and at last, to a free man able to think for himself in eternal service to God in his kingdom. The journey requires him to know right from wrong, good from evil, and God's will from man's will and thus defeat evil, worldly temptations, and demonic possession. Through Christ, God and man are destined to become one through three advents, making the God/Man Christ into the new human spirit (blessings). Then, the Man/God Jesus becomes the new human flesh to make all things perfect in the sight of God. Jesus Christ came as a priest on a donkey to decode the Torah, bring knowledge, and remove blindness to defeat sin. By his death and resurrection, he granted free redemption to man's flesh to give him a new body. The second coming of Jesus Christ as thief in the night will bring awakening to remove deafness by teaching God's truths to defeat evil. As a just judge on a cloud on his third advent, the Lord will remove mankind's dumbness to defeat death. And then man can become worthy of receiving God's rewards of paradise in heaven or heaven on earth.

Divine Love / Divine Intolerance

In this eagerly awaited follow-up to his international bestsellers *Anam Cara* and *Eternal Echoes*, John O'Donohue turns his attention to the subject of beauty - the divine beauty that calls the imagination and awakens all that is noble in the human heart. In these uncertain times of global conflict and crisis, we are riven with anxiety; our trust in the future has lost its innocence, for we know now that anything can happen from one second to the next. In such an unsheltered world, it may sound naive to suggest that this might be the moment to invoke and awaken beauty, yet this is exactly the claim that this book seeks to explore. *DIVINE BEAUTY* is a gentle but urgent call to awaken. O'Donohue opens our eyes, hearts and minds to the wonder of our own relationship with beauty. Rather than 'covering' this theme, he uncovers it, exposing the infinity and mystery of its breadth. His words return us home to the dignity of silence, the profundity of stillness, the power of thought and perception, and the eternal grace and generosity of beauty's presence. In this masterful and revelatory work, O'Donohue encourages our greater intimacy with beauty, and celebrates it for what it really is: a homecoming of the human spirit. As he focuses on the classical, medieval and Celtic traditions, on art, music, literature, nature and language, O'Donohue reveals how beauty's invisible embrace invites us towards new heights of passion and creativity. *DIVINE BEAUTY* is an exquisite treasury of Forms of the Beautiful. Its surface employs narrative, image, anecdote and myth, while into the silence of its subtext are sown seeds of reflection that gradually blossom in the heart.
