Blue Tear Called Love

"After years of wandering around the world of love, I found the truth about it. I met face-to-face with that wonderful fairy Love, and she shared with me that despite the pain that was tearing her apart, she is very happy and didn't want to part with it. In my fantasy, that fairy was standing smiling among the deserted sands and was holding a heart in love. There was blood dripping from her hands, but she looked hard and firm. She split the heart in two and threw the two halves away from her. They fell with ominous strength on the glowing sand, started burning, and burned away. The fairy told me that that had been my heart, and that this evil destiny awaited it. She opened her scarlet lips and said that love hurts and it was like a cloud, which carried many tears to my eyes in love. Nevertheless, I decided to follow my heart, and it was saying: "When Love looks you in the eyes, you will know, I will tell you, and then you take it right away, hold it tight, hide it here with me, to be happy."

Black Eyes, Blue Tears

Black Eyes, Blue Tears: A Vicious Love
Synopsis One day, you'll realize that there are some people you'll never see again; at least not the same way... Neighbors Lantana Hart and Ralo Thompson are both raised in domestic violence households, but miraculously survive the horrific circumstances when they rely on each other. These best friends learn quickly from the traumatic events and vow to never abuse the ones they love and more importantly, never allow the ones that claim to love you, abuse you... Never! As time goes on, Lantana and Ralo not only remain friends, they become lovers as well. He is still over protective and constantly looks out for his boo, but Ralo's problem is, he has an issue with being faithful. Lantana quickly grows tired of it right when a predominant figure, Avery Penson, comes in and sweeps her off her feet. This new love in Lantana's life has Ralo ready to tear up the world to get his girl back. Thing is, Avery is not backing down and will control the situation by any means necessary. Now it is a totally different playing field, and feelings are involved; feelings so deep that lives are on the line. Domestic Violence is real and sometimes the outcome isn't so good, so you must remember, Don't be a silent victim fooled by a SO-CALLED LOVE because REAL LOVE doesn't leave you with Black Eyes and Blue Tears..

Dear Emmie Blue

This is the book description of The Lovely Blue. The Lovely Blue, by George H. Malouf, is a volume of poetry full of great, honest emotion inspired by the poets relationship with Gods bounty in nature and in his love for his Greek Angel, Yiota. The poet describes his emotions for this, his spark of inspiration, by threading his way, at times, from the heights of elation to the depths of despair. In this colorfully woven tapestry of one of the most mysterious of human experiences, the poet achieves a uniquely sculptured effect of rhyme and cadence, as he strives for formal elegance in every stanza. The poetry represented by our poet, in this volume, is sure to increase the understanding of how people relate to each other in that magical, mystical way known as love.

Healing A Broken Heart

The loss of a love is a nearly universal emotional crisis, whether the end is divorce, desertion, or a mutually agreed-upon separation. At first, friends and family are there to offer a shoulder to cry on, but after a few months there's an expectation that we just need to get over the crisis and move on. Thus, unprocessed, painful feelings are buried, leaving us numb. Or we repeat damaging relationship patterns over and over again. The situation doesn't have to be like that. Healing a Broken Heart guides those of us grieving for a lost love through four metaphorical seasons of recovery with provocative questions -- and journal pages on which to respond -- to help move us forward. The four seasons serve as powerful metaphors for the stages of the grieving process. Summer is the season for charting the course of a relationship: remembering hopes and expectations, the warning signs that went unheeded. During autumn, journalers accept the reality of breaking up and acknowledge things about the relationship that didn't serve their needs. Winter brings the pain of grief over the profound loss. Finally, spring -- and, with it, renewal -- invites readers to examine and understand how their family history may have affected their past relationships. Punctuated throughout with poems and moving meditations, the thoughtful, interactive approach of this book offers the time and space we all need to heal when our hearts are broken.

Bringing Up Kids When Church Lets You Down

“This book is about the various places and ways that uncertainty shows up for parents who, having left or altered the faith they once knew, now must decide what to give their kids. It’s about church attendance, Bible memorization, school choices, and sex talks. It’s about forging new paths in racial justice and creation care while the intractable voices in your head call you a pagan Marxist for doing so.” After the spectacular implosion of her ministry career, Bekah McNeel was left disillusioned and without the foundation of certainty she had built her life on. But rather than leaving the Christian faith altogether, she hung out around the edges, began questioning oversimplified categories of black and white that she had been taught were sacred, and became comfortable living in gray areas while starting a new career in journalism. Then she had kids. From the moment someone asked if she was going to have her first child baptized, Bekah began to wonder if the conservative evangelical Christianity she grew up with was really something she wanted to give her children. That question only became more complicated when she had her second child months before White evangelicals carried Donald Trump to victory in the 2016 presidential election. Soon, Bekah found that other parents were asking similar questions as they broke with their fundamentalist religious upbringing and took on new values: Could they raise their kids to live with both the security of faith and the freedom of open-mindedness? To value both Scripture and social justice? To learn morality without shame? In *Bringing Up Kids When Church Lets You Down*, Bekah gathers voices from history, scholarship, and her own community to guide others who, like her, are on a quest to shed the false certainty and toxic perfectionism of their past to become better, healthier parents—while still providing strong spiritual foundations for their children. She writes with humor and empathy, providing wise reflections (but not glib answers!) on difficult parenting topics while reminding us that we are not alone, even when we break away from the crowd.

Love and Redemption in the Tropics,

Adriana Bardolino’s spicy memoir finds her out of her element, and missing her happy place. This new world is nothing like the magical tropical island of Maui she left behind. There, her life was filled with love, beauty, art, and romance. Everything goes topsy-turvy when a dear friend’s promise dissolves into the humid Miami air. When her new life in Florida turns out to be less than expected, she misses her island home. Life events send her through dark clouds and tumbling tides. Gauguin (Art) keeps Adriana stable through most storms, but eventually even Gauguin deserts her. She floats through the universe without a spacesuit, searching for creativity to return. She visits new lands in hopes of a renewed spark. Adult life forces her to grow up, to learn to forgive herself and others for past mistakes, but there are deep emotional losses along the way. Will Adriana find Gauguin?

When Snow Falls

After growing up in cheap motels, moving from town to town with her sister and mother, Cheyenne Christensen is grateful to be on her own. She’s grateful, too, for the friends she found once her family settled in California. But she’s troubled by the mystery of her earliest memories, most of which feature a smiling blonde woman. A woman who isn’t her mother. Although Cheyenne has repeatedly asked for explanations, the people who could help aren’t talking. Cheyenne is set on finding answers, but without so much as a birth certificate, it won’t be easy. Things get even more complicated when her closest friend is attracted to the man Cheyenne has secretly loved for years. For Eve’s sake, she decides to step aside—which lands her right in the arms of Dylan Amos, oldest and baddest of the hell-raising

Amos brothers. He's the kind of guy she's sworn to avoid. She can't afford to make a mistake, not when she finally has a chance to learn who she really is and change her life for the better. But...maybe there's more to Dylan than she thought. Maybe letting him go would be a bigger mistake.

THE INSTANT NEW YORK TIMES BESTSELLER. New York Times Editor's Pick. Library Journal Best Books of 2019. TIME Magazine's "Best Memoirs of 2018 So Far." O, Oprah's Magazine's "10 Titles to Pick Up Now." Politics & Current Events 2018 O.W.L. Book Awards Winner The Root Best of 2018 "This remarkable book reveals what inspired Patrisse's visionary and courageous activism and forces us to face the consequence of the choices our nation made when we criminalized a generation. This book is a must-read for all of us." - Michelle Alexander, New York Times bestselling author of *The New Jim Crow* A poetic and powerful memoir about what it means to be a Black woman in America—and the co-founding of a movement that demands justice for all in the land of the free. Raised by a single mother in an impoverished neighborhood in Los Angeles, Patrisse Khan-Cullors experienced firsthand the prejudice and persecution Black Americans endure at the hands of law enforcement. For Patrisse, the most vulnerable people in the country are Black people. Deliberately and ruthlessly targeted by a criminal justice system serving a white privilege agenda, Black people are subjected to unjustifiable racial profiling and police brutality. In 2013, when Trayvon Martin's killer went free, Patrisse's outrage led her to co-found Black Lives Matter with Alicia Garza and Opal Tometi. Condemned as terrorists and as a threat to America, these loving women founded a hashtag that birthed the movement to demand accountability from the authorities who continually turn a blind eye to the injustices inflicted upon people of Black and Brown skin. Championing human rights in the face of violent racism, Patrisse is a survivor. She transformed her personal pain into political power, giving voice to a people suffering inequality and a movement fueled by her strength and love to tell the country—and the world—that Black Lives Matter. *When They Call You a Terrorist* is Patrisse Khan-Cullors and asha bandele's reflection on humanity. It is an empowering account of survival, strength and resilience and a call to action to change the culture that declares innocent Black life expendable.

He has been away for eight long months, and is anxious to return home. The family plantation in Georgia has been sold, and Lance now has the money to buy the ranch he wants. He didn't see the young woman come out onto the deck but he sees her now. Her back is pressed against the railing, and her eyes are wide with terror as two rough men approach her. Join Lance and Molly as they travel north to Cheyenne on their long road home.

Summer, 1800. There is no rain. Heat bakes the prairie. What little game survives on the trickles of water in the shrinking creeks is fiercely hunted not just by the Cheyenne, but by their enemies, the Pawnee. In the midst of a buffalo hunt that becomes a battle when Pawnee warriors attack, a young Cheyenne brave, Grey Bear, discovers that his joy in killing outweighs his pride in bringing home meat for his hungry people. But the meditative Lone Hawk realizes for the first time that the Pawnee must be starving, just like the Cheyenne. In the Cheyenne village, the beautiful Seeks Fire learns that the brave she idolizes is not the gentle soul she believes him to be. Her close friend, Touches the Wind, discovers her own bravery during an inferno that scorches the plains and destroys half the village. The growing tension between Grey Bear and Lone Hawk will nearly destroy their people, but the love between a brave and a maiden will save them all.

Western Heritage Award, Best Western Nonfiction Book, National Cowboy and Western Heritage Museum Nothing can change the terrible facts of the Sand Creek Massacre. The human toll of this horrific event and the ensuing loss of a way of life have never been fully recounted until now. In Sand Creek and the Tragic End of a Lifeway, Louis Kraft tells this story, drawing on the words and actions of those who participated in the events at this critical time. The history that culminated in the end of a lifeway begins with the arrival of Algonquin-speaking peoples in North America, proceeds through the emergence of the Cheyennes and Arapahos on the Central Plains, and ends with the incursion of white people seeking land and gold. Beginning in the earliest days of the Southern Cheyennes, Kraft brings the voices of the past to bear on the events leading to the brutal murder of people and its disastrous aftermath. Through their testimony and their deeds as reported by contemporaries, major and supporting players give us a broad and nuanced view of the discovery of gold on Cheyenne

and Arapaho land in the 1850s, followed by the land theft condoned by the U.S. government. The peace treaties and perfidy, the unfolding massacre and the investigations that followed, the devastating end of the Indians' already-circumscribed freedom—all are revealed through the eyes of government officials, newspapers, and the military; Cheyennes and Arapahos who sought peace with or who fought Anglo-Americans; whites and Indians who intermarried and their offspring; and whites who dared to question what they considered heinous actions. As instructive as it is harrowing, the history recounted here lives on in the telling, along with a way of life destroyed in all but cultural memory. To that memory this book gives eloquent, resonating voice.

For Dr. Elsa Andreas, life fell apart when tragedy caused her to abandon her family therapy practice and retreat to the backwoods of Gray's Glen. William Hagan's classic American Indians has become standard reading in the field of Native American history. Daniel M. Cobb has taken over the task of updating and revising the material, allowing the book to respond to the times. Spanning the arrival of white settlers in the Americas through the twentieth century, this concise account includes more than twenty new maps and illustrations, as well as a bibliographic essay that surveys the most recent research in Indian-white relations. With an introduction by Cobb, and a foreword by eminent historian Patricia Nelson Limerick, this fourth edition marks the fiftieth anniversary of the original publication of American Indians.

The second book in Rosanne Bittner’s bold *Savage Destiny* series continues the love story of Zeke and Abbie Monroe. For the first five years of her marriage Abbie lives among the Cheyenne, learning their customs and beliefs and giving birth to a son who is as wild and free as his Native American family, and a daughter who will one day be forced to choose between her Indian and white blood. Through real historical events involving the government and Native Americans, Zeke and Abbie cling to one another through danger and torn loyalties. This story vividly depicts the “right” and “wrong” of both sides in the bloody conflicts that arose as the West was settled. Through it all Zeke strives to reach the point where he can provide his Abbie with a real “white woman’s “ home, where she can set a prized family heirloom, a mantle clock, over a fireplace in a house with real wood floors and a cooking hearth. Though his heart is as wild as his Cheyenne blood, Zeke will give up that life for his beloved Abbie. PRAISE: “Power, passion, tragedy, and triumph are Rosanne Bittner’s hallmarks. Again and again, she brings readers to tears.” —Romantic Times “Extraordinary...Bittner’s characters spring to life.” —Publishers Weekly
