Cowboy Brave

Get double the feel-good fun with an all-new book from the Queen of Cowboy Romance, plus a bonus novel by A. J. Pine. This city girl's about to get a dose of cowboy charm. Emily Baker doesn't rough it -- anymore. Born and raised on a farm, she's worked hard to distance herself from that life, thank you

very much. But when the seniors at the nursing home where she works beg for a ranch retreat, she caves and heads up to the Longhorn Canyon spread. With one glance at the sexy cowboy who opens the door, she's suddenly thinking a week with him might not be so bad after all. Justin Maguire doesn't quite know what to do with the gorgeous woman who shows up on his doorstep. She's all curves and confidence-even after stepping in a cow pile. Too bad she's determined not to fall for a cowboy. But with the help of five nosy, matchmaking seniors, he might just convince her he's worth the risk. **SECOND CHANCE COWBOY** by A. J. Pine Once a cowboy, always a cowboy! Jack Everett can handle working on the ranch, but turning around the failing vineyard he's also inherited? That requires working with the woman he never expected to see again.

Luckiest Cowboy of All

A secret baby brings a second chance for love. Carlene Varner's homecoming isn't exactly going according to plan. She thought she'd have some time to adjust before introducing her daughter to Jace Dawson, the father her little girl has never known. Instead, within days of her arrival, her house burns down and she and Tilly have no choice but to move in with the sexy cowboy himself at the Prairie Rose ranch. Now the whole Dawson clan-heck, the whole town of Happy-is all up in their business. Jace has dealt with stubborn bulls and bucking broncos-but being a dad? He is so not ready for this... Yet the more time he spends with Carlene and little Tilly, the harder it is to imagine life without them. Now he just has to convince Carlene that he's the real deal-and hope that this time she's here to stay. **Hometown Cowboy** by Sara Richardson Outrageously handsome Lance Cortez is practically a living legend in Colorado, as famous for riding bulls as he is for breaking hearts. What would a big-time cowboy star like him see in a small-town veterinarian who wears glasses, rescues animals, and cries when watching rom-coms? Turns out, plenty. For fans of Debbie Macomber or Lori Wilde, these cowboy romances deliver a heartwarming read full of feels.

Cowboy Honor

From the New York Times bestselling queen of cowboy romance comes a "charming novel in which friendship, family, love, and trust abound." (Fresh Fiction) Includes a bonus novella by Katie Lane! Patience was never one of her virtues. After her SUV runs off the road in the middle of a Texas blizzard and her cell stops working, Claire Mason is about to snap. Getting back home to Oklahoma with her four-year-old niece is top priority. And lucky for her, help comes in the form of a true Texas cowboy... Levi Jackson has always been a sucker for strays. So he can't help getting involved when he comes across Claire and her little niece shivering in the cold. By offering them a place to stay until her car is fixed, he can make sure the two are taken care of - and get to know the sassy Claire better. What starts as something awkward and temporary starts feeling cozier by the minute. And soon Levi is hoping he can convince Claire she has a permanent place in his heart. Plus, bonus story "O Little Town of Bramble" by Katie Lane! All Ethan Miller wants for Christmas is to celebrate in Bramble, Texas, with family and friends. But when his childhood neighbor comes home for the holiday, Ethan realizes that the girl-next-door could be the girl of his dreams.

Cowboy Strong

When sparks fly between a rugged Texas cowboy and a girl next door, a fake engagement starts to feel all too real in this heartwarming romance from a USA Today bestselling author. Alana Carey can

out-rope, out-ride, and challenge even the best Texas cowboy. Working on her father's ranch for most of her life has made her tough as nails, but she does have one soft spot -- and his name is Paxton Callahan. And with Pax back in town, Alana's old feelings have returned with a vengeance. But she barely has time to process her attraction for the hunky cowboy before her father falls ill and presents her with an ultimatum. Alana's father wants her married and settled before he passes away, and she isn't about to break a dying man's heart. The West in Early Cinema

Verhoeff investigates the emergence of the western genre, made in the first two decades of cinema (1895-1915). By analyzing many unknown and forgotten films from international archives she traces the relationships between films about the American West, their surrounding films, and other popular media such as photography, painting, (pulp) literature, Wild West Shows and popular ethnography. Through this exploration of archival material she raises new questions of historiography and provides a model for historical analysis. These first traces of the Western film reveal a preoccupation with presence and actuality that informs us about the way in which film, as new medium, took shape within the context of its contemporary visual culture. In *The West in Early Cinema* gaat Nanna Verhoeff op zoek naar de nog onbekende beginjaren van het westerngenre tijdens de eerste twee decennia van het medium film (1895-1915). Aan de hand van onbekende en vergeten films uit internationale filmarchieven traceert zij de relaties tussen films over het Westen, omringende filmgenres uit deze periode, en andere populaire media als fotografie, schilderkunst, (pulp)literatuur, Wild West Shows en populaire etnografie. Deze sporen van het genre tonen een grote actualiteit en variatie, die laat zien op welke manier de film als nieuw medium een vorm vond binnen de toenmalige visuele cultuur.

Morality in Cormac McCarthy's Fiction

This book argues that McCarthy's works convey a profound moral vision, and use intertextuality, moral philosophy, and questions of genre to advance that vision. It focuses upon the ways in which McCarthy's fiction is in ceaseless conversation with literary and philosophical tradition, examining McCarthy's investment in influential thinkers from Marcus Aurelius to Hannah Arendt, and poets, playwrights, and novelists from Dante and Shakespeare to Fyodor Dostoevsky and Antonio Machado. The book shows how McCarthy's fiction grapples with abiding moral and metaphysical issues: the nature and problem of evil; the idea of God or the transcendent; the credibility of heroism in the modern age; the question of moral choice and action; the possibility of faith, hope, love, and goodness; the meaning and limits of civilization; and the definition of what it is to be human. This study will appeal alike to readers, teachers, and scholars of Cormac McCarthy.
