"The more you encourage the other side to talk, the more likely it is that you're going to get to this moment of collaboration quicker. Never be so sure of what you want that you wouldn't take something better. How do you get something better? You get the other side to talk. You spend a lot less time talking, and appreciate that they're bringing something to the table that you could use."

Alte weiße Männer

»Beweis erbracht: Unbestechlichen Feminismus gibt es auch in lustig. Sogar in sehr lustig! Großartig!« Anne Will. Sophie Passmann ist Feministin und so gar nicht einverstanden mit der Plattitüde, der alte weiße Mann sei an allem schuld. Sie will wissen, was hinter diesem Klischeebild steckt und fragt nach: Ab wann ist man ein alter weißer Mann? Und kann man vielleicht verhindern, einer zu werden? Sophie Passmann gehört zu einer neuen Generation junger Feministinnen; das sind Frauen, die stolz, laut und selbstbestimmt sind. Sie wollen Vorstandschefinnen werden oder Hausfrauen, Kinder kriegen oder Karriere machen oder beides. Und sie haben ein Feindbild, den alten weißen Mann. Dabei wurde nie genau geklärt, was der alte weiße Mann genau ist. Eines ist klar: Er hat Macht und er will diese Macht auf keinen Fall verlieren. Doch Sophie Passmann will Gewissheit statt billiger Punch-lines, deswegen trifft sie mächtige Männer, um mit ihnen darüber zu sprechen: »Sind Sie ein alter weißer Mann und wenn ja – warum?« Die Texte, die daraus entstanden sind, gehören zu den klügsten und gleichzeitig lustigsten, die man hierzulande finden kann. Sophie Passmann war im Gespräch mit: Christoph Amend, Micky Beisenherz, Kai Diekmann, Robert Habeck, Carl Jakob Haupt, Kevin Kühnert, Rainer Langhans, Sascha Lobo, Papa Passmann, Ulf Poschardt, Tim Raue, Marcel Reif, Peter Tauber, Jörg Thadeusz, Claus von Wagner

Invisible Women

THE SUNDAY TIMES NUMBER ONE BESTSELLER* *OVER HALF A MILLION COPIES SOLD
Discover the shocking gender bias that affects our everyday lives. 'HELL YES. This is one of those books that has the potential to change things - a monumental piece of research' Caitlin Moran Imagine a world where... · Your phone is too big for your hand · Your doctor prescribes a drug that is wrong for your body · In a car accident you are 47% more likely to be injured. If any of that sounds familiar, chances are you're a woman. From government policy and medical research, to technology, workplaces, and the media. Invisible Women reveals how in a world built for and by men we are systematically ignoring half of the population, often with disastrous consequences. Caroline Criado Perez brings together for the first time an impressive range of case studies, stories and new research from across the world that illustrate the hidden ways in which women are forgotten, and the profound impact this has on us all. THE CONTROVERSIAL SUNDAY TIMES BESTSELLER. Candid, fearless and provocative – the author of American Psycho on who he is and what he thinks is wrong with the world today. Bret Easton Ellis is most famous for his era-defining novel American Psycho and its terrifying anti-hero, Patrick Bateman. With that book, and many times since, Ellis proved himself to be one of the world's most fearless and clear-sighted observers of society – the glittering surface and the darkness beneath. In White, his first work of non-fiction, Ellis offers a wide-ranging exploration of what the hell is going on right now. He tells personal stories from his own life. He writes with razor-sharp precision about the music, movies, books and TV he loves and hates. He examines the ways our culture, politics and relationships have changed over the last four decades. He talks about social media, Hollywood celebrities and Donald Trump. Ellis considers conflicting positions without flinching and adheres to no status quo. His forthright views are powered by a fervent belief in artistic freedom and freedom of speech. Candid,

funny, entertaining and blisteringly honest, he offers opinions that are impossible to ignore and certain to provoke. What he values above all is the truth. 'The culture at large seemed to encourage discourse,' he writes, 'but what it really wanted to do was shut down the individual.' Bret Easton Ellis will not be shut down.

Girlsplaining

For fans of Kid Gloves and Waves comes a new original graphic novel by cartoonist Katja Klengel tackling the subjects that have shaped her life: from body shaming to the exploration of her sexuality, from the representation of women in the media to the social pressure on women who have not yet started a family. Why do we fear the word "vulva"? Do we really have to be ashamed of our body hair? Why do gender roles in children's toys seem to be stuck in the '50s? With a sense of humor, an open heart, and unsparing candor, Klengel draws inspiration from her own life as she examines what being a woman today means to her (and really, a whole lot of us!). Please Note: This is for Mature Readers.

Wuthering Heights & Jane Eyre

Born into a poor family and raised by an oppressive aunt, young Jane Eyre becomes the governess at Thornfield Manor to escape the confines of her life. There her fiery independence clashes with the brooding and mysterious nature of her employer, Mr. Rochester. But what begins as outright loathing slowly evolves into a passionate romance. When a terrible secret from Rochester's past threatens to tear the two apart, Jane must make an impossible choice: Should she follow her heart or walk away and lose her love forever? Wuthering Heights is a gothic romance classic by Emily Brontë which revolves around the doomed romance of Catherine and Heathcliff. Charlotte Brontë (1816 – 1855) was an English novelist and poet, the eldest of the three Brontë sisters who survived into adulthood and whose novels have become classics of English literature. Emily Jane Brontë (1818 – 1848) was an English novelist and poet who is best known for her only novel, Wuthering Heights, now considered a classic of English literature.

A Different Sea

Early this century Enrico, a young intellectual, leaves the city of Gorizia with its abundant population and culture, to spend several years living on the Patagonian pampas, alone with his ancient Greek texts, his flocks and, every now and then, a woman. He has been taught by his closest friend, Carlo, a philosopher/poet who commits suicide in his early twenties, to search for an authentic life, free of social falsehoods. But in his search for this unattainable goal, Enrico destroys every chance he has of a normal existence. This is portrait of a world in ferment, a decaying empire shaken by war and revolution, and a life-long search for meaning.

As for Olivia, she's a damaged girl, looking to be mended. She finds something promising in Kate. A study buddy. A best friend. A sister she never had. But even a vulnerable girl like Olivia has her own dark past to contend with. A deeply twisted YA novel that will have you guessing until the very last line.

The Number Bias How Numbers Lead and Mislead Us

Even if you don't consider yourself a numbers person, you are a numbers person. The time has come to put numbers in their place. Not high up on a pedestal, or out on the curb, but right where they belong: beside words. It is not an overstatement to say that numbers dictate the way we live our lives. They tell us how we're doing at school, how much we weigh, who might win an election and whether the economy is booming. But numbers aren't as objective as they may seem; behind every number is a story. Yet politicians, businesses and the media often forget this - or use it for their own gain. Sanne Blauw travels the world to unpick our relationship with numbers and demystify our misguided allegiance, from Florence Nightingale using statistics to petition for better conditions during the Crimean War to the manipulation of numbers by the American tobacco industry and the ambiguous figures pedalled during the EU referendum. Taking us from the everyday numbers that govern our health and wellbeing to the statistics used to wield enormous power and influence, *The Number Bias* counsels us to think more wisely.

How We Desire

What if, instead of discovering our sexuality only once, during puberty, we discover it again later—and then again, after that? What if our sexuality reinvents itself every time our desire shifts, every time the

object of our desire changes? What if the nature of our desire is constantly changing—growing deeper, lighter, wilder, more reckless, more tender, more selfish, more devoted, more radical? *How We Desire* is an enthralling essay about gender, sexuality and love by one of Germany's most admired writers. It's about growing up, and discovering the contours of desire and difference, about understanding that we sometimes 'slip into norms the way we slip into clothes, putting them on because they're laid out ready for us'. In telling her own story, Emcke draws back the veil on how we experience desire, no matter what our sexual orientation. And she examines how prejudice against homosexuality has survived its decriminalisation in the west. This marvellous book pays homage to the radical magic and liberating tenderness of desire itself. Carolin Emcke was born in 1967. She studied philosophy, politics and history in London, Frankfurt and at Harvard. From 1998 to 2013 she reported from war and crisis zones including Kosovo, Afghanistan, Pakistan, Iraq, Gaza and Haiti. She has written a number of books, and in 2016 she received the Peace Prize of the German Book Trade, which has also been won by Svetlana Alexievich, Orhan Pamuk and Susan Sontag. *How We Desire* is the first book by Carolin Emcke to be translated into English. 'Hypnotic.' Sydney Morning Herald 'A beautiful account of discovering and rediscovering one's identity.' Otago Daily Times 'Delicate and vulnerable, angry, passionate, clever and thoughtful. Women & Power

An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender agenda and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillary Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of #metoo, Beard looks at how the discussions have moved on during this time, and how that intersects with issues of rape and consent, and the stories men tell themselves to support their actions. In trademark Beardian style, using examples ancient and modern, Beard argues, 'it's time for change - and now!' From the author of international bestseller *SPQR: A History of Ancient Rome*.

'Pink is my favourite colour. I used to say my favourite colour was black to be cool, but it is pink – all shades of pink. If I have an accessory, it is probably pink. I read Vogue, and I'm not doing it ironically, though it might seem that way. I once live-tweeted the September issue.' In these funny and insightful essays, Roxane Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of colour (The Help) while also taking readers on a ride through culture of the last few years (Girls, Django in Chains) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. *Bad Feminist* is a sharp, funny and sincere look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better.

Oh, To Be Young Again

Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice – and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice – a voice that speaks of unspeakable things.

Unspeakable Things

Nach ihrem vieldiskutierten Bestseller »Alte, weiße Männer« entlarvt Sophie Passmann in ihrem neuen Werk den unerträglichen Habitus einer Bürgerlichkeit, durch die sie selbst geprägt wurde. Eine Passmannsche Suada at its best. Bloß nicht so werden, wie alle anderen um sich herum. Bloß nicht so werden, wie man schon längst ist. Bloß schnell erwachsen werden, um in die transzendente Form des Verklärens eintauchen zu dürfen, die Jugend als »die beste Zeit des Lebens« zu feiern. Sophie Passmann teilt aus gegen alle, am verheerendsten aber gegen sich selbst und ihresgleichen. Zornig und böse, sanft und lustig zugleich zieht sie uns mit rein ins tiefe Tal der bürgerlichen Langeweile im westdeutschen Mittelstand. Sie geht vehement vor gegen die hedonistische Haltung einer wohlgemerkt nicht homogenen Generation, die ihr selbst nur allzu bekannt ist. Dies ist kein Memoir, kein Roman, keine Biographie, es ist: literarischer Selbsthass. Das finden Sie anmaßend? Genau das ist es und genau das will Sophie Passmann: sich anmaßen, das zu tun, was sie tun möchte. Komplette Gänsehaut einfach!

Komplette Gänsehaut

Doing anything 'like a woman' used to be an insult. Now, as the women in this book show, it means being brave, speaking out, and taking risks, changing the world one step at a time. Here, campaigner and journalist Caroline Criado-Perez introduces us to a host of pioneers, including a female fighter pilot in Afghanistan; a Chilean revolutionary; the Russian punks who rocked against Putin; and the Iranian journalist who uncovered her hair.

Do It Like a Woman

Profiles twenty-five female trailblazers who overcame huge obstacles, including Catherine the Great, Zaha Hadid, and Valentina Tereshkova.

What Would She Do?

In the spring of 1945, Fuhrer and Reich Chancellor Adolf Hitler, President Edvard Benes, and Marshal Josip Broz Tito stood as examples of the complete rupture between the Germans and Austrians on the one hand, and the Czechs, Slovaks, Slovenes, Croats, Serbs, and Bosniaks on the other. The total

break that occurred in World War II with war crimes, crimes against humanity, and even genocides (particularly against the Jews and "Gypsies") had a long pre-history, beginning with violent nationalist clashes in the Habsburg Monarchy during the revolutions of 1848/49. Therefore, this monograph - based on a broad range of international primary and secondary sources - explores the development of the political, legal, economic, social, and cultural "communities of conflict" within Austria-Hungary, especially in the Bohemian and South Slavic countries, the making of the Paris Peace Treaties in 1919/20 by violating President Wilson's principle of self-determination, particularly in drawing new borders and creating new economic units, and the perpetuated ethnic-national conflicts between Czechs and Germans, Slovaks and Magyars, Slovenes and Germans, Croats and Serbs as well as Serbs and Germans in the successor states, deepening the differences between the nations of East-Central Europe. Although many kings, presidents, chancellors, ministers, governors, diplomats, business tycoons, generals, Nazi-Gauleiter, higher SS and police leaders, and Communist functionaries have appeared as historical actors in the 170 years of East-Central and Southeastern European history, Hitler, Benes, and Tito remain especially present in historical memory at the beginning of the twenty-first century.

A new voice in comics is incisive, funny, and fiercely feminist. "The mental load. It's incessant, gnawing, exhausting, and disproportionately falls to women. You know the scene--you're making dinner, calling the plumber/doctor/mechanic, checking homework and answering work emails--at the same time. All the while, you are being peppered with questions by your nearest and dearest 'where are my shoes?', 'do we have any cheese?...' " --Australian Broadcasting Corp on Emma's comic In her first book of comic strips, Emma reflects on social and feminist issues by means of simple line drawings, dissecting the mental load, ie all that invisible and unpaid organizing, list-making and planning women do to manage their lives, and the lives of their family members. Most of us carry some form of mental load--about our work, household responsibilities, financial obligations and personal life; but what makes up that burden and how it's distributed within households and understood in offices is not always equal or fair. In her strips Emma deals with themes ranging from maternity leave (it is not a vacation!), domestic violence, the clitoris, the violence of the medical world on women during childbirth, and other feminist issues, and she does so in a straightforward way that is both hilarious and deadly serious.. If you're not laughing, you're probably crying in recognition. Emma's comics also address the everyday outrages and absurdities of immigrant rights, income equality, and police violence. Emma has over 300,000 followers on Facebook, her comics have been shared 215,000 times, and have elicited comments from 21,000 internet users. An article about her in the French magazine L'Express drew 1.8 million views--a record since the site was created. And her comic has just been picked up by The Guardian. Many women will recognize themselves in THE MENTAL LOAD, which is sure to stir a wide ranging, important debate on what it really means to be a woman today.

The Mental Load

These 30 true stories of take-charge princesses from around the world and throughout history offer a different kind of bedtime story . . . Pop history meets a funny, feminist point-of-view in these illustrated tales of "royal terrors who make modern gossip queens seem as demure as Snow White" (New York Post). You think you know her story. You've read the Brothers Grimm, you've watched the Disney cartoons, and you cheered as these virtuous women lived happily ever after. But real princesses didn't always get happy endings—and had very little in common with Cinderella, Sleeping Beauty, Belle, or Ariel. Featuring illustrations by Wicked cover artist, Douglas Smith, Princesses Behaving Badly tells the true stories of famous (Marie Antoinette; Lucrezia Borgia)—and some not-so-famous—princesses throughout history and around the world, including: • Princess Stephanie von Hohenlohe, a Nazi spy. • Empress Elisabeth of the Austro-Hungarian Empire, who slept wearing a mask of raw veal. • Princess Olga of Kiev, who slaughtered her way to sainthood. • Princess Lakshmibai, who waged war on the battlefield with her toddler strapped to her back. Some were villains, some were heroes, some were just plain crazy. But none of these princesses felt constrained to our notions of "lady-like" behavior.

A neuroscientist and Zen practitioner interweaves the latest research on the brain with his personal narrative of Zen. Aldous Huxley called humankind's basic trend toward spiritual growth the "perennial philosophy." In the view of James Austin, the trend implies a "perennial psychophysiology"—because

awakening, or enlightenment, occurs only when the human brain undergoes substantial changes. What are the peak experiences of enlightenment? How could these states profoundly enhance, and yet simplify, the workings of the brain? Zen and the Brain presents the latest evidence. In this book Zen Buddhism becomes the opening wedge for an extraordinarily wide-ranging exploration of consciousness. In order to understand which brain mechanisms produce Zen states, one needs some understanding of the anatomy, physiology, and chemistry of the brain. Austin, both a neurologist and a Zen practitioner, interweaves the most recent brain research with the personal narrative of his Zen experiences. The science is both inclusive and rigorous; the Zen sections are clear and evocative. Along the way, Austin examines such topics as similar states in other disciplines and religions, sleep and dreams, mental illness, consciousness-altering drugs, and the social consequences of the advanced stage of ongoing enlightenment.

Following on from the success of Men Explain Things to Me comes a new collection of essays in which Rebecca Solnit opens up a feminism for all of us: one that doesn't stigmatize women's lives, whether they include spouses and children or not; that brings empathy to the silences in men's lives as well as the silencing of women's lives; celebrates the ways feminism has shifted in recent years to reclaim rape jokes, revise canons, and rethink our everyday lives.

The Mother of All Questions

Diversität spiegelt sich inzwischen auch sprachlich in einer großen Anzahl an Begriffen wider. Aber welche davon werden im Diskurs und in den Medien wirklich verwendet, wenn es um das Thema Diversity geht? Kann man noch "Behinderte" sagen oder ist nur noch "Menschen mit Behinderungen" angemessen? Was wünschen sich die Betroffenen? Wie steht es um "woke"?

Sophie Passmann über Frank Ocean. Frank Oceans Album Blonde ist für Sophie Passmann ein Souvenir aus einer Zeit, in der nichts gut war. Und doch ist es das Album ihres Lebens. Es erschien in dem Sommer, in dem sie in Arztpraxen saß, mal ominöse, mal seriöse Pillen nahm, sich hektisch verliebte und alles in allem brachial lebte. Song für Song seziert sie das Album und damit ihre Gefühle. Sophie Passmann zeigt auf ihre unnachahmliche Weise, wie eng Musik mit dem verknüpft ist, was man so Leben nennt.

An International Bestseller "An absolute gem of a book." --The Observer Just before one of its darkest moments came the twentieth century's most exciting year . . . It was the year Henry Ford first put a conveyor belt in his car factory, and the year Louis Armstrong first picked up a trumpet. It was the year Charlie Chaplin signed his first movie contract, and Coco Chanel and Prada opened their first dress shops. It was the year Proust began his opus, Stravinsky wrote The Rite of Spring, and the first Armory Show in New York introduced the world to Picasso and the world of abstract art. It was the year the recreational drug now known as ecstasy was invented. It was 1913, the year before the world plunged into the catastrophic darkness of World War I. In a witty yet moving narrative that progresses month by month through the year, and is interspersed with numerous photos and documentary artifacts (such as Kafka's love letters), Florian Illies ignores the conventions of the stodgy tome so common in "one year" histories. Forefronting cultural matters as much as politics, he delivers a charming and riveting tale of a world full of hope and unlimited possibility, peopled with amazing characters and radical politics, bristling with new art and new technology . . . even as ominous storm clouds began to gather.

Beim Nachdenken darüber, wie desintegrierende Entwicklungen (wie jene hin zum Brexit) in der Europäischen Union verhindert werden können, stehen drei Themenbereiche im Mittelpunkt: erstens Werte und Sprachen, zweitens interne Krisen und drittens Initiativen im Umgang mit anderen Staaten und kontinentalen Wirtschaftsverbänden. Die kulturellen Eigenheiten Europas werden profiliert und in ihrer Nachhaltigkeit in Erinnerung gerufen. Zu ihnen gehört auch die Pflege der Sprachenvielfalt in der Praxis der Kommunikation in den Verwaltungseinheiten der EU. Bei der Frage nach der demokratischen Praxis wird erneut ein Blick auf die sich weiternden Befugnisse des Europäischen Rates geworfen.

Krisensymptome in der Flüchtlingspolitik, bei der Währungseinheit, der Verteidigungsstrategie und den Außenbeziehungen werden ausführlich diskutiert.

Die Europäische Union zwischen Konfusion und Vision

The historic myths of a people/nation usually play an important role in the creation and consolidation of the basic concepts from which the self-image of that nation derives. These concepts include not only images of the nation itself, but also images of other peoples. Although the construction of ethnic stereotypes during the "long" nineteenth century initially had other functions than simply the homogenization of the particular culture and the exclusion of "others" from the public sphere, the evaluation of peoples according to criteria that included "level of civilization" yielded "rankings" of ethnic groups within the Habsburg Monarchy. That provided the basis for later, more divisive ethnic characterizations of exclusive nationalism, as addressed in this volume that examines the roots and results of ethnic, nationalist, and racial conflict in the region from a variety of historical and theoretical perspectives.

Creating the Other

Der anhaltenden Diversifizierung des Superheld*innen-Genres in Film und TV geht eine Umbruchphase voraus, in deren Fokus eine kritische Neuverhandlung von Männlichkeit(en) steht. Peter Vignold nähert sich diesem Umbruch aus einer gender- und medienkulturwissenschaftlichen Perspektive, die filmische Männlichkeit als Resultat medienästhetischer Prozesse begreift. Er interpretiert Marvels »Infinity Saga« als Geschichte von Vätern und Söhnen, die im symbolischen Tod des Patriarchats aufgeht. Im Fokus der Betrachtung steht der Film Iron Man und dessen Konstruktion als filmhistorisches Museum der Männlichkeiten, das sich aus der Geschichte Hollywoods speist.

The Man From Berlin

Sharp and tender at once, a humourous take on family dysfunction and human weakness seen through a young boy's eyes. Max lives with his grandparents in a residential home for refugees in Germany. When his grandmother—a terrifying, stubborn matriarch and a former Russian prima donna—moved them from the Motherland, it was in search of a better life. But she is not at all pleased with how things are run in Germany. His grandmother has been telling Max that he is an incompetent, clueless weakling since he was a child. While he may be dolt in his grandmother's eyes, Max is bright enough to notice that his stoic and taciturn grandfather has fallen hopelessly in love with their neighbour, Nina. When a child is born to Nina that is the spitting image of Max's grandfather, things come to a hilarious if dramatic head.
