I Am Watching the Top 100 Films of all Time Including the Ones That They Took Off the List When They Revised It in 2007 I'M Currently at 82 Working My Way There There's 124 in Total Um but I Find that Personally At Least on this Campus the Classics Are Very Accessible and that You Can Get that Basis Not Only in the Classroom but on Your Own Where I Feel that It Falls Is that if We'Re Talking about Removing or Maybe Not Putting as Strong of a Focus on the Classics Then Where Are We Putting the Focus Are We Then Putting that in More of the Contemporaries

I Noticed that You'Re Talking More and More about Just Watching Movies and Learning about Them but in in a Sense I Think You'Re Learning How Other People Made Movies and Not How To Make One Yourself I Think if You Give a Lot of Cinema Studies Majors of Movie To Write a Paper on They Can Do that Just Fine but if You Give Them a Camera and Tell Them To Do a Rack Focus They'Re Not Going To Know What To Do So I Mean on Campus Here We'Ve Got Maybe Three Film Production Classes Tops

La otra vida de Ned Blackbird

En *La otra vida de Ned Blackbird*, Alexis Ravelo juega con los límites de la realidad, poniendo la intriga novelesca al servicio de un doble objetivo: la amenidad y la inquietud. Un profesor de filosofía acepta un puesto en la Universidad de Los Álamos sin saber que de esta manera está abriendo una puerta al infierno. Tras alquilar un viejo apartamento, el profesor comienza a seguir el rastro de la anterior inquilina, escarbando en una historia de amores imposibles y tribulaciones creativas que pondrán a prueba su cordura. Además, a medida que va adentrándose en la intimidad de la maestra, se verá obligado a enfrentarse a una serie de hechos extraordinarios que le atañen personalmente y le obligan a cuestionarse su propia identidad. En un homenaje a ritmos y atmósferas expresionistas, *La otra vida de Ned Blackbird* conjuga lo fantástico, lo metaliterario y lo intimista, en un juego de espejos que indaga en algunos de los temas clásicos de la literatura: la memoria, la creación artística, el amor, el erotismo o el poder de la palabra. «Una fábula de fantasmas muy literaria, muy medida, muy calculada». Babelia, El País «El autor se despoja de la violencia y (en parte) de la crítica social y entrega una intriga psicológica clásica». El Mundo «El escritor grancanario se aleja de su perfil más oscuro para construir una atractiva y absorbente historia en torno a *La otra vida de Ned Blackbird*». El Día «Uno de los más queridos y laureados del panorama noir nacional se reta esta vez con un giro estilístico por los senderos de lo fantástico, lo metaliterario y lo intimista». La Provincia «Un homenaje a una generación de escritores que llenaron el tiempo libre de un país en una época en la que la televisión aún no reinaba en los hogares. También a la lucha de las mujeres por tomar las riendas de su propio destino y encontrar su lugar en un mundo de hombres. Y al amor, un amor no necesitado de ataduras ni convencionalismos para ocupar un lugar central de la vida». FantasyMundo «Hay otros escritores que pudiendo explotar lo que ya saben que gusta a los lectores prefieren reinventarse y adentrarse por nuevos caminos a la hora de encarar la narración. Alexis Ravelo se incluye en estos últimos». Canarias 7

Tiempos negros

Alicia Giménez Bartlett, Jenn Díaz, Lorenzo Silva, Alexis Ravelo, Eduardo Berti, Ernesto Mallo, Patrícia Soley-Beltran, Cristina Fallarás, Bernardo Fernández, Paco Ignacio Taibo II, Pablo De Santis, Espido Freire, Petros Márkaris, Anna María Villalonga «Si nos detenemos en cualquier momento de nuestras vidas y miramos atrás, veremos que cada uno de nuestros pasos nos condujo a ese preciso instante. Podremos apreciar las consecuencias de una serie de decisiones que, conscientemente o no, combinadas con factores externos que las propiciaron o las modificaron, fuimos tomando por el camino. Esto que es verdad para los individuos, no lo es menos para las sociedades. La política ha demostrado su incapacidad para prever las consecuencias de sus resoluciones. La vida demuestra a cada paso lo poco que controlamos todo. Desde los albores de la humanidad hemos atravesado conflictos, guerras, epidemias, catástrofes, crisis económicas y tiranías de todo pelaje. Si bien han tenido un alto costo en vidas y sufrimiento, hasta el momento hemos logrado subsistir. Estoy convencido de que gran parte de este éxito es debido a que somos capaces de contarnos nuestras historias, de transmitírnos experiencias y de encontrar en la cultura los recursos necesarios para superar los momentos más terribles que, como comunidad y como individuos, nos toca vivir. Llamamos "Tiempos negros" a esos momentos».ERNESTO MALLO

Morir despacio

¿Por qué se suicidó Víctor, el hijo menor de Ernesto Barroso? Para tranquilizar al anciano, obsesionado con esta pregunta, Eladio Monroy accede a echar un vistazo al asunto. No tardará en descubrir que la explicación oficial no es la correcta. También averiguará que la verdad es peligrosa. Es 2012 y, mientras una sociedad enferma ve desmoronarse sus escasos logros, el exmarinero vuelve a recorrer la ciudad agitando avisperos y pisando los juanetes de algunos poderosos que tienen mucho que esconder. La serie Eladio Monroy Eladio Monroy no es policía ni detective. Ni siquiera un periodista. Pensionista de la marina, complementa su mísero sueldo con encargos bajo cuerda. Tan sarcástico como sentimental, tan culto como maleducado, se enfrenta a cada problema con astucia, perplejidad y grandes dosis de mala baba. No es que le apetezca andar por ahí investigando a la gente y haciendo justicia. Lo único que quiere es ir echando días para atrás en la ciudad que lo vio nacer. Pero, irremediablemente, siempre acaba viéndose obligado a hacer cosas que nadie hará si no las hace él. Las novelas de la serie Eladio Monroy se inscriben en el hard boiled más clásico y, al mismo tiempo, resultan absolutamente singulares. Ambientadas en Las Palmas de Gran Canaria, bucean en las contradicciones de la sociedad española y las ponen de relieve en argumentos autoconclusivos plagados de giros, humor y violencia.

Los nombres prestados

PREMIO DE NOVELA CAFÉ GIJÓN 2021PREMIO NOVELPOL 2023 «Una novela, muy bien estructurada, que se sirve de un narrador omnisciente para abordar temas de fondo tan importantes como la identidad, el perdón, la redención y la verdad».Del Acta del Jurado «Los personajes de Alexis Ravelo están hechos de piel mucho más que de tinta. Ni los buenos lo son por completo, ni los malos son la iniquidad hecha carne. Aman, sienten y sufren, aunque puede que no siempre lo hagan por los motivos más éticos». Marta Marne, El Periódico Tomás Laguna podría perfectamente ser un corredor de seguros jubilado que ha llegado a Nidocuervo para disfrutar con tranquilidad de su retiro en compañía de su perro Roco. Y Marta Ferrer podría pasar por una traductora que ha encontrado en el pueblo el sitio ideal para vivir en paz con su hijo Abel. Pero lo cierto es que ambos son verdugos insomnes llegados a ese rincón del mundo con nombres prestados, fingiendo que no son quienes hasta hace poco han sido. Sin embargo, el equilibrio entre la realidad y la ficción que cada uno ha elegido para sí es tan frágil que sucesos tan fortuitos como una tormenta o la elección de una foto para la portada de un periódico resucitarán los fantasmas del pasado, devolviendo a sus vidas una violencia que esperaban haber dejado atrás para siempre. Situada a mediados de los años ochenta del siglo XX, Los nombres prestados es una historia de acción y suspense, un western moderno, una novela negra que funciona también como una alegoría que indaga en las causas y las consecuencias de la violencia política, en la vinculación entre víctimas y verdugos, en las obligadas paradas que habrá de hacer quien recorra el tortuoso camino hacia la redención.

Un tío con una bolsa en la cabeza

«No contaremos si la víctima sobrevive o muere, pero quien sale vivo es el autor, sorprendentemente vivo, de un paseo que dura más que los instantes de la muerte porque nos va a llevar a lo hondo y a lo factual». BERNARDO G. HARBOUR, El País «Alexis Ravelo es único en su aproximación al género policiaco. En esta novela ofrece un punto de vista distinto y un uso arriesgado del tiempo narrativo que funcionan en todo momento». JUAN CARLOS GALINDO, El País «En el interior de esta bolsa no solo se encuentra la cabeza de un hombre, sino también las podridas entrañas de una sociedad corrupta». Negra y Mortal «Una bizarra novela negra entreverada por una descripción hiperrealista del cinismo rampante en la vida política y de las traiciones íntimas en las que algunos reparan cuando es demasiado tarde». ÍÑIGO URRUTIA, Diario Vasco «Imposible condensar en una sola frase todo lo que es esta grandísima novela. Lo que debe hacer el lector es lanzarse sin dudarlo (de cabeza) a por ella». MARTA MARNE, El Periódico «Ravelo es uno de los referentes de la novela negra criminal actual. Es un escritor al que le gusta enfangarse, ir a los temas más turbios». PAULA CORROTO, El Confidencial «Alexis Ravelo radiografía un tipo de ser humano muy específico, al que trata de entender». HÉCTOR PORTO, La Voz de Galicia Un tío con una bolsa en la cabeza trata sobre un tío con una bolsa en la cabeza. Y ese tío es Gabriel Sánchez Santana —Gabrielo para los amigos—, alcalde corrupto del no menos corrupto municipio de San Expósito, a quien dos desconocidos han dejado maniatado con la cabeza metida en una bolsa de basura tras atracarlo en su propia casa. Sin posibilidad de liberarse o pedir auxilio, condenado, salvo azar o milagro, a la muerte por asfixia, Gabrielo dedicará sus últimos momentos a intentar averiguar quiénes son los asaltantes y si estos actuaban por su cuenta o seguían las órdenes de un tercero. De este modo, en el repaso a una vida de egoísmos, ambiciones y deslealtades, se convertirá en el peculiar investigador de su propio asesinato aún antes de su consumación. Este texto claustrofóbico y violento es, además de una poderosa y singular novela negra —cuyos códigos maneja y deconstruye—, una lúcida memoria de la vida política y económica española en las últimas décadas, un relato de oportunidades perdidas y relaciones truncadas que funciona también como una incisiva indagación ética sobre la justicia, la lealtad y el perdón. «Lean a Ravelo, háganse ese favor. Es uno de nuestros imprescindibles». Negra y mortal

Los milagros prohibidos

Un duelo entre dos hombres, un triángulo amoroso, una novela sobre la memoria histórica y el compromiso personal. Uno de los episodios más desconocidos de la Guerra Civil española: la Semana Roja de La Palma. Tan emocionante como El lápiz del carpintero y tan veraz como Luna de lobos, la nueva novela de Alexis Ravelo nos sumerge en uno de los episodios más desconocidos de la Guerra Civil española. Agustín Santos vaga por los montes de La Palma con un revólver que no quiere usar. Entre sus perseguidores se cuenta Floro el Hurón, pretendiente rechazado por la mujer de Agustín, que tiene la oportunidad perfecta para deshacerse de su rival. Mientras tanto, en la capital de la isla, Emilia mantiene a duras penas la esperanza de que su marido logre ponerse a salvo, cada vez más convencida de que solo un milagro podría hacer realidad algo semejante. Pero en el invierno de 1936 los fascistas parecen haberlo prohibido todo... hasta los milagros. Los milagros prohibidos es la historia de un triángulo amoroso y del duelo desigual entre dos hombres, al mismo tiempo que una honda reflexión sobre la justicia y un sentido homenaje a la memoria de los protagonistas de la Semana Roja de La Palma, un acontecimiento decisivo para el transcurso de la Guerra Civil en las Islas Canarias.

La ceguera del cangrejo

«No es cierto que la novela negra española no esté abordando la corrupción y la injusticia en este país. Hay autores que nos cuentan los sufrimientos cotidianos de los de abajo y la inmensa caradura de los de arriba. Alexis Ravelo, escritor negro del linaje de Juan Madrid y Andreu Martín, es uno de ellos». JAVIER VALENZUELA, Infolibre Oficialmente, la historiadora del arte Olga Herrera falleció en un absurdo accidente en Lanzarote mientras ultimaba una biografía del más famoso artista de la isla: César Manrique. Pero para Ángel Fuentes, militar de profesión destinado en el Líbano y compañero sentimental de la víctima, la verdad de su muerte tuvo que ser otra, aunque nadie salvo a él le interese averiguarla. Recién aterrizado en suelo canario, el sargento Fuentes irá reproduciendo a través del volcánico paisaje lanzaroteño el itinerario que realizó su pareja para documentarse. Pero no tardará en sospechar que no está solo en su viaje, que hay quien sigue sus pasos como antes debió de seguir los de Olga, que ella debió descubrir algo que muchos están dispuestos a silenciar... Sobre una telúrica e incomparable geografía, a la vez física y simbólica, La ceguera del cangrejo despliega una absorbente intriga criminal en la que todos sus protagonistas se ven enfrentados a dos únicas opciones: abrir los ojos para encarar la verdad o, como los cangrejos que habitan los Jameos del Agua, vivir ciegos y ajenos a la realidad.

Si no hubiera mañana

La sexta de Eladio Monroy Sonsoles Nieves le pide a Eladio Monroy que la ayude en una cosa de amores: comprender por qué su pareja, el administrativo Diego Miranda, la ha dejado de pronto, de un día para otro y sin ninguna explicación. Monroy, para combatir el aburrimiento, acepta hacer algunas averiguaciones. No tardará en comprender que lo sentimental tiene que ver muy poco en el asunto y que, a una larga lista de gente relacionada con él, le ha dado por morirse de mala manera. Además, anda de por medio un viejo amigo suyo, Falo el Moldura, un escayolista metido a traficante de drogas a tiempo parcial. Será tarde cuando descubra que habría sido mejor para él que continuara aburriéndose. La serie Eladio Monroy Eladio Monroy no es policía ni detective. Ni siquiera un periodista. Pensionista de la marina, complementa su mísero sueldo con encargos bajo cuerda. Tan sarcástico como sentimental, tan culto como maleducado, se enfrenta a cada problema con astucia, perplejidad y grandes dosis de mala baba. No es que le apetezca andar por ahí investigando a la gente y haciendo justicia. Lo único que quiere es ir echando días para atrás en la ciudad que lo vio nacer. Pero, irremediamente, siempre acaba viéndose obligado a hacer cosas que nadie hará si no las hace él. Las novelas de la serie Eladio Monroy se inscriben en el hard boiled más clásico y, al mismo tiempo, resultan absolutamente singulares. Ambientadas en Las Palmas de Gran Canaria, bucean en las contradicciones de la sociedad española y las ponen de relieve en argumentos autoconclusivos plagados de giros, humor y violencia.

Los tipos duros no leen poesía

Monroy ha vuelto a meterse en un lío. Y puede que esta vez sí le cueste el pellejo, porque se desangra lentamente en un lujoso chalé del sur de Gran Canaria mientras intenta comprender cómo ha podido acabar así. En el origen del asunto están la extraña pareja formada por Melania Escudero y el abogado

Alfredo Suárez Smith, una cajita de supuesto valor sentimental, la amante de un millonario difunto y un hombre peligroso que lleva siempre consigo un libro de poemas. Nuevamente, el marinero retirado de la calle Murga se ve envuelto en una oscura trama que desvela algunas de las injusticias de un sistema empeñado en ocultarlas. Crimen

Crimen (1934) es, probablemente y pese a que su estructura rechaza con ferocidad cualquier clasificación, la primera novela surrealista publicada en España. Un texto bello y desasosegante, incardinado en la estética vanguardista de la Europa del momento, que sin atender a tabúes explora las más oscuras pulsiones del ser humano. Así, el recuerdo de un crimen maestro servirá al alucinado narrador para reunir un delirante catálogo de homicidas ilustres: jazmines que envenenan a doncellas durmientes, hombres crucificados en el balcón de su cámara nupcial, estatuas que usan sus senos como arma en un doble infanticidio... Elogiada por Azorín y Gómez de la Serna, la obra de Espinosa fue silenciada por motivos políticos y los pocos ejemplares disponibles hubieron de ser ocultados o destruidos. Tras su rescate en 1974, su valor ha ido acrecentándose calladamente hasta convertirla por derecho propio en un clásico secreto de la literatura española del siglo XX.

Nothing Holds Back the Night

In this moving autobiographical novel, the narrator's mother, Lucile, raises her two daughters largely alone. A former child model from a large Bohemian family, Lucile is younger and more glamorous than the other mothers: always in lipstick and stylishly dressed, wayward and wonderful. But as the years pass her occasional sadness gives way to overwhelming despair and delusion. This is a story of luminous beauty and rambunctious joy, of dark secrets and silences, revelations and, ultimately, the unknowability of even those closest to us. And in the face of the unknowable, personal history becomes fiction. *Nothing Holds Back the Night* is universally recognisable and singularly heartbreaking.

Spain, a Global History

From the late fifteenth to the nineteenth centuries, the Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was true not only in an economic sense-the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system-but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value and money, Cervantes was writing *Don Quixote*, Velázquez was painting *Las Meninas*, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time.

The Woman from Uruguay

From internationally bestselling Argentine author Pedro Mairal and Man Booker International-winning translator Jennifer Croft, the unforgettable story of two would-be lovers over the course of a single day. 'A searing tale of seduction and betrayal, both wryly comic and deeply serious' Sigrid Nunez, National Book Award-winning author of *The Friend* Lucas Pereyra, an unemployed writer in his forties, embarks on a day trip from Buenos Aires to Montevideo to pick up fifteen thousand dollars in cash. An advance due to him on his upcoming novel, the small fortune might mean the solution to his problems, most importantly the unbearable tension he has with his wife. While she spends her days at work and her nights out on the town-with a lover, perhaps, he doesn't know for sure- Lucas is stuck at home all day staring at the blank page, caring for his son Maiko and fantasizing about the one thing that keeps him going: the Uruguayan woman he met at a conference several months back and who he is longing to see on his day trip to Montevideo. The surprising, moving story of this incredibly impactful day in Lucas' life, *The Woman from Uruguay* is both a gripping narrative and tender, thought-provoking exploration of the nature of relationships. An international bestseller published in twelve countries, it is the masterpiece of one of Latin America's most beloved writers. 'At once a picaresque comedy and a penetrating study of a man on the verge of middle age' Colm Toibin

WASHINGTON SQUARE

Washington Square is a tragicomedy that recounts the conflict between a dull but sweet daughter and her brilliant, unemotional father. The plot of the novel is based upon a true story told to James by his close friend, British actress Fanny Kemble. The book is often compared with Jane Austen's work for the clarity and grace of its prose and its intense focus on family relationships. Dr. Austin Sloper, a wealthy and highly successful physician, lives in Washington Square, New York with his daughter Catherine. Catherine is a sweet-natured young woman who is a great disappointment to her father, being physically plain and, he believes, dull in terms of personality and intellect. His sister, Lavinia Penniman, a meddlesome woman with a weakness for romance and melodrama, is the only other member of the doctor's household. Henry James (1843–1916) was an American-British writer who spent most of his writing career in Britain. He is regarded as one of the key figures of 19th-century literary realism.

One-Punch Man

I'm scum. Yes, I always have been. . . . I know what I did, and what I should have done. A spellbinding and provocative psychological thriller that shows just how far a man will go to win the most enduring

and ruthless of games: the game of power. Raised in the upper echelons of elite New York society, Thomas Spencer has never wanted for much. But much is hardly enough for a man whose greatest satisfaction lies in shattering the happiness of others. Thomas, the black sheep of his family, harbors only resentment toward those closest to him for what they have more of: good looks, good cheer, good social graces. But what Thomas may lack in charm, he makes up for in cunning. And it is this that will serve him best when he trades in his glittering world of privilege for a chance to claw his way to the top—on his own terms, and at any cost. As Thomas achieves fame and success as an ad man, he becomes ever more deeply entrenched in an insidious underworld of media, politics, and women, and an astonishing picture emerges of a complex, destructive personality who will stop at nothing to get what he wants. Shameless and electrifying, *Story of a Sociopath* illuminates the true nature of power through the mind of a master psychological manipulator.
