Short Stories by Jesus

The renowned biblical scholar, author of *The Misunderstood Jew*, and general editor for *The Jewish Annotated New Testament* interweaves history and spiritual analysis to explore Jesus' most popular teaching parables, exposing their misinterpretations and making them lively and relevant for modern readers. Jesus was a skilled storyteller and perceptive teacher who used parables from everyday life to effectively convey his message and meaning. Life in first-century Palestine was very different from our world today, and many traditional interpretations of Jesus' stories ignore this disparity and have often allowed anti-Semitism and misogyny to color their perspectives. In this wise, entertaining, and educational book, Amy-Jill Levine offers a fresh, timely reinterpretation of Jesus' narratives. In *Short Stories by Jesus*, she analyzes these "problems with parables," taking readers back in time to understand how their original Jewish audience understood them. Levine reveals the parables' connections to first-century economic and agricultural life, social customs and morality, Jewish scriptures and Roman culture. With this revitalized understanding, she interprets these moving stories for the contemporary reader, showing how the parables are not just about Jesus, but are also about us—and when read rightly, still challenge and provoke us two thousand years later.

Jesus Short Stories

Jesus Short Stories is my own effort to shed light on Jesus's parables. As someone who is a regular churchgoer and has spent countless hours studying the Bible, particularly the words of Jesus, it has always perplexed me that seldom do you ever find anyone trying to uncover the hidden meaning behind Jesus's parables. If you spend time reading the gospels, that is exactly what happened in Jesus's time

as well. A few years ago, I began seeing Jesus's parables in a new light. First and foremost, these Jesus Short Stories are Christian fiction. I want to stress that they are indeed fiction. However, they are presented in a way that will help the reader to also gain insight on the hidden nature of Jesus's parables. Throughout this book, there is one rule that I have regarding the words of Jesus...under no circumstances ever, do I put words in the mouth of Jesus. But that said, I have found clever ways of shedding light on the hidden mysteries. On a side note, the very first short story is my sincerest effort to reconstruct the lost gospel.

The Jesus Storybook Bible

Whether children are reading to you or with you, this larger format, read-aloud edition of the Jesus Storybook Bible--trusted and treasured for over a decade--has been purposefully designed for one reason: to help God's Word stick. The storybook Bible that has captured the hearts of millions of readers young and old has been written, illustrated, and formatted with shared reading time in mind. Parents, grandparents, pastors, and teachers, that means one of the most treasured children's Bibles ever created is also one the most trusted Bibles to help children read-aloud and remember the truths of Scripture. boosts creativity and social skills, which are two essential skills in both academics and real life. Grab a copy today.

The Story of God's Love for You

It's an adventure story about a young Hero who comes from a far country to win back his lost treasure. It's a love story about a brave Prince who leaves his palace, his throne—everything—to rescue the one he loves. The best thing about this Story is—it's true! And at the center of the Story, there is a baby. The Child upon whom everything would depend. All the stars, mountains, oceans, and galaxies were nothing compared to how much God loved his children. He would move heaven and earth to be near them. Always. Whatever happened, whatever it cost him, he would always love them. And so it was that the wonderful love story began. The Story of God's Love for You: Is for teenagers and adults who want to read and learn about the story of God's love for them Includes 44 short chapters that lead you through the beautiful story of the Bible—Genesis to Revelation Masterfully shows how all the individual Bible stories fit together into one cohesive narrative that points to Jesus Makes the big picture of Scripture clear to new believers, and helps seasoned believers fall in love with the Bible all over again Features text from bestselling author Sally Lloyd-Jones that brings the truths of the Bible into a new light for today's world The beauty and peace that only God's love can provide pulses through every page. Just as The Jesus Storybook Bible is an essential book for the library of every child, The Story of God's Love for You is an essential book for the library of every adolescent and adult.

Little Books of the Bible

A follow-up to the previous boxed set from Ideals entitles Little Books of the Bible: Old Testament Stories. The beautiful box will remain on the child's dresser for years to come.

16 Short Bible Stories For Kids

Read about the story of Daniel, Ezekiel, and the life, teachings, and miracles of Jesus in the fourth volume in the Short Bible Stories For Kids series. And in those days the Spirit drove Jesus into the wilderness to be tempted by Satan. And when he had fasted for forty days and forty nights, he became extremely hungry. And the Tempter came to him and said, "If you are indeed God's Son, tell these stones to be turned into bread." But Jesus answered and said to him, "It is written that humans must not eat only physical bread but the words of the Living God."

Stories Jesus Told Colouring Book

Read the parables and colour your favourite Bible stories from Nick Butterworth and Mick Inkpen.

Daniel in the Lions' Den

The Upside-Down Jesus and other stories is a collection of published and prize-winning short stories, flash fiction and micro-fiction giving voice to a variety of different characters. A child struggles to overcome her fear of the upside-down Jesus, a man dons his 'egg-stealing coat' once a week, a teenager becomes obsessed with the colour purple, an old man keeps his wife closer than others would like, a psychiatrist considers the folly of his patients, and a little girl watches her neighbour slowly disappear.

The Upside-Down Jesus and Other Stories

"Jesus for Kids: Funny Stories" is a delightful collection of Bible stories reimagined with a twist of humor and whimsy. This beautifully illustrated book is designed to make the timeless tales of the Bible accessible and enjoyable for children while preserving the core messages and values. Each story in this collection is retold in a way that captures the imagination of young readers and imparts moral lessons through laughter and engagement. Features: Engaging Storytelling: The book uses light-hearted and humorous storytelling to engage children. The language is simple and relatable, making it easy for young readers to understand the stories and their underlying messages. Beautiful Illustrations: Inspired by the work of old masters, the illustrations in this book are rich and captivating. The artwork brings the characters and settings to life, adding depth to the storytelling. Diverse Collection of Stories: The book includes a wide range of stories from the Bible, featuring well-known characters like Jesus and the disciples. Each story is retold with a funny twist, making them memorable and enjoyable. Moral Lessons: While the stories are humorous, they also impart essential moral lessons. Through the adventures and

antics of the characters, children learn about kindness, faith, humility, and other virtues. Interactive Elements: The book includes interactive elements such as questions and activities that encourage children to think and engage with the stories. Cultural Context: The book provides brief introductions to the historical and cultural context of each story. This helps children understand the background and significance of the stories. Character Profiles: Each story includes fun and informative character profiles, giving children insights into the personalities and roles of the characters in the Bible. Reflection Questions: At the end of each story, there are reflection questions that encourage children to think deeply about the lessons and how they can apply them in their own lives. Audience: "Jesus for Kids: Funny Stories" is perfect for children aged 4 to 10. It's also an excellent resource for parents, guardians, and educators who want to introduce children to the Bible in a fun and engaging way. Ideal For: Family Reading Time: This book is perfect for family reading time, allowing parents and children to bond over humorous and heartwarming stories. Sunday Schools and Religious Education: It's an excellent resource for Sunday schools and religious education programs, offering a fresh and engaging approach to teaching Bible stories. Gifts and Holidays: Whether it's a birthday, Christmas, Easter, or any special occasion, "Jesus for Kids: Funny Stories" makes for a thoughtful and cherished gift. Final Thoughts: This book is not just a collection of stories; it's an adventure through the pages of the Bible. It's a treasure that will make children laugh, think, and learn. Whether it's a gift or a valuable addition to a family's library, "Jesus for Kids: Funny Stories" will surely be cherished by young readers.

Jesus for Kids

Retells selected events from the life of Christ.

Stories from the Life of Jesus

This book is designed to encourage young children to have basic knowledge of Jesus' life, teaching, miracles, suffering, and resurrection.

My Short Story Of Jesus On Earth

The life and teachings of Jesus Christ have been a source of inspiration for millions of people for over two thousand years. Through his words and actions, Jesus modeled countless positive character traits that we can all strive to emulate in our own lives. From forgiveness and generosity to courage and humility, the example of Jesus provides a roadmap for developing strong, virtuous character. In this book, we will explore some of the most important character traits that Jesus demonstrated and taught, through a collection of stories and parables that illustrate each trait in action. Whether you are a Christian seeking to deepen your faith or simply looking to cultivate better habits and behaviors, the lessons of Jesus can provide invaluable guidance and inspiration for living a life of love, compassion, and integrity.

Jesus Stories for Kids

Retells the story of Jesus feeding his followers with five little loaves of bread and two fish.

Jesus Feeds the Five Thousand

8 Short Stories of The Divine Mercy, are personal stories written by Mark Endres. Most of the stories have been published by the Marians of the Immaculate Conception at Marian.org. These stories are simple reminders of God's faithfulness to those who seek His guidance in everyday life. From "More Than a Hill of Beans" to "Touched by an Angel" to "Divine Mercy - Grace By Fire," Mark shares his stories and journey to promote the Divine Mercy of Jesus through prayer, words and works. Having witnessed the Divine Mercy image of Jesus on a crucifix while praying the Divine Mercy chaplet, Mark recounts his confirmation from God that He truly answers our prayers. He asks us all to promote the Divine Mercy image and devotion to family and strangers alike. As Jesus said to Saint Faustina: "I desire that the image be publicly honored." (Diary, 414) "My daughter, do whatever is within your power to spread devotion to My mercy. I will make up for what you lack. Tell aching mankind to snuggle close to My merciful Heart, and I will fill it with peace (Diary, 1074)." Mark lives in Madison, WI. He has been interviewed by Thom Price of EWTN radio regarding Divine Mercy bumper stickers. Mark's short stories have also appeared in the Madison Catholic Herald and The La Crosse Catholic Times. Mark has also been a EWTN Media Missionary. His Divine Mercy bumper stickers are sold in bookstores including

The National Shrine of Our Lady of Good Help. Visit www.divinemercysunday.com for information about Divine Mercy Sunday.

8 Short Stories of The Divine Mercy

Book of Short Stories presents a collection of short stories that have been written over a twenty-five-year period. Some were used as closing thoughts given to the boys of several Boy Scout troops at the end of meetings, when author Alexander C. Parker served as both an assistant scoutmaster and as scoutmaster. These stories show how God can and does work in the lives of people through the leading of the Holy Spirit and how it is possible to find new direction in your life by letting God and the Holy Spirit speak to you. It is hoped that by reading each story and letting the theme of that story remain with you, that it will help in providing a "new" and "stronger" positive outlook and make you the reader more confident in your walk of life. There is a very clear message on Salvation and several opportunities to accept Jesus Christ as your Personal Lord and Savior. Parker is also the author of Jesus of the Future; both books seek to lead readers to understand God more clearly.

Book of Short Stories

You may think of martyrs as those who gave their lives for the faith in the early church. But today, Christians around the world continue to stand boldly for Christ despite ongoing persecution. These are their stories. · Pastor Han--Stabbed to death by North Korean agents for sharing the gospel with North Koreans in China · Jean-Pierre Werner and Rodé Groenewald--Killed in a Taliban attack on their home in Afghanistan · Fatima Al-Mutairi--Killed by her brother after becoming a Christian in Saudi Arabia · Habila--Survived being shot in the face by Boko Haram militants after refusing to renounce Christ Persecution has always accompanied followers of Jesus, who invited His followers to come and die. Some were jeered at, and their backs were cut open with whips. Others were chained in prisons. Some died by stoning, some were sawed in half, and others were killed with the sword. Some went about wearing skins of sheep and goats, destitute and oppressed and mistreated. They were too good for this world, wandering over deserts and mountains, hiding in caves and holes in the ground. --Hebrews 11:36-38 Faithful Christians around the world are still suffering and dying for the name of Christ. Their stories inspire and encourage each of us to follow Christ, no matter the cost.

Jesus Freaks

Seek and find book exploring Old Testament Bible stories.

Seek and Find: Old Testament Bible Stories

A thought-provoking question grew into an inspiring short story: What would Jesus have to say if he walked into a church today? Although this short story is fiction, the questions it poses are decidedly relevant. Would Jesus be able to re-connect with people? Would he be old school or refurbish a contemporary Christianity? Would he get along with the priests? The Second Coming of Jesus Christ is an inspirational story that plays in a contemporary setting. It shall not just inspire, but also entertain. Religion should be fun and it doesn't hurt if it's a bit hip. Even religion deserves some marketing. That's why Jesus roamed around Israel and spread the good news. And he offered mind-blowing give-aways to support his campaign: he healed sick people, resurrected deceased, and turned water into wine. But that's a long time ago, his legacy has withered and much of his memorandum was lost in translation. This short story presents alternative interpretations of the Bible and Christianity. Reader discretion is advised.

The Second Coming of Jesus Christ

Retells eight parables that help draw young Christians closer to God.

Stories Jesus Told

Tommy spends his days thinking about how to spend his share of his father's wealth. When his father finally gives him his inheritance, Tommy leaves in a spaceship to prove he can make more money than his father ever did. But when things do not turn out the way Tommy plans, now he must decide how to extract himself from the mess. But will his father ever welcome him back home again? In a collection of short stories for children, Gary Fauzae takes inspiration from Bible stories to share valuable moral lessons. Children will visit an unhappy Bonkers and his friends in Clown Town, sympathize with Patches

the Scarecrow as he works through his fears of the dark, and share a lively adventure on the sea with Sarah, a God-fearing tugboat. Adventure Tales is a collection of Christ-centered short stories that share timeless, inspirational messages that remind children that God and his son, Christ Jesus, are always there for us.

Adventure Tales

A new size for this sweet and brightly colored board book that explores the presence of Jesus in our lives. If Jesus lived inside our hearts, would it show in our daily actions? This delightful little story explores just that as the toddlers in the story learn to be kind and generous in a variety of situations. The book may be used by parents as an introduction to Jesus and a way to discuss the many ways He lives within us. Bright and engaging illustrations from Amy Wummer enhance the appeal of the book to young children. Ages 2-5.

If Jesus Lived Inside My Heart

These Level One Early Readers/I Can Reads are retellings of familiar Bible stories.

Zacchaeus Meets Jesus

A colorful way for kids to learn about the parables of Jesus! The Parables of Jesus for Kids presents the 53 parables of Jesus Christ (40 are illustrated) as recorded in the Gospels of Matthew, Mark, Luke, and John. Parents, grandparents, and teachers can use it to introduce their youngsters to the teachings of Jesus in a way that will make a life changing difference in their young lives a difference that will last a lifetime. Even adults will understand the parables better after reading them to their kids. The Parables of Jesus for Kids unravels some of the intricacies of the parables, making them easy for kids of any age to understand. Your kids will delight in the stories of The Prodigal Son, The Lost Coin, The Good Samaritan, The Pearl of Great Value, The Mustard Seed, The Wheat and the Tares, The House on the Rock, and many more. It's a colorful book with powerful messages stories your kids will want to read, or hear, again and again!

The Parables of Jesus for Kids

A wonderful addition to the Storyteller range, told by the expert storyteller, Bob Hartman. Twenty-seven of Jesus' parables are given a fresh twist in his lively and dynamic style, managing to effortlessly engage young readers and make clear the depths of meaning within the story. Illustrations by Krista Kallai Nagy add to the warm-hearted appeal of the parables. This book is suitable for teachers seeking material to read out loud in class and assemblies, and for parents wanting stories children can enjoy having read to them, or for those who are starting to read by themselves.

The Lion Storyteller Book of Parables

The third volume in the Biblical Explorations series from bestselling New Testament writer Paula Gooder explores a major exponent of the Gospels: the parables of Jesus. Covering every parable, this volume focuses on some of the best-known stories in the gospels, mining their meaning afresh today. It considers why Jesus spoke in pictures and opens up the world behind the parables to reveal just how striking, memorable and challenging they were for their original hearers. Biblical Explorations is an exciting series that offers an accessible and informed study of the best loved texts in Scripture. Rooted in the conviction that greater understanding of the Bible leads to deeper discipleship, it is an essential resource for preachers, teachers and study group leaders, as well as those who simply wish to get to know the Bible better.

The Parables

This Little Grasshopper Books collection includes 12 board books with art based on the life and teachings of Jesus. The simple stories will delight babies and toddlers. Whimsical illustrations bring the stories to life. The small sturdy board books are great for little fingers! - 3x3 inches each. The books included are: The Birth of Jesus, Baby Jesus, Miracles of Jesus, Miracle at Cana, Jesus Heals the Sick, The Parables, The Sower, The Good Samaritan, The Prodigal Son, The Lord's Prayer, The Sermon on the Mount, and Jesus and His Friends. The keepsake box houses all 12 books until it's time to bring them out again! 12 board books - 10 pages each

My Little Library: Stories of Jesus (12 Board Books)

'The Story Of Jesus' is Ellen Gould White's adaptation of her own work 'Christ Our Saviour' for a children's audience. This beautiful narrative of Jesus' life on earth was prepared by the author's son while he was working with mostly illiterate slaves in the South of the United States. It is wonderful to read and tell, even for persons with a limited vocabulary.

The Story Of Jesus

I was born in former Communist Bulgaria, behind the iron curtain. During my childhood years, I lived with my family under Communist oppression. Then during the 1960s, I prayed to God for five years to help me to leave the country. When I was twenty-three, God heard me and opened the door of opportunity. I passed the border like a suitcase and was able to escape on the Orient Express train to Trieste, Italy. After six months, I moved to America, and I lived for eight years in Flushing, New York. Then I got married and moved to Austin, Texas. After the Lord's help and protection over my life, I still didn't see His mercy and unconditional love. I simply lived by the rules of this dark world, and I had not heard about the gospel of Lord Jesus Christ. Hosea 4:6. One day I opened my heart and accepted Jesus as my Lord and Savior, and I repented of my sins. Romans 10:9. He made me a new creation, and I became a child of the Most High. II Corinthians 5:17. Only Jesus can bring harmony of mind, soul, and body. With God's Timing Is Perfect, I hope many readers, after reading the nine true stories, will see throughout my life how God showed me only by faith in Jesus, that all things are possible. Nothing is impossible with God, who can move mountains. Matthew 17:20. I wrote my sixth book for the glory of the Lord. In each story, I wrote about God's mercy, loving kindness, and patience in my life. I had a life full of turmoil and struggles. My marriage is still improving. I wish things would go my way, but God's will and His timing are the best. God is never late and always on time! His timing is perfect! My legacy is to continue to write and glorify the living God!

God's Timing Is Perfect

These short stories of love, faith, and belief in Our Savior Jesus Christ are written for all Christians. Neal, once a month, provides a story to the congregation of St. Mary's Catholic Church in Clarendon, Texas. In Turkey, Texas, his stories have been shared in monthly Bible study groups consisting of many faiths, including Baptist, Methodist, and Church of Christ. Neal shares his readings not only in these churches but also in many out of state. Neal was born in Manhattan and lived sixty-four years in New York. In March 2009, Neal and Sarah moved to Clarendon, Texas. In April 2011, Sarah was led by angels up to Jesus. Neal still resides in Clarendon with his native New York German Shepherd and two Texan cats. Neal knows that Jesus often works in mysterious ways""not always a straight line. Neal is working on a second book of short stories and likes to hear the thoughts and feelings of his readers. He never knows where or when Jesus will give him inspiration for a story. His readers are ways Jesus will inspire him. Send him your letters at PO Box 277, Clarendon, Texas, 79226.

I Write for Jesus

Bright, colorful illustrations make these stories come alive. Has explanatory notes to help children understand the story.

100 Bible Stories

Retells important episodes from the life of Jesus, including his birth, miracles, crucifixion, and resurrection.

The Complete Sayings of Jesus

These short stories of love, faith, and belief in Our Savior Jesus Christ are written for all Christians. Neal, once a month, provides a story to the congregation of St. Mary's Catholic Church in Clarendon, Texas. In Turkey, Texas, his stories have been shared in monthly Bible study groups consisting of many faiths, including Baptist, Methodist, and Church of Christ. Neal shares his readings not only in these churches but also in many out of state. Neal was born in Manhattan and lived sixty-four years in New York. In March 2009, Neal and Sarah moved to Clarendon, Texas. In April 2011, Sarah was led by angels up to Jesus. Neal still resides in Clarendon with his native New York German Shepherd and two Texan cats. Neal knows that Jesus often works in mysterious ways--not always a straight line. Neal is working on a second book of short stories and likes to hear the thoughts and feelings of his readers.

He never knows where or when Jesus will give him inspiration for a story. His readers are ways Jesus will inspire him. Send him your letters at PO Box 277, Clarendon, Texas, 79226.

Baby Bible Stories About Jesus

Faith Journeys with Hope and Love is a compilation of short stories written as though from a child's perspective. In Mrs. Connolly's Backyard, the main character celebrates individual differences and uniqueness. Hope on Grizzly Mountain is the story of a young girl who walks several miles through a wilderness. Finding herself in a frightening situation, she gives God the glory for eventually leading her to safety. In obvious, as well as implied ways, each of the stories points to Jesus Christ as the one firm foundation of life. The characters discover through crisis events that one thing never changes- God's good character and love for us.

What a Friend We have in Jesus
All our sins and Grievs to bear
O what peace We often forfeit
Everything to God In prayer
Have we trials and Temptations?
Is there trouble
We should never Be discouraged
Take it to the Lord in prayer
Jesus knows our Every weakness
Are we weak and Heavy-laden
Do thy friends despise Forsake thee?
In His arms He'll take And shield thee
A solace there

What a privilege To carry

Aquinas on God

Aquinas on God presents an accessible exploration of Thomas Aquinas' conception of God. Focusing on the *Summa theologiae* - the work containing Aquinas' most systematic and complete exposition of the Christian doctrine of God - Rudi te Velde acquaints the reader with Aquinas' theological understanding of God and the metaphysical principles and propositions that underlie his project. Aquinas' conception of God is dealt with not as an isolated metaphysical doctrine, but from the perspective of his broad theological view which underlies the scheme of the *Summa*. Readers interested in Aquinas, historical theology, metaphysics and metaphysical discourse on God in the Christian tradition will find this new contribution to the studies of Aquinas invaluable.

Thomas Aquinas on God and Evil

Brian Davies offers the first in-depth study of Saint Thomas Aquinas's thoughts on God and evil, revealing that Aquinas's thinking about God and evil can be traced through his metaphysical philosophy, his thoughts on God and creation, and his writings about Christian revelation and the doctrines of the Trinity and the Incarnation. Davies first gives an introduction to Aquinas's philosophical theology, as well as a nuanced analysis of the ways in which Aquinas's writings have been considered over time. For hundreds of years scholars have argued that Aquinas's views on God and evil were original and different from those of his contemporaries. Davies shows that Aquinas's views were by modern standards very original, but that in their historical context they were more traditional than many scholars since have realized. Davies also provides insight into what we can learn from Aquinas's philosophy. *Thomas Aquinas on God and Evil* is a clear and engaging guide for anyone who struggles with the relation of God and theology to the problem of evil.

Saint Thomas Aquinas on the Existence of God

This book puts before the reader a succinct and philosophically valid interpretation of St. Thomas Aquinas' arguments for the existence of God by a modern, historically grounded interpreter of his thought. Father Joseph Owens is well known for the exacting care with which he prepares his articles and the solid scholarly apparatus with which he supports them. His knowledge of Greek, Latin, Aristotelian, as well as the Thomistic corpus is profound, and he is conversant with the various interpretative traditions within Aristotelianism and Thomism in ancient, medieval, and modern times in their appropriate languages. This volume will challenge the reader, yet it includes everything to help comprehend the position of St. Thomas Aquinas on this central issue.

Aquinas

"Thomas Aquinas, the most influential of Christian philosopher-theologians, as also one of the great students of logic and language. Here his doctrine of God is subjected to an audacious analysis, advanced with the precision and order that characterises recent work in logical theory and the philosophy of language. The study is designed to lead the reader into an appreciation of the power of Aquinas' philosophical wit, as he directs it towards unravelling what we might say or not say about that which is literally indescribable: divinity." -- From inside front cover.

Thomas Aquinas

This path-breaking approach to Thomas Aquinas interprets the Five Ways in the context of his theory of science. Aquinas is the leading medieval philosopher and his work is of continuing contemporary relevance. Addressing all the critical themes of authority and reason, Christopher Martin examines the role of science and definitions in medieval thought, and how to deal with the big question: is there a God? Rigorous and challenging, Martin's clear exposition compares and contrasts Aquinas' arguments with those of other philosophers, Anselm, Descartes and Kant.

Free Creatures of an Eternal God

(Peeters 1996)

The Five Ways

Henry, his parents, and his dog Mudge take a vacation out West, where they enjoy tumbleweeds, desert animals, souvenirs, and the wide open spaces.

Revisiting Aquinas' Proofs for the Existence of God

Edited and introduced by Robert Arp, *Revisiting Aquinas' Proofs for the Existence of God* is a collection of new papers written by scholars focusing on the famous Five Proofs or Ways (*Quinque Viae*) for the existence of God put forward by St. Thomas Aquinas (1225-1274) near the beginning of his unfinished tome, *Summa Theologica*.

Divine Science and the Science of God

In this book, Victor Preller examines the logical status of religious language in the light of recent developments in American analytic philosophy. The problem inherent in religious language is presented in terms of the referential status of the word God. The author argues that the significance of any referential term is dependent upon the ability of that term to play a significant role 'within' a unified conceptual system. The problem is shown to transcend the epistemological dogmas of Positivism and Conceptual Empiricism and to be inherent in any intelligible epistemology, including that of Thomas Aquinas, whose theological treatises serve as a model of religious language for the thesis of this book. According to Professor Preller, Divine Science (Aquinas' term for what we now call Natural Theology) results from a reflection upon the limitations encountered by the intellect in its attempt to render intelligible the objects of human experience. In the Science of God (Aquinas' term for that mode of knowing engendered by faith), the unknown meta-empirical referent of Divine Science becomes the object of the human intellect. While this study develops out of the discussions inaugurated by Flew and McIntyre in 'New Essays in Philosophical Theology', it rejects the excessively empirical approach of most other studies in that tradition. It applies post-positivistic analysis to specifically Catholic theological language, but it obviously applies to the theological language involved in any form of theism.

Aquinas: Summa Theologiae, Questions on God

Thomas Aquinas (1224/6-1274) was one of the greatest of the medieval philosophers. His *Summa Theologiae* is his most important contribution to Christian theology, and one of the main sources for his philosophy. This volume offers most of the *Summa*'s first 26 questions, including all of those on the existence and nature of God. Based on the 1960 Blackfriars translation, this version has been extensively revised by Brian Davies and also includes an introduction by Brian Leftow which places the questions in their philosophical and historical context. The result is an accessible and up-to-date edition of Aquinas' thoughts on the nature and existence of God, both of which have continuing relevance for the philosophy of religion and Christian theology.

Aquinas' Proofs for God's Existence

The purpose of this study is to investigate the legitimacy of the principle, "The per accidens necessarily implies the per se," as it is found in the writings of St. Thomas Aquinas. Special emphasis will be placed upon the function of this principle in the proofs for God's existence. The relevance of the principle in this latter context can be seen at once when it is observed that it is the key to the solution of the well known "problem of infinite regress." The investigation of the principle in question will be divided into two Parts. A preliminary examination of the function of the principle will be made in Part I: Domains Other Than That of Creature-God. The domains to be considered in this Part are those of accident-substance, change, and knowledge. Employing what is learned of the function of the principle in these areas of

application, Part II: The Domain of Creature-God will analyze the role of the principle in the proofs for God's existence. This latter Part will constitute the greater portion of the book, since the domain of creatures in their relation to God is the most significant application of the principle in the writings of St. Thomas. In the course of this investigation, relevant analyses by St. Thomas' commentators - both classical and contemporary - will be considered. Finally, in light of the insights offered by St.

The Idea of God

Thinking about God is historical thinking and that in two senses : the idea of God has a history, and those who think about God think through an historically formed mind. The task of the theologian, is not the attempt to move outside his historicity - such an attempt constitutes a fallacy and not a virtue - but to accept its implications and limitations. Methodologically this means that the theologian must point to the historical perspectives that underlie the idea of God in its development and, in his own constructive thought, must work self-consciously with an historical perspective informed by the psychological and cosmological understanding of his own time. This book centers on that idea which traditionally has been associated with the very godness of God - the idea of divine abso luteness - and puts certain historical, logical, religious and, finally, cosmological questions to it. The roots of that idea lie in Greek thought, which entered Christian theology via the early church is much indication, particularly in Patristic fathers; even so, there trinitarian thought, that the Biblical heritage is pushing theological thlnking towards a social or relative concept of divine being (ch. 1).

Aquinas

This exploration of Thomas Aquinas's philosophical theology, decidedly "unorthodox" at the time of its original publication, had the good fortune to be employed extensively--notably at Yale and Cambridge--by my eminent colleagues George Lindbeck and Nicholas Lash. It essayed a "non-foundational" reading of the *Summa Theologiae*, unabashedly beholden to Wittgenstein, thereby preparing the way for a postmodern yet thoroughly traditional appreciation of the central role which Aquinas played in adapting Hellenic thought to form the hybrid discipline of "philosophical theology." Such a reading proved a welcome alternative to the neo-Thomist attempt to separate "philosophy" from "theology," in an effort to show the wider world that the Catholic faith was "based on reason." While this unfortunate divide has been fixed in the departmental structure of Catholic colleges and universities throughout the world, it was effectively undermined by the universally respected expositor of Aquinas, Josef Pieper, who noted that free creation is "the hidden element in Aquinas's philosophy." However propitious it may have appeared to Catholic apologists in the heyday of modernism to sever "philosophy" from "theology," it would have made no more sense to Aquinas than it could have to Anselm or Augustine before him. Ironically enough, a postmodern sensibility presaged by John Henry Newman in his *Grammar of Assent* finds the neo-Thomist construction of reason unadulterated by faith to be just that--an abstract construction--after Hans-Georg Gadamer succeeded in showing how any inquiry is fiduciary in its inception, and as Alasdair MacIntyre has reminded us that all inquiry is in fact "tradition-directed," whatever its ostensible attitude towards "tradition." So a "non-foundational" reading of Aquinas was to prove amenable to current philosophers, as well as more faithful to the thought-world of Aquinas himself.

Aquinas's Way to God

Kerr examines St Thomas Aquinas's much-neglected proof for the existence of God in 'De Ente et Essentia', Chapter 4. He offers a contemporary presentation and interpretation of this proof as well as a defence. Beginning with the distinction between the key concepts of 'essence' and 'esse' in Aquinas's thought, the book moves from an account of these metaphysical principles to their use by Aquinas in establishing that there is a single unique primary cause from which all that is comes to be. Along the way, important themes in metaphysics are examined from a Thomistic perspective.

God s Existence. Can it be Proven?

The aim of the book is to show that the Five Ways of Thomas Aquinas, i.e. his five arguments to prove the existence of God, are logically correct arguments by the standards of modern Predicate Logic. In the first chapter this is done by commenting on the two preliminary articles preceeding the Five Ways in which Thomas Aquinas points out that on the one hand the existence of God is not self-evident to us and on the other hand, that, similar as in some scientific explanations, the mere existence of a cause for an effect which is evidently known to us can be proved. In the second chapter every argument

is translated into the symbolic form of Predicate Logic and its logical validity is shown. Additionally a detailed and critical discussion of the premises of each argument is given.

Living with God

What is the relation between human life on earth and 'life' after death in the theology of Saint Thomas Aquinas (1224/5-1274)? In this study this question is dealt with from the perspective of the foundations, dynamism and perfection of the human relationship with God. It is shown how Aquinas' ('negative') theological analysis of 'life' as a name of God works out in qualifying his account of both human life on earth and 'life' after death as two interrelated modes of living with God. Written at an accessible level and having the width of a thematic study on the key-word 'life', this book can also be read as an introduction to the theology of Thomas Aquinas.

God's Existence. Can It Be Proven?

First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

The Five Ways

Thomas Aquinas was one of the greatest Western philosophers and one of the greatest theologians of the Christian church. In this book we at last have a modern, comprehensive presentation of the total thought of Aquinas. Books on Aquinas invariably deal with either his philosophy or his theology. But Aquinas himself made no arbitrary division between his philosophical and his theological thought, and this book allows readers to see him as a whole. It introduces the full range of Aquinas' thinking; and it relates his thinking to writers both earlier and later than Aquinas himself.

The Thought of Thomas Aquinas

Hughes discusses Aquinas' work regarding the apparently irreconcilable theses of natural and revealed theology, and he argues that Aquinas fails in his attempt to reconcile absolute simplicity with the doctrines of the Trinity and the Incarnation. Hughes also offers a provocative account of divine simplicity and explores its implications for the Thomistic doctrines of the Trinity and Incarnation.

On a Complex Theory of a Simple God

This book provides a fundamental introduction to Aquinas's theology of the One Creator God. Aimed at making that thought accessible to contemporary audiences, it gives a basic explanation of his theology while showing its compatibility with contemporary science and its relevance to current theological issues. Opening with a brief account of Aquinas's life, it then describes the purpose and nature of the Summa Theologica and gives a short review of current varieties of Thomism. Without neglecting other works, it then focuses primarily on the discussion of the One God in the first part of the Summa Theologica. God's transcendence and immanence is a recurrent theme in that discussion. Evidence of God's immanent causality in the natural world grounds Aquinas's five arguments for the existence of God (the Five Ways) which then open onto God's transcendence. The subsequent discussion of the divine attributes builds on the modes of God's causality established in the Five Ways. It also shows the need for a language of analogy to preserve God's transcendence and prevent us from reducing God to the level of creatures, even as qualities such as "goodness" and "love," which we first know from creatures, are applied to God. The discussion of God's providence and governance establishes that the transcendent Creator God is most intimately present in creation. God acts in all creatures in a way that does not diminish their proper causality, but is rather its source. As there is no contradiction between God's transcendence and immanence, so there is no competition between the primary causality of God and the secondary causality of creatures. Empirical science, which is limited by its method to the secondary causality of creatures, is shown to be compatible with the broader discipline of theology which also embraces the primary causality of the Creator.

The One Creator God in Thomas Aquinas and Contemporary Theology

This in-depth study of Thomas Aquinas' *Quaestio de Attributis* binds together the findings of previous research on the unique history of this text by reconstructing the historical circumstances surrounding its composition, shows that the *Quaestio* contains Aquinas' final answer to the dispute on the divine attributes, and thoroughly examines his interpretation of Maimonides' position on the issue of the knowledge of God by analysing this and other texts related to it chronologically and doctrinally.

Aquinas and Maimonides on the Possibility of the Knowledge of God

The selections included in this anthology, drawn from a variety of Aquinas' works, focus on the roles of reason and faith in philosophy and theology. Expanding on these themes are Aquinas' discussions of the nature and domain of theology; the knowledge of God and of God's attributes attainable through natural reason; the life of God, including God's will, justice, mercy, and providence; and the principal Christian mysteries treated in theology properly speaking--the Trinity and the Incarnation.

On Faith and Reason

All perfections of things pre-exist in the divine essence, yet it is entirely simple, without components. These seemingly opposed attributes of God are reconciled in Questions 3–6 of the First Part of the *Summa theologiae*, here newly translated and explained in line-by-line detail. Among topics receiving special attention are Aquinas's doctrine of participation, his conception of God as a subsisting act of being, and the distinction and order of transcendentals such as being, goodness, and beauty. Intended for advanced undergraduates, graduate students, and teachers, *Aquinas on God's Simplicity and Perfection* throws light on the order of Aquinas's questions, addresses difficulties commonly encountered by modern readers, and includes an exhaustive glossary of all technical terms occurring in the *Summa*'s first six Questions.

Aquinas on God's Simplicity and Perfection

Thinking about God is historical thinking and that in two senses : the idea of God has a history, and those who think about God think through an historically formed mind. The task of the theologian, is not the attempt to move outside his historicity - such an attempt constitutes a fallacy and not a virtue - but to accept its implications and limitations. Methodologically this means that the theologian must point to the historical perspectives that underlie the idea of God in its development and, in his own constructive thought, must work self-consciously with an historical perspective informed by the psychological and cosmological understanding of his own time. This book centers on that idea which traditionally has been associated with the very godness of God - the idea of divine abso luteness - and puts certain historical, logical, religious and, finally, cosmological questions to it. The roots of that idea lie in Greek thought, which entered Christian theology via the early church fathers; even so, there is much indication, particularly in Patristic trinitarian thought, that the Biblical heritage is pushing theological thinking towards a social or relative concept of divine being (ch. 1).

The Idea of God

SOME years ago, a priest of singularly long and varied experience urged me to write "a book about God." He said that wrong and imperfect notions of God lay at the root of all our religious difficulties. Professor Lewis Campbell says the same thing in his own way in his work, *Religion in Greek Literature*, where he declares that the age needs "a new definition of God." Thinking the need over, I turned to the *Summa contra Gentiles*. I was led to it by the Encyclical of Leo XIII, *Aeterni Patris*, urging the study of St Thomas. A further motive, quite unexpected, was supplied by the University of Oxford in 1902 placing the *Summa Contra Gentiles* on the list of subjects which a candidate may at his option offer in the Final Honour School of *Literae Humaniores*,—a very unlikely book to be offered so long as it remains simply as St Thomas wrote it. Lastly I remembered that I had in 1892 published under the name of Aquinas *Ethicus* a translation of the principal portions of the second part of St Thomas's *Summa Theologica*: thus I might be reckoned some thing of an expert in the difficult art of finding English equivalents for scholastic Latin.

Of God and His Creatures

This version of Aquinas' *Summa contra Gentiles* contains the annotations of Joseph Rickaby, early 20th century Jesuit priest and philosopher, alongside the main text. Aquinas meant his treatise to serve as an apologetics handbook for missionaries and philosophers defending the Christian faith against those outside of or hostile to Christianity. The style and content of Aquinas' arguments were particularly relevant to his time. The major religious communities in close proximity to the Christian West- Jewish and Islamic-had developed their various theological views using borrowed terms and ideas from Aristotelian philosophy just as Aquinas himself had.

Of God and His Creatures

This Is A New Release Of The Original 1905 Edition.

Of God and His Creatures

Gaven Kerr provides the first book-length study of St. Thomas Aquinas's much neglected proof for the existence of God in *De Ente et Essentia* Chapter 4. He offers a contemporary presentation, interpretation, and defense of this proof, beginning with an account of the metaphysical principles used by Aquinas and then describing how they are employed within the proof to establish the existence of God. Along the way, Kerr engages contemporary authors who have addressed Aquinas's or similar reasoning. The proof developed in the *De Ente* is, on Kerr's reading, independent of many of the other proofs in Aquinas's corpus and resistant to the traditional classificatory schemes of proofs of God. By applying a historical and hermeneutical awareness of the philosophical issues presented by Aquinas's thought and evaluating such philosophical issues with analytical precision, Kerr is able to move through the proof and evaluate what Aquinas is saying, and whether what he is saying is true. By means of an analysis of one of Aquinas's earliest proofs, Kerr highlights a foundational argument that is present throughout the much more commonly studied Thomistic writings, and brings it to bear within the context of analytical philosophy, showing its relevance to the contemporary reader.

Aquinas's Way to God

Offering a fresh approach to one significant aspect of the soteriology of Thomas Aquinas, *God's Grace and Human Action* brings new scholarship and insights to the issue of merit in Aquinas's theology. Through a careful historical analysis, Joseph P. Wawrykow delineates the precise function of merit in Aquinas's account of salvation. Wawrykow accounts for the changes in Thomas's teaching on merit from the early *Scriptum on the Sentences* of Peter Lombard to the later *Summa theologiae* in two ways. First, he demonstrates how the teaching of the *Summa theologiae* discloses the impact of Thomas's profound encounter with the later writings of Augustine on predestination and grace. Second, Wawrykow notes the implications of Thomas's mature theological judgment that merit is best understood in the context of the plan of divine wisdom. The portrayal of merit in sapiential terms in the *Summa* permits Thomas to insist that the attainment of salvation through merit testifies not only to the dignity of the human person but even more to the goodness of God.

God's Grace and Human Action

In this contemporary classic, one of the great Catholic philosophers illuminates the methods by which humanity comes to know their God.

Approaches to God

Herbert McCabe was one of the most original and creative theologians of recent years. Continuum has published numerous volumes of unpublished typescripts left behind by him following his untimely death in 2001. This book is the sixth to appear. McCabe was deeply immersed in the philosophical theology of St Thomas Aquinas and was responsible in part for the notable revival of interest in the thought of Aquinas in our time. Here he tackles the problem of evil by focusing and commenting on what Aquinas said about it. What should we mean by words such as 'good', 'bad', 'being', 'cause', 'creation', and 'God'? These are McCabe's main questions. In seeking to answer them he demonstrates why it cannot be shown that evil disproves God's existence. He also explains how we can rightly think of evil in a world made by God. McCabe's approach to God and evil is refreshingly unconventional given much that has been said about it of late. Yet it is also very traditional. It will interest and inform anyone seriously interested in the topic.

God and Evil

A twofold tradition, through Augustine and Dionysius, carried the doctrine of 'divine ideas' to Aquinas. It continues to play a key role in his theology and his handling of it allows us to assess the nature of his unique synthesis.

Ideas in God According to Saint Thomas Aquinas

Aquinas has been traditionally seen as the Christian thinker who was opposed to Platonism and predominantly influenced by the philosophy of Aristotle. In this study, Patrick Quinn argues that the most important aspects of Aquinas' theory of knowledge can only be properly understood when his Platonism is taken into account. Although he agreed with Aristotle that human knowledge is obtained from sensory-based experience, Thomas also insisted that the human mind functions at its best when it acts independently of the senses. This occurs at the most sublime level when the mind is divinely enlightened when God's essence is made visible.

Aquinas, Platonism, and the Knowledge of God

Gregory Rocca's nuanced discussion prevents Aquinas's thought from being capsulized in familiar slogans and is an antidote to unilateralist or monochrome views about God-talk.

Speaking the Incomprehensible God

The purpose of this study is to investigate the legitimacy of the principle, "The per accidens necessarily implies the per se," as it is found in the writings of St. Thomas Aquinas. Special emphasis will be placed upon the function of this principle in the proofs for God's existence. The relevance of the principle in this latter context can be seen at once when it is observed that it is the key to the solution of the well known "problem of infinite regress." The investigation of the principle in question will be divided into two Parts. A preliminary examination of the function of the principle will be made in Part I: Domains Other Than That of Creature-God. The domains to be considered in this Part are those of accident-substance, change, and knowledge. Employing what is learned of the function of the principle in these areas of application, Part II: The Domain of Creature-God will analyze the role of the principle in the proofs for God's existence. This latter Part will constitute the greater portion of the book, since the domain of creatures in their relation to God is the most significant application of the principle in the writings of St. Thomas. In the course of this investigation, relevant analyses by St. Thomas' commentators - both classical and contemporary - will be considered. Finally, in light of the insights offered by St.

Aquinas' Proofs for God's Existence

Part One: The History (What do we know?) This brief historical introduction to Aquinas assesses his impact on the world as it was at the time and outlines the key ideas and values connected with him. It explores the social, political and religious factors that formed the context of his life and writings, and considers how those factors affected the way he was initially received. Part Two: The Legacy (Why does it matter?) This second part surveys the intellectual and cultural 'afterlife' of Aquinas, exploring the ways in which his impact has lasted. Why does he continue to be so influential, and what aspects of his legacy are likely to endure beyond today and into the future? The book has a brief chronology at the front plus a glossary of key terms and a list of further reading at the back. Contents: Preface Chronology Part One: The History 1. Who Was Aquinas? 2. Some Basic Words and Concepts 3. Why Believe in God? 4. What is God? 5. The Christian God 6. Human Beings Part Two: The Legacy 7. From the Time of Aquinas to the Twenty-First Century 8. Thinking About Aquinas Today Glossary of Key Terms Notes Further Reading Index

Thomas Aquinas

Thinking about God is historical thinking and that in two senses : the idea of God has a history, and those who think about God think through an historically formed mind. The task of the theologian, is not the attempt to move outside his historicity - such an attempt constitutes a fallacy and not a virtue - but to accept its implications and limitations. Methodologically this means that the theologian must point to the historical perspectives that underlie the idea of God in its development and, in his own constructive thought, must work self-consciously with an historical perspective informed by the psychological and cosmological understanding of his own time. This book centers on that idea which traditionally has been associated with the very godness of God - the idea of divine abso luteness

- and puts certain historical, logical, religious and, finally, cosmological questions to it. The roots of that idea lie in Greek thought, which entered Christian theology via the early church fathers; even so, there is much indication, particularly in Patristic trinitarian thought, that the Biblical heritage is pushing theological thinking towards a social or relative concept of divine being (ch. 1).

The Idea of God

In the *De potentia*, Thomas Aquinas runs a series of disputations on the power of God. The treatise considers ten questions related to God's power to create external things, namely the universe, angels, and human beings. His explanation of creation here is the most developed treatment found in any of his writings, but the principal purpose of the work is to analyze the internal life of God--that is, the Trinity. According to Aquinas, we predicate the Persons of the Trinity as relations, not as absolute things, and he examines the processions of the Son and the Holy Spirit in the light of reason. The complete *De potentia* is a very long document. In this new translation, Fr. Richard Regan offers an abridged version that passes over some of the full text while retaining what is most important when it comes to following the flow of Aquinas's thought.

The Power of God

This book provides a detailed, updated exposition and defense of five of the historically most important (but in recent years largely neglected) philosophical proofs of God's existence: the Aristotelian, the Neo-Platonic, the Augustinian, the Thomistic, and the Rationalist. It also offers a thorough treatment of each of the key divine attributes—unity, simplicity, eternity, omnipotence, omniscience, perfect goodness, and so forth—showing that they must be possessed by the God whose existence is demonstrated by the proofs. Finally, it answers at length all of the objections that have been leveled against these proofs. This work provides as ambitious and complete a defense of traditional natural theology as is currently in print. Its aim is to vindicate the view of the greatest philosophers of the past—thinkers like Aristotle, Plotinus, Augustine, Aquinas, Leibniz, and many others— that the existence of God can be established with certainty by way of purely rational arguments. It thereby serves as a refutation both of atheism and of the fideism that gives aid and comfort to atheism.

Five Proofs of the Existence of God
