Collected Writings of John Murray

A biographical account of Murray's life and long teaching career (by Iain H. Murray) is followed by the first published collection of his sermons, including some of his communion addresses, and many reviews.

Collected Writings of John Murray

Volume 4, *Studies in Theology*, is the concluding volume in the *Collected Writings of John Murray*. Like the preceding volumes it presents a selection of the finest work, produced mainly during his long and distinguished ministry as Professor of Systematic Theology at Westminster Theological Seminary, Philadelphia. Volume 4 includes articles dealing with several areas of doctrine which lay close to Murray's heart. Among them is the hitherto unpublished work, 'Jesus, the Son of God', which is possibly the last piece of theological writing. Its chief characteristic - as with all of Murray's writings - lies in the way in which the text of Scripture suffuses everything he says. This concern to be thoroughly biblical applied also to his doctrine of Scripture, to Christology, and to his understanding of the proclamation of the gospel and the Christian ethic. Outstanding articles in each of these areas may be found in these pages.

The Life of John Murray

A careful scholar, an eloquent lecturer, a moving preacher, and the author of many outstanding articles and books, Murray's driving passions were for Christ, his Word, his cause, and his people. This Westminster Seminary professor was recognized as one of the leading Reformed theologians in the English-speaking world. From his *Collected Writings*, now reset; a captivating read.

Covenant Theology and Justification by Faith

This study explores the Shepherd Controversy (1975-1982) and the contemporary debate on covenant and justification by faith from the perspectives of historical, systematic, and biblical theology. The distinctive contribution lies in the identification that the Shepherd Controversy as a logical outcome of rejecting the distinction between Law and Gospel at Westminster Seminary in Philadelphia. The larger problem is that Norman Shepherd and other associated theologians reject the distinction between Law and Gospel, injecting their monocovenantalism into the theologies of Calvin, the Westminster Standards, and Murray. The result has been hermeneutical and theological confusion among some of the followers of the Union with Christ School scholars. Reformed theologians (led by Greg Bahnsen), Auburn Avenue theologians, and pastors are also monocovenantalists and have been influenced by the Union with Christ School scholars directly and indirectly. Their common denominator is the rejection of the distinction between Law and Gospel in their analysis and understanding of covenant and justification by faith. Having been influenced by the Union with Christ School scholars at Westminster Seminary in Philadelphia, some scholars began to adopt the hermeneutics and theology of the New Perspective on Paul, which is anti-Reformational and anti-Pauline. The adaptation of the New Perspective on Paul among some of the followers of the Union with Christ School is a logical step because both of them reject the distinction between Law and Gospel, which was a key hermeneutical and theological tool during the sixteenth-century Protestant Reformation against the background of the medieval legalistic religion.

Collected Writings of John Murray

A number of Murray's longer articles on doctrinal subjects first appeared in *The Westminster Theological Journal* of which he and Paul Woolley were founding editors in 1938. These are reprinted along with selections from his work in historical theology.

Covenant Theology

In *Covenant Theology*, author Jeong Koo Jeon makes a much-needed contribution to 21st century biblical and systematic theology. He explores the debate between John Murray and Meredith G. Kline, placing their ideas in the larger context of Biblical studies that have had a direct influence on Reformed theology and evangelicalism. Although the theologies of Murray and Kline contain significant differences, they both maintain a distinction between a covenant of creation and a covenant of grace. In addition, they both advocate a fundamental antithesis between law and gospel, giving a priority to law over gospel in the temporal and logical order of divine works. Jeon sees these distinctions as hermeneutic tools that are essential for better understanding of biblical revelation as well as faith, grace, and atonement.

Calvin and the Federal Vision

John Calvin (1509-64) was the pinnacle of the sixteenth-century Protestant Reformation in Europe. As we celebrate the five hundred-year anniversary of his birth, it is worthy to explore Calvin's covenant theology, which may be one of the best windows to understand and evaluate his theology as a whole. In recent years, the Federal Vision has been surfaced in the American conservative Reformed and evangelical circles. It has strong hermeneutical, theological, and practical attachment with Calvin. Although Calvin was a covenant theologian, he firmly maintained the evangelical distinction between law and gospel, especially in his exposition of justification by faith alone (*sola fide*) and salvation by grace alone (*sola gratia*) with a balanced emphasis of believers' covenantal obedience. Moreover, we will find out that Calvin not only applied the distinction between law and gospel to soteriology but also in the depiction of redemptive history. In Calvin, the distinction between law and gospel was foundational for the depiction of biblical vision of eschatology in the Garden of Eden before the Fall and under the Old Covenant. However, the exponents of the Federal Vision deny any validity of the distinction between law and gospel in hermeneutics, theology, and practice while they identify themselves with those of Calvin. In that sense, we may identify the Federal Vision not with the Protestant Reformation and Calvin but as consistent monocovenantalism in which they deny the distinction between law and gospel and apply that monocovenantal principle consistently to their understandings of hermeneutics, soteriology, the doctrine of double predestination, and sacramental theology.

The Life of Rev. John Murray

Many of the sermons in this volume are previously unpublished sermons by John Murray, professor of systematic theology, Westminster Theological Seminary, Philadelphia, Pennsylvania, 1937-1966.

O Death, Where Is Thy Sting?

MacArthur has proved, without ever intending to do so, that true preaching of the Word of God is international, 'because if you teach the Bible it transcends every border, every language, every culture. It is as relevant today, and will be tomorrow, as in all the years since God put it down. 'That is why his sermons are heard or read in more than two hundred countries around the world today.

Biblical Counsel

The works of Thomas Manton present us with what was most characteristic in the ministry of the English Puritans: careful, solid, warm-hearted applicatory exposition of the Scriptures, great pastoral concern and a balanced wisdom.

John MacArthur

What is God's attitude towards those who hear the Gospel? Does God desire the salvation of all? In this careful and scholarly work, John Murray (1898 - 1975), formerly Professor of Systematic Theology at Westminster Seminary, surveys the biblical evidence. He shows how the offer of Christ in the gospel demonstrates an ardent desire in the heart of God that all who hear should possess Christ and enjoy the salvation that is in him.

The Life of Rev. John Murray

This classic study addresses ethical questions relating to such topics as marriage, labor, capital punishment, truthfulness, Jesus' teaching in the Sermon on the Mount, law and grace, and the fear of God. Murray points the reader to all of Scripture as the basic authority in matters of Christian conduct.

The Complete Works of Stephen Charnock

Careful scholarship and spiritual insight characterize this enduring commentary on Romans, generally considered to be Paul's most profound letter. In *The Epistle to the Romans* John Murray offers an exposition of Romans deeply penetrating in its elucidation of the text yet accessible to scholars, pastors, and students alike. In his introduction to the commentary proper, Murray discusses the authorship, occasion, purpose, and contents of Romans and provides important background information on the church at Rome. Murray then provides a verse-by-verse exposition of the text that takes into account key problems that have emerged in the older and newer literature. In ten appendices that close the volume Murray gives special attention to themes and scholarly debates that are essential for a full-orbed understanding of Romans -- the meaning of justification, the relation of Isaiah 53:11 to the message of Romans, Karl Barth on Romans 5, the interpretation of the "weak brother" in Romans 14, and

more. This combined edition of Murray's original two-volume work, formerly published as part of the New International Commentary on the New Testament series, will hold continued value as a scholarly resource in the study of Romans for years to come.

Records of the Life of the Rev. John Murray

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

Principles of Conduct

Charles Robert Darwin (1809–1882) has been widely recognized since his own time as one of the most influential writers in the history of Western thought. His books were widely read by specialists and the general public, and his influence had been extended by almost continuous public debate over the past 150 years. New York University Press's new paperback edition makes it possible to review Darwin's public literary output as a whole, plus his scientific journal articles, his private notebooks, and his correspondence. This complete edition contains all of Darwin's published books, featuring definitive texts recording original pagination with Darwin's indexes retained. The set also features a general introduction and index, and introductions to each volume.

Various Contrivances by which Orchids are Fertilised by Insects

This is the story of Gordon Clark (1902-85), respected philosopher and prolific writer, who held that Christianity, as a logically coherent system, is superior to all other philosophies. Clark fought no wars and conquered no kingdoms. Yet he was a leading figure in many theological wars fought for the Kingdom of God. These battles for the minds and souls of men were every bit as crucial as physical wars between nations. In an age of increasing secularization, he put up an intellectual defense of the Christian faith. This faith, he believed, was a system. All of its parts link together, a luxury of no other philosophy. His stance shows a Christianity that is in fact intellectual, not relying on appeals to emotion or experience. In propounding this view, he encountered frequent opposition, not from the secular world,

but from within his own denomination. This biography helps explain why his thought was so profound, why resistance mounted against him, and how his struggles impacted American Presbyterianism. Additionally, this book calls for a reappraisal of Clark's views, which have been maligned by controversy. Understanding and applying his views could significantly fortify Christians combating irrational and non-systematic ideas prevalent in today's churches.

The Life of Rev. John Murray, Preacher of Universal Salvation

The Historical Volume of what was originally called Reformed Dogmatics now appears with a new title, namely, History of Christian Doctrines. Works on the gradual development of theological truth in the Church of Jesus Christ usually appear alongside of those which deal with the systematic reproduction of it, and thus stand out as separate works. It was thought best to follow this practice, since this will stress the fact that, after all, the history of the development of Christian thought in the Church is a separate study.

Epistle to the Romans

Death is often thought of as the inescapable terminus of life"€"something which, in the end, overpowers and conquers us. But in Christian theology, the death of Christ has central significance for our salvation. Christ died victoriously, conquering death and triumphing over his and our enemies. His death is our life. This glorious truth occupied a large place in the thinking of Scottish theologian Hugh Martin (1822"€"85). Martin is best known for his mind-stretching books such as *The Atonement* and *The Shadow of Calvary*, and for his insightful character study of Simon Peter. But there exists a significant corpus of largely forgotten shorter writings from his pen which major on the significance of the cross of Christ. This volume brings together a number of Martin's sermons, essays and letters, many of which have not been published since the nineteenth century.

The Puritan Hope: Revival and the Interpretation of Prophecy

Join author and minister David Murray as he introduces you to Jesus through the lens of the Old Testament. When you think of a son trudging uphill, carrying wood for his own sacrifice because his father has decided to give him up to death, what biblical event does this bring to mind? Is it Abraham

and Isaac in Genesis 22, or is it Christ's passion in the Gospels of Matthew, Mark, Luke, and John? The kinship between these two stories is deeper than mere coincidence, and the similarities don't end there. In fact, Murray argues that Christ isn't just present in the story of Abraham and Isaac--he's present on every page of the Old Testament. In *Jesus on Every Page*, Dr. Murray guides the reader down his own Road to Emmaus, describing how the Scriptures were opened to him, revealing Jesus from Genesis 1 all the way through Revelation 22. Dr. Murray shares his ten simple ways to seek and find Christ in the Old Testament, diving deep into: Christ's planet--discovering Jesus in the story of Creation Christ's people--discovering Jesus in the characters of the Old Testament Christ's promises--discovering Jesus in the covenants of the Old Testament Recognizing Jesus in the full breadth of scripture is important for every Christian. In this step-by-step guide to discovering Jesus in the Old Testament, Dr. Murray provides a framework that will help you start practicing this wonderful way of enjoying Jesus throughout the Bible. Whether you are preaching Jesus through Old Testament readings or just beginning to discover the reality of Christ in the Old Testament, *Jesus on Every Page* is an accessible guide to getting to know the Old Testament for what it truly is: full of Jesus.

Records of the Life of the Rev. John Murray

Murray breaks up the sermon preparation process into a clear and simple stepby-step method, covering topics such as how to choose a text, how to introduce a sermon, how to explain a text, and how to apply it. --from publisher description.
