At the World's End

Ever since returning from Dormia, Alfonso has enjoyed sleeping in a bed like a normal person. No more waking up at the top of a tree or the edge of a cliff. In fact, no sleepwalking at all. But then, while visiting France on a class trip, Alfonso feels that strange and familiar pull of sleep. Upon waking, he finds himself in the belly of a ship headed to Egypt. In his backpack are a few old books and a vial of medicine he stole while asleep. Something is calling Alfonso back to Dormia. Perhaps it's the Founding Tree? Or perhaps it's the man he sees in his dreams—the one who looks just like his deceased father? Whatever it is, Alfonso is powerless to resist. Storytellers Jake Halpern and Peter Kujawinski take Alfonso on another fantastical quest to Dormia—and beyond—to a vast underground world that holds the answer to a terrifying message: Let me tell you of a dark shadow tree and the world's end.

The Well at the World's End, Level 14

In the summer of 1727, a group of men and boys from St Kilda are put ashore on a remote sea stack to harvest birds for food. No one returns to collect them. Why? Surely nothing but the end of the world can explain why they have been abandoned to endure storms, starvation and terror. And how can they survive, imprisoned on every side by the ocean? Inspired by a true event, this is a breathtaking story of nine boys and the courage it takes to survive against the odds, from three-time winner of the Whitbread/Costa Children's Book Award Geraldine McCaughrean.

Girl from World's End

The horrific killing of two young Edinburgh women in October 1977 sparked a nationwide manhunt that turned into one of Britain's longest and most famous murder investigations. In *The World's End Murders*, Tom Wood and David Johnston tell the story of two innocent young women, Helen Scott and Christine Eadie, and of the extraordinary commitment of the police enquiry over three decades that eventually led to the discovery of links to their deaths with Angus Sinclair, one of Scotland's most notorious murderers and sex offenders. But this is not a gruesome tale of murder. It is a story of heroes - of the families of Helen and Christine who, with quiet dignity, have carried an unimaginable burden down the years, and of the police officers, the support staff and the scientists who persisted in their investigations and never gave up. This edition has been fully updated to cover the sensational retrial of Angus Sinclair after he was acquitted in 2010. Angus Sinclair is the first person in Scottish legal history ever to have been tried for the same crime twice.

When his father dies, and he is reduced at a stroke from prosperity to penury, Euxenus decides to leave Athens and seek his fortune elsewhere. As a philosopher and intellectual of some note, he has no difficulty getting a job as tutor to a young prince in the wealthy but utterly provincial court of King Philip of Macedon. The young prince is called Alexander, and the rest is history. Or is it? Alexander conquered Greece, Egypt and the Persian Empire in the course of eight years, amassing a huge army along the way, and leaving behind him the foundations of countless new cities named after him. He proclaimed himself a deity, and died at the age of 33. In *ALEXANDER AT THE WORLD'S END*, Tom Holt tells the story of two remarkable men, one of whom conquered empires and one of whom struggled to overcome the drainage problems of a small village. It is a story of two men whose paths crossed only briefly, but whose encounter changed both their lives for ever. And it is a story which throws an extraordinary new light on the man who became Alexander the Great.

World's End

Introducing Alfonso Perplexon, hero of the epic fantasy tale *Dormia*! Alfonso Perplexon is an unusual sleeper. He climbs trees, raises falcons, even shoots deadly accurate arrows, all in his sleep. No one can figure out why. Then one evening a man arrives at Alfonso's door, claiming to be Alfonso's long-lost uncle Hill. This uncle tells a fantastical tale: Alfonso's ancestors hail from *Dormia*—an ancient kingdom of gifted sleepers—which is hidden in the snowy peaks of the Ural Mountains. According to Hill, *Dormia* exists thanks to a tree known as the Founding Tree, with roots that pump life into the frozen valley. But the Founding Tree is now dying, and in a matter of days, *Dormia* faces an icy apocalypse. *Dormia*'s salvation lies with the Great Sleeper, who possesses the special powers to enter a sleep trance and grow a new Founding Tree. Hill suspects that Alfonso is just such a person. In fact, Alfonso's sleeping-self has already hatched this tree. Now the question is: Can Alfonso and his uncle deliver it in time? They must hurry, but they also must be careful not to be followed by *Dormia*'s age-old enemy, the *Dragoonya*, who are always hunting for one of the secret entryways into *Dormia*. Alfonso agrees to take the tree to *Dormia*, and thus begins one of the greatest adventures a twelve-year-old boy could ever wish for. As he woke up from a late afternoon nap, Alfonso blinked open his eyes and discovered that he was perched at the top of a gigantic pine tree – some two-hundred feet above the ground. The view was spectacular. Alfonso could see for miles in every direction and he could even make out his house in the distant hamlet of World's End, Minnesota. Unfortunately, there was no time to enjoy the view. The small branch that Alfonso stood upon was covered with gleaming snow and creaked dangerously under the pressure of his weight. Icy gusts of wind shook the entire treetop. Alfonso looked down grimly at the ground far below. If he fell, he would most certainly die. "Oh brother," muttered Alfonso to himself. "Not again."
