Nirad C. Chaudhuri

This is the story of writer Nirad C Chaudhuri, narrated by his eldest son Dhruva N. Chaudhuri. Words and photographs come together to create a charming picture of the prolific author whose *The Autobiography of an Unknown Indian*, published in 1951, put him on the shortlist of great Indian English writers. This book covers Chaudhuri's early years, his struggle to find work, his stint at All India Radio and his years in Oxford, where he died at the age of 101. The dramatic photographs and rare documents bring this illustrated biography alive.

The Thought of Nirad C. Chaudhuri

A critical examination of the famous South Asian writer Nirad C. Chaudhuri (1897-1999), a notorious Anglophile and defender of empire. Ian Almond analyses Chaudhuri from the perspectives of Islam, the archive, melancholy and empire, exploring the evolution of his thought and the consequences this has for our understanding of 'cosmopolitan' intellectuals.

Over the past few centuries, as Western civilization has enjoyed an expansive and flexible geographic domain, Westerners have observed other cultures with little interest in a return gaze. In turn, these other civilizations have been similarly disinclined when they have held sway. Clearly, though, an external frame of reference outstrips introspection—we cannot see ourselves as others see us. Unprecedented in its scope, *What the Rest Think of the West* provides a rich historical look through the eyes of outsiders as they survey and scrutinize the politics, science, technology, religion, family practices, and gender roles of civilizations not their own. The book emphasizes the broader figurative meaning of looking west in the scope of history. Focusing on four civilizations—Islamic, Japanese, Chinese, and South Asian—Nader has collected observations made over centuries by scholars, diplomats, missionaries, travelers, merchants, and students reflecting upon their own “Wests.” These writings derive from a range of purposes and perspectives, such as the seventh-century Chinese Buddhist who goes west to India, the missionary from Baghdad who travels up the Volga in the tenth century and meets the Vikings, and the Egyptian imam who in 1826 is sent to Paris to study the French. The accounts variously express critique, adoration, admiration, and fear, and are sometimes humorous, occasionally disturbing, at times controversial, and always enlightening. With informative introductions to each of the selections, Laura Nader initiates conversations about the power of representational practices.

Nirad C. Chaudhuri (1897-1999) was a product of the Indian Renaissance, a cultural and intellectual revolution initiated by the Indo-British encounter. Nirad Chaudhuri shot into fame after the publication of his 'The Autobiography of an Unknown Indian' in 1951. The Autobiography was devoted to the "Memory of the British Empire in India." The book labelled Nirad Chaudhuri as a controversial writer, and established him as an India-baiter. However, 'The Autobiography' has a much wider canvas. Chaudhuri wrote a number of scholarly books thereafter. Some of them are 'The Continent of Circe', 'Hinduism' and 'Scholar Extraordinary'. Nirad Chaudhuri wrote a sequel to The Autobiography in 1987; the book was published under the title 'Thy Hand, Great Anarch!' 'Nirad C. Chaudhuri: His Mind and Art' explores the multi-faceted aspect of Nirad C. Chaudhuri's psyche and persona, through an in-depth study of his books published between 1951 and 1987. The work would be immensely useful for the research scholars, antiquarians, intellectuals and even for the common people interested in the iconic personality of Nirad Chaudhuri's life and works.

Despite the advent and explosion of videogames, boardgames--from fast-paced party games to intensely strategic titles--have in recent years become more numerous and more diverse in terms of genre, ethos and content. The growth of gaming events and conventions such as Essen Spiel, Gen Con and the UK Games EXPO, as well as crowdfunding through sites like Kickstarter, has diversified the evolution of game development, which is increasingly driven by fans, and boardgames provide an important glue to geek culture. In academia, boardgames are used in a practical sense to teach elements of design and game mechanics. Game studies is also recognizing the importance of expanding its focus beyond the digital. As yet, however, no collected work has explored the many different approaches emerging around the critical challenges that boardgaming represents. In this collection, game theorists analyze boardgame play and player behavior, and explore the complex interactions between the sociality, conflict, competition and cooperation that boardgames foster. Game designers discuss the opportunities boardgame system designs offer for narrative and social play. Cultural theorists discuss boardgames' complex history as both beautiful physical artifacts and special places within cultural experiences of play.

Culture in the Vanity Bag is an informal but ecological study of Indian clothing and adornment. It is mainly about the historical evolution of costumes and seeks to illustrate their relationship with different cultures that have been seen in India. Chaudhuri's descriptions are animated by great attention to

detail, anecdotes, extracts from novels and Sanskrit texts. There is more in this book besides simple entertainment and elementary information.

Nirad C. Chaudhuri : His Mind and Art

The Indian National Bibliography

This new edition of what has become a standard account of Western expansion and technological dominance includes a new preface by the author that discusses how subsequent developments in gender and race studies, as well as global technology and politics, enter into conversation with his original arguments.

Whether it is the narrow lanes of Old Delhi, partition and the dramatic days that followed, the River Yamuna in flood, the Delhi railway station or college life at Delhi University, Delhi: Light, Shades, Shadows captures the spirit of the capital city of India. Indeed, Dhruva N Chaudhuri has seen Delhi from close quarters. Son of the famous "Unknown Indian", the late Nirad C Chaudhuri, Dhruva presents Delhi's history in a vivid and natural way. Delhi: Light, Shades, Shadows holds an academic interest as its contents cover the monuments of Delhi. It also stands apart as a narrative of the changing social fabric and landscape of the heart of India. Here is a book that will prove to be nostalgic for some and absolutely fascinating for others. The photographs, legends and text combine to tell the story of a Delhi that was. It was adjudged the Best Book, 2006, in General Category by the Federation of Indian Publishers. "Few people are better equipped to write about the dramatic change in Delhi's character than Dhruv Chaudhuri, son of Nirad C Chaudhuri. He came to Delhi in 1942, when his father rented a flat near Mori Gate. He never went to school, but learnt everything from his distinguished father. He took up photography as his profession, starting with a box camera before going in for more sophisticated instruments. He has recorded his impressions of the Delhi that was with beautiful photographs and lucidly written text in Delhi: Light, Shades, Shadows (Niyogi Books). I recommend this pictorial biography of the Delhi that was and what it became to all lovers of the city." Khushwant Singh Hindustan Times, New Delhi, 26.11.2005

Rerolling Boardgames

Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

Nirad C. Chaudhuri, the First Hundred Years

The first complete history of the Indian National Army and its fight for independence against the British in World War II.

Culture In The Vanity Bag

Every generation needs to reinterpret its great men of the past. Akbar Ahmed, by revealing Jinnah's human face alongside his heroic achievement, both makes this statesman accessible to the current age and renders his greatness even clearer than before. Four men shaped the end of British rule in India: Nehru, Gandhi, Mountbatten and Jinnah. We know a great deal about the first three, but Mohammed Ali Jinnah, the founder of Pakistan, has mostly either been ignored or, in the case of

Richard Attenborough's hugely successful film about Gandhi, portrayed as a cold megalomaniac, bent on the bloody partition of India. Akbar Ahmed's major study redresses the balance. Drawing on history, semiotics and cultural anthropology as well as more conventional biographical techniques, Akbar S. Ahmad presents a rounded picture of the man and shows his relevance as contemporary Islam debates alternative forms of political leadership in a world dominated (at least in the Western media) by figures like Colonel Gaddafi and Saddam Hussein.

Examining and historicizing the concept of "otherness" in both literature and criticism, Lisa Lowe explores representations of non-European cultures in British and French writings from the eighteenth through the twentieth century. Lowe traces the intersections of culture, class, and sexuality in Lady Mary Wortley Montagu's Turkish Embassy Letters and Montesquieu's *Lettres persanes* and discusses tropes of orientalism, racialism, and romanticism in Flaubert. She then turns to debates in Anglo-American and Indian criticism on Forster's *Passage to India* and on the utopian projection of China in the poststructuralist theories of Julia Kristeva and Roland Barthes and in the journal *Tel Quel*.

Delhi, Light, Shades, Shadows

This work explores some of the constitutive elements in the life and mind of Bengal in the twentieth century. The author addresses some frequently unasked questions about the history of modern Bengal. In what way was twentieth-century Bengal different from 'Renaissance' Bengal of the late-nineteenth century? How was a regional identity consciousness redefined? Did the lineaments of politics in Bengal differ from the pattern in the rest of India? What social experiences drove the Muslim community's identity perception? How did Bengal cope with such crises as the impact of World War II, the famine of 1943 and the communal clashes that climaxed with the Calcutta riots of 1946? The author has chosen a significant period in the history of the region and draws on a wealth of sources archival and published documents, mainstream dailies, a host of rare Bengali magazines, memoirs and the literature of the time to tell his story. Looking closely at the momentous changes taking place in the region's economy, politics and socio-cultural milieu in the historically transformative years 1920-47, this book highlights myriad issues that cast a shadow on the decades that followed, arguably till our times.

India After Gandhi: The History of the World's Largest Democracy

The third edition of this well-regarded introduction to Hinduism adds new material on the religion's origins, on its relations with rival traditions, and on Hindu science.

The Continent of Circe;

In *A Fragile Inheritance* Saloni Mathur investigates the work of two seminal figures from the global South: the New Delhi-based critic and curator Geeta Kapur and contemporary multimedia artist Vivan Sundaram. Examining their written and visual works over the past fifty years, Mathur illuminates how her protagonists' political and aesthetic commitments intersect and foreground uncertainty, difficulty, conflict, and contradiction. This book presents new understandings of the culture and politics of decolonization and the role of non-Western aesthetic avant-gardes within the discourses of contemporary art. Through skillful interpretation of Sundaram's and Kapur's practices, Mathur demonstrates how received notions of mainstream art history may be investigated and subjected to creative redefinition. Her scholarly methodology offers an impassioned model of critical aesthetics and advances a radical understanding of art and politics in our time.

The Autobiography of an Unknown Indian

A presentation of eight contemporary Chinese women writers, representing two generations of women with different backgrounds and experiences. The selections explore esthetic, cultural and ideological problems that continue to challenge Chinese women.

The Forgotten Army

This title addresses the Khilafat Movement in India, a pan-Islamic, political protest campaign launched by Muslims of India to influence the British government not to abolish the Ottoman Caliphate.

Jinnah, Pakistan and Islamic Identity

A commitment to modernity is the underlying theme of this volume. Through essays that are interpretive and theoretical, the author seeks to situate the modern in contemporary cultural practice. She sets up an ideological vantage point to view modernism along its multiple tracks in India and the third world. The essays divide into three sections. The first two sections, Artists and ArtWork and Film/Narratives, raise questions of authorship, genre, and contemporary features of national culture that materialize into an aesthetic in the Indian context. The last section, Frames of Reference, formalizes the polemical options developed across the book. The essays here propose resistance to the depoliticization of narratives, and affirm an open-ended engagement with the avant-garde. They explore the possibility of art practice finding its own signifying space that is still a space for radical transformation. Geeta Kapur is an independent art critic and curator living in New Delhi. Her extensive publications on modern Indian art include the book *Contemporary Indian Artists* (Delhi, 1978), exhibition catalogues and monographs on artists. She is currently writing a monograph on Tyeb Mehta. Her essays on cultural criticism have been widely presented in forums of art history and cultural studies. Her curatorial work includes the show *Bombay/Mumbai 1992 2001* in the multi-part exhibition titled *Century City: Art and Culture in the Modern Metropolis*, at Tate Modern, London, in 2001. Geeta Kapur is a founder-editor of the *Journal of Arts & Ideas* and advisory editor to *Third Text*. She has held research fellowships at Indian Institute of Advanced Study, Shimla, Nehru Memorial Museum and Library, New Delhi, and Clare Hall, Cambridge University. For the past three decades, [Geeta Kapur s] has been the singular dominant presence in the field to a point that her writings alone seem to have constituted the whole field of modern Indian art theory and criticism. Tapati Guha-Thakurta, *Biblio* (Delhi), May/June 2001. Geeta Kapur is a magisterial presence in the sphere of modern Indian art. [The] insistence on the primacy of bearing witness to creative practice has been the leitmotif of Kapur s work. . . . Kapur s contribution . . . is best understood by reflection on the radical change that her activity has brought about in Indian art criticism. Ranjit Hoskote, *Art India* (Mumbai), Vol. VI, 1, 2001. *When Was Modernism* is a book of essays: imaginative, interpretive, argumentative, polemical, political and, in the combined sense of all these, historical. . . . [It] provides an instance of passionate engagement that, at its best moments, verges on the poetic. Chaitanya Sambrani, *ART AsiaPacific* (Australia), Issue 30, 2001.

Truth, Love and a Little Malice

The lectures presented in this volume were given during the summer of 1970 under the sponsorship of the CIC Summer Program on South Asia and the Center for South and Southeast Asian Studies of the University of Michigan. It should be recognized that these essays appear in revised lecture form, and not as fully polished scholarly papers. They carry nevertheless the authority—and no little verve—of experienced scholars concerned with both the traditions and the changes so characteristic of modern India. [v]

Critical Terrains

Exploring, amongst other themes, representations of the other, strategies adopted to resist such representations, the issues of identity, nationalism, colonialism, feminism, subaltern studies and the English language within the context of Empire, this book projects a study of post-colonialism through the work of Gayatri Chakravorty Spivak.

The Defining Moments in Bengal

Throughout Indian history, many authors and performers have produced, and many patrons have supported, diverse tellings of the story of the exiled prince Rama, who rescues his abducted wife by battling the demon king who has imprisoned her. The contributors to this volume focus on these "many" Ramayanas. While most scholars continue to rely on Valmiki's Sanskrit Ramayana as the authoritative version of the tale, the contributors to this volume do not. Their essays demonstrate the multivocal nature of the Ramayana by highlighting its variations according to historical period, political context, regional literary tradition, religious affiliation, intended audience, and genre. Socially marginal groups in Indian society—Telugu women, for example, or Untouchables from Madhya Pradesh—have recast the Rama story to reflect their own views of the world, while in other hands the epic has become the basis

for teachings about spiritual liberation or the demand for political separatism. Historians of religion, scholars of South Asia, folklorists, cultural anthropologists—all will find here refreshing perspectives on this tale.

A Survey of Hinduism

Shakespeare Studies in Colonial Bengal: The Early Phase represents an important direction in the area of historical research on the role of English education in India, particularly with regards to Shakespeare studies at the Hindu College, the first native college of European education in Calcutta, the capital city of British India during the nineteenth century. Focusing on the developments that led to the introduction of English education in India, Dr Dahiya's book highlights the pioneering role that the eminent Shakespeare teachers at Hindu College, namely Henry Derozio, D.L. Richardson and H.M. Percival, played in accelerating the movement of the Bengal Renaissance. Drawing on available information about colonial Bengal, the book exposes both the angular interpretations of Shakespeare by fanatical scholars on both sides of the cultural divide, and the serious limitations of the present-day reductive theory of postcolonialism, emphasizing how in both cases such interpretations led to distorted readings of Shakespeare. Offering a comprehensive account of how English education in India came to be introduced in an atmosphere of clashing ideas and conflicting interests emanating from various forces at work in the early nineteenth century, Shakespeare Studies in Colonial Bengal places, in a normative perspective, the part played by each major actor in this highly-contested historical context, including the Christian missionaries, British orientalists, Macaulay's Minute, the secular duo of Rammohan Roy and David Hare, and, above all, the Shakespeare teachers at Hindu College, the first native institution of European education in India.

A Fragile Inheritance

How might we transform a folk category - in this case religion - into a analytical category suitable for cross-cultural research? In this volume, the author addresses that question. He critically explores various approaches to the problem of conceptualizing religion, particularly with respect to certain disciplinary interests of anthropologists. He argues that the concept of family resemblances, as that concept has been refined and extended in prototype theory in the contemporary cognitive sciences, is the most plausible analytical strategy for resolving the central problem of the book. In the solution proposed, religion is conceptualized as an affair of "more or less" rather than a matter of "yes or no," and no sharp line is drawn between religion and non-religion.

Scratches on Our Minds

The Cambridge History of Black and Asian British Writing provides a comprehensive historical overview of the diverse literary traditions impacting on this field's evolution, from the eighteenth century to the present. Drawing on the expertise of over forty international experts, this book gathers innovative scholarship to look forward to new readings and perspectives, while also focusing on undervalued writers, texts, and research areas. Creating new pathways to engage with the naming of a field that has often been contested, readings of literary texts are interwoven throughout with key political, social, and material contexts. In making visible the diverse influences constituting past and contemporary British literary culture, this Cambridge History makes a unique contribution to British, Commonwealth, postcolonial, transnational, diasporic, and global literary studies, serving both as one of the first major reference works to cover four centuries of black and Asian British literary history and as a compass for future scholarship.

The Khilafat Movement in India, 1919-1924

An elderly bureaucrat escapes the world to run a guest house on the banks of India's holiest river, the Narmada, only to find he has made the wrong choice. Too many lives converge here. Among those who disturb his tranquility are a privileged young executive bewitched by a mysterious lover; a novice Jain monk who has abandoned opulence for poverty; a heartbroken woman with a golden voice; an ascetic and the child he has saved from prostitution. Through their stories A River Sutra explores the fragile longings of the human heart and the sacred power of the river.

When was Modernism

The persistent questions of seekers fill this book. It's all here – the pain, the confusion, the raging gut-level thirst, all that it means to be human and alive and wanting. And through it all are the clear, strong, unwavering tones of a master who reminds us that the only thing that lies between the human and the divine, the finite and the boundless, the seeking and the finding, is choice. What does that choice entail? Not the acquisition of any path-breaking wisdom, but a determined refusal to strengthen one's ignorance, to reinforce one's deceptions, to 'gold-plate one's limitations'. The danger, Sadhguru tells us, does not lie in being in the dark – that can be dispelled for anyone who genuinely desires it – but in settling for an easy brilliance, a spurious radiance. The danger does not lie in seeking urgently, but in arriving cheaply. "Don't polish your ignorance," he warns aphoristically, unforgettably, recurrently in the course of this book. "It may shine."

The Selected Letters of Tennessee Williams: 1945-1957

Features letters written by the American playwright, revealing his childhood experiences, college years struggling with goals, grades, and money, and his emerging relationships.

The Selected Letters of Tennessee Williams

Tennessee Williams wrote to family, friends and fellow artists with equal measures of piety, wit, and astute self-knowledge. Presented with a running commentary to separate Williams' often hilarious, but sometimes devious, counter-reality from the truth, the letters form a kind of autobiography.

The Selected Letters of Tennessee Williams

Extending the author's correspondence from 1945 - 1957, a time of intense creativity in his life, Volume II of The Selected Letters of Tennessee Williams covers the production of six major plays, including *A Streetcar Named Desire*, *The Rose Tattoo*, *Camino Real*, and *Cat on a Hot Tin Roof*. Following the immense success of *Streetcar*, Williams struggles to retain his prominence with a prodigious outpouring of stories, poetry and novels as well as plays. Several major film projects, especially the notorious *Baby Doll*, bring Williams and his collaborator Elia Kazan into contact with powerful agencies of censorship, exposing both the conservative landscape of the 1950s and Williams' own studied resistance to the forces of conformity.

The Selected Letters. Vol. II: 1946-1957

Tennessee Williams in Provincetown is the story of Tennessee Williams' four summer seasons in Provincetown, Massachusetts: 1940, '41, '44 and '47. During that time he wrote plays, short stories, and jewel-like poems. In Provincetown Williams fell in love unguardedly for perhaps the only time in his life. He had his heart broken there, perhaps irrevocably. The man he thought might replace his first lover tried to kill him there, or at least Williams thought so. Williams drank in Provincetown, he swam there, and he took conga lessons there. He was poor and then rich there; he was photographed naked and clothed there. He was unknown and then famous--and throughout it all Williams wrote every morning. The list of plays Williams worked on in Provincetown include *The Glass Menagerie*, *A Streetcar Named Desire*, *Summer and Smoke*, the beginnings of *The Night of the Iguana* and *Suddenly Last Summer*, and an abandoned autobiographical play set in Provincetown, *The Parade*. *Tennessee Williams in Provincetown* collects original interviews, journals, letters, photographs, accounts from previous biographies, newspapers from the period, and Williams' own writing to establish how the time Williams spent in Provincetown shaped him for the rest of his life. The book identifies major themes in Williams' work that derive from his experience in Provincetown, in particular the necessity of recollection given the short season of love. The book also connects Williams' mature theatrical experiments to his early friendships with Jackson Pollack, Lee Krasner and the German performance artist Valeska Gert. *Tennessee Williams in Provincetown*, based on several years of extensive research and interviews, includes previously unpublished photographs, previously unpublished poetry, and anecdotes by those who were there.

The Selected Letters of Tennessee Williams: 1920-1945

Volume I of The Selected Letters of Tennessee Williams ends with the unexpected triumph of *The Glass Menagerie*. Volume II extends the correspondence from 1946 to 1957, a time of intense creativity which saw the production of *A Streetcar Named Desire*, *The Rose Tattoo*, *Camino Real*, and *Cat on a Hot Tin Roof*. Following the immense success of *Streetcar*, Williams struggles to retain his prominence with a prodigious outpouring of stories, poetry, and novels as well as plays. Several major film projects, including the notorious *Baby Doll*, bring Williams and his collaborator Elia Kazan into conflict with powerful agencies of censorship, exposing both the conservative landscape of the 1950s and Williams' own studied resistance to the forces of conformity. Letters written to Kazan, Carson McCullers, Gore Vidal, publisher James Laughlin, and Audrey Wood, Williams' resourceful agent, continue earlier lines of correspondence and introduce new celebrity figures. The Broadway and Hollywood successes in the evolving career of America's premier dramatist vie with a string of personal losses and a deepening depression to make this period an emotional and artistic rollercoaster for Tennessee. Compiled by leading Williams scholars Albert J. Devlin, Professor of English at the University of Missouri, and Nancy M. Tischler, Professor Emerita of English at the Pennsylvania State University, Volume II maintains the

exacting standard of Volume I, called by Choice: "a volume that will prove indispensable to all serious students of this author...meticulous annotations greatly increase the value of this gathering."

Selected Letters of Tennessee Williams

This collection of nearly three hundred letters gives us the life of Elia Kazan unfiltered, with all the passion, vitality, and raw honesty that made him such an important and formidable stage director (*A Streetcar Named Desire*, *Death of a Salesman*), film director (*On the Waterfront*, *East of Eden*), novelist, and memoirist. Elia Kazan's lifelong determination to be a "sincere, conscious, practicing artist" resounds in these letters—fully annotated throughout—in every phase of his career: his exciting apprenticeship with the new and astonishing Group Theatre, as stagehand, stage manager, and actor (*Waiting for Lefty*, *Golden Boy*) . . . his first tentative and then successful attempts at directing for the theater and movies (*The Skin of Our Teeth*, *A Tree Grows in Brooklyn*) . . . his cofounding in 1947 of the Actors Studio and his codirection of the nascent Repertory Theater of Lincoln Center . . . his innovative and celebrated work on Broadway (*All My Sons*, *Cat on a Hot Tin Roof*, *J.B.*) and in Hollywood (*Gentleman's Agreement*, *Splendor in the Grass*, *A Face in the Crowd*, *Baby Doll*) . . . his birth as a writer. Kazan directed virtually back-to-back the greatest American dramas of the era—by Arthur Miller and Tennessee Williams—and helped shape their future productions. Here we see how he collaborated with these and other writers: Clifford Odets, Thornton Wilder, John Steinbeck, and Budd Schulberg among them. The letters give us a unique grasp of his luminous insights on acting, directing, producing, as he writes to and about Marlon Brando, James Dean, Warren Beatty, Robert De Niro, Boris Aronson, and Sam Spiegel, among others. We see Kazan's heated dealings with studio moguls Darryl Zanuck and Jack Warner, his principled resistance to film censorship, and the upheavals of his testimony before the House Committee on Un-American Activities. These letters record as well the inner life of the artist and the man. We see his startling candor in writing to his first wife, his confidante and adviser, Molly Day Thacher—they did not mince words with each other. And we see a father's letters to and about his children. An extraordinary portrait of a complex, intense, monumentally talented man who engaged the political, moral, and artistic currents of the twentieth century.

Tennessee Williams in Provincetown

A collection of poetic works by the eminent playwright features substantial piece variants, poems from his plays, and accompanying explanatory notes, in a volume that is complemented by a CD recording of the author's reading of his "Blue Mountain Ballads" and other works.

The Selected Letters of Tennessee Williams

Volume III of the series includes *Cat on a Hot Tin Roof* (1955), *Orpheus Descending* (1957), and *Suddenly Last Summer* (1958). The first, which won both the Pulitzer Prize and Drama Critics Award, has proved every bit as successful as William's earlier *A Streetcar Named Desire*. The other two plays, though different in kind, both have something of the quality of Greek tragedy in 20th-century settings, bringing about catharsis through ritual death.

Selected Letters, Volume LI: 1945-1957

"I yearned for a bad influence and boy, was Tennessee one in the best sense of the word: joyous, alarming, sexually confusing and dangerously funny."—John Waters "I cannot write any sort of story," said Tennessee [to Gore Vidal] "unless there is at least one character in it for whom I have physical desire." These transgressive *Tales of Desire*, including "One Arm," "Desire and the Black Masseur," "Hard Candy," and "The Killer Chicken and the Closet Queen," show the iconic playwright at his outrageous best.

The Selected Letters of Elia Kazan

A play produced only twice in the 1940s and now published for the first time reveals that Tennessee Williams anticipated the themes of *Star Trek* by decades. Sixty years ago a young Tennessee Williams wrote a play looking toward the year 2001. *Stairs to the Roof* is a rare and different Williams' work: a love story, a comedy, an experiment in meta-theater, with a touch of early science fiction. Tennessee Williams called *Stairs to the Roof* "a prayer for the wild of heart who are kept in cages" and dedicated it to "all the little wage earners of the world." It reflects the would-be poet's "season in hell" during the Depression when he had to quit college to type orders eight hours a day at the International Shoe

Factory in St. Louis. *Stairs* is Williams' revenge, expressed through his alter ego, Benjamin Murphy, the clerk who stages a one-man rebellion against the clock, the monotony of his eight-to-five job, and all the dehumanizing forces of an increasingly mechanized and commercial society. Ben's swift-moving series of fantastic adventures culminate in an escape from the ordinary that is an endorsement of the American dream. In 1941 with the world at war and civilization in danger of collapse, Williams dared to imagine a utopian future as Ben leads us up his stairs towards the Millennium. *Stairs to the Roof* was produced only twice, once at the Playbox in Pasadena, California, in 1945, and subsequently at the Pasadena Playhouse in 1947. Now, in an edition meticulously prepared by noted Williams scholar Allean Hale, Williams fans can share this play of youthful optimism.

The Collected Poems of Tennessee Williams

Tennessee Williams' witty, engaging, and elegant essays are now available in a revised and much expanded edition.

Stairs to the Roof

Meticulously edited and annotated, Tennessee Williams's notebooks follow his growth as a writer from his undergraduate days to the publication and production of his most famous plays, from his drug addiction and drunkenness to the heights of his literary accomplishments.

Where I Live

Twelve previously uncollected experimental shorter plays: *The Chalky White Substance* • *The Day on Which a Man Dies (An Occidental Noh Play)* • *A Cavalier for Milady* • *The Pronoun "I"* • *The Remarkable Rooming House of Mme. LeMonde* • *Kirche, Küche, Kinder (An Outrage for the Stage)* • *Green Eyes* • *The Parade* • *The One Exception* • *Sunburst* • *Will Mr. Merriwether Return from Memphis?* • *The Traveling Companion* Even with his great commercial success, Tennessee Williams always considered himself an experimental playwright. In the last 25 years of his life his explorations increased—especially in shorter forms and one-act plays—as Williams created performance pieces with elements of theater of the absurd, theater of cruelty, theater of the ridiculous, as well as motifs from Japanese forms such as Noh and Kabuki, high camp and satire, and with innovative visual and verbal styles that were entirely his own. Influenced by Beckett, Genet, and Pinter, among others, Williams worked hard to expand the boundaries of the lyric realism he was best known for. These plays were explicitly intended to be performed off-off Broadway or regionally. Sometimes disturbing, sometimes outrageous, quite often the tone of these plays is rough, bawdy or even cartoonish. While a number of these plays employ what could be termed bizarre "happy endings," others gaze unblinkingly into the darkness. Though several of Williams' lesser-known works from this period have already been published by New Directions, these twelve plays have never been collected. Most of these shorter plays are unknown to audiences and scholars—some are published here for the first time—yet all of them embrace, in one way or another, what *Time* magazine called "the four major concerns that have spurred Williams' dramatic imagination: loneliness, love, the violated heart and the valiancy of survival."

Spring Storm

This definitive collection establishes Williams as a major American fiction writer of the twentieth century.

One Arm

When Tennessee Williams died in the winter of 1983 he left among his voluminous papers the texts of four screenplays none of which had been made into or was even being considered for a film at that time.

New Selected Essays

Few writers achieve success in more than one genre, and yet if Tennessee Williams had never written a single play he would still be known as a distinguished poet. The excitement, compassion, lyricism, and humor that epitomize his writing for the theater are all present in his poetry. Tennessee Williams's fame as a playwright has unjustly overshadowed his accomplishment in poetry. This paperback edition of *In The Winter of Cities*—his collected poems to 1962—permits a wider audience to know Williams the poet. The poems in this volume range from songs and short lyrics to personal statements of the greatest intensity and power. They are rich in imagery and illuminated by the psychological intuition which we know so well from Williams's plays.

Notebooks

The interviews selected for this volume encompass five decades of an intense literary life and range from the standard and well-known to the more obscure and specialized. The interviews are filled with revealing insights into Williams' works and career. Most of them employ the essay-interview format. The three dozen or so interviews in this volume have been chosen, in part, to retrace the progress of Williams' long career by marking important dramatic productions and documenting telling moments in his personal and artistic life. ISBN 0-87805-263-1 (pbk.): \$14.95.

The Traveling Companion & Other Plays

SHORTLISTED FOR THE 2014 NATIONAL BOOK AWARD FOR NONFICTION The definitive biography of America's most impassioned and lyrical twentieth-century playwright from acclaimed theatre critic John Lahr 'A masterpiece about a genius' Helen Mirren 'Riveting ... masterful' Sunday Times, Books of the Year On 31 March 1945, at The Playhouse Theatre on Forty-Eight Street the curtain rose on the opening night of *The Glass Menagerie*. Tennessee Williams, the show's thirty-four-year-old playwright, sat hunched in an aisle seat, looking, according to one paper, 'like a farm boy in his Sunday best'. The Broadway premiere, which had been heading for disaster, closed to an astonishing twenty-four curtain calls and became an instant sell-out. Beloved by an American public, Tennessee Williams's work – blood hot and personal – pioneered, as Arthur Miller declared, 'a revolution' in American theatre. Tracing Williams's turbulent moral and psychological shifts, acclaimed theatre critic John Lahr sheds new light on the man and his work, as well as the America his plays helped to define. Williams created characters so large that they have become part of American folklore: Blanche, Stanley, Big Daddy, Brick, Amanda and Laura transcend their stories, haunting us with their fierce, flawed lives. Similarly, Williams himself swung high and low in his single-minded pursuit of greatness. Lahr shows how Williams's late-blooming homosexual rebellion, his struggle against madness, his grief-struck relationships with his combustible father, prim and pious mother and 'mad' sister Rose, victim to one of the first lobotomies in America, became central themes in his drama. Including Williams's poems, stories, journals and private correspondence in his discussion of the work – posthumously Williams has been regarded as one of the best letter writers of his day – Lahr delivers an astoundingly sensitive and lively reassessment of one of America's greatest dramatists. *Tennessee Williams: Mad Pilgrimage of the Flesh* is the long-awaited, definitive life and a masterpiece of the biographer's art.

Collected Stories

Long unavailable, *The Selected Letters of William Carlos Williams* is now reissued as a New Directions Paperbook. Spanning fifty-four years, this collection records the creative growth of one of the twentieth century's most influential and versatile writers.

The Glass Menagerie

This unique edition presents the complete span of Thomas' short stories, from his urgent hallucinatory visions of the dark forces beneath the surface of Welsh life to the inimitable comedy of his later autobiographical writings. With *PORTRAIT OF THE ARTIST AS A YOUNG DOG* and *ADVENTURES IN THE SKIN TRADE*, Thomas found a new voice for his irreverent memories of lust and bravado in south-west Wales and London, leading to a sequence of classic evocations of childhood magic and the follies of adult life. The definitive collection of Dylan Thomas' short stories, showing just why he is considered one of the 20th century's finest writers. Also featuring a bold new livery in celebration of the Dylan Thomas centenary.

In the Winter of Cities

Conversations with Tennessee Williams

Two of Tennessee Williams's most revered dramas in a single paperback edition for the first time.

Tennessee Williams

The greatest playwright of the American South, Tennessee Williams used his talent throughout his life to create brief plays exploring many of the themes that dominated his best-known works. Here, thirteen never-before-published one-act dramas reveal some of his most poignant and hilarious characters. From the indefatigable, witty and tough drag queens of *And Tell Sad Stories of the Death of Queens* to the disheartened poet *Mister Paradise*, and the extravagant mistress in *The Pink Bedroom*, these are tales of isolated figures struggling against a cruel world, who refuse to lose sight of their dreams.

Baby Doll & Tiger Tail

Tennessee Williams and Europe: Intercultural Encounters, Transatlantic Exchanges documents the bi-directional exchange of ideas and images between Williams and post-war Europe that have altered the artistic landscapes of both continents. Fifteen Williams scholars from around the world examine this artistic symbiosis and explore avenues of research mostly uncharted in Williams scholarship to date, including our understanding of the early Williams and the uses he made of various European sources in his theatre; the late Williams and the promise European theatre afforded him with his experimental plays; and the posthumous Williams and his influence on late twentieth- and early twenty-first-century European theatre and cinema. To some extent both a product of and a muse for Europe over the last half century, Williams is well positioned to become America's most famous playwright on the international stage. This book hopes to mark the beginnings of Williams' rich critical tradition within that global context.

The Selected Letters of William Carlos Williams

Menagerie was Williams's first popular success and launched the brilliant, if somewhat controversial, career of our pre-eminent lyric playwright. Since its premiere in Chicago in 1944, with the legendary Laurette Taylor in the role of Amanda, the play has been the bravura piece for great actresses from Jessica Tandy to Joanne Woodward, and is studied and performed in classrooms and theatres around the world. The *Glass Menagerie* (in the reading text the author preferred) is now available only in its New Directions Paperback edition. A new introduction by prominent Williams scholar Robert Bray, editor of *The Tennessee Williams Annual Review*, reappraises the play more than half a century after it won the New York Drama Critics Circle Award: "More than fifty years after telling his story of a family whose lives form a triangle of quiet desperation, Williams's mellifluous voice still resonates deeply and universally." This edition of *The Glass Menagerie* also includes Williams's essay on the impact of sudden fame on a struggling writer, "The Catastrophe of Success," as well as a short section of Williams's own "Production Notes." The cover features the classic line drawing by Alvin Lustig, originally done for the 1949 New Directions edition.

Collected Stories

A classic play by Tennessee Williams in a definitive, author-approved edition.

William Carlos Williams and James Laughlin

This is a collection of thirteen original essays from a team of leading scholars in the field. In this wide-ranging volume, the contributors cover a healthy sampling of Williams's works, from the early apprenticeship years in the 1930s through to his last play before his death in 1983, *Something Cloudy, Something Clear*. In addition to essays on such major plays as *The Glass Menagerie*, *A Streetcar*

Named *Desire*, and *Cat on a Hot Tin Roof*, among others, the contributors also consider selected minor plays, short stories, poems, and biographical concerns. The Companion also features a chapter on selected key productions as well as a bibliographic essay surveying the major critical statements on Williams.
