Freddy and His Magic Bath Mat

Freddy is an only child who hates being lonely. His father has a top job in the corporate world, and with this type of money the family lives in the best places where there are very few children and pets are not allowed, which makes Freddy very unhappy. School days are wonderful but the weekends are miserable. He escapes by dreaming that his bath mat is a magic flying carpet that takes him to places and eras in the past that he reads about at school. Unfortunately, corporate misdeeds leave many people unemployed, including his dad. In this work, you have not only a neat story but also a gentle look at four centuries of American history.

On the Quest to Find Mr. Right

On the Quest to Find Mr. Right is about twenty-nine-year-old Samantha Kiara Jones. She enjoyed living the single life and was in no hurry to get married. Although she was in no hurry, she hoped to accomplish that feat before she turned thirty. Samantha figured at thirty that her biological clock would transform into a stopwatch. After many heartaches and disappointments, she decided to give up looking, that is,

until she looked around and noticed that out of all her family and friends, she was the only one still not married. For fear of spending the rest of her life alone, she goes on a journey, a mission of sorts, a quest to find Mr. Right.

The Perils of the Peoples of Pine Hills

Dating back to the dawn of the twelfth century, the ancient Order of the Knights Templar is one of the most powerful and mysterious international organizations in history. Its power lies within its ability to keep its secrets secret and its assets even more clandestinely hidden from the public eye. Kemp Hastings has been sent by outsiders to locate an ancient document known only as the Templari Thesaurus the ultimate inventory of biblical deposits held by the Grand Masters of the Order over the centuries. After a series of inexplicable deaths and even more inexplicable events, Hastings and his trusted companions, Darlene Gammay and Erica Vine, flee to Cairo, Malta, and Switzerland. They struggle to stay even one step ahead of a German splinter group desperate to locate 300 million dollars of gold and silver bullion from World War II. Hastings believes that the Order may have hidden the treasure on Scottish soil. Once Hastings discovers the Templari Thesaurus, he is shown the core workings of the Order. He has been indoctrinated as to how the Order manages its ancient business in this modern world. As the journey unfolds, Hastings discovers the darker sides and Teutonic elements of the Order. Now he engages the modern Scottish Order to assert their military power and authority to deal with unwelcome visitors. How far will the Order go to protect itself?

The Jungle Book

This is the story of loss – and what happens afterwards... When Emma gets home after work one evening, she calls hello to her husband Jay, as she always does. Stepping into the kitchen, she sees he has done the shopping, as she had reminded him to; remembered to buy peppercorns; has bought her flowers. Everything is neatly put away. But Jay is not there. A photographer, all Jay has left behind is his camera containing five photographs, which are unlike his other work. Emma follows the images to Cornwall, beginning a journey in which old relationships are re-written and new ones are formed. As the visual mystery of each photograph unfolds, Emma finds herself unravelling and perilously close to breaking point. But could her unlikely salvation lie in the sea, a small community of swimmers and the promise of something Emma thought she didn't want? 'Truly beautiful' Debbie Johnson 'A stunning story about love, longing and learning to live again after loss. Utterly immersive, and brimming with exquisite prose, AFTERWARDS is a thought-provoking and powerful debut with a message of hope at its heart. Emma's journey is guaranteed to stay with you long after you turn the final page' Holly Miller 'A delicately crafted literary novel, capturing in pin-sharp prose the myriad of emotions that grief can cause and how even in the darkest of circumstances, we can learn to live again' Living Magazines 'I've already given this debut novel to my mum and my best friend. It's a raw and very human account of what happens "afterwards"' Back Story

Billboard

The awkward and lovable hero of Andrew Sean Greer's bestselling and prize-winning novel *Less* returns in this unforgettable road trip across America. 'Wildly, painfully funny' David Sedaris 'Unforgettable' Elizabeth Day 'The joyfulness of this book is a balm' Madeline Miller 'What a joy' Katie Kitamura For Arthur Less, life is going surprisingly well: he is a moderately accomplished novelist in a steady relationship with his partner, Freddy Pelu. But nothing lasts: the death of an old lover and a sudden financial crisis has Less running away from his problems yet again as he accepts a series of literary gigs that send him on a zigzagging adventure across the US. Less roves across the 'Mild Mild West', through the South and to his mid-Atlantic birthplace, with an ever-changing posse of writerly characters and his trusty duo - a human-like black pug, Dolly, and a rusty camper van nicknamed Rosina. He grows a handlebar mustache, ditches his signature gray suit, and disguises himself in the bolero-and-cowboy-hat costume of a true 'Unitedstatesian'... with varying levels of success, as he continues to be mistaken for either a Dutchman, the wrong writer, or, worst of all, a 'bad gay'. We cannot, however, escape ourselves - even across deserts, bayous, and coastlines. From his estranged father and strained relationship with Freddy, to the reckoning he experiences in confronting his privilege, Arthur Less must eventually face his personal demons. With all of the irrepressible wit and musicality that made *Less* a bestselling, Pulitzer Prize-winning, must-read breakout book, *Less Is Lost* is a profound and joyous novel about the enigma of life, the riddle of love, and the stories we tell along the way.

Life Revisited

"Meet Leda Foley; Devoted friend, struggling travel agent, sometime psychic. When Leda, proprietor of Foley's Flights of Fancy, books Seattle PD Grady Merritt on a flight back from Orlando, she does not expect it to change her life. When Grady watches the plane he was set to travel on catch fire while he remains safely in the airport, he seeks out Leda, and despite her rather scattershot premonitions, he enlists her help in investigating a cold case he just can't crack. But Leda has her own reasons for helping: her fiancé Tod was murdered under mysterious circumstances several years ago. Her psychic abilities weren't good then, but now she's been honing them at her favorite bar's open-mic nights, where she draws a crowd clairvoyant karaoke-singing whatever song comes to mind after holding other patrons' personal effects. With a rag-tag group of bar patrons and friends, Leda and Grady set out to catch a killer--and find that the two cases that haunt them may have more in common than they think"--

Less is Lost

An explosive insider account of grime, from subculture to international phenomenon. ***** A group of kids in the 2000s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names.

Living for Young Homemakers

"Miles ahead of the average ghost-story" — Sunday Times. A novelist retreats to an abandoned house in the heart of London, where he becomes enthralled by an 18th-century spirit — and where his contact with the outside world gradually diminishes. Acclaimed by such masters as Lovecraft as one of the best ghost stories in the English language.

To the Moon and Back

Let the boundless energy of the moon be your guide to unlocking your full potential... Humanity has forever had a close relationship with the moon. Poets look at it for inspiration, scientists study its fascinating influence on our planet's functioning, while mystics indulge in discovering its endless mysteries and magical prowess. Anyone who's ever dabbled in magic would know the truth behind the ancient proverb, "The sun sees your body. The moon sees your soul." One can never escape the gazing eye of the moon, for it has the most profound connection to the core of our being. Its energy seeps right through us, and with the right practices and knowledge, we can use it to cleanse us from all the negativity plaguing our lives. It's this inexplicable connection to the moon that has shaped the whole practice of magic throughout the ages, and now those practices can finally become yours. It is a common belief among mystics that during full moons, cosmic energy peaks, elevating with it the magic powers within each of us -- if only we knew how to tap into it. That embodied mystery and infinite power made the moon a witch's best partner ever since the dawn of time. On a full moon, magic is at its strongest, and there's no better time for you to start practicing magic than in the coming year. In 2021, we will get to witness the wonder of four different supermoons, a time during which our connection to the cosmos' energy is strongest and where our magic is most potent. Wherever you currently are in your life's path, know that using the magic of the full moon will only ultimately help you. With simple and easy full-moon rituals that are practical and available to whoever you are and whatever you believe in, you can finally start connecting to the hidden realms of moon magic and set yourself on the occult path to manifestation, self-love, and abundance. In Full Moon Magic 2021, you will discover: Ĩ The secret connection between moon cycles and astrological constellations that will allow you to fully grasp which rituals are best suited for each full moon of the month Ĩ 12 simple yet powerful rituals to cleanse both your spirit and your body for a happier and more fulfilling life Ĩ How different stones connect to the cosmic energy of the moon, and which ones are best suited for magic casting Ĩ Why April is an extraordinary month for magic rituals in 2021, and how tapping into the unique energy of its full moon will exponentially increase the strength of your magic Ĩ The 12 different kinds of candles you need to use in your rituals to optimize the casting process and guarantee the success of your spell Ĩ Bonus chapter giving you all the basics you need for magic, allowing you more flexibility and agency over your spells and when to cast them And much more. Sometimes the only way to get justice is to make it for yourself. Many modern witches believe that you should only use magic to bring positive energy into the world, and most spell books teach you those types of spells. This spell book is different. This spell book is wicked. There are times when you will be hurt by someone you loved, betrayed by someone you trusted, maligned by someone you thought was

your friend. Times when the magic of light and love just will not do. Thalia Thorne is an experienced witch and falls firmly into the camp that knows that there is no such thing as "white magic" or "black magic". Magic is what you turn to when mundane methods have failed or just won't work. If you're not pushing back against those who would walk all over you, then you're just going to end up being a doormat. This spell book will teach you how to make your own justice and stand up for yourself. For example, you'll find: Agony of Acne Curse - to give someone a pimple Sour Break Up Spell - to end a relationship Banish Your Ex Hex - to drive them away forever Business Butcher Curse - to destroy a business Liar's Lamentation - to find out who has been spreading lies And over 50 other spells that use simple ingredients and provide step-by-step directions that a beginner can follow. The next time someone wrongs you, will you turn the other cheek? Or will you be wicked?

The Spell Book of a Wicked Witch

Use the wisdom of the moon to make your life easier and to explore how you are connected with the breath of the world and the cycles of the stars. How we respond to the Moon's powerful influence is key to how we live our lives. The Moon sets the tone of the day and when we can register the Moon's sign, we know what to expect and how to operate at our maximum level. Understanding these signs and cycles allows us to gain a greater understanding of ourselves and those around us; it gives a beneficial tool that can be used to grant ourselves deeper knowledge of a friend, partner, or boss, and how to get along smoothly with them. *Be Your Own Moon Astrologer* explores the meaning and usefulness of the Moon each calendar day, how to make the most of our time, the Moon's relationship with other planets in our solar system, and how to use those important aspect-relationships to fine tune our planning. When all of these elements work together, we can take charge of our lives in a positive, healthy, and proactive way.

Be Your Own Moon Astrologer

Everything You Need to Know About the Magic of the Moon, from Best-Selling Author Lisa Chamberlain For Wiccans and other Pagan practitioners, the Moon is a vital presence with much to teach us-about the eternal rhythms of the Universe, the powers of Nature, and the magical potential that is ours to tap into when we align our intentions with lunar energy. For millennia, the Moon has been associated with many central concerns of human existence: love, passion, fertility, mystery, death and rebirth, and the afterlife, just to name a few. It's no wonder that this celestial body is the domain of the Goddess in so many traditions! Wiccans know that the Moon influences all of us, whether we realize it or not. Yet it's not always clear what this means in the context of our day-to-day lives. The focus on the New Moon and Full Moon throughout so much of Wiccan and Pagan lore can leave the impression that the Moon's significance is limited to these times. But in fact, each phase of the lunar cycle offers particular energies that you can attune with and harness for your specific magical goals. This book is for anyone wanting to learn more about the connections between the Moon and the practice of magic. While much of the information comes from a Wiccan perspective, and it is designed to include newcomers to Wicca, the broader focus of *Moon Magic* provides a rich foundation for enhancing your personal practice of magic through working with lunar energies. *Foundations of Lunar Magic* Many books about Wicca and magic will tell you that the waxing Moon is a time for attracting and the waning Moon is for banishing, but in reality, there's much more to it than that. *Moon Magic* takes an in-depth look at the lunar cycle, providing limitless possibilities for working with these multifaceted energies. The practical elements are accessible enough for beginners, yet those with more magical experience will still find plenty of new ideas, concepts, and tips to enhance their practice. In this book, you'll find: - How the Moon's energy influences the Earth, animals, and people - The core elements of the Moon in Wiccan spiritual practice - How the Triple Goddess in each of her aspects-Maiden, Mother, and Crone-aligns with the lunar cycle, and how each aspect can assist you with manifesting your magical goals - A detailed breakdown of magical properties of the lunar cycle, beginning with the New Moon and moving through all 9 phases of the Moon's journey around the Earth - Working magic on Blue Moons and Lunar Eclipses - Spells for each phase of the lunar cycle, as well as magical recipes, techniques, and correspondences-all focused on making the most out of your connection to the Moon's amazing power So whether you follow a particular tradition of Wicca, Witchcraft, or another Pagan path, or an eclectic combination of all three-or even if you're simply just curious!-you will find plenty of useful information within these

pages. If you're ready to learn about the magic of the Moon, scroll to the top of the page and select the buy button. Readers will also be treated to an exclusive free gift!
