Excerpt from Mrs. Denys of Cote, Vol. 1 of 3 The rector who christened the little Delia was a Daventry, and his presentation to Auld caster, and his arrival with his bride, was a welcome addition to the circle of relations and dear friends of whom the judge was the centre. Miss Delia was the forerunner of a numerous progeny. Babies Soon ceased to be phenomena in the House with Golden Gables. It was full of them, and all boys except Miss Delia. The rectory more than rivalled its fecundity. But the Daventrys were a good stock, and Auld caster was apt to say that there could not be too many of them. Excerpt from Mrs. Denys of Cote, Vol. 3 of 3 Essex-brough during the long winters which they now Spent chie y in some warm resort of invalids. Mr. Essex-brough had been compelled by the progress of his malady to drop his active occupations, and when they were at the Glen House he was almost always a prisoner in - doors, which kept his wife a prisoner too. Their visits were a rarity, and it could hardly be said that Mrs. Denys re gretted them, but her husband had that con stancy 'of temper that made him never grow accustomed to missing the society that was a habit with him. Unbound

Girl gone wild... College is supposed to be a time of discovery, but Danielle Vaughn never imaged it would be like this: heightened senses, supernatural powers, and a sudden craving for human blood. Dani is a demi-vamp, the daughter of a human psychic and a vampire noble, a living secret kept hidden for twenty-one years. As Dani's heritage manifests itself, her thirst for blood is matched only by her hunger for Chase Diedrick. But as the son of the Vampire Council's most powerful ruling family, Chase is already promised to another. Dani saw Council politics destroy her mother's life; she won't let the same thing happen to her. Besides, there's no shortage of men who are eager to satisfy her every need, including the alluring vampire Kayden. Unfortunately, Dani also has no shortage of enemies. Her heightened powers of telepathy and telekinesis attract the attention of a rogue vamp who preys on gifted vampires, absorbing their skills along with their lifeblood. Now, Dani must seek the Council's help to quickly master her new vampire life...or risk losing it. Revised edition: This edition of Unbound includes editorial revisions.

Unmerciful

Being a vampire sure bites...Lindsay Roselle's biggest worry should have been what to wear under her robe at her college graduation, not how she was going to survive the night as a newly turned vampire. After catching the attention of the Rogue, a vampire out to destroy the Vampire Nation, Lindsay was forced to undergo the change herself. Convinced she's fated for an end worse than death, Lindsay had all but given up until she's rescued...by the last person she ever expected to see again. Kayden Paris wasn't anything like the playboy Lindsay remembered from the night they shared together...and she wouldn't have forgotten the fangs. Kayden is the heir to his vampire clan and son of the mightiest

warrior in the Vampire Nation, but even he may not be able to heal all the wounds Lindsay suffered at the hands of the Rogue. In a life fraught with secrets, lies, and deadly enemies, Lindsay must first learn to trust herself in order to survive.

Unforgiven

Brandi Vaughn is more extraordinary than anyone realizes. The fiery young vamp has a secret elemental power--an inner flame that she must keep under control so as not to reveal herself to the dangerous rogue vampire targeting exceptional talents like hers. When two desperate followers of the Rogue attempt to kidnap her sister Dani during her wedding ceremony, Brandi lets loose with a pyrotechnic display that doesn't go unnoticed.

You Took the Last Bus Home

You Took the Last Bus Home is the first and long-awaited collection of ingeniously hilarious and surprisingly touching poems from Brian Bilston, the mysterious 'Poet Laureate of Twitter'. With endless wit, imaginative wordplay and underlying heartache, he offers profound insights into modern life, exploring themes as diverse as love, death, the inestimable value of a mobile phone charger, the unbearable torment of forgetting to put the rubbish out, and the improbable nuances of the English language. Constantly experimenting with literary form, Bilston's words have been known to float off the page, take the shape of the subjects they explore, and reflect our contemporary world in the form of Excel spreadsheets, Venn diagrams and Scrabble tiles. This irresistibly charming collection of his best-loved poems will make you laugh out loud while making you question the very essence of the human condition in the twenty-first century.

Nihil Unbound

This book pushes nihilism to its ultimate conclusion by linking revisionary naturalism in Anglo-American philosophy with anti-phenomenological realism in French philosophy. Contrary to the 'post-analytic' consensus uniting Heidegger and Wittgenstein against scientism and scepticism, this book links eliminative materialism and speculative realism.

Missing in Shanghai

"Jess is working on the China desk in the Foreign and Commonwealth Office. It's her job to ensure the State visit of the Chinese Premier runs smoothly. But tensions are running high. Jess uncovers a shocking secret - a British diplomat, Marianne Henderson, went missing in Shanghai in 1984 and has never been seen again. Not only that, all evidence she ever existed vanished with her. When Jess starts asking questions, she is warned off. But she is caught up in a chain of events she has no power to control. As she digs in the past to find out what happened to Marianne, Jess finds herself in grave danger." -- Provided by publisher.

Samantha Watkins

Young librarian Samantha Watkins has always been perfectly content with her humdrum existence. Never easily fitting in with anyone anywhere, she feels most at ease in silence, among stacks of books. Sam believes in leaving fantasy and drama to the characters in her beloved novels. But one night when she leaves work late, she finds herself center stage in a tale of vengeance and terror. Samantha is rescued from a gang of vampires by Phoenix, a mysterious and otherworldly man. Suddenly her paranormal adventures take a far more extraordinary turn than any story she's ever read. Phoenix, her savior, is actually a vampire as well, tasked with stopping his peers from killing. With no possibility of returning to her former life, Sam becomes his assistant. Together they investigate a series of mysterious disappearances and attempt to save the human race from a horrible fate. Battling vampires thrills and empowers Sam, but where does she stand with supernatural Phoenix? Could Phoenix, through their work together, become a different man?

Sleepy Willow's Heartless Soul

Willow's existence is not easy. Having narcolepsy is bad enough without her bond to an arrogant maistre, vampire extermination agents eradicating her kind, and "friends" with ulterior motives. Being undead could seem more of a hassle than being alive. But Willow has had enough. After all the betrayals and abuse-even with her sleep disorder-she refuses to take things lying down. It'll take more than

performing for necrophiliacs at a fetish club to make Willow's existence worthwhile. Now, she's on a mission to get her heart back. A mission that may liberate or destroy her...and everyone around her. With the help of powerful supernatural colleagues and Remi, her lover with a personality disorder, she faces danger. And she's determined to win this time. *For mature readers.*

Heart of the Steal

Responsible, disciplined William Fox channeled his love for art and his faith in the rules into being an FBI Art Crimes agent. Right and wrong, justice and injustice—the differences are clear, and Will has spent his career drawing a line between them. Maybe his convictions have cost him relationships, but he's not willing to compromise what he knows is right. Until the night he meets Amory Vaughn. As the head of his family's philanthropic foundation, Vaughn knows very well that being rich and powerful can get him almost anything he wants. And when he meets endearingly grumpy and slightly awkward William Fox, he wants him more than he's wanted anything. Vaughn is used to being desired for his name and his money, but Will doesn't care about either. When Vaughn falls back on old habits and attempts to impress Will by stealing a painting Will admires, their nascent bond blows up in his face. But Vaughn isn't willing to give up on the glimpse of passion he saw the night he took Will apart. Before Will knows it, he's falling for the man he should have arrested, and Vaughn has to realize that some things can't be bought or stolen. Love has to be given freely. But can a man who lives by the rules, and a man who thinks the rules don't apply to him, ever see eye to eye?

The New Death and Others

Signs of Life is Natalie Taylor's story. It starts the day her husband dies and ends sixteen months later on her son's first birthday. Natalie's journey from wife to widow to mother is heartbreaking, blackly funny and will move you to laughter and tears as she makes it across that finish line. And you have no doubt she will make it because Natalie is a warrior and a woman to cheer for. Intelligent, witty and moving, this is the very best kind of indie movie in a book. A book to delight, to treasure and to press into the hands of your best friend.

Signs of Life

A starkly beautiful, wordless graphic novel about the end of the world by the cult artist and longtime Radiohead collaborator. A wild seascape, a distant island, a full moon. Gradually the island grows nearer until we land on a primeval wilderness, rich in vegetation and huge, strange beasts. Time passes and man appears, with clubs, with spears, with crueler weapons still—and things do not go well for the wilderness. Civilization rises as towers of stone and metal and smoke choke the undergrowth and the creatures that once moved through it. This is not a happy story, and it will not have a happy ending. Working in his distinctive, monochromatic linocut style, Stanley Donwood achieves with his art what words cannot convey, carving out a mesmerizing, stark parable of environmental disaster and the end of civilization.

Bad Island

The first time Annie Sweet sees 43 Stanley Road, the house is so perfect she almost feels as though it has chosen her. But with her husband seeming more distant, and her daughter wrapped up in her friends and new school, Annie is increasingly left alone to mull over the past. She soon becomes consumed by the house and everyone who has lived there before her, especially a young music hall singer called Lily Painter, whose sparkling performances were the talk of London. As Annie delves further into the past she unravels the case of two notorious baby farmers, who cruelly preyed on vulnerable unmarried mothers. And until she solves the mystery at the heart of the scandal, the ghost of Lily Painter will never be able to rest. Based on true events, Caitlin Davies skilfully blends fact and fiction to bring to life part of our sinister past. Spanning an entire century, from the journals of an Edwardian police inspector to a doomed wartime love affair, *The Ghost of Lily Painter* is a gripping and poignant novel. 'Davies's prose is elegant and spare' *Sunday Times*

The Ghost of Lily Painter

Teenage assassin Gabriel Frost is back, and this time he's going to find out the truth about his mysterious past. It's been one year since the events of *Shadow Born*, and Gabriel has settled into his new life at Winschfield Manor as a field agent for the Top Secret organization known as D.A.S. Gabriel

is on his first solo mission when something goes horribly wrong and the shadowfriends escape, not only with hostages, but also with a rare and unusual relic -an ancient gemstone statue. Gabriel soon learns that the shadowfriends are collecting the statues because the artifacts have immense power, power that could change the world forever. But before D.A.S. can act, the Shadow attacks. Reeves and Julia are gone and the children are taken captive by a secret government agency. To make matters worse, Gabriel's powers are growing rapidly and he can't seem to control them. Just when his friends need him most, Gabriel may not be able to save anyone - not even himself.

Shadow Rising

The eagerly awaited 4th novel in the bestselling Conqueror series, continuing the life and adventures of the mighty Khan dynasty.

Empire of Silver

As a lowly pot boy, Holt Cook was never meant to be a dragon rider. Until in a moment of madness, he saves a dragon egg doomed to be destroyed. A blind hatchling with a mysterious and unknown magic. Soul-bonding with the dragon, Holt gains access to its magical core. Only through training and perseverance can he cultivate its power to stand a chance in the battles to come. For the riders are preparing for war. Undead horrors are rising across the land. Kings and riders alike die in their strongholds. Order is crumbling. And Holt faces a terrible decision. To do what is expected and maintain order, or do what he knows to be right and cause only chaos?

Ascendant

'I could get in,' Marianne thought, 'if there was a person inside the house. There has got to be a person. I can't get in unless there is somebody there.' A powerful and haunting classic about a girl haunted by her own dreams. Ill and bored with having to stay in bed, Marianne picks up a pencil and starts doodling - a house, a garden, a boy at the window. That night she has an extraordinary dream. She is transported into her own picture, and as she explores further she soon realises she is not alone. The boy at the window is called Mark, and his every movement is guarded by the menacing stone watchers that surround the solitary house. Together, in their dreams, Marianne and Mark must save themselves . . . The perfect gift for children aged 8+, this well-loved classic will delight a new generation of readers of the Faber Children's Classics list.

Marianne Dreams

Ally Marshall is a wolf shifter-- and a Seer. But a girl doesn't exactly need special powers to know that Derren Hudson despises her entire kind. But in this case, his disdain is mixed with a healthy dose of desire. And no matter how much the ruggedly handsome male appeals to her, this is one call of the wild she's determined to ignore. When Derren is forced into acting as her protector, he finds himself intensely and passionately drawn to the woman who incites his primal instinct to claim. And when enemies target the pack, Ally's gift may be just what the Mercury Pack needs....

Spiral of Need

The first addictive novel in New York Times bestselling author Katie Reus's Moon Shifter series. Ana Cordona has been a strong leader for the lupine shifters who survived after all the males and most of the females in her pack were mysteriously poisoned. As tough as she is, with no Alpha male, the pack is vulnerable to the devious shifter Sean Taggart, who wants to claim both their ranch and Ana as his own. When Connor Armstrong comes back into her life, promising protection, it's almost enough to make Ana forget how he walked out on her before—and reluctantly accept his offer to mate. The minute Connor sees Ana again, it reawakens a raw hunger. He must have her for his bondmate—his wolf cries out for it. But his human side knows he must proceed with caution because of their complicated past. If he is to truly have her body and soul, he must go beyond his burning desire and win back her heart. Whatever it takes, he is determined not to leave her side again. But Taggart and his rival pack are not their only enemies. A human element in town is targeting shifters. Their plan not only threatens Ana and Connor's future, but the lives of the entire pack...

Alpha Instinct

'A glittering stream of revelatory light . . . Fascinating' THE TIMES 'Rich, complex and original' TOM HOLLAND 'One of the best books on Blake I have ever read' DAVID KEENAN 'Absolutely wonderful!' TERRY GILLIAM 'An alchemical dream of a book' SALENA GODDEN 'Tells us a great deal about all human imagination' ROBIN INCE *** Poet, artist, visionary and author of the unofficial English national anthem 'Jerusalem', William Blake is an archetypal misunderstood genius. His life passed without recognition and he worked without reward, mocked, dismissed and misinterpreted. Yet from his ignoble end in a pauper's grave, Blake now occupies a unique position as an artist who unites and attracts people from all corners of society, and a rare inclusive symbol of English identity. Blake famously experienced visions, and it is these that shaped his attitude to politics, sex, religion, society and art. Thanks to the work of neuroscientists and psychologists, we are now in a better position to understand what was happening inside that remarkable mind, and gain a deeper appreciation of his brilliance. His timeless work, we will find, has never been more relevant. In William Blake vs the World we return to a world of riots, revolutions and radicals, discuss movements from the Levellers of the sixteenth century to the psychedelic counterculture of the 1960s, and explore the latest discoveries in neurobiology, quantum physics and comparative religion. Taking the reader on wild detours into unfamiliar territory, John Higgs places the bewildering eccentricities of a most singular artist into context. And although the journey begins with us trying to understand him, we will ultimately discover that it is Blake who helps us to understand ourselves.

William Blake vs the World

A Canopy of Stars

A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. Cycling and Cinema explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

Ship of Destiny (The Liveship Traders, Book 3)

It is 1910 and fifty-six year old William Henry Kelly, a caulker at Belfast's Queen's Island shipyard, is engaged in building the White Star liner Titanic, when Belle, his beloved wife of 30 years, is brutally murdered. Based on the true story of the author's great grandfather, this is an account of life in Belfast's shipyards and working class districts during the turbulent first quarter of the 20th century. Set against the background of the construction and demise of Belfast's iconic but ill-fated super liner, and the effects of the First World War on industrial and community relations in Belfast, it tells the story of an ordinary but intelligent working man's battle with social injustice and with the demons within himself. This tale of a hard-working man, whose personal tragedy is eclipsed by that of the doomed ship and her fifteen hundred lost souls, is told with humour, pathos and an affection for the characters.

Cycling and Cinema

Winner of four utopYA Awards, including Best Book of the Year and Best Sci-Fi Book of the Year Cricket Hollowell never wished upon stars. She was too busy hiding in plain sight, eluding Chicago's foster care system. As her eighteenth birthday approaches, she now eagerly anticipates the day she'll stop running and finally find her place in the world. That day comes when she meets a young Etharian soldier

named Trey Allairis, who has been charged with coming to Earth to find Kricket and transport her to her true home. As danger draws close, he must protect her until she can wield the powers she cannot use on Earth...and he soon realizes that counting a galaxy of stars would be easier than losing this extraordinary girl. Kyon knows the powerful depths of Kricket's gifts--gifts he'll control when he takes her for his tribe and leads the forces that will claim Ethar and destroy his enemies, starting with Trey Allairis. Now, Kricket faces the most difficult choice of her life: whether to wage a battle for survival or a fight for love. Revised edition: This edition of *Under Different Stars* includes editorial revisions.

A Wistful Eye

In this heart-pounding, starkly colored, and visually stunning “noir comic not to be missed” (CrimeReads), three women are running out of time to get out of Cuba with six million dollars on the night of New Year’s Eve 1958. Gangster’s moll Carole, jazz singer Taffy, and mambo queen Ana all have their reasons for needing to escape the El Eden Casino in Havana. And on the tumultuous night of New Year’s Eve, when Cuban dictator Fulgencio Batista flees the country and the nation falls to Fidel Castro, they get their chance...with the help of six suitcases filled with stolen dirty money. Of course, it’s one thing to get the cash...and quite another to get off the island alive... Acclaimed creators Alex de Campi and Victor Santos weave an unforgettable and glittering noir thriller—all wrapped up in the humid, fateful Caribbean night that marked the very end of the great mob casinos. “Readers will revel in this fast-paced noir, embracing both its elegant period detail and pulpy genre roots” (Publishers Weekly).

Under Different Stars

A major new manifesto for the end of capitalism Neoliberalism isn’t working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. *Inventing the Future* is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.

Bad Girls

A moving and compelling emotional mystery, by one of the most exciting new talents in Norway Her name is Jane Ashland, and her life has spiralled out of control. Moving between Jane's past and this extraordinary remote landscape, Nicolai Houm weaves a dramatic trail of suspense through one woman's life - via love, grief, and a devastating accident that changes everything. *The Gradual Disappearance of Jane Ashland* is a compelling, beautifully-written tale of life at its most glorious, and most terrible. Born in 1974, Nicolai Houm has published two novels, a collection of stories and a picture book, all critically acclaimed in Norway. *The Gradual Disappearance of Jane Ashland* is his first book to be published in English. He works part-time as an editor in the publishing house Cappelen Damm, and lives in Lier with his wife and daughter.

Inventing the Future

Long-awaited on the importance of halogen bonding in solution, demonstrating the specific advantages in various fields - from synthesis and catalysis to biochemistry and electrochemistry! Halogen bonding (XB) describes the interaction between an electron donor and the electrophilic region of a halogen atom. Its applicability for molecular recognition processes long remained unappreciated and has mostly been studied in solid state until recently. As most physiological processes and chemical reactions take place in solution, investigations in solutions are of highest relevance for its use in organic synthesis and catalysis, pharmaceutical chemistry and drug design, electrochemistry, as well as material synthesis. *Halogen Bonding in Solution* gives a concise overview of halogen bond interactions in solution. It discusses the history and electronic origin of halogen bonding and summarizes all relevant examples of its application in organocatalysis. It describes the use of molecular iodine in catalysis and industrial applications, as well as recent developments in anion transport and binding. Hot topic: Halogen bonding is an important interaction between molecules or within a molecule. The field has developed considerably in recent years, with numerous different approaches and applications having been published.

Unique: There are several books on halogen bonding in solid state available, but this will be the first one focused on halogen bonding in solution. Multi-disciplinary: Summarizes the history and nature of halogen bonding in solution as well as applications in catalysis, anion recognition, biochemistry, and electrochemistry. Aimed at facilitating exciting future developments in the field, Halogen Bonding in Solution is a valuable source of information for researchers and professionals working in the field of supramolecular chemistry, catalysis, biochemistry, drug design, and electrochemistry.

The Gradual Disappearance of Jane Ashland

Whenever wolf shifter Roni Axton is near Marcus Fuller, there's a crackle of sexual awareness that's intoxicating ... and deeply annoying. Marcus is a pack enforcer who oozes power, but Roni is lethal in her own right. His possessive gaze makes one thing clear. Marcus has singled her out for seduction, and he wants to make her sit up and beg. When a brutal attack by a jackal pack forces them to work together, it's the perfect opportunity for Marcus to chip away at her defenses-- until he falls into his own trap, completely unprepared for the intensity of their connection. For Marcus, claiming Roni once will mean needing her forever.

Halogen Bonding in Solution

Women are dying in their millions. Some blame scientists, some see the hand of God. As she watches her world collapsing, Jessie Lamb decides she wants to make her life count. Would you let your daughter die if it would save the human race? The Testament of Jessie Lamb is the story of one daughter's heroism and one father's love.

A Book of Golden Deeds (EasyRead Super Large 18pt Edition)

This is a story of an ordinary girl's transformation from awkward 80s suburban pop geek to 90s jet-set pop goddess. It's about the embarrassments of growing up and experimenting with who you are and how pop music is both the comic and life-affirming soundtrack that runs through it all. Different for Girls is for anyone who ever sang into a hairbrush and slow-danced to Spandau Ballet's True. It's about growing up with Look-In and Jackie magazine and daubing your hair with poster paint to look more like Toyah Wilcox. It's about bad perms, bad boyfriends and the nagging feeling that no man will quite measure up to Nick Heyward from Haircut One Hundred. It's also about the journey from bad band to great band, from gigs in toilets to gigs in stadiums with all the mistakes, joys, disappointments and successes in between. It's a journey which starts with a 12-year-old perfecting her dance routine to Kate Bush's Wuthering Heights in front of TOTP and ends, almost 20 years later, with the same girl having REM's Michael Stipe sing happy birthday to her on a warm summer's evening accompanied by 70,000 strangers.

Dark Instincts

Plagued by recurring dreams of a faceless, yet strangely familiar man, and struggling to adapt to unique powers, Morgan Cauldwell moves halfway across the country to Manchester Academy. Once at MAC, Morgan meets the mysterious Chase Thomas. He knows more about Morgan than she knows about herself, and through him, Morgan learns she is Gifted. With the help of Chase and the Gifted Council, Morgan begins to learn how to control and develop the powers that have kept her isolated her whole life. While the mysteries of her dream man begin to unfold, Morgan's powers quickly surpass even the Council's expectations. But how much power should one person be allowed to possess...and at what price? Morgan finds herself face to face with her worst nightmares, where nothing is as it seems and not all Gifted are content with the powers they've been given.

The Testament of Jessie Lamb

For every athlete or sports fanatic who knows she's just as good as the guys. This is for fans of The Running Dream by Wendelin Van Draanen, Grace, Gold, and Glory by Gabrielle Douglass and Breakaway: Beyond the Goal by Alex Morgan. The summer before Caleb and Tessa enter high school, friendship has blossomed into a relationship . . . and their playful sports days are coming to an end. Caleb is getting ready to try out for the football team, and Tessa is training for cross-country. But all their structured plans derail in the final flag game when they lose. Tessa doesn't want to end her career as a loser. She really enjoys playing, and if she's being honest, she likes it even more than running cross-country. So what if she decided to play football instead? What would happen between

her and Caleb? Or between her two best friends, who are counting on her to try out for cross-country with them? And will her parents be upset that she's decided to take her hobby to the next level? This summer Caleb and Tessa figure out just what it means to be a boyfriend, girlfriend, teammate, best friend, and someone worth cheering for. "A great next choice for readers who have enjoyed Catherine Gilbert Murdock's Dairy Queen and Miranda Kenneally's Catching Jordan."—SLJ "Fast-paced football action, realistic family drama, and sweet romance...[will have] readers looking for girl-powered sports stories...find[ing] plenty to like."—Booklist "Tessa's ferocious competitiveness is appealing."—Kirkus Reviews "[The Football Girl] serve[s] to illuminate the appropriately complicated emotions both of a young romance and of pursuing a dream. Heldring writes with insight and restraint."—The Horn Book

In this weaving of radical political economy, Omnia Sunt Communia sets out the steps to postcapitalism. By conceptualising the commons not just as common goods but as a set of social systems, Massimo De Angelis shows their pervasive presence in everyday life, mapping out a strategy for total social transformation. From the micro to the macro, De Angelis unveils the commons as fields of power relations – shared space, objects, subjects – that explode the limits of daily life under capitalism. He exposes attempts to co-opt the commons, through the use of code words such as 'participation' and 'governance', and reveals the potential for radical transformation rooted in the reproduction of our communities, of life, of work and of society as a whole.

A Spurious Brood

Enter the magical world of the Trylle with the full e-book collection: Switched, Torn, and Ascend from New York Times bestselling author Amanda Hocking. When Wendy Everly was six years old, her mother was convinced she was a monster and tried to kill her. Eleven years later, Wendy discovers her mother might have been right. She's not the person she's always believed herself to be, and her whole life begins to unravel—all because of Finn Holmes. Finn is a mysterious guy who always seems to be watching her. Every encounter leaves her deeply shaken...though it has more to do with her fierce attraction to him than she'd ever admit. But it isn't long before he reveals the truth: Wendy is a changeling who was switched at birth—and he's come to take her home. Now Wendy's about to journey to a magical world she never knew existed, one that's both beautiful and frightening. And where she must leave her old life behind to discover who she's meant to become...

The Football Girl

From the author of The Red Notebook, described as 'Parisian perfection' by HRH The Duchess of Cornwall, Red is My Heart is a stunning collection of words and images in collaboration with Parisian street artist, Le Sonneur, about how to mend a broken heart. 'Enchanting' Washington Post How can you mend a broken heart? Do you write a letter to the woman who left you – and post it to an imaginary address? Buy a new watch, to reset your life? Or get rid of the jacket you wore every time you argued, because it was in some way ... responsible? Combining the wry musings of a rejected lover with playful drawings in just three colours – red, black and white – bestselling author of The Red Notebook, Antoine Laurain, and renowned street artist Le Sonneur have created a striking addition to the literature of unrequited love. Sharp, yet warm, whimsical and deeply Parisian, this is a must for all Antoine Laurain fans.
