Prayer Of Spiritual Warfare

The Conqueror of the devil.

The listener always triumphs in Christ!

They are ready to stand against the attack of the kingdom of darkness.

The whole armour of God belongs to the listener!

Hallelujah!

Glory! Glory! Glory!

The battle is the Lords!

Aproximación al Jesús histórico

¿Es verdad que Jesús nunca existió como muchos afirman? Y si se acepta su historicidad, ¿cómo sabemos qué fue lo que dijo o hizo verdaderamente? ¿Hay sistemas o métodos para averiguar qué es histórico y qué no en lo que se cuenta de Jesús? ¿Qué valor tienen en general textos, los evangelios, que se nos han transmitido sobre él desde tiempos remotos? O también, ¿cómo se puede obtener algo que se acerque a la verdad de tanto como se ha escrito sobre Jesús, en especial desde la época de la Ilustración? Y por fin, ¿por qué los estudiosos en general parecen rechazar arbitrariamente unos pasajes de los evangelios como "falsos" y aceptan otros como "verdaderos"? Todas estas son preguntas reales, formuladas al autor directa y personalmente, que surgen de forma espontánea en cualquiera que se interesa por Jesús. A lo largo del libro el lector percibirá cómo utilizando científicamente los métodos que se describen en él, y observando los ejemplos ilustrativos, es posible aproximarse históricamente a la figura de Jesús de Nazaret. Este libro sirve además de ayuda e introducción al estudio concreto de los evangelios, de modo que se consiga tener una noción suficientemente clara de su valor literario e histórico y de las razones de ello. Está compuesto desde el punto de vista estrictamente histórico y de la crítica literaria, sin estar supeditado a ninguna confesión religiosa, pero igualmente sin practicar militancia ideológica alguna. Es una presentación sencilla, en lo posible, ordenada y (casi) completa de los métodos utilizados por la ciencia histórica para aproximarse a las primeras fuentes sobre Jesús. -"Aprendo con Piñero a cada frase, así como del enjundioso libro que acaba de publicar: Aproximación al Jesús histórico, en el que concluye que Jesús existió realmente, que fue un galileo carismático al que sus seguidores vestirían luego con ropajes divinos" (Entrevista en La Vanguardia) -"En este estudio sencillo, ordenado y claro Piñero, catedrático gaditano hoy en día reconocido como uno de los principales expertos del Nuevo Testamento a nivel mundial, ha querido poner sobre la mesa lo que se sabe sobre la figura histórica de aquel Jesús del siglo I procedente de Nazaret" (Entrevista en ABC). -"Este libro pretende responder a una serie de cuestiones en torno a Jesús, tales como si es cierto lo que algunos sostienen sobre su inexistencia; la forma de proceder de los estudiosos para aceptar un determinado pasaje como verdadero (o posiblemente verdadero) y otro como falso; o la explicación precisamente de la aplicación de los métodos críticos para acercarnos lo más posible a la realidad histórica y el valor que pueden tener los textos primitivos del cristianismo" (Religión Digital).

El Jesús histórico. Otras aproximaciones

Circulan entre los lectores de lengua castellana dos tipos de libros sobre Jesús de Nazaret. Uno, la mayoría, escrito por autores de una u otra confesión cristiana. Otro, minoritario, compuesto por estudios de autores independientes no confesionales, pero que procuran no ser militantes, en pro de una opción que exponga los resultados de una aproximación a Jesús obtenida con los mismos medios empleados para estudiar otras biografías o libros parecidos de personajes ilustres de la

Antigüedad. Poner a disposición del público un panorama breve pero bastante completo de lo que se está escribiendo en lengua española en estos momentos es pues la finalidad de estas Otras aproximaciones . Este panorama se divide consecuentemente en dos secciones. La primera contiene apreciaciones positivas y negativas respecto a las obras sobre Jesús de autores confesionales, es decir, dependientes de la fe de una iglesia determinada. La segunda ofrece por medio de análisis históricos otras aproximaciones al personaje que el autor defiende como más cercanas a la figura histórica de este y que no dependen de iglesia alguna. Ahora bien, también esta segunda parte es crítica. Se trata de construir una imagen de Jesús sobre la base de lo que razonablemente podemos saber hoy acerca de él utilizando todas las herramientas usuales en la investigación de la historia antigua. La lista de libros comentados no es muy grande teniendo en cuenta que sobre Jesús se escriben cerca de mil libros al año, aunque la mayoría sin valor histórico alguno. Con los libros aquí presentados cree el autor que tiene ya el lector suficientes herramientas intelectuales para formarse una idea de cómo debe discurrir hoy día la investigación del Jesús de la historia. La imagen del Nazareno obtenida de este conjunto crítico está escrita con la consciencia plena de que su vida, aun siendo la de un personaje históricamente remoto, está totalmente viva en la inmensa mayoría de los cristianos. Por ello, esa vida sigue interesando por sí misma.

El enviado del Reino

Esta obra presenta la faceta histórica de Jesús de Nazaret, un tema controvertido situado en el centro de la cultura religiosa occidental. Muestra al lector no especializado los logros de la investigación contemporánea acerca del profeta galileo y mesías cristiano y, para ello, se apoya en el trabajo de autores de diferentes perspectivas conceptuales y teológicas. En el campo del saber histórico, la recuperación de la figura de Jesús de Nazaret ha sido el resultado de una lectura crítica de los relatos evangélicos, entendidos en el marco de las tradiciones judías y helenistas de la antigüedad, y de la búsqueda en ellos, con criterios de autenticidad, del estrato más cercano a la realidad de su vida, en el Israel del siglo I de nuestra era durante la hegemonía de la civilización grecorromana. El libro examina temas centrales de la aproximación histórica a la imagen de Jesús: los orígenes de la investigación moderna en la época de la Ilustración; la predicación del reinado de Dios; la autenticidad y fidelidad de las fuentes escritas; su imagen judeo-galilea como hombre santo carismático y profeta apocalíptico; su ajusticiamiento como sedicioso y la degradación romana de la causa mesiánica; los relatos acerca de la creencia en su resurrección y, para concluir, se acerca a Jesús en sus propias palabras. A través de relatos, análisis y comparaciones de textos de antiguas tradiciones el lector puede acceder a una visión actual acerca del bautizo y la familia de Jesús, los autores de los evangelios y sus manuscritos más antiguos, el descubrimiento arqueológico de los rollos de Qumrán, la antigua religión sacrificial judía, la rebelión contra Roma, la destrucción del Templo de Jerusalén y la catástrofe colectiva que representó para la nación judía, así como a las religiones que la sobrevivieron, el judaísmo rabínico y el judaísmo nazareno, cuyos seguidores llegaron a ser llamados cristianos.

Aproximación a la historia de la lingüística

"Los árboles pueden ocultar el bosque". Esto ocurre para muchos cuando lo "cristiano" lo constituyen, ante todo, doctrinas, preceptos o ritos concretos, bien sea que, entonces, atraigan, bien que repelan. A todos -cristianos y no cristianos, entusiastas, simpatizantes o recelosos- puede ser útil plantearse la pregunta: ¿qué es, en esencia, el Cristianismo? Una pregunta así es de naturaleza filosófica. Es razonable, pues, buscarle una respuesta filosófica... que habrá de tener en cuenta, como es obvio, las aportaciones historiográficas, exegéticas y teológicas. Y, aunque el Cristianismo tiene ya una larga historia - y habrá que terminar preguntándose por su situación actual y su posible futuro-, lo más oportuno es centrar la atención en los hechos que podemos llamar "fundacionales" del Cristianismo: esos que son objeto de la conmemoración anual que es la Semana Santa. JOSE GOMEZ CAFFARENA, jesuita, es profesor de Filosofía de la Religión. Su último libro, La entraña humanista del Cristianismo (3a ed., 1988) y su trabajo "El Cristianismo y la filosofía moral cristiana" (en la Historia de la Ética, dirigida por V. Camps, tomo I, 282-344) pueden completar el texto del presente "cuaderno".

Aproximación al misterio cristiano

La pasión, muerte y resurrección de Jesús, sin duda, representan el pilar central e indispensable sobre el que se construyó la milenaria religión cristiana. Sin embargo, ¿qué es lo que nos dice hoy la moderna arqueología, la historia, el estudio comparado de las religiones, el análisis científico de los documentos que disponemos? Para dar respuesta a estas preguntas, un grupo de especialistas

académicos, expertos en distintos campos del conocimiento, nos ofrecen en esta obra una visión aséptica, documentada y rigurosa sobre los trágicos episodios narrados en los Evangelios, y que son el basamento de la fe de millones de personas en el mundo. El resultado es un trabajo sólido y apasionante, escrito de un modo claro y asequible, e indispensable para todo lector que desee conocer y profundizar en estos episodios históricos desde una perspectiva científica no vinculada a las creencias religiosas.

Miscelánea filológica dedicada al profesor Jesús Neira

Dios, Cristo y el hombre son los tres personajes fundamentales que entran en juego en el cristianismo y de manera especial en el objeto central de la cristología. El libro quiere dar razón de los tres en esta aproximación al misterio cristiano desde la categoría de gloria y desde una perspectiva cristológico-trinitaria.

Jesus, an Historical Approximation

Already hailed as a landmark in contemporary Catholic theology, *Jesus Symbol of God* surveys scriptural data, the key moments in the development of doctrine, and the distinctive horizons of our contemporary world to develop a comprehensive and systematic christology for our time. The task of christology is to explain what it means to say that Jesus is the bearer and revealer of God in the Christian community, the decisive mediation of God's salvation -- or, in other words, the symbol of God.

Aproximación histórica a los Comentarios reales

Las elites han estado en el centro de muchos de los debates de las últimas décadas y a ellas se alude constantemente; sin embargo, la discusión ha estado tradicionalmente constreñida a interpretaciones categóricas que han tendido a criticar la traición de la burguesía a la revolución en pro de su aristocratización. En un momento fundamental de desmantelamiento del Antiguo Régimen y construcción del Estado-nación liberal, este grupo situado en la cúspide social vivió un profundo y radical cambio en su propia naturaleza. Para complejizar este proceso histórico apelando a una interpretación cultural, se estudian una serie de espacios y prácticas de sociabilidad donde se negociaron las fronteras de definición del concepto mismo de elite. Se analizan, así, lugares tradicionales que sufrieron, a lo largo del siglo XIX, una profunda reconfiguración. Es el caso de los salones, las tertulias, los museos, las academias o los teatros de ópera, pero también de una serie de espacios vinculados a nuevos valores burgueses que implicaron una redefinición de las prácticas y los valores elitistas, como sucedió, por ejemplo, con los balnearios, los casinos o los clubes deportivos. Con una perspectiva interdisciplinar, se estudian tanto la escasa sociabilidad institucionalizada de las elites como, particularmente, aquella otra informal en la que se produjo este complejo proceso de formación de una nueva clase dirigente nacida del encuentro entre la vieja aristocracia y la nueva burguesía.

Aproximación histórica a la poesía navarra de la posguerra

More than just an expression of religious authority or an instrument of social control, the Inquisition was an arena where cultures met and clashed on both shores of the Atlantic. This pioneering volume examines how cultural identities were maintained despite oppression. Persecuted groups were able to survive the Inquisition by means of diverse strategies--whether Christianized Jews in Spain preserving their experiences in literature, or native American folk healers practicing medical care. These investigations of social resistance and cultural persistence will reinforce the cultural significance of the Inquisition. More than just an expression of religious authority or an instrument of social control, the Inquisition was an arena where cultures met and clashed on both shores of the Atlantic. La verdadera Historia de la Pasión

This work takes up two related questions with regard to Jesus: his intention and his relationship to his contemporaries in Judaism. These questions immediately lead to two others: the reason for his death (did his intention involve an opposition to Judaism which led to death?) and the motivating force

behind the rise of Christianity (did the split between the Christian movement and Judaism originate in opposition during Jesus' lifetime?).

L'època dels Estats nacionals, probablement en vies de superació, ens planteja la necessitat de fer un balanç de la seva trajectòria. Com pot valorar-se la de l'Estat nacional espanyol? Fins a quin punt la lògica i els interessos que predominaven en ell van ser distints dels quals sorgirien en unes perifèries clarament diferenciades? Quin grau de sintonia va trobar l'Estat central en aquestes societats perifèriques? En els debats polítics actuals com en la investigació històrica, els dèficits i les realitzacions de l'Estat ocupen un paper clau, sobretot quant al «llarg segle XIX», en el qual es va fargar l'Espanya contemporània. Aquest llibre, a la llum d'algunes de les més importants investigacions de l'última dècada, replanteja les grans qüestions i ofereix noves perspectives, més acords amb la investigació empírica i amb els estudis comparatius.

Historia social y conciencia histórica

Reúne los conceptos fundamentales de la catequética. El perfil conceptual de la obra se detiene en algunos aspectos más preocupantes de hoy: la relación entre evangelización y catequesis, la iniciación cristiana, la opción por la catequesis de adultos, la inculturación de la catequesis, etc. La liturgia cristiana en 125 voces monográficas y 221 subvoces. Un fruto maduro de la reforma litúrgica del Vaticano II. Consta de dos volúmenes, que se venden conjuntamente: Volumen I: A-I Volumen II: J-Z

Socialism from the Christian Standpoint

Excerpt from Socialism From the Christian Standpoint: Ten Conferences Six of the number were preached during the Lent of 1912, in Saint Patrick's Cathedral, New York. To make the set more complete, and, I hope more useful, I have added the remaining four addresses. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Marxism, an American Christian Perspective

"If anyone was ever a socialist, it was Jesus."—Kelley Rose, Democratic Socialists of America Economist and historian Lawrence W. Reed has been hearing people say "Jesus was a socialist" for fifty years. And it has always bothered him. Now he is doing something about it. His new book demolishes the claim that Jesus was a socialist. Jesus called on earthly governments to redistribute wealth? Or centrally plan the economy? Or even impose a welfare state? Hardly. Point by point, Reed answers the claims of socialists and progressives who try to enlist Jesus in their causes. As he reveals, nothing in the New Testament supports their contentions. Was Jesus a Socialist? could not be more timely. Socialism has made a shocking comeback in America. Poll after poll shows that young Americans have a positive image of socialism. In fact, more than half say they would rather live in a socialist country than in a capitalist one. And as socialism has come back into vogue, more and more of its advocates have tried to convince us that Jesus was a socialist. This rhetoric has had an impact. According to a 2016 poll by the Barna Group, Americans think socialism aligns better with Jesus's teachings than capitalism does. When respondents were asked which of that year's presidential candidates aligned closest to Jesus's teachings, a self-proclaimed "democratic socialist" came out on top. Sure enough, the same candidate earned more primary votes from under-thirty voters than did the eventual Democratic and Republican nominees combined. And in a 2019 survey, more than 70 percent of millennials said they were likely to vote for a socialist. Was Jesus a Socialist? expands on the immensely popular video of the same name that Reed recorded for Prager University in July 2019. That video has attracted more than four million views online. Ultimately, Reed shows the foolishness of trying to enlist Jesus in any political cause today. He writes: "While I don't believe it is valid to claim that Jesus was a socialist, I also don't think it is valid to argue that he was a capitalist. Neither was he a Republican or a Democrat. These are modern-day terms, and to apply any of them to Jesus is to limit him to but a fraction of who he was and what he taught."

SOCIALISM FROM THE CHRISTIAN S

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

SOCIALISM FROM THE CHRISTIAN S

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain

imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Socialism from the Christian Standpoint

This book is for everyone concerned with poverty and its solutions. It focuses on poverty in the Third World as well as the First World.

The Economy from a Biblical Perspective

Despite an anti-religious reputation and the anti-religious worldview of many members, the American Socialist movement held a primarily religious and moral attraction for a small but highly articulate group of American Christians of diverse religious tradition. This study explores the dramatic and at times dangerous lives of individuals who found in the vibrant, growing socialist movement before World War I the grounds for hope that the biblical ideals of human worth and economic justice would at last be fulfilled. Its subjects are male and female, black and white, native- and foreign-born, clergy and lay people, and products of Christian traditions ranging from African-American Baptist to Episcopalian. Readers will find not Milquetoasts standing hesitantly on the sidelines, but Christians with an unequivocal commitment to the complete socialist program who made major contributions to socialist work as authors, political candidates, and party leaders. Biographical chapters examine the interaction between their subjects' experiences amidst the suffering of an urban-industrial society and their religious commitments, the perspectives on the meaning of socialism they brought to their work for the Socialist Party of America, and their careers after war and the rise of communism shattered the socialist movement. These biographies and an introductory chapter on the wider relationships between religion and socialism in Progressive-era America demonstrate that Christians made quite substantial contributions to the party, and that, far from being a monolithic group, they spread out across the spectrum of socialist ideology and tactics. Other issues include attempts to spread socialism within the churches, the Socialist Party's debates over religion, Roman Catholic efforts to prevent Catholic workers' acceptance of socialism, and the ethical qualities that made socialism appealing to Christians.

The Church and Socialism

The triumph of the New Right and the collapse of Communism forced the Left to redefine socialism. Some discovered an alternative in the Christian Socialist tradition, which became much better known when Tony Blair and other noted figures described how their political beliefs derived from their Christian faith.

Is Capitalism Christian?

Miranda will not be pigeonholed by the academy. It is to be strongly hoped that he is taken seriously, for there is in his writing the kind of discernment which may reform and renew Scripture study. Walter Brueggemann, Professor of Old Testament, Eden Theological Seminary This book, like the liberation theologies generally (Latin American, Black, feminist), challenges traditional 'intentional misunderstandings' of the Scripture by established powers. It allows familiar biblical passages, such as the parable of the rich man and Lazarus, to speak out with their original force and clarity--and the message sounds astonishingly new! An excellent translation by Robert Barr. Madeleine Boucher, Associate Professor of New Testament, Fordham University Jose Miranda's book is an extremely valuable statement, which advances the discussion of biblical economics to a new stage. Miranda minces no words in exposing the exegetical sleight-of-hand attempted by 'conscience-tranquillizing theologians.' His passionate and informed defense of 'Christian communism' will have to be reckoned with by all who have professed a willingness to be obedient to the Gospel. Richard J. Mouw, Professor of Philosophy, Calvin College A scholarly study in biblical teaching--brief, direct, powerful--which puts the burden of proof on those who would deny that original and authentic Christianity is communistic (not, to say, Marxist). This is vintage Miranda--erudite, passionate, persuasive, and above all, disturbing. Robert T. Osborn, Chairman, Department of Religion, Duke University

Christian Socialism, Explained and Enforced, and Compared with Infidel Fellowship

From its beginnings, liberation theology has provoked a wide and diverse range of responses from a multitude of critics--theological, methodological, political, ecclesiastical. *Liberation Theology and Its Critics* is a comprehensive and systematic explication of these diverse criticisms, as well as a reasoned

and rigorous defense of liberation theology. McGovern states his aim thus: to understand better the world of Latin America and the culture and conditions which prompt a liberation theology, while at the same time giving expression to some of the misgivings that many US Americans experience when reading about liberation theology. *Liberation Theology and Its Critics* begins by discussing the place of theology itself in liberation theology. The book offers an historical overview, shows us what liberation theologians see as most distinctive in their work, addresses the biblical interpretations and major areas of theology stressed by liberation theologians, and discusses other theologians' critiques. Next, McGovern explicates the use of social and political analysis in liberation theology, which has been one of the areas of particular controversy. He focuses on such issues as dependency theory, Marxism, class struggle, socialism, and the Nicaraguan revolution, addressing throughout the concerns raised by a range of critics, from the Vatican to Michael Novak. Finally, McGovern explores the role of the church and how liberation theology is lived out in practice. He examines base communities, ecclesiology, current political trends in Latin America, the varying status of liberation theology as well as its most recent developments. McGovern demonstrates that liberation theology encompasses a wide spectrum of theologians with different styles and emphases. It requires careful study, non-polemical debate, and an honest effort to present the views of both liberation theologians and their critics fairly. McGovern's book will be the benchmark against which subsequent work is measured.

Was Jesus a Socialist?

Arguing that Americans make political choices in terms of a general notion of right and wrong, yet lack a sound, objective foundation for such values, evangelical scholar Stephen Mott formulates a Christian political theory that supplies such norms. Drawing on theological and biblical sources, Mott thoroughly develops the biblical and theological foundations for politics and political evaluation. Mott proposes that political philosophies should be evaluated in light of Christian theological and ethical values--specifically the understanding of power, human nature, the nature of group life, justice and love, government, and time. He then applies this critical framework in an evaluation of political ideologies, including traditional conservatism, liberalism, democracy, laissez-faire conservatism, Marxist socialism, and democratic socialism. He gives special attention to their classical exponents and ideas. Asserting that political visions ultimately depend on cultural values that themselves require vigorous religious faith in a particular society, Mott's study offers a valuable introduction to Christian political thought as well as an illuminating look at the connection between politics and religion.

A Creed for Christian Socialists: With Expositions (1897)

Christian Socialism arose in England in the mid-nineteenth century as a response to the philosophy of 'political economy' - now commonly called neoliberalism. Seeking not institutional change or nationalisation, but a reform of the moral underpinnings of society, it refuted the assumption that people are essentially selfish, competitive individuals seeking nothing but personal happiness. Although they did not deny the presence of selfishness, its proponents believed that the social nature of humankind lies deeper than such egotism and conflict, and pursued a society built on this belief. Less prominent now than at the time of its inception, Christian Socialism nevertheless continues into the twenty-first century, its goal nothing less than a new society built upon the virtues of equality, fellowship, cooperation, service and justice. Philip Turner's careful exposition traces the history of this strand of Anglican political thought and restores confidence in its message for the future.

Socialism from the Christian Standpoint; Ten Conferences

"The best anti-Communism will come not only out of a determined opposition to all that Communism stands for, but it will come, even more so, out of the best dedication to the goals of freedom, of justice, of equity, of brotherhood, of the Christian life." -Lester DeKoster A century has passed since the Russian Revolution, and many in the current generation regard even the fall of Communism in Eastern Europe as ancient history. But Karl Marx's ideological legacy remains strong. While the specter of this nineteenth-century thinker perhaps loomed largest in the twentieth century, today Marx's ideas continue to fall on fertile soil-even among Christians. In *Communism & Christian Faith*, written at the height of the Cold War, Lester DeKoster offers a concise and incisive guide to the fundamentals of Marxism and draws a clear contrast between Communism and Christianity. While deeply critical of Communism, DeKoster reads Communist sources with care, avoids caricatures, and recognizes that Communism's attention to problems of suffering, exploitation, and injustice calls for a clear and positive Christian social vision.

Capitalism, Socialism, Christianity, and Poverty

The Christian church's interest in social justice is a subject that invites careful philosophical investigation. For example, do theologians who espouse social justice have a clear and defensible concept of the justice in view? Do theologians who pass moral judgement on socialism or capitalism have enough grounding in economics to know what they're talking about?

Socialism and Christianity in Early 20th Century America

Socialism is contrary to Biblical principles. See why.

The Christian Socialist

In *Red Theology: On the Christian Communist Tradition*, Roland Boer presents key moments in the 2,000 year tradition of Christian communism, moving from its roots in New Testament texts to unique developments in North Korea.

Socialism and Christianity

First published in 1968. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and was founded upon the Donnellan lectures delivered by the author at Trinity College, Dublin, in May 1919.

Socialism

Socialism trending in America? Is this really happening? In a word: yes. But perhaps even more surprising is the fact that it's not just those on the far left who are embracing socialist ideals. Many self-proclaimed Christ followers are as well, confidently claiming that Jesus Christ himself was the first socialist. In addition, they assert, if the Son of God was a socialist, then the original disciples of Jesus also practiced and taught socialism. Therefore, if we would be true followers of Christ today, we must get on board with the Marxist mindset. The world-altering potential of this claim—if it is true, or if it is false—is far greater than most people realize. This notion could be the most pivotal issue of our lifetime, not to mention all of history. Ultimately, what we believe about Jesus and socialism will determine a great deal of our future - individually, corporately, and beyond. In fact, it is already having, and will continue to have a profound impact on the world, as well as on you and me, whether we realize it or not. Written by a long-time biblical counselor and teacher, this book provides solid biblical answers on a crucial topic that families, churches, and communities desperately need in order to be equipped in our rapidly changing world.

Christian Socialism

What does the Bible say about economics? A lot. What about socialism, which is becoming an increasingly common concern in US economic policy discussions? In *Biblical Economic Policy*, Arnott and Saydometov build a biblical framework for analyzing national economic policy that takes on everything from taxes to spending to tariffs to minimum wage. The Bible has something to say about all these critical present-day issues, and this book explains how to apply it to 21st-century policies. Authors Dave Arnott and Sergiy Saydometov hold up the mirror of the Bible and ask their fellow Christians, "Is this the way we're supposed to run a biblical economy?" What the book is not: Ĩ It is NOT a financial advice book. Ĩ It is NOT about how to apply business principles at work. Ĩ It is NOT about stewardship or giving. Ĩ It is NOT about how to run your business for the glory of God. *Biblical Economic Policy* takes the macroeconomic view and analyzes how well America's economic policies align with biblical principles. This book tackles difficult present-day economic policies, including taxes, spending, national debt, interest rates, and money supply. Written with sound biblical grounding, in accessible language, *Biblical Economic Policy* will turn the common reader into a biblical economic analyst.

TMZ Editor: 'Harry and Meghan are on the upswing. Meghan was right. It's impossible to be a member of that family.'

Why is this so damaging for the Royal Family in America?

Who is running the palace press teams that is allowing this to happen?

Ukraine's British Embassy has given an official statement saying King Charles is alive after Russia media claimed he died.

Princes Harry and William think the media killed their mother, Princess Diana

Why did none of the public take a picture of Kate Middleton at the farm shop?

Free Kate T-shirts - is James Barr mocking Kate Middleton?

Kate Middleton's health issue is one that 'many women have'

Kate Middleton was called a racist by her sister-in-law, Meghan Markle

Did you believe at the time Meghan Markle's racism claims?

Americans are starting to think, was Meghan right?

Locals know their lives are difficult and so they don't take pictures of Kate Middleton
