De amores y de locos

Los delirios más desquiciados de un escritor multifacético volcados en forma de relatos oscuros y pensamientos sin sentido. Una obra del escritor argentino Federico G. Rudolph, con prólogo de Alexander Coperwhite. Una colección de textos y pensamientos que andaban sueltos por ahí, más una serie de relatos inéditos, que el lector no encontrará fuera de este libro. Humor, amor y terror, en la dosis justa. De amores y de locos. Delirios, y alguno que otro cuento de terror. Una obra compuesta por pensamientos y relatos que entremezclan locura, amor y terror de manera apasionada. Un libro que te hará estremecer. Cuentos cortos al mejor estilo de Edgar Allan Poe, H.P. Lovecraft, Stephen King,... con la marca original de Federico G. Rudolph. Relatos y pensamientos donde no faltará el humor, el terror, el misterio y algo de amor. Prólogo de Alexander Coperwhite.

De Amores y de Locos

Título: AMORES LOCOS Resumen: Hay atracciones, hay enamoramientos, hay pasiones y hay amores locos. El amor loco es un combinado de obsesión y desarraigo que puede conducir al éxtasis o a la aniquilación y casi siempre, uno después de otro, a los dos. En ese estado de alienación o, quizá, de absoluta lucidez, el mundo y sus nimiedades desaparecen. Entre los brazos del ser amado, el único lugar donde la vida es posible, todo se percibe radiante pero bordeando el eclipse, ordenado pero asediado con el caos, placentero pero lindando con el dolor. El loco amor sólo desea fundirse con el amado y para ello no le importa ni siquiera distingue entre vivir en él y vivir con él. El amor loco es intensidad en estado bruto, vibración emotiva a punto de estallar. En "Amores Locos" Laura y A. Altarriba nos ofrecen tres historias de pasión extrema ambientadas en diferentes épocas. La Prehistoria, la Grecia antigua o el Nueva York de los años veinte sirven de marco para unos relatos de sentimientos desgarrados y goces refinadísimos. A partir de ellos nuestros autores crean personajes inolvidables, recrean escenarios, costumbres y mentalidades, desplegando así un universo mágico, en inestable equilibrio entre la felicidad y la tragedia. A. Altarriba ofrece lo mejor de su inventiva en unos guiones tan pecaminosos como impecables y Laura, superándose a sí misma, reelabora con su tratamiento de los cuerpos y de los paisajes las claves plásticas de cada periodo. Ambos demuestran que, cuando el erotismo se carga con un buen argumento, resulta aún más excitante.

Amores locos

El libro muestra diversas formas de vivir el amor y el desamor. Penas de amor, venganzas por amor, primeros amores, amores que matan y amores por los que morir, amores equivocados, amores dichosos, amores desdichados, niños enamorados, ratones enamorados, amores locos... todas las variantes del amor caben en estos deliciosos relatos

Locos de amor

Spanish speakers can learn Brazilian Portuguese much more rapidly than any other language, and thousands of students have used Antônio Simões's text/workbook Com licença: Brazilian Portuguese for Spanish Speakers to make the transition between the two languages. Recognizing the need for a text that incorporates current cultural references and the latest language pedagogy, Simões now offers Pois não: Brazilian Portuguese Course for Spanish Speakers, with Basic Reference Grammar. Pois não contrasts Portuguese and Spanish, which accomplishes two main goals. It teaches the equivalent of one year of college Portuguese in one semester, three times a week, to Spanish speakers who also have a solid understanding of English. Additionally, the book serves as a basic reference guide to Brazilian Portuguese for the same audience. Pois não can be used by students in the classroom or by independent learners. Users of the book may focus on the drills alone, concentrate on both the explanations and drills, or use the book as a reference for consultation only. Answers to all of the exercises are included in the book. A CD containing recordings by native Brazilian speakers of dialogues that appear in the book is included.

Locos de amor

El mal de amores es algo más que un mal trago. Es el signo de nuestros tiempos, el de la incompreensión entre los sexos, el egoísmo complaciente de la sociedad de consumo, la soledad y la pérdida de

referentes de una modernidad centrada en la razón económica y la competencia, que nos ha dejado en un mundo sin corazón. Es por ello que cuando más esperamos del amor, mayores son los riesgos, la desolación y la perplejidad que nos asiste ante su pérdida, cuestionando los propios cimientos de nuestras vidas. Su autora y el equipo de profesionales que colaboran en este libro, desde la sociología, la psicología, la antropología y la psiquiatría, como también la música y la literatura, han pretendido explicar la problemática de las relaciones amorosas contemporáneas y las distintas fórmulas disponibles para superar sus males de la manera más placentera. El resultado, un tributo a la memoria colectiva del mal de amores y a la esperanza. Ángeles Rubio es doctora en Sociología y profesora en Ciencias de la Comunicación en la Universidad Rey Juan Carlos de Madrid. Autora de más de diez libros sobre cambio social, ha contado con múltiples becas institucionales y premios de ensayo y a la investigación, siendo la última sobre sexualidad y adolescencia. Locos de amor, odio y fracaso

Estar enamorado es una de las experiencias más fantásticas que suele sucedernos a las personas. El amor puede volvernos un poco locos, entonces hacemos tonterías como perder el habla durante horas o caminar por los pasillos pensando en el ser amado. A veces nos gustaría transformarnos en escritores y tomar prestadas palabras de los poetas. Estos cuentos narran esas historias, en las que el amor es el verdadero protagonista.

Cuentos de amor, de locura y de muerte

This book represents the first concordance of Juan Ruiz's Book of Good Love (Libro de Buen Amor), written in the fourteenth century. The volume's editors, dealing with three slightly different manuscripts, have chosen to meticulously integrate the language from all three editions into one thorough concordance. The result is a significant work that serves as a companion to Ruiz's work that would be vital to any study of medieval Spanish linguistics. In addition to the usual material to be found in a concordance, this book has the following features: the text appears in diplomatic transcription from the manuscripts, for fidelity, while the entry list of words has been partly normalized as for spelling, for convenience; an extensive list of homographs; no omission of high frequency words; frequency list at the end; no reproduction of bulky and difficult computer printout. The book has been photocomposed from the tape.

La locura de amor

Si hay algo que me encanta de mí, es que, aunque sabía que no iba a salir ilesa de mis desamores, igual les daba mi mejor sonrisa. Así es Confesiones de Amores Contrariados; un recuento de todos aquellos amores locos, que duraron una noche, meses, tres o siete años, y una eternidad.

El Hospital en que cura amor de amor la locura

Cuentos de amor de locura y de muerte es un libro de cuentos de Horacio Quiroga publicado en 1917. La primera publicación incluye 18 relatos y en siguientes ediciones el propio autor realiza algunas modificaciones en los cuentos y excluye Los ojos sombríos, El infierno artificial y El perro rabioso. El tema de la muerte resalta en la mayoría de los relatos. Por decisión expresa del autor, el título no lleva coma.

REMEDIOS PARA EL MAL DE AMORES

Entre lágrimas escondía todo aquello que me atormentaba y que ya nunca más quería recordar. Entre gritos me liberaba del dolor que alguna vez sentí y nadie más noto. Entre escritos de dolor, odio y arrepentimiento podía rescatarme de todos ellos para nunca más volver a sufrirlos. Y entre paginas repletas de letras dejaba pedazos de lo que fui y soy hasta ahora. Desde donde comencé hasta donde terminare este libro con un punto final.

Cuentos de amor, locura y suerte

Hacendados blancos locos de amor por sus esclavas, españoles llanos y virreyes en enredos con indias hermosas y coristas, en este volumen de relatos se penetra en el fascinante mundo de la pasión amorosa que la historiografía ha desdeñado o temido exponer. Gonzalo España ha considerado que estos pasajes de la historia pueden mostrar una huella muy sugestiva de un particular temperamento social que ha ido desenvolviéndose a medida que la historia de América se extiende en el tiempo. Valiéndose de su estupendo talento de narrador, rescata a estos personajes de los empolvados archivos de las bibliotecas académicas para darles una dimensión novelesca y enmarcarlos de manera perturbadora en el medio y la época en que a cada uno de ellos le correspondió vivir en Brasil, Colombia, México, Perú y Venezuela.

Amour fou. Ebrio desván de amores locos

"This is Perrone at his most brilliant. Erudite but accessible, thorough but playful: Brazil, Lyric, and the Americas is the latest contribution by the most knowledgeable U.S.-based scholar of the Brazilian lyric."--Severino Joao Albuquerque, University of Wisconsin "Perrone retraces the dialogue of the Brazilian lyric with the poetry of the Americas in the generous spirit that the poets' utopia of solidarity will serve as a counterpoint to the harsher side of globalization."--Luiza Moreira, Binghamton University In this highly original volume, Charles Perrone explores how recent Brazilian lyric engages with its counterparts throughout the Western Hemisphere in an increasingly globalized world. This pioneering, tour-de-force study focuses on the years from 1985 to the present and examines poetic output--from song and visual poetry to discursive verse--across a range of media. At the core of Perrone's work are in-depth examinations of five phenomena: the use of the English language and the reception of American poetry in Brazil; representations and engagements with U.S. culture, especially with respect to film and popular music; epic poems of hemispheric solidarity; contemporary dialogues between Brazilian and Spanish American poets; and the innovative musical, lyrical, and commercially successful work that evolved from the 1960s movement Tropicalia.
