Revolutionary War Ghosts of Connecticut

The founder of Seaside Shadows Haunted History Tours sheds light on the supernatural stories of the Constitution State. Bloody battlefields and raucous taverns in Connecticut served as the backdrop for pivotal figures and bold actions vital to the American Revolution. Nathan Hale is said to still conduct lessons in New London and East Haddam, and many suspect that George Washington occasionally visits the Shaw Mansion and Fairfield's Sun Tavern. The presence of notorious traitor Benedict Arnold is often felt in the Leffingwell Inn and at Ye Antientist Burial Ground in New London, where he commanded troops numbering 1,600 as a newly turned Loyalist. Picnickers claim to see apparitions of wounded soldiers seated among them at Fort Griswold in Groton. Step foot into a time when the Sons of Liberty, Tories and Patriots changed the course of history as author Courtney McInvale uncovers the Revolutionary haunts of Connecticut.

The Ghosts of Chippeny Hill

"Chippeny Hill, located in the northeast corner of Bristol (then New Cambridge), Harwinton and Plymouth has long been known as the home of Tories. Tories in Revolutionary War times were those that remained loyal to England, or were perhaps just fond of the Anglican Church. The Puritans were a stern bunch and those of the Church of England had songs to share, Christmas trees, feasts and presents. Rev. Newell of the First Congregational Church of New Cambridge said such things were of the devil. After the French and Indian War, England needed to replenish its sorely depleted treasury. England felt that since much of its expenditure was to protect the American colonies from French incursion, it only seemed right that the colonies should pay their share. The American colonies did not agree and the beginnings of the Revolutionary War struggles began. Those loyal to England gathered on Chippeny Hill. Their stories are today's legends, ghosts and myths--the very fabric of early Connecticut."--Publisher.

Ghosts of Groton Bank

The Connecticut town's past gives rise to a book full of "tales of supernatural possibilities . . . as much about history as it is about ghost tales" (The Day). A hair-raising number of historic haunts—from sea captains who never returned home to servicemen who never left—exist in the half square mile of Groton Bank. Ghostly soldiers of the Revolutionary War roam the Mother Bailey House and march through the basement of a nearby home, and former residents rouse sleepers at the Avery-Copp House. Fort Griswold was the site of a grisly 1781 battle, and phantom footsteps from an unknown entity echo on the first floor of the Ebenezer Avery House. Unseen inhabitants swing open doors at the Submarine Veterans Club, and long-dead guests add unexpected life to the parties at the Fleet Reserve. Join author Hali Keeler and her team as they navigate Groton Bank's paranormal history.

Haunted Mystic

Journey to the Connecticut seaside and discover the ghosts that haunt this historical town . . . photos included! Restless souls still linger along the docks and streets of Mystic, Connecticut. The old sea village has a dark and turbulent past, and there are supernatural sightings on both the Stonington and Groton sides of the Mystic River Bascule Bridge. The Mystic Massacre of the Pequot Indians in 1637 left the land cursed for centuries by ravaging fires. A Revolutionary War hero and sea captain still keeps watch over his namesake Daniel Packer Inn. In the defunct Factory Square, phantom factory workers report to their jobs in the dead of night. From vanishing ghost ships and opinionated colonial chefs to disembodied laughter and chilling apparitions, the past possesses the Mystic landscape. Join ghost guide Courtney McInvale as she walks with the spirits that continue to haunt the streets of Mystic.

Haunted Connecticut

Eerie occurrences, spooky events, unsolved mysteries, and terrifying specters haunt Connecticut. Tales of Blood-thirsty dolls, haunted lighthouses and a phantom plane crash tingle the spine of travelers to Haunted Connecticut. Connecticut is known for haunted islands; phantom ships, trains, and planes; sightings of UFOs, aliens, and real men in black (MIB); and encounters with Bigfoot and evil black dogs. There have been plenty of strange atmospheric anomalies, such as Connecticut's Dark Day; solid clouds that came crashing down from the sky in the Litchfield Hills in 1758; the Moodus Noises, which have yet to be fully understood; and Notch Hollow near Bolton, where car windows fog over for no apparent reason while passing an abandoned railroad track. Indeed, the stories in this book, covering the whole spectrum of the supernatural, are fun to read in a satisfyingly spooky kind of way.

The Ghostly Tales of Mystic

Ghost stories from Connecticut's spookiest seaport have never been so creepy, fun, and full of mystery! Welcome to the spooky seaport of Mystic, Connecticut! Stay alert! Ghosts lurk around every corner. Even the most unexpected places might be haunted by wandering phantoms. Did you know that a friendly innkeeper still checks in on guests at the inn he owned...200 years ago? Or that there may be a fiery curse on Mystic dating back to colonial days? Can you believe the Mystic River may be home to a ghost ship? Pulled right from history, these ghostly tales will change the way you see Mystic, and have you sleeping with the light on!

The Connecticut River from the Air

The Connecticut River from the Air is a collection of extraordinary aerial images and an adventure chronicled by historian Jerry Roberts and photographed by Tom Walsh. The book provides an intimate perspective, exploring New England's greatest river from Long Island Sound, where its waters mingle with the salty brine of the Atlantic Ocean, to its source 410 miles to the north, just yards from the Canadian border. Amazing and wonderful sights appear along the River that can only be seen and appreciated from small, low-flying aircraft. Beauty and wonder can be found in historic canals and bridges as well as twists and bends in the River, ship wrecks, rock formations, and even sand patterns on the River bottom. From naturally formed ox-bows to cornfield mazes, hidden valleys, quaint villages, industrial cities and sweeping vistas, these Wonders of the River are the true treasures of this amazing waterway and its surrounding landscapes.

New York Bandits, Bushwackers, Outlaws, Crooks, Devils, Ghosts, Desperadoes and Other Assorted and Sundry Characters!

The collaborators of A Guide to Haunted New England track the spirits of the "Constitution State" through its storied history. The emerald sheen illuminating the Sabbatarian burying ground, 8 Mile River's misty figures which emerge at the Devil's Hopyard, and flying demon skeletons on Charles Island—these bizarre haunts are uniquely Connecticut. In the ghostly lore of the state, the ambient ramblings of the Leatherman still ring out in the caves of Harwinton's forests and the former residents of the Hale Homestead continue to roam the attic at night. Join authors and Paranormal United Research Founders, Thomas D'Agostino and his wife Arlene Nicholson, as they recount bone chilling mysteries from Putnam, Canton, New London and many more shadowy corners of the Nutmeg state. Includes photos! Praise for A Guide to Haunted New England "Fun, charming . . . includes not only locales with reported ghosts, but also sites with macabre (though not haunted) histories."—True Crime Librarian "Anyone interested in exploring the haunted, macabre and abandoned throughout New England knows they can count on D'Agostino to find out more about the site's history, past sightings and how to find them."—Mobile RVing

Connecticut Ghost Stories and Legends

From the files of the world's foremost ghost investigator, Prof. Hans Holzer, Ph.D. — the man who actually talks to ghosts — come amazing stories like these: * Two roommates living in an old house come face to face with the ghost of a girl who died there long ago. * A girl who just arrived at boarding school sees a shadowy figure float down the hallway without touching the ground. * In the White House, visitors and household members report seeing the ghost of Abraham Lincoln. These tales are as spine-tingling as any you've heard around a campfire — but they're about real ghosts. All of these stories are eyewitness accounts investigated by Hans Holzer, the world's leading authority on the paranormal and psychic phenomena, in his amazing quest for ghosts.

In Quest of Ghosts

A handbook that gives addresses of places where ghosts have been authenticated, with directions for getting there to see for oneself.

Afterlives of the American Revolution

THE GHOSTS THAT WALK IN WASHINGTON Spies, Revolutionary War heroes, Presidents Lincoln, Wilson and Kennedy—these are just a few of the many troubled souls encountered by Hans Holzer, renowned parapsychologist, in Washington, D.C. The ghosts that walk in Washington are unique. In this gripping account, we, too, are able to meet some of the restless spirits that roam our nation's capital even today!

Haunted Houses U.S.A.

This is the standard work on the subject, and it is literally crammed with genealogies of the 17th-century pioneers of the county, most of whom were of Dutch, or, to a lesser extent, British, origin.

White House Ghosts

Phantom pirates, water monsters, and mythical snakes figure prominently in this collection of eerie tales from the Garden State. From this state's bucolic, rolling farmland to its heavily populated shore come a variety of stories and legends, including a murderer whose body parts were used for medical

(and other) experiments, the “White Pilgrim” who died of the disease he believed he could never get, and an Indian chief who used a swastika to protect a group of defenseless schoolgirls.

The Record of Connecticut Men in the Military and Naval Service During the War of the Revolution, 1775-1783

The American Revolution is stained with blood and its ghosts are still lurking in the shadows seeking postmortem revenge. Come explore the haunts associated with the colonial rebels' fight for independence, from an aura of disaster lingering from the “shot heard round the world” in Concord, Massachusetts, to the battle cries of our forefathers in Philadelphia, Pennsylvania. Using a paranormal lens, Baltrusis breathes new life into the ghosts of the American Revolution that include both unknown patriots and familiar names.

Haunted New Jersey

The quiet New York suburb of Yonkers hides a history of hauntings. Now converted into apartments, old Public School 13 is the site of strange apparitions that may be ghosts of former students and teachers who died in a tragic fire. The Boyce Thompson Institute's lofty goal of solving world hunger was never met, and unfulfilled spirits are said to lurk in its abandoned laboratory. Wealthy colonial landowners still watch over stately historic homes like Philipse Manor Hall. Even the iconic Untermyer Park is a playground for the otherworldly. Local ghost investigator Jason Medina reveals these and other ghosts of Yonkers.

Daughters of the American Revolution Magazine

The Civil War left behind unforgettable stories of brave soldiers, heartbroken families, violent battles...and a paranormal legacy that continues to fascinate and scare us more than 150 years after the war ended. Paranormal investigator Rich Newman presents over 160 different locations with reported supernatural activity related to the Civil War. Explore major battlefields, smaller skirmishes, forts, cemeteries, homes, and historic buildings teeming with ghosts. Discover the rich history of these Civil War locations and why so many souls linger long after death. Featuring terrifying, heartbreaking, and captivating ghost stories, this book helps you uncover the supernatural secrets of America's deadliest war.

Ghosts of the American Revolution

The Oxford Handbook of the American Revolution draws on a wealth of new scholarship to create a vibrant dialogue among varied approaches to the revolution that made the United States. In thirty-three essays written by authorities on the period, the Handbook brings to life the diverse multitudes of colonial North America and their extraordinary struggles before, during, and after the eight-year-long civil war that secured the independence of thirteen rebel colonies from their erstwhile colonial parent. The chapters explore battles and diplomacy, economics and finance, law and culture, politics and society, gender, race, and religion. Its diverse cast of characters includes ordinary farmers and artisans, free and enslaved African Americans, Indians, and British and American statesmen and military leaders. In addition to expanding the Revolution's who, the Handbook broadens its where, portraying an event that far transcended the boundaries of what was to become the United States. It offers readers an American Revolution whose impact ranged far beyond the thirteen colonies. The Handbook's range of interpretive and methodological approaches captures the full scope of current revolutionary-era scholarship. Its authors, British and American scholars spanning several generations, include social, cultural, military, and imperial historians, as well as those who study politics, diplomacy, literature, gender, and sexuality. Together and separately, these essays demonstrate that the American Revolution remains a vibrant and inviting a subject of inquiry. Nothing comparable has been published in decades.

Ghosts and Legends of Yonkers

Adam Shefts has been investigating the paranormal for nearly ten years, linking evidence captured with historic events, places and people. He and his team, Northeast Paranormal Investigations Society (NPIS), conduct investigations of historic properties and have captured convincing evidence of spirit activity, preserving history in a way that can only be accomplished through paranormal investigations. In WHEN GHOSTS APPEAR, HISTORY SPEAKS, Adam shares personal experiences and evidence he and his team have captured while investigating historic locations, most places never before covered

in books on the paranormal. The captured evidence he explains can be experienced by the reader at www.northeastparanormal.org

Ghosts of the Civil War

State Oddities takes a different kind of look at the American nation, spotlighting the fun foibles, peculiarities, and twists in each of the 50 states that are (mostly) united under the Stars and Stripes. State Oddities is a fascinating trip through the 50 states for students studying America, teachers planning classroom activities, and general readers who will enjoy an eye-opening journey through the nation's fun side. It offers a compelling look at the character of America through the individuality of 50 very distinct states that together form the USA. This book paints a picture of the broad sweep of the American story, offering a gateway to the country as it developed into one nation filled with individual states that can be remarkably different from each other, yet unified under such national symbols as the American flag and "The Star-Spangled Banner." The author of State Oddities has become known as a master of "painless history," telling America's story in a sparkling style along with the historian's eye for fascinating detail. On the book's cross-country journey, the reader will find that it differs from other works by taking a fresh look at stories we think we know.

The Oxford Handbook of the American Revolution

A social history of early America combines with more than four hundred photographs and drawings to look at everyday life, and the many different kinds of dwellings, at the dawn of the new republic, from the American Revolution to the Industrial Revolution.

WHEN GHOSTS APPEAR, HISTORY SPEAKS

From its beginning as a small but sought-after European outpost, New Jersey has played a key role in the establishment and growth of the New World. One of the thirteen original Colonies, New Jersey today is well known for its progressive-minded residents who take pride in their state's long history. It Happened In New Jersey goes behind the scenes to tell its story, in short episodes that reveal the intriguing people and events that have shaped the Garden State. Learn about John Honeyman, a Patriot spy who risked his life for George Washington's troops, effectively turning the tide of the American Revolution. Relive the legendary blizzard of 1888, a deadly "perfect storm" of frigid temperatures and historic snowfall that swept in without warning and paralyzed the East Coast for days. Laugh till your sides hurt through a humorous retelling of the 1938 farcical "news" radio broadcast that sent panicked listeners fleeing for their lives from an imaginary alien invasion. Follow the now-famous "Jersey Baboon" as she tweets her adventures while scampering through the yards of unsuspecting neighbors after her escape from a zoo.

State Oddities

" a dazzling journey into one of the most important areas of science that has ever existed" - Dr. Larry Dossey MD, New York Times best-selling author of Reinventing Medicine. "Best Evidence is indeed one - if not the best itself - of the major books explaining and offering proof that psi phenomena are here to stay whether we like it or not " - Fred Alan Wolf, Ph.D, physicist and National Book Award winning author of Mind Into Matter, Taking the Quantum Leap. "My highest recommendation not just one but a half-dozen astounding stories, any one of which can change the way we think about the nature of reality" - Dean Radin, Ph.D, author of The Conscious Universe: The Scientific Truth of Psychic Phenomena. " an important book " - Edgar Mitchell, Apollo 14 astronaut and author of Way of the Explorer: Psychic Exploration "For skeptics and cautious believers alike, a splendid introduction to 'impossible phenomena that refuse to disappear'" - Stanley Krippner, Ph.D, Co-Editor, Varieties of Anomalous Experience: Examining the Scientific Evidence. "Hard line skeptics won't be pleased, but Schmicker has done his homework an excellent survey of the strongest evidence" - Marcello Truzzi, Ph.D, Center for Scientific Anomalies Research

Where We Lived

Traces the birth and evolution of America's elite military fighting units and general public's changing perception of them

It Happened in New Jersey

Famed ghost hunter Hans Holzer once told an interviewer, "There are three dirty words in my vocabulary: belief, disbelief and supernatural. They don't exist. There's no 'supernatural world.' Everything that exists is natural. Yet there is a dimension of existence that is as real as your living room, even if the average person cannot access it with all their senses." For five decades, this meticulous, Vienna-born researcher has been delving into manifestations that seem miraculous, moving among ghosts with a calm resolve that might have startled even the spooks. In book after book, he has documented these spirit presences, building an unprecedented bibliography of *The Other Side*. *In Search of Ghosts* brings together some of The Ghost Hunter's famous, astonishing, and controversial cases. Holzer recreates eerie scenes with a skillful sense of telling detail. His long, deep immersion in the field is evidenced by the vast diversity of his subjects. He writes about Bavarian poltergeists and Connecticut "left behinds"; spectral murder victims and a ghostly spy courier who refuses to disappear; a noisy spirit in a San Francisco suburb and a Revolutionary War traitor whose imprint stubbornly remains. Some posthumous visitors tiptoe; others thrash; some require the gentle coaxing of mediums. Holzer brings alive not only phantoms who emerge from the shadows but also the average people whose everyday lives were interrupted by these unexpected nocturnal visitors and their intrusive rumblings. Like any good researcher, he realizes that context is everything. With tireless attention, he pursues his vaporish subjects back into history, separating the chaff from the wheat and puzzling out the true stories of their uneasy exits. For Hans Holzer, things that go bump in the night are no longer phenomena to be regarded with fear or awestricken wonder. *In Search of Ghosts* offers you a steadying hand as he escorts you into haunted realms you never imagined so vividly.

Best Evidence

"This massive reference work is a useful tool for researching and discovering the leaders of the American Revolution. Information is included for officers of the Continental Army, Navy, and Marines; leaders of state militias; the framers and signers of the Declaration of Independence and the Constitution; diplomats and governors; and, the women who were instrumental during the Revolution"--Provided by publisher.

Bunker Hill to Bastogne

Harriet Elisabeth Beecher Stowe (June 14, 1811 - July 1, 1896) was an American abolitionist and author. Her novel *Uncle Tom's Cabin* (1852) was a depiction of life for African Americans under slavery; it reached millions as a novel and play, and became influential in the United States and United Kingdom. It energized anti-slavery forces in the American North, while provoking widespread anger in the South. She wrote more than 20 books, including novels, three travel memoirs, and collections of articles and letters. She was influential for both her writings and her public stands on social issues of the day. Harriet Elisabeth Beecher was born in Litchfield, Connecticut, on June 14, 1811. She was the seventh of 13 children, born to outspoken religious leader Lyman Beecher and Roxana (Foote), a deeply religious woman who died when Stowe was only five years old. Roxana's grandfather was General Andrew Ward of the Revolutionary War. Her notable siblings included a sister, Catharine Beecher, who was an educator and author, as well as brothers who became ministers: including Henry Ward Beecher, who became a famous abolitionist, Charles Beecher, and Edward Beecher. Harriet enrolled in the seminary (girls' school) run by her sister Catharine, where she received a traditionally "male" education in the classics, including study of languages and mathematics. Among her classmates there was Sarah P. Willis, who later wrote under the pseudonym Fanny Fern. At the age of 21, she moved to Cincinnati, Ohio to join her father, who had become the president of Lane Theological Seminary. There, she also joined the Semi-Colon Club, a literary salon and social club whose members included the Beecher sisters, Caroline Lee Hentz, Salmon P. Chase, Emily Blackwell, and others. It was in that group that she met Calvin Ellis Stowe, a widower and professor at the seminary. The two married on January 6, 1836. He was an ardent critic of slavery, and the Stowes supported the Underground Railroad, temporarily housing several fugitive slaves in their home. They had seven children together, including twin daughters.

One Line of the Solomon Leonard Family of Monmouthshire, England, Leyden, Holland, and Plymouth, Duxbury, and Bridgewater, MA, with Some Female Lines of Interest

Scrape the city off your shoes as you enter the town of Bolton, where both historic and natural heritage are remarkably preserved. In this panoramic view of Bolton's past, DePold retraces the footprints of Mohegan natives, pays homage to the natural, glacier-carved cathedrals of Bolton Notch and calls up

the ghosts of the town's bluecoat boys, lost in the Battle of Antietam. Follow the long strides of Reverend George Colton across the fields of Bolton Heritage Farm and catch the ringing echoes of famous sermons by Jonathan Edwards, Bolton's first pastor. From rugged bullpunchers and lumberjacks to the sweethearts' custom of "bundling," from Revolutionary taverns to George Washington's eggnog recipe, these historical sketches will leave you with a lingering nostalgia for the old days of rural New England.

In Search of Ghosts

On the easternmost edge of Westchester County, among the quiet communities nestled against the Connecticut state line, memories of eerie incidents and haunted happenings flow through the generations like the currents of the nearby Hudson River. The old-timers of South Salem and Waccabuc still recall the legendary "Leather Man," an itinerant vagabond who rambled mysteriously through the region in the late 1800s. Over in Goldens Bridge they whisper of "the Christmas Soldier," an apparition of a Revolutionary-era Patriot who stalks the Highway 22 corridor. And beneath Long Pond Mountain the locals listen attentively for the "Wail of the Wind," the sorrowful moan attributed to two ghostly parents lamenting their son's drowning. Read Maureen Koehl's *Lewisboro Ghosts* to discover the spooky stories and supernatural sightings that linger in this tucked-away corner of the lower Hudson Valley.

Library of Congress Magazine

Sparta was a small city which consistently punched above its weight in the affairs of classical Greece, happily meddling in the affairs of the other cities. For two centuries her warriors were acknowledged as second to none. Yet at only one period in its long history, in the late fourth and early third century BC, did the home of these grim warriors seem set to entrench itself as the dominant power in the Greek world. This period includes the latter stages of the Peloponnesian War from 412 BC to the Spartan victory in 402, and then down to the Spartan defeat by the Thebans at Leuctra in 371 BC, where it all began to unravel for the Spartan Empire. Surprisingly few previous books have covered the tumultuous first decades of the fourth century BC, particularly when compared to the ample coverage of the Peloponnesian War. As the authors explain, although the earlier period has the benefit of Thucydides' magisterial history, the period covered here is actually well served by sources and well worthy of study. There are many interesting characters here, including Alcibiades, Lysander, Agesilaus, Pelopidas and Epaminondas, to name but a few. In addition there are several campaigns and battles that are reported in enough detail to make them interesting and comprehensible to the reader. Bob Bennett and Mike Roberts untangle the complexities of this important but unduly neglected period for the modern reader.

American Revolutionary War Leaders

An annotated bibliography of fiction, history, biography, poetry, drama, and folklore from and about the six New England states.

The Ghost in the Cap'n Brown House

(FAQ Pop Culture). Take a fast-paced survey of the ghosties, ghouls, and associated denizens of the country's haunted history with *Haunted America FAQ*. Tracing local ghost stories back to Native American legends and then forward through horror tales both ancient and modern, the book revisits some of the best known haunted locales, as well as some of the most obscure creepy places, in America. Delving deep into the cultural history of American hauntings, *Haunted America FAQ* includes chapters on ghostly books, movies, and television. Also included is an A-Z of reality-TV ghost hunts and a state-by-state gazetteer of haunted spots.

History of Morris County, New Jersey

America's first international man-of-letters deserves a place in the digital library of all lovers of classic literature. This comprehensive eBook presents Irving's complete fictional works, with a range on non-fiction works, spiced with beautiful illustrations, informative introductions and the usual Delphi bonus material. SQUADS OF FANATICAL RED GUARDS BURN TEMPLES, RANSACK HOMES, AND DENOUNCE MILLIONS.

THIS REMARKABLE FOOTAGE SHOWS THE RED GUARDS RAIDING HOMES OF PEOPLE SUSPECTED OF HARBOURING CAPITALIST THOUGHTS.

AS PART OF MAO'S AIM TO ELIMINATE RIVALS, HIGHLY-RANKED OFFICIALS ARE PULLED UP FOR PUBLIC SHAMING.

PLACARDS DISPLAYING THEIR NAMES AND ALLEGED CRIMES ARE HUNG AROUND THEIR NECKS.

DOUBLED UP ON A STAGE IN FRONT OF FRENZIED CROWDS, THE BEATINGS BEGIN.

WHILE RED GUARDS DESTROY EVERY SIGN OF RELIGIOUS FAITH...
