Holy Bible (NIV)

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

Cain and Abel; Or, The Morning of the World

The Cain and Abel story is riddled with linguistic ambiguities and narrative gaps. Jewish and Christian interpreters often expanded the story in an attempt to fill the gaps and answer questions. This book traces the interpretive history of Genesis 4.

Cain and Abel in Text and Tradition

The Genesis story of Cain's murder of Abel is often told as a simplistic contrast between the innocence of Abel and the evil of Cain. This book subverts that reading of the Biblical text by utilising Giorgio Agamben's concepts of homo sacer, the state of exception and the idea of sovereignty to re-examine this well-known tale of fratricide and bring to the fore its political implications. Drawing from political theory, philosophy, and psychoanalysis, this book creates a theoretical framework from which to do two things: firstly, to describe and analyse the history of interpretation of Genesis 4:1-16, and secondly to propose an alternative reading of the Biblical text that incorporates other texts inside and outside of the Biblical canon. This intertextual analysis will highlight the motives of violence, law, divine rule, and the rejected as they emerge in different contexts and will evaluate them in an Agambenian framework. The unique approach of this book makes it vital reading for any academic with interests in Biblical Studies and Theology and their interactions with politics and ethics.

Cain, Abel, and the Politics of God

Enter the packed courtroom and take your seat as a juror on the Cain v. Abel trial. Soon, the prosecution and defense attorneys (angels from Jewish legend) will call Cain, Abel, Sin, Adam, Eve, and God to the witness stand to present their perspectives on the world's first murder. Great Jewish commentators throughout the ages will also offer contradictory testimony on Cain's emotional, societal, and spiritual influences. As jurors, when we mete out Cain's punishment, must we factor in his family history, psychological makeup, and the human impulse to sin? In this highly eclectic and gripping compilation of insights by Jewish commentators on the Cain and Abel story, courtroom scenes are juxtaposed with the author's commentary, advancing novel insights and introspection. As each of us grapples with Cain's actions, we confront our own darkest traits. If Cain is a symbol for all humanity, what can we do to avoid becoming like him? Furthering this conversation, Rabbi Dan Ornstein includes a discussion and activity guide to promote open dialogue about human brokenness and healing, personal impulses, and societal responsibility.

Cain and Abel in Syriac and Greek Writers (4th-6th Centuries)

Jonas Cohen, a rabbi's son, has made an impressive record as a member of a New York hedge fund. Yet he always remembered an admonishment from one of his graduate-school professors: "Everyone reads the same books and articles. However, the day will usually belong to those who can best read between the lines." How capable is Jonas Cohen of reading "between the lines" as he is stalked by adversity?

Cain v. Abel

Appearing together in English for the first time, two masterpieces that take on the jazz age, the Nuremberg trials, postwar commercialism, and the feat of writing a book, presented in one brilliant volume *The Death of My Brother Abel* and its delirious sequel, *Cain*, constitute the magnum opus of Gregor von Rezzori's prodigious career, the most ambitious, extravagant, outrageous, and deeply considered achievement of this wildly original and never less than provocative master of the novel. In *Abel* and *Cain*, the original book, long out of print, is reissued in a fully revised translation; *Cain* appears for the first time in English. *The Death of My Brother Abel* zigzags across the middle of the twentieth century, from the 1918 to 1968, taking in the Jazz Age, the Anschluss, the Nuremberg trials, and postwar commercialism. At the center of the book is the unnamed narrator, holed up in a Paris hotel and writing a kind of novel, a collage of sardonic and passionate set pieces about love and work, sex and writing, families and nations, and human treachery and cruelty. In *Cain*, that narrator is revealed as Aristide Subics, or so at least it appears, since Subics' identity is as unstable as the fictional apparatus that contains him and the times he lived through. Questions abound: How can a man who lived in a time of lies know himself? And is it even possible to tell the story of an era of lies truthfully? Primarily set in the bombed-out, rubble-strewn Hamburg of the years just after the war, the dark confusion and deadly confrontation of *Cain* and *Abel*, inseparable brothers, goes on.

Cain, Abel and the Family Cohen

This is a literary-critical analysis of the myth of Cain and Abel, masterfully related in Genesis 4 by the Yahwist, probably the greatest storyteller in the Hebrew Bible. The Yahwist narrates the initial slaughter of one human being by another, and strikingly, it is described as fratricidal. The book explores the anthropological, theological, and psychological dimensions of this universal myth and shows the readers such a vivid and intense story that one feels like will never get to the bottom of it. Thus, after a deep reading, this well known story is much more than what could seem at first sight; it can be said to be the portrait of human that is always torn between the innocence of Eden and its denial; between what is considered 'doing well' and 'not doing well'.

Abel and Cain

No description available

Onslaught against Innocence

In the land called Eden, humanity has begun to thrive. Since the fall of man, Adam has raised his family to live pure and blameless lives in the hopes that one day they will be able to enter heaven. And without the knowledge or the desire to sin, all was as Adam had planned. When the origins of death and destruction learn that humanity will soon begin to enter heaven, a plan for their demise is once again set into place. Picking up thirty-five years after *War of God: Part One* left off, the characters that have long since been separated are rejoined in an epic tale of the near destruction of God's perfect creation. This is the story of Cain and Abel, as interpreted by Gabe Schillman, from the Holy Bible, often believed to have actually happened.

Hexameron, Paradise, and Cain and Abel (The Fathers of the Church, Volume 42)

The question of why Cain killed his brother Abel is one of the most enduring mysteries of the Bible. In *Cain and Abel*, the day's events surrounding the murder are brought to life in rich, textured yet crystal-clear blank verse. Powerful, intelligent characters drive this unforgettable story.

Cain and Abel

For few verses in the Bible is the relationship between scripture and the artistic imagination more intriguing than for the conclusion of Genesis 4:15: "And the Lord set a mark upon Cain, that whosoever found him should not kill him." What was the mark of Cain? The answers set before us in this sensitive study by art historian Ruth Mellinkoff are sometimes poignant, frequently surprising. An early summary of rabbinic answers, for example runs as follows: R. Judah said: "He caused the orb of the sun to shine on his account." Said R. Nehemiah to him: "For that wretch He would cause the orb of the sun to shine! Rather, he caused leprosy to break out on him...." Rab said: "He gave him a dog." Abba Jose said: "He made a horn grow out of him." Rab said: "He made him an example to murderers." R. Hanin said: "He made him an example to penitents." R. Levi said in the name of R. Simeon b. Lakish: "He suspended judgment until the flood came and swept him away." After a review of such early Jewish and Christian exegesis, Mellinkoff divides physical interpretations on the mark into three groups: "A Mark on Cain's Body," "A Movement of Cain's Body," and "A Blemish Associated with Cain's Body." Her discussion of these groups is the heart of her study and offers its richest examples of interplay among medieval art and imaginative literature, on the one hand, and biblical exegesis, on the other. Thus in one remarkable tour de force, she shows us how a poetic misprision of Genesis 4:24 - "Sevenfold vengeance will be taken for Cain: but for Lamech seventy times sevenfold" - made Lamech the murderer of Cain; how there then grew up the legend that Lamech, a hunter, had killed Cain when he mistook him for an animal; how from that, the notion that the mark of Cain was a horn or horns on Cain's head arose (in the poignant formulation of the Tanhuma Midrash: "Oh father, you have killed something that resembles a man except it has a horn on its forehead!"); and how from that, in the maturity of the legend, there flowered Cornish drama, Irish saga, and stunning reliefs of a dying, antlered Cain in the cathedrals of Vézelay and Autun. Like Genesis 4:15 itself, 'The Mark of Cain' is suggestive rather than comprehensive. Concluding chapters on "Intentionally Distorted Interpretations of Cain's Mark" and "Cain's Mark and the Jews" bring the history down to our own day, but Mellinkoff does not claim to have said the last word on the subject. Her achievement is neither documentary nor exegetical but rather demonstrative: she shows us with brilliant economy how the artistic imagination functioned in a world whose intellectual definition was a closed canonical text.

Cain and Abel

Multicultural, Nondenominational, Nonsectarian Endorsed by Protestant, Catholic, and Jewish Religious Leaders A spiritual conversation-starter for adults and children to read together. "A very long time ago, when the world was new...two children walked in God's garden called Earth. One was named Cain, the other, Abel. They were the first children. The first brothers." We know the story well. But what can it mean for us—and for our children—today? Award-winning author Sandy Eisenberg Sasso recasts the biblical tale of Cain and Abel in a way that invites adults and kids to a conversation about anger and our power to deal with it in positive ways. Cain and Abel were born into God's garden called Earth, a world of bright days for working in their fields and peaceful nights to share the stories of their dreams. The first children, the first brothers, they were so much alike yet so different—Cain a shepherd, Abel a farmer. They lived side by side, surrounded by trees where wonderful, exotic fruits of many kinds grew: everywhere orapples, rasdew, and banangerines ripened all on a single branch. The air was sweet with the smell of pinango, limeberry, and waterloupe. But jealousy, anger, and fear took all this away. Cain and Abel's happiness came to an end, and with it, the trees' ability to grow these special fruits. In a world often hurt by violence, this retold biblical story gives children and adults a starting point for discussing anger and its effects on those around us. By harnessing the power we have to deal with our emotions in positive ways, we can once again cultivate the fruits of peace—and change the world for the better.

Cain v. Abel

Era by era, from the writings of the classical Christian epoch up to *East of Eden* and *Amadeus*, from *Philo* to *Finnegans Wake*, Ricardo Quinones examines the contexts of a master metaphor of our culture. This brilliant work is the first comprehensive book on the Cain and Abel story. "Ricardo Quinones takes us on a grand tour of Western civilization in his admirable book, which reveals the riches of the Cain-Abel story as it develops from its Biblical origin to *Citizen Kane* and Michel Tournier.

This is cultural history and literary criticism of the first order, finely written, formidably but gracefully erudite, and illustrating the capacity of Judeo-Christian culture and the modernity emerging from it constantly to criticize the darker side of its own foundations and realizations."--Joseph Frank "Ricardo J. Quinones skips Biblical and Talmudic exegesis to follow Cain and Abel through later centuries, from classical times to the present. What he uncovers sheds light on important shifts of consciousness and behavior in European and American culture. . . . Quinones writes with true eloquence and conviction. . . ."--James Finn Cotter, *The Hudson Review* "Quinones's study of how [the] three Cains were transformed by Romanticism and Modernism into a sometimes positive, sometimes negative, but always necessary archetype of the modern world is literary and cultural analytic history at its very best."--Choice Ricardo J. Quinones is Josephine Olp Weeks Professor of English and Comparative Literatures, and Director of the Gould Center for Humanistic Studies, at Claremont McKenna College in Claremont, California. He is the author of *The Renaissance Discovery of Time* (Harvard), *Dante Alighieri* (Twayne), and *Mapping Literary Modernism: Time and Development* (Princeton). Originally published in 1991. This Arch Book retells the story of Cain and Abel first man to be born and the first man to die (Genesis 4).

Cain and Abel

Cain Abel & Cain is a story not unlike the biblical brothers Cain & Abel. However, in this tale, the envy of the younger brother becomes the cause of his and his brother's demise. Jerome the oldest brother brings his younger brothers into the drug trade and one of them goes to prison and finds a new way of life. But before he does he hooks up with the connection of a lifetime, one that he and his brothers knew would propel them into the kingpin status that they wanted. But when Rasheed comes home he steps out of prison a striving Muslim with no intent to pursue the connection that only he has. The youngest brother eager to emerge from his brothers shadows seeks to strike out on his own. He betrays his brothers and Rasheed finds himself back in prison for a crime he didn't commit and while there he watches as all that he loves suffers and dies. No longer a striving Muslim, Rasheed returns to what he knows and seeks the only thing that can soothe his pain-Revenge.

The Death of My Brother Abel

It Could Have Been Abel was inspired by the story of Cain and Abel. This story is found in the book of Genesis in either the Bible or the Torah. The why questions regarding Cain prompted the study behind this book. What was Cain's problem with God? What was Cain's problem with God? If it could have been Abel, how about you? Do you have more 'Cain't' than 'Abel' in your church? What is your example to your children? If you could put a bubble of protection around yourself, would you? This is a must read to get rid of the fruit of 'Cain't' and add in an 'enAbeling' firstfruit in the way you think and what you do.

The Story of Cain and Abel

The story told in Genesis, chapter 4, is deeply interpreted in this book, unlike it ever has been before. The interpretation is based on the meaning implied by the Hebrew text and the circumstances surrounding the characters. The name meanings tell the untold story. The result is a much deeper realization of why this story is told, why it is important and how it impacts our lives today. The Cain and Abel story is actually reflected throughout the subsequent stories in the Bible, with this repetition continuing today.

Cain

First Enoch is an ancient Judean work that inaugurated the genre of apocalypse. Chapters 1-36 tell the story of the descent of angels called "Watchers" from heaven to earth to marry human women before the time of the flood, the chaos that ensued, and God's response. They also relate the journeying of the righteous scribe Enoch through the cosmos, guided by angels. Heaven, including the place and those who dwell there (God, the angels, and Enoch), plays a central role in the narrative. But how should heaven be understood? Existing scholarship, which presupposes "Judaism" as the appropriate framework, views the Enochic heaven as reflecting the temple in Jerusalem, with God's house replicating its architecture and the angels and Enoch functioning like priests. Yet recent research shows the Judeans constituted an ethnic group, and this view encourages a fresh examination of 1 Enoch 1-36. The actual model for heaven proves to be a king in his court surrounded by his courtiers. The major textual features are explicable in this perspective, whereas the temple-and-priests model is unconvincing. The author was a member of a nontemple, scribal group in Judea that possessed distinctive astronomical knowledge, promoted Enoch as its exemplar, and was involved in the wider sociopolitical world of their time.

Cain and Abel - Arch Books

Multicultural, Nondenominational, Nonsectarian Endorsed by Protestant, Catholic, and Jewish Religious Leaders A spiritual conversation-starter for adults and children to read together. "A very long time ago, when the world was new...two children walked in God's garden called Earth. One was named Cain, the other, Abel. They were the first children. The first brothers." We know the story well. But what can it mean for us--and for our children--today? Award-winning author Sandy Eisenberg Sasso recasts the biblical tale of Cain and Abel in a way that invites adults and kids to a conversation about anger and our power to deal with it in positive ways. Cain and Abel were born into God's garden called Earth, a world of bright days for working in their fields and peaceful nights to share the stories of their dreams. The first children, the first brothers, they were so much alike yet so different--Cain a shepherd, Abel a farmer. They lived side by side, surrounded by trees where wonderful, exotic fruits of many kinds grew: everywhere orapples, rasdew, and banangerines ripened all on a single branch. The air was sweet with the smell of pinango, limeberry, and waterloupe. But jealousy, anger, and fear took all this away. Cain and Abel's happiness came to an end, and with it, the trees' ability to grow these special fruits. In a world often hurt by violence, this retold biblical story gives children and adults a starting point for discussing anger and its effects on those around us. By harnessing the power we have to deal with our

emotions in positive ways, we can once again cultivate the fruits of peace--and change the world for the better.

Cain-Abel & Cain

Jeffrey Archer's thrilling historical fiction novel, Kane and Abel, is a global phenomenon that has captivated readers worldwide, spawning two sequels and dominating bestseller charts the world over. Two strangers born worlds apart with one destiny that will define them both. William Lowell Kane, the son of a Boston millionaire, and Abel Rosnovski, the son of a penniless Polish immigrant, are born on the same day on opposite sides of the world and brought together by fate and the quest of a dream. Locked in a relentless struggle spanning sixty years and three generations, the two men battle for supremacy in pursuit of an empire, fuelled only by their hatred for the other and the knowledge it will end in triumph for one, and destruction of the other . . . 'If there were a Nobel Prize for storytelling, Archer would win' - The Daily Telegraph

The author presents historical evidence, together with the theories and conclusions of previous authorities, to argue that the folk-hero Robin Hood was in fact a living person and not a mythical or legendary personage.

The Truth about Robin Hood

Who was Robin Hood? Throughout history the figures of the hooded man of Sherwood forest and his band of outlaws have transfixed readers and viewers; but where does the myth come from? The story appeared out of the legend of the Green man but found its location during the reign of Richard II, the Lionheart, who was away from England fighting in the crusades. In his absence his brother John lay waste to the country. But does this tell the full story? Was Robin a bandit prince ahead of a troop of brigands? Who was the Sheriff and was he in fact the legitimate law in the land fighting vigilantes?

The Truth about Robin Hood. A Refutation of the Mythologists' Theories, with New Evidence of the Hero's Actual Existence. [With a Map.].

Detailed research into documentary sources offers an exciting new identification of the "real" Robin Hood. For over a century and a half scholars have debated whether or not the legend of Robin Hood was based on an actual outlaw and, if so, when and where he lived. One view is that he was not a legend as such but a myth: an idea, rather than a person who could possibly be identified in historical records and placed in a real historical and geographical context. Other writers have gone even further, arguing that he is a literary concoction, with no traceable original, and that seeking to pin him down to a particular time and location is futile and unnecessary. This survey begins by tracing the development of the legend, and contemporary views about it, between the thirteenth and early twenty-first centuries, taking account both of new interpretative literature on the subject and fresh discoveries from the author's own research in the early records of the English royal administration and common law. It then gives a detailed account of the places that came to be associated with the legend, and of evidence illustrating the importance of the outlaw's name in the development of English surnames. The concluding chapters deal with the administration of criminal law in medieval England, and the evidence that points to the possible origins of the legend in the activities of a notorious Yorkshire criminal, tracked down and beheaded in the county in 1225. s a detailed account of the places that came to be associated with the legend, and of evidence illustrating the importance of the outlaw's name in the development of English surnames. Salmo 119

Meditación conforme a la palabra de Dios

No meditar es dejar a un lado todo lo demás

Es la actividad más importante en la vida de un seguidor de Cristo

Todo calma

Ilumina tu mente

La meditación purifica el corazón

Ampliamos nuestra percepciones de Dios

Aumentamos nuestro amor por Dios
